Tues. Mixed Doubles Bowling League

The Fun League went into their third fun night the 26th of Dec. A bit weary from the Holidays. By the end of the evening spirits picked up considerably and another Fun night went down on the records. It seems Bea Tranowski couldn't miss the head pin in "Hit the head pin" game She was high for the women with a 151. Harold Salzer was having his share of Good Luck too.He was high for the men with 153.Blanche Surguy received a prize for a low score of 36 and Ronnie Weiss had the man's low of 55. The Salzler "luck" continued into the "Scotch Doubles". Harold and Alberta Salzler got top prize for a double game total of 394. The Sam Sanguigni's found the "Lo Ball" game to their liking. Edna Sanguigni's won it with a low of 70. Sam was second for the men with a 68. Bill Foster won the "Lo Ball" for the men with a 67. Ann Buhn and Bea Tranowski tied for second place for the ladies with a 72.

## LIVE... and love it

By Dick Campbell

The fish must know that the full run season is here. The men and women in boats and on bridges are in the midst of a field day of fun fishing in the Indian and St. Lucie Rivers, the ocean and in the lakes and savannas around this fisherman's paradise. The charter boats in marinas are doing a great job of bringing the people to the fish, and more and more good catches are reported as the season gets under way. Sailfishing has been excellent, and dolphin have been almost jumping into the boat of avid anglers. On the river, boaters

are bringing in the kind of catches that show a good fishing season ahead. For the anglers who would be interested in a change from the everyday, they might go over to Hutchison Island and get back into the mosquito ditches for a tussle with small fighting snook. They are too small to be bringing home as a rule, but they put up the kind of fight any fisherman enjoys. Or, if a change of pace from bridge fishing is desired, take a cane pole out to the ditches along Walton Road and see how the bass are doing. For the right information on what to fish for, and with what gear, all of the tackle and bait dealers around Jensen Beach have the first hand information on what is biting where, and what to use to catch them. In a resort area such as Jensen Beach, the visitors depend upon residents to tell them where to go for fun. Jensen merchants have for years been well versed in informing winter visitors as to conditions and places for the best in vacation enjoyment. Any motel owner in the area is acquainted to every extent with the places of interest if the visitor is not a fisherman. We have museums, recreation areas and sports for people of all ages.

A fine catch by Mr. and Mrs. Larner of Port St. Lucie Country Club off the Fran E. Langford Marina.

## Heart Holds P T A Program

A Heart Educational program, sponsored by the Martin County Heart Council was presented to the Jensen Beach school Tuesday evening, January 9th. Robert F. McRoberts Jr., Council president and Doctor Daryl H. Marsteller appeared as speakers. The film, PUMP TROUBLE was shown.

Dr. Richard Penick was recently named president of the Tri-County Medical Society.

## JENSEN FISHING NEWS

Johnny Crawford of the Snook Nook reports blues and pompano being caught in the surf. Blues and mackeral are being caught in the inlet and south of the inlet. The bridges are picking up in as far as bottom and trout fishing. There are now better river prospects for trolling for trout. John Wilbert caught three nice pompano from the Indian River Bridge. Mr. and Mrs. Herbert Schnitzer have been catching blues in the surf most of this week.

### WOW! 263 FISH

Mr. and Mrs. Harry Means of Jensen Beach have had as their guests. Mr. and Mrs. Herbert Link of Lake of the Ozark, Missouri and Mr. and Mrs. Earl Holt of Kansas City, Kansas. During their stay here this group caught a total of 263 fish on a one days' fishing trip.

A kickoff breakfast at Seymour's Inn Monday morning at 8am will begin the 1962 United Fund Drive for the Jensen Beach-Rio area, according to William Weiss, Fund President. Letters explaining the drive will be distributed Saturday by the Jensen and Rio Boy Scouts. The drive, which benefits some sixteen charitable organizations in the Jensen and Rio area, will last one week, and most of the drive will be completed on the first day, according to Dick Campbell, drive chairman.

Judge Evans Crary, Jr., will be guest speaker at the kickoff breakfast. All of the breakfast menu was donated by local interested citizens. The fund prides itself on the fact that 100% of collections go for direct benefits. One of the most important of the charities on the UF list is the ambulance service to the area. Others include the boy and girl scouts, brownies and cub scouts, Langford Hall Park, Jensen Community Center, Retarded Children, Crippled Children and Adults, Animal Rescue, Polio, Red Cross, Mental Health and community emergencies.

Drive Chairmen named by Campbell were: Mrs. Hazel Heritage, Mrs. Claire Ness, Mrs. Sara Jane Wacha, Mrs. Mil Tilton, Mrs. Eunice Thum, Mrs. Marian Tscheschcek, Mrs. Vernel Shipes, Mrs. Wilda Dailey, Mrs. Diane Gale, Mrs. Estelle Lovvorn, Mrs. Chas. Hall, Mrs. Alice Mackey, and Martin Coulter and Warren Shipes, Jr.

The UF drive thermometer has been constructed and will be installed at the Jensen Area Chamber of Commerce building.

# Frances Langford's Dream Is A Reality

## Outrigger Restaurant Combines Authentic Polynesian Atmosphere

by Dick Campbell

Real and authentic in color and design. This is Frances Langford's new Outrigger Restaurant. Avoiding the common pitfalls of commercialized establishments, Ed Lawrence has called upon his experience in building many "Don the Beachcomber" restaurants throughout the United States to give the residents and visitors to Jensen Beach the "Outrigger", authentic in detail even to the high Chinese Cantonese chefs. Outwardly, the building is an answer to Mrs. Frances Langford Evinrude's dream of a perfect polynesian restaurant in Florida. Picking memories of the war years travels through the South Pacific entertaining servicemen, and combining them with the wide experiences of her husband, Ralph Evinrude, Frances Langford, Ralph Evinrude and Ed Lawrence teamed to create the outstanding restaurant that is sure to be a must on the list of socially conscious Floridians in all levels of society.

The atmosphere of the Outrigger is created by the bizzare masks and weapons, nets and spears of a culture far from our shores. To see Lawrence hand tooling the masks that are featured on each varnished hand hewn timber is a sight that gives one a feeling of the artistic quality of the construction of the Outrigger.

The great mandarin chairs in the corner of the dining room watch over guests who are served with deft efficiency by well trained, costumed waitresses. The scene overlooks the massive Indian River, as the charter boats, yachts and power boats move in and out of Langford Marina. But the story of the Outrigger is the story of people.

Denny Denning, the host, is an experienced polynesian restaurantuer, having been with "Don the Beachcomber" and most recently with the Luau Restaurant. Lawrence knew Denning from the "old days" and reached for the best for his creation. Business manager Ad Behling is a yacht clubman with years of management experience. Well known Harry Meyers and a newcomer, Hank Cifelli, handle the cocktail lounge with precision...and look out for the "grog", a delightful and a very sneaky Outrigger special.

Moving to the kitchen, which you can easily do, for the Outrigger kitchen is always open for your inspection, you will be astounded at the way the Cantonese and polynesian dishes are prepared by Henry Moy, chef, who was formerly with the Mai Kai in Fort Lauderdale. William Chen and Miu Ding Hon assist. The vast kitchen is the key to the Outrigger. Great stainless steel cabinets and hardware glisten in cleanliness as the staff goes about its work. Vault type controlled temperature freezers and refrigerators are ready to hold and keep properly cooled the meats, fish and vegetables necessary. Even some of the cabinets are heated to keep plates ready for table hot service.

As an editorial comment, never have we found a more gracious couple than the owners, Mr. and Mrs. Ralph Evinrude. They have, in a quiet way, and without fuss or bothersome broadcast, done many great things for Martin County. The Outrigger, dedicated to fine cuisine, is their latest and most wonderful contribution to our community of Jensen Beach. They ask nothing, and give much. The greatest thanks we can give to these two outstanding citizens is our pride in their being here.

The three cantonese chefs have the operation of the new, modern kitchen down pat as Ed Lawrence and Ralph Evinrude look on. The photo at top was taken of the Evinrudes on their return from a trip to Europe last summer. Also pictured is "Lucky".

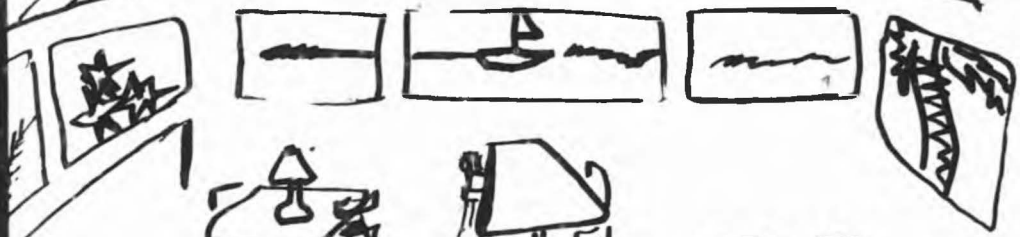
## Chamber Renewals 1962

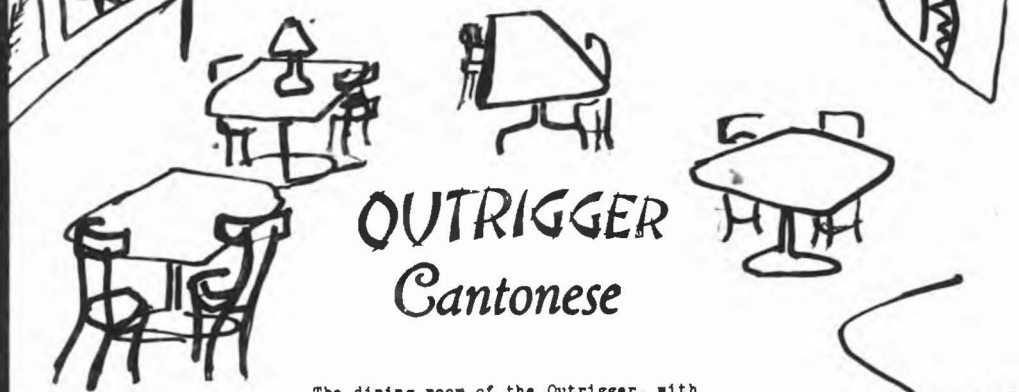
Memberships in the Jensen Area Chamber of Commerce showed an increase this week as the drive for new members started gaining impetus. As of deadline time, the following firms and individuals joined or renewed membership: Bridge View Apartment Motel, Bryan's Pharmacy, Bay Tree Lodge, Boutwell's Dairy, Casa Rio Boat and Motor Sales, Carl's Watch Repair, Chick's Service Station, Crossroads Cottages, Florida Power and Light, Frank Forsberg, Indian River Sales, Jensen Cottages, Jensen Beach Mirror, Karl Jarvis, Kling's Texaco, Ocean Breeze Park, Melaleuca Cottage Court, Al Pflueger, Patiorama, Port St. Lucie Country Club, Palmetto Apartments, Rinker Materials, Dr. D.Rinaldi, Rio Nursery, Smook Nook, Stuart News, Surf Beverages, Dr.R. Sawusch, Ivy Smyth, Southern Bell, Schmidt Plumbing and Heating, Tripson Dairy, Virgil's Barber Shop, Wilcox Hardy TV, Gordon Brewer, Mack Costelle, C.V. Gardner, Harry Heritage, John Koman, Michael Littman, R.H. MacFarland, Dr. A. Morits, Capt. L. Robertson, J. A. Stefan, E. J. Snyder, Thomas Sheridan, E.L. Tressler, Martin Wahl, Donald Wilkie, S.E. Weiner, L. Jensen, and Paul Moverman.

*Some twenty years ago in Hollywood, California, I met Ed Lawrence who designed the original "Don the Beachcomber's Restaurant", a tremendous success, and later Beachcomber Restaurants in Chicago, Illinois, Palm Springs, California, and many other famous Polynesian restaurants throughout the world.*

*Now Ed Lawrence has created "THE OUTRIGGER". My hope is that each of you will enjoy this bit of Polynesian Paradise here in my own home State of Florida.*

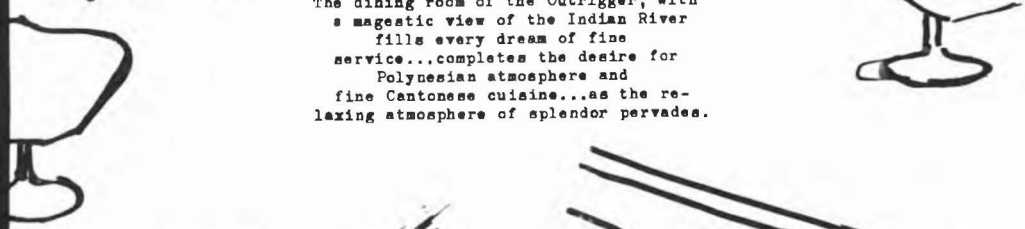
Fran Langford

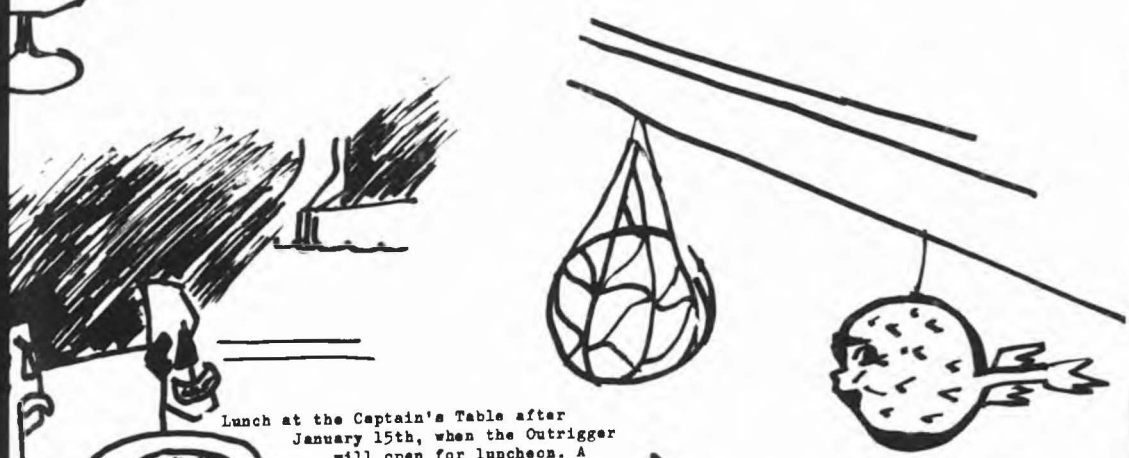




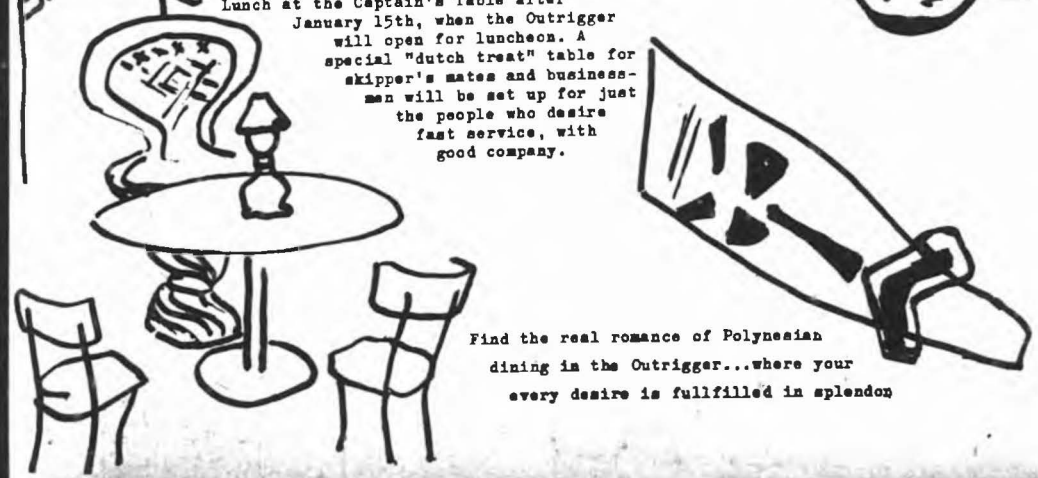
# OUTRIGGER
## Cantonese

The dining room of the Outrigger, with a magestic view of the Indian River fills every dream of fine service...completes the desire for Polynesian atmosphere and fine Cantonese cuisine...as the relaxing atmosphere of splendor pervades.





Lunch at the Captain's Table after January 15th, when the Outrigger will open for luncheon. A special "dutch treat" table for skipper's mates and businessmen will be set up for just the people who desire fast service, with good company.



Find the real romance of Polynesian dining in the Outrigger...where your every desire is fullfilled in splendor

## Record Dividend Paid By First Federal

First Federal Savings and Loan Association of Martin County has begun 1962 increasing anticipated dividends to 4½% for the period ending June 30, 1962. James A. Garvey, of Sewall's Point, executive vice-president of the association said that a record $240,477.83 in dividends were paid to the savers of First Federal in the past year. The assets of the firm moved up to $7,944,124.12, just short of eight million dollars. This was an increase of $1,700,449.76. On the loan side, Garvey said that an improved plan of loan rate structure to lower costs was responsible for an increase of $1,445,163.83 in loans, making the total loans $6,700,484-.49. Wrapping up the year in comment, Garvey said, "This has been another record year for First Federal. We will begin 1962 with a determination that this new year will be even better".

## DON'T SPOIL JENSEN

ple moving to Florida come here with an toward living in tropical beauty. Most the people are retired, and desire only quiet beauty of Florida...the Florida y have read about, and the Florida they e come to know through books and papers ch have played up our palm trees, the t breezes and the sunny beaches.

Many Floridians were shocked at the ar-le by Philip Wylie, noted writer, in Saturday Evening Post December 30th. it, Wylie pointed out the waste and con-ination of Florida's natural resources "a few farmers, cattlemen and real-es- developers". His article was a cry-to-, trying to awaken the public to the powering need of conservation of those placeable natural resources that bring and more sun seekers to our wonderland Florida.

We remember the great fishing fleets of her wonderland, Alaska. The fish traps ig companies taking the salmon at any , young and old. We remember the de-ion of the great silver hordes of Alaska point where the silver salmon was in er of extinction. Laws under the new e of Alaska brought about conservation hat important natural resource.

The same problem exists in Florida to-The great natural resource, Florida's and water, is in danger. The people ensen Beach know that too many septic s in an area can ruin the water table. age into what is known at the best dr-ng water in Florida can, in the future g about the destruction of our water's quality. Too many people are moving Jensen Beach, and too many septic s are being added to try to ignore the that Jensen Beach must concern itself the future.

The integrity of the builders in Jensen h is such that no one is bulldozing y vestige of natural beauty from the in subdivisions here. This is one of good points. We keep our trees and our ral vegetation for beautification. But lose our eyes to the drainage of the nnas, and the wasteful burning off of wildlife cover.

ast week 7,000 acres of St. Lucie Coun avannas were destroyed when firemen wed a brush fire to "burn itself out". en and Martin County firemen were not onsible for the burnout, and saved more land by back-firing from Walton . But this editor saw firemen from Lucie County miss the opportunity to the blaze at Ancona due to bad judge- and delay. The fire picked up and 3,000 acres were burned needlessly. any quail and other ground birds... any rabbits, wild hogs, raccoons and r animals were killed in that fire. long will it take to rebuild the wild- of that area.

econd guessing is not good. But the great fault lies in the fact that no erson mentioned the loss of ground r, the waste of natural resources, or killing of wildlife after the fire. ps too many persons are taking the rces of nature for granted. Just like ustbowls of Kansas, we can have ex-ion thrown right in our faces with an ude of waste in Florida.

need more conservation laws for the opers who would foul our land. We are ed of a public information program to our citizens how we can best conserve . We need more intelligent planning op waste of our water in the Evergl- and spoilage of our water by man's e.

## LIVE... and love it

By Dick Campbell

When we talk about the spirit of Jensen Beach, we always seem to come back to a way of the people. Every time a need is seen, the people respond in a way that shows the true nature of togetherness that pervades the community. Next Monday one of the greatest movements in Jensen Beach will get under way. The United Fund Drive begins. With a goal of $6500, the United Fund is grouping many cheritable institutions into one. One drive for all, rather than many drives for funds. The day of the house to house drive is over, for, once a year the people of Jensen Beach can contribute for their favorite charities in one lump sum. Only if the people will stick together will this drive work. Being drive chairman of the United Fund in this year, I am amazed at the response of the women of the Jensen Rio area, for the question of area chairmen has brought quick acceptance and volunteers to work. It is a tribute to Buddy Shipes, last year's president, and to Bill Weiss, the drive chairman last year and president in this year. If they in their service had not had the complete cooperation of the people the drive would not have been so successful. The man behind the scenes, and one of the hardest workers in the drive is Martin Wahl, secretary and treasurer. Wahl gets very little praise, but is a giant in his work.

When the volunteer workers come to your door next week, plan to give them all you can afford, for they represent your one opportunity to give ONCE a year. Help put the United Fund Drive over the top in '62. As they say, "The United Fund is for YOU in 1962".

PRESIDENT'S MESSAGE

At the beginning of this new year, we at First National of Stuart take great pride in another progressive step in policy of operating First National under Sound Banking Prin-s...that of passing on to our friends and customers of many the maximum interest allowed by law...5½ percent on savings nts and 4% on annual savings certificates redeemable one year the date of purchase.

We are proud of our many friends and associates who have d us build business, both personal and commercial, over these past three decades. The many businesses we have d to grow have helped us grow, until we have built together onderful community of Martin County, and this fine bank.

The next question bowlers themselv uld two bowlers wl at the same e side by side. me this is one of the most annoy- ing and unsporta- manlike thing that occour in bowling. I myself have alw- ays been instructed that the man on the right shall always go first, unless he is left handed, then the man on the left. As far as the A.B.C rule. Only as we may say a bowlers creed. So to you team captains, if you have a man who may be bowling when a man is set to approach and ready to bowl, Please in a nice manner, exp- lain to him that he should wait. It is not up to the management of the bowling alley or members of other teams to correct this, it is up to the team captain on who-ever's team it occurs. 4. Porter Lumber Company has almost completed the blockwork on the new building to replace the wooden structure destroyed by fire in an early morning last December. The structure will be larger than before.

# U. F. Hits $5200

The Jensen Beach United Fund took a broad step forward as area captains turned in a report Saturday night that brought the total above $5,100. More checks and calls to persons not yet solicited moved the total up to $5,200 on Wednesday. The total is $1,300 short of the UF goal of $6,500. President Bill Weiss said that he was pleased with the return, but had hoped that the solicitation would put the fund over the top. "It will be up to us to raise the additional amount through more work on the people we missed, and through our "Victory Dance" at Seymour's Inn on February 2nd." Area Captains, and the amounts they turned in Saturday night were: Mrs. Wilda Dailey, $345.06; Mrs. Harry Heritage, $420.50; Mrs. Mil Tilton, $345.50; Mrs. Estelle Lovvorn, $454.00; Mrs. Eunice Thum, $259.00; Mrs. Sara Wacha, $429.35; Mrs. Diane Gale, $190.50 Mrs. Vernal Shipes, $538.45; Mrs. Charles Hall, $648.72; Mrs. Paul Ness, $296.75; Marian Tschicheck, $135.00; Warren Shipes, Jr., $204.00; Martin Wahl, $340.00; Mrs. Zola Swarthout, $500.00. More returns from area captains has raised their totals since Saturday, but were not compiled above.

## BIG SHOES

Martin County loses an outstanding public servant with the announcement that Bill Scott will not run again for the House of Representatives. The withdrawal to private life and practice of law of Scott will be a blow to the members of the House as well as a loss to our county. Scott has been a popular legislator and has done much for, and brought much credit to, Martin County. A measure of the favor and respect in which he was held is evident in the 1961 session of the legislature, when Scott held appointments to nine committees, serving on more committees than any other representative. In all of his actions, Scott kept in mind that he was representing Martin County, and while not all his actions won the unanimous approval of all citizens, no one could say that special interest moved his decisions. He did what he thought was in the best interests of his county. All citizens of Martin County will feel a loss in the absense of Bill Scott from the political arena. He deserves the gratitude and affection of all for his service to our Martin County. His successor will have mighty big shoes to fill.

## U.F. NEEDS MONEY

The United Fund passed the $5,000 mark, on the way to the goal of $6,500 at the end of the one week canvass last Saturday. As more late returns of solicitors move the UF thermometer up, we would encourage any who have not given to the United Fund in support of 14 agencies to give now. Mail contributions to United Fund, Jensen Beach and make the quota a reality.

## JAYCEES COME BACK

Sixty-five Jaycees from eleven cities met last Sunday in the Rio Civic Club. Representing Junior Chamber of Commerce clubs from Belle Glade to Titusville, the men spent the day at the Anchorage Marina and in meetings at the civic club, conducting the business of their fine organization. The meeting kicked off "Jaycee Week" in Martin County, a time when the Stuart Jaycees tell the people what they have done, and a time for the Jaycees to do more. The young men, ages 21 through 35, who attended that meeting were perhaps the top young men of this part of the state...interested in their cities and counties, and willing to work hard for their communities to make a better place to live. Many Jaycees of the Stuart club are residents of Jensen Beach, including the president, a vice-president, the secretary and other active members. We salute all Jaycees in this Jaycee Week, and hope they visit our community often.

## *Museum Presents Local Film*

On January 31st at 8:00 PM at the Elliott Museum Mr. E.W. Dutton of Port Sewall will show some of his latest pictures of Florida and Martin County. The planned agenda in this presentation of the Historical Society's Classic Film Series will be 1. the color film "SPORT OF KINGS, showing the training of race horses at St. Lucie Park, 2. pictures of the Dedication Parade of the Elliott Museum, together with interior shots of the exhibits, 3. the film "FLORIDA SEA TURTLES' depicting the life cycle of the sea turtle and the conservation program carried on at the House of Refuge Museum. The Elliott Museum will also offer a special exhibit of Metal Crafts by Necrassoff at 5:00 PM on Sunday, January 28th, and a group of paintings by A.E. Backus of Fort Pierce on February 4th.

## *Rev Tweedy To Speak*

Reverend N.M. Tweedy will be the guest speaker at the two services to be held in the Jensen Beach Community Church on Sunday, January 28th. Reverend Tweedy is a graduate of the University of Minnesota and of Cogate Rochester Divinity School. He has the reputation of being a good preacher and a clear thinker. He has done excellent work in youth groups, and served as a Chaplain's assistant during World War II.

cott plans to return
o private law pract-
ce with the firm
ughterson, Scott and
ughterson. In his
tatement to the press
cott said, "I have
njoyed shouldering
he responsibilities
f this office and
ttempting to do my
best in the many and varied duties of the office. My personal affairs, including my five children, dictate that I turn my attention to my private law practice."

Scott expressed appreciation to his law partners for the time he took from "business to "serve the people of Martin County". He also gave credit to his wife for "the many times she has uncomplainingly given me the strength and encouragement so strongly needed."

Scott served on nine committees during the 1961 session, including the Appropriations Rules, and Education committees. He was one of five members of the house of representatives on the Commission on Inter-State Cooperation of the State of Florida. In his statement, Scott also pledged continued cooperation in the "just cause of dividing Lake Okeechobee..."

N AND WATER--What looks like an aerial ene of the Indian River and Jensen Beach useway is really a picture from the top a car on Indian River Drive in downtown Jensen. The skier is Harry Lenz, and the scene one of the typical lush tropical sights that has made Jensen Beach famous as an out of the way beauty spot on the map.

Porter Lumber's new building is almost ready for the roof. A scare was thrown when last Saturday night a fire broke out in a pile of lumber that had been burning that afternoon. The trash fire was quickly extinguished by Jensen firemen and offered no danger to the area.

## Fire House Almost Ready

Jensen firemen will soon be moving into their new building, as paving and interior finishing gets under way this week and next. John Lucas reported that the firemen's fund drive had thus far netted them about $1700. Most donations are coming from persons who realize that the outstanding Jensen Volunteer Fire Department, one of the best in the state, was responsible for lowering fire insurance rates in the Jensen Area, bringing the rate down from Class 10 to Class 9, a saving to most property owners of $1.60 per $1,000 in insurance.

Mrs. Dottie Weiss was honored by the Order of the Eastern Star being elected to the local chapter position of "Electa", the fifth point of the Eastern Star last Monday at Fort Pierce.

Tonight is the last night to see many local Jensen area acts in the 1962 Variety Show at the Lyric Theatre.

Clay Mitchell of Ocean Breeze won $75, Mrs. Martin Anderson of Ocean Breeze won $15 and Robert Meir of Between Waters in Eden won in door prizes given at the Sunday "get-together" of the Sailfish Chapter of Florida Mobile Home Association recently at Stuart. Fred C. Meyers was emcee for the program, and is a director in the association for the tri county area.

WATER SPORTS--The tow boat comes back to pick up Harry Lenz following a fall in water skiing last Sunday afternoon in the Indian River. Lenz is one of the top skiers in the Jensen Regatta's ski show. More and more skiers are using the quiet waters of Jensen Causeway for water ski practice.

## JENSEN FISHING NEWS

Although the surf was generally rough this past week, some blues and pompano were taken. Harry Clark took eighteen blues Monday, Andy Demolivitch caught three blues, some jacks and one snook, and Walter Dailey caught five pompanos Sunday. Some snook were taken from the Roosevelt Bridge and the North Fork of the Saint Lucie. Brady Sheets caught nine black bass in the Saint Lucie Cannel; the largest weighing nine pounds, four ounces.

## Winners Eat Steak In Chamber Drive

The winning team members of the Chamber of Commerce membership drive were; Harry Heritage, Charles Gay and Harry Miller. These men will be treated to a steak dinner by Chamber president, Mrs. Dorothy Artz. The paid-up membership is now up to 75 % of the original goal, and the Drive will now be continued until completion.

## NOTICE

Visitors to Jensen Beach should register with the Chamber of Commerce to be sure that they receive any emergency messages that arrive, according to Reg Walker, Chamber manager. Quite often much time is lost searching for a party, he added.

Burl Ives was in Jensen Beach Tuesday afternoon with Roger Cunningham of Fort Lauderdale to visit the Outrigger and Mr. and Mrs. Ralph Evinrude.

## Charles Duryea Scoutmaster

Charles Duryea of Sewalls Point will act as scoutmaster for Boy Scout Troop 402, and J.D. Lookadoo wil serve as assistant scoutmaster. The troup has previously been operating under the supervision of the following committeemen; William C. St. Clair, Institutional representative, Christian Kalb, chairman, and Jack Smouse and Henry Hambrock, committeemen. The troup meets at 7:00 PM each Tuesday at the Jensen Beach Legion Hall.

## Womens Club Activities

The Executive Board of The Jensen Beach Womens Association were hostesses for a Valentine party held for Club members on Monday, February 5th. At this time club members brought donations earned by their various individual projects. Door prize winners were: Mrs. Mary Hopkins, Mrs. Dorothy Mercer, Mrs. Jewell Yagerline, Mrs. Frances Arquhart, Mrs. Lee Braun, Mrs. Hazel Forsberg and Mrs. Gradell.

The Jensen Beach Womens Association will serve a pot roast dinner on Tuesday, February 13th from 5:00 to 6:30 PM at the Club-house. Donation is $1.50. Reservations may be made by telephoning Mrs. Price at AT 7-2779, or by contacting any club member.

## Heart Card Party In Rio

A total of $212.50 was raised through the Heart Fund card party sponsored by the Rio Civic Club under the chairmanship of Mrs. Edward Snyder. The party was held on Tuesday, January 31st at both the Rio Civic Club-house and the Anchorage Boatel and Yacht club with one hundred and forty two persons attending. There were twenty-five door prizes awarded, and the two eldest ladies present, Mrs. Ward Baker of Jensen Beach and Mrs. Scott of the Anchorage Trailer Park were given orchid corsages.

## We Lose A Fine Man

Father Allen B. Purdom is leaving Jensen Beach, and his many friends in and out of the Episcopal Church here. Many were stunned to hear of his decision to move to a new church. All will feel a sense of loss. Father Purdom was more than rector of the All Saint's Episcopal Church. He was a friend to all, worked hard for all the many and varied charities and civic works that welcomed the support and knowledge of this outstanding citizen. Purdom never lost sight of the church and religion in his life among his fellow citizens. But he also was a man, and his greatest attribute was that he never lost sight of the fact that he was a man...a man among men. Recognizing this fact made him more valuable to his church. His deep sense of religious fervor never was carried beyond the intelligence of his audience. He could talk to laymen in terms they could understand and accept. A great loss...a fine man. We will all be unhappy to see him go, and wish Father Allen B. Purdom every success in his church.

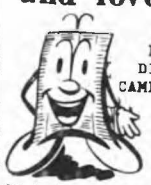
## *Homes aplenty in Jensen Beach*

This week the Mirror is highlighting homes in Jensen Beach. Builders and real estate men have given a sampling of their available listings. Financing is readily available with reasonable terms right here in Martin County. If ever the market was right for buying a home, it is now. More and more homes are being built in Jensen Beach. And as those home widen the limits of our area, property values will rise. Purchase of a home now will give the buyer the opportunity to have his home as the values on property are increased by the population explosion. Jensen Beach is ready for an influx of new residents. More and more the people buying homes are moving to permanent residence here in Jensen...year around residence. The population has brought an increase in businesses. Most of our stores now stay open year around to take care of our permanent residents. Although most people here declare they are "visitors", most live here all but one or two months of the year. We like our year around visitors, and we want them to be happy. A home is a place where you can live...and living sure is a-plenty in Jensen Beach.

---

Jensen Beach came in for a nice mention in THE FRANKLIN PRESS, Franklin, North Carolina, last Thursday. In a front page article, the PRESS spoke of the Jensen MIRROR feature on Marland's Resort. This follows a fine article in the New York TIMES. As Chamber secretary-manager Reg Walker says, the publicity is good, and brings us many inquiries. The returns on the TIMES article are still coming in, and Reg is kept quite busy answering the inquiries that ask for all sorts of information. Many of the inquiries are from people intending to visit in Jensen Beach in the future. A few will settle here, buy a home, and add to our growth. This is one little way you can see the positive action of the Chamber in helping Jensen Beach grow. With the membership drive under way, this might be a good time to point out that there are many "personal" memberships available to private citizens. The dues collected pay for many services of the Chamber in the Jensen Area. A big bill is for postage to send out this information. If you live in the Jensen Area, you belong in the Chamber program. Call Reg Walker for more info.

## LIVE... and love it



By DICK CAMPBELL

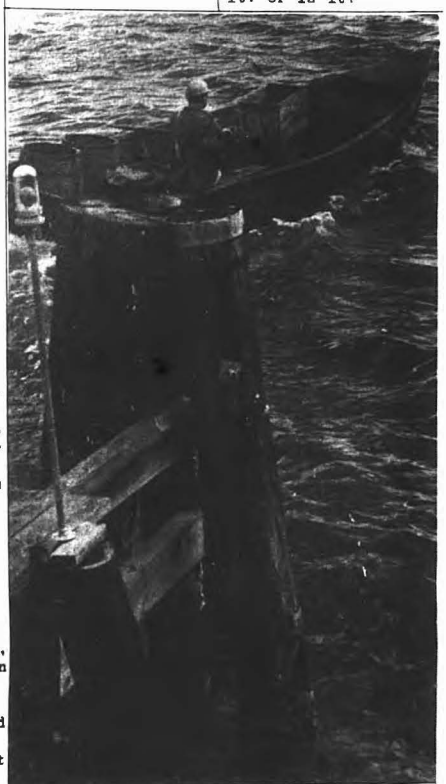
It takes all kinds to make this here place called Jensen Beach. Yes Sir! You might say that some of us are like the people say, "Some kind of nut!" Just to keep the record streight, all the characters in this story are ficticious and bear no resemblance to people you and I know.

Recently, a man whom we call Mr. Hotel, a fine, upstanding young chap with a business, and who takes an occasional nip, was met by an employee who was resigning and wanted his money. Mr. Hotel, having nipped a few, argued with the man. The man argued back, until our hero walked into his home and brought out a shotgun. The man, being of a cool mind, turned and headed for the hills. The shotgun holder called, "Turn around, I've never shot a man in the back yet!" In this moment, the man in flight turned, and was met by a volley from the cannon. What would you have done? He did it. With greater dispatch, the man left the area in a cloud of dust. Mr. Hotel, our ficticious sharpshooter, was met by his father, who proceeded to take the shotgun out of his hands, and then break the stock over his head. The shotgun is now broken. Our hero is mending, and all is forgiven.

In another case, one of the town lovlies, who works awfully hard for charities, was working at a bake sale. Being warm, she took off her sweater, and hung it on a hanger. The bake sale was being held in the Thrift Shop. You guessed it...someone sold her sweater for $2.00. It was a $12 sweater. Now the ficticious character, whom we shall call Walda, is looking for someone, and offering $2 for her sweater to come back.

The whole bunch at a ficticious club which we will call Saymoors Coffee Club are constantly acting nutty. Having birthday parties for dogs, putting articles in each other's cars, and the coup was when some of the men began passing around a cocoanut tied to a wire, by hanging it to a pine or palmetto tree in front of someone's home.

I am glad that some of us are not nuts. Like me. I am going to have a coffee to properly retire the green demon, my car. It has just started getting weaker and weaker, and so must be replaced. A party so that all the car's friends can come and say goodbye isn't a nutty thing, now is it? Or is it?



CHOPPY WATERS---A commercial fisherman rounds the piers of Jensen Bridge, heading home before the storm on Tuesday afternoon.

UCK HENDRY RIDES AGAIN--and adds a 1904 ldsmobile replica (that runs) to the snow hovels, sleds, shotgun and ladies fashi-ns and myriad of other things that makes endry Trading Center a tourist attraction.

## Victory Dance Friday

The Victory Dance of the United Fund will get under way at 9 pm at Seymour's Inn, according to Bill Weiss, chairman. Entertainment will be provided by some of the acts from the recent Variety Show in Stuart. Prizes for dancing, and drawings will be held. The annual event is one of the most popular parties in the Jensen Area.

In the true spirit of "all for one and one for all", Ocean Breeze Park yesterday joinwith the United Fund with a donation that put the Jensen Rio Drive "over the top". A donation of four checks, totaling $1450.00, Added to the latest total of $5710.00, the fund now has $7,160, or $660 over the goal of $6,500.00. The move by the Recreation Committee of Ocean Breeze Park, which has been distributing funds to charities for years, is the final link in tying the United Fund Drive into an all out, one drive, effort. Bill Weiss, president of the United Fund, told the Mirror, "This is wonderful news. We will go into our Victory Dance over the top." Dick Campbell, drive chairman, hailed the move as being another sign of the unity in the Jensen Area. Campbell said, "Ocean Breeze Park is perhaps our one most important industry in Jensen Beach. The donation by the Recreation Committee in the name of the people of Ocean Breeze Park gives us another opportunity to recognize the importance of these fine people to our community. The assistance of Harry Hoke in making this possible, along with all the members of the committee, is certainly appreciated."

## *PTA PLANS SPAGHETTI FEED*

The PTA met Tuesday night and heard a program on the cornerstones of the PTA, and a progress report on the school by Principal Bill Palmer. A spaghetti supper is planned for February 24th at the school.

## *Ives and Evinrude Finally Eat*

Burl Ives and Ralph Evinrude and other guests came into Poor Bob's last week, complaining that they couldn't get fed at Frances Langford's Outrigger Restaurant. They arrived there too late for lunch. The hearty eaters downed 1½ pounds of corned beef, peppered beef and tongue...not polynesian, but certainly filling.

# The Art Mart Opens in Rio

Joseph Kelleher Brings 38 Years Experience to New Firm

The Art Mart of Rio is due to open this Friday and Saturday from 2 p.m. to 9 p.m. Located in the large building that fronts the Anchorage Yacht Club, the Art Mart is owned and operated by Joseph P. Kelleher, artist and art broker. Kelleher has 38 years experience in art. He has done commercial and pictorial art, creative advertising art, industrial designing, illustrations, murals, lands ape and portrait painting. Kelleher has been wintering at the Anchorage for six years. He will open the artist haven with a one man show, his own, and plans to have a new show every two weeks featuring local artists. He will have art supplies, art classes and will act as broker for artists in the area.

The first show features forty paintings. Kelleher describes them as being painted "with an air of mystery in each picture, that I hope will stir the imagination."

## SL The Personal Touch

t St. Lucie is of vital interest to the munity of Jensen Beach. Many people here stock in General Development Corporaon. Others have property near the giant dings of GD. Friends and relatives live e community. For this reason, and the son that many employees of General Deopment live in Jensen's area, the annncement that the Cowles interests have ght out the Mackle brothers has created e a stir. Many of us know, with affec-, the Mackles, and know what they were to do. What will the change bring? best way to find out is to go to the ficials of General Development. They are ve willing to talk to the press, and straightforward answers to questions. st, General Development has, for financ- reasons, been trying to bring as many es of construction and development unone step as is possible. The entire ff, with just a few exceptions, of the kles has joined with, and been absorbed o, General Development. This affords a down in duplication of efforts. In conuction, the same building teams are in driver's seats of the various communes of General Development. The purchase Mackle stock has brought big money into rida. The fact that GD's stock showed appreciable change shows that confidenis high in the company. You might say Florida land has come into its own as investment with security as we see the names in American finance investing in s company.

th change comes a responsibility. people of Jensen Beach have, in the pawelcomed the Mackles and General Develect, because they came in here with a sonal touch. They never did lose sight the fact that the little people are the s and keep them in business, and keep w residents happy. We will all be king the new administration of Port St. e to see if the policy of friendly coeration remains, or if the impersonal ter of Madison Avenue rears its head. have had assurances that there will be change in the friendly policy establishin the past by the "personal touch" of Mackles and General Development person-. If this holds true there is no reason we cannot show astounding growth for t St. Lucie and the Jensen Beach Area the near future.

## ivil Defense Needs Help

Civil Defense organization in Jensen ch is in need of help from volunteer kers. The need is great, as the CD has t recently been reorganized and it can all the help you can give to bring it o a stronger position. Gene Hoke of Oc- Breeze Park is director. The unit has sponsibility for the Rio-Jensen-Ocean eze area. In case of disaster, a hurrie, flood, or attack, the Civil Defense l be the only organized unit responsible the welfare of Jensen's people. If we e ahead, and use the forces that we are e would be capable, the people will have problem in survival. You need not be an ert in any field. Any small knowledge welfare, engineering, sanitation, transtation, police, and communications will e you an opportunity to serve. Don't a few carry all the responsibilities.

## LIVE... and love it

By DICK CAMPBELL

Thank goodness that girls look like girls in Jensen Beach. Last weekend I went through what no man should have to go through... a trip to Miami. First of all, all of the girls look like a palmetto bush. The hair goes all over the place, about six inches away from the head. They look like they should have a bone in their noses, or, at least a ring. Then they top that off by wearing no waist, no bust, no hips dresses that make them look like a well trimmed palmetto tree. They all walk the same way...straight up. No sway, not even the slightest trace of a wiggle...just straight up. I walked into the office of McCann-Marschalk, Inc., an advertising agency, and up to a receptionist who looked like a girl. She was sitting at a no-front desk at a switchboard, reading a copy of Newsweek as she tried in vain to pull down a very-tight, very short dress. She asked where I was from, and when I said Jensen Beach, she said, "I've never heard of it." I didn't like her right off the bat. As I waited to see my old buddy, Eleanor Walker, the parade of palmetto trees started passing by, as the chic chicks came in and out with papers, layouts, coffee, yogurt and other items so important to an agency office. The one fear I held was that Mrs. Walker had succumbed to the big fashion change. When I finally got in to see her, she was still a lovely woman, looking like a woman. Her office was surrounded by the palmetto trees but she was still not infected by fashionitis. We talked about the weather and some advertising, and I left, happy in the thought that she was an island in a sea of palmetto trees. I returned to my Jensen Beach the next morning...home to real palmetto trees and real girls.

Jensen Beach people have more fun. Read it in the JB Mirror

# GROUND BROKEN FOR TRINITY METHODIST CHURCH

Over 100 persons attended the ground-breaking ceremonies and services for the new Trinity Methodist Church, held Sunday at the church site. In services which saw Rev. Edgar Stauffer, founder of the church, and Rev. Paul Watts, pastor, officiating, twelve persons helped break ground. Those turning the shovel were Rev. Stauffer, Rev. Watts, Sam Rhodes, Jr., A. J. Willeke, Harry Bibbee, Herbert Smith, T.P. Tomasik, Jeanette Rhodes, Walter Baker, John Watts, Mrs. Elaine Rhodes, George Schleisser. The services started at 2:30 p.m. on the $22,000 buildings. The new church will consist of a fellowship hall and church school annex. The hall will be 32' by 66' and annex 24' by 26'. The lot size is 195' by 294'. Church members are trying to have the hall completed by Easter.

TRIPLE TAIL TIME--An almost unheard of catch of six triple tail in one night of fishing last Thursday off the St. Lucie River Bridge was recorded by Mr. and Mrs. Robert Hagerty of Brookston, Indiana, and Mr. and Mrs. Jared T. Lyon of Hoopeston, Illinois, with Bill Burns of Chalmers, Indiana. Fishing from 10 p.m. to 2a.m., the anglers got six triple tail weighing about 20 pounds apiece, three croaker, and one snook. All are residents for the winter at Ocean Breeze Park.

## WWI VETS PLAN CARD PARTY FOR U F FRIDAY

WWI Veterans, Barricks #854 are sponsoring a card party on Friday, February 23, at 8:00 p.m. at the Community Hall. There will be refreshments, prizes and music. Everyone is welcome. Donations will go to the United Fund.

## Community Church Plans New Bids

Action on the new Community Church building program was taken Tuesday night as the official board moved to accept the reccomendation of the building committee and ask for new bids. The bid as revised will cover the fellowship hall, the Sunday School building, the tower and the walks. The sanctuary will be left for the future. The action paves the way for more activity on the building program, and Leonard Smith, chairman of the building committee, told the Mirror that he will try to have the bids ready for next Tuesday, when the board will meet again. When local contractors bid on the original package plan, and on individual portions of the project, the high bid was $211,000 and the low bid was $183,000. When the board gives approval, and the finance committee agrees, the building committee will move ahead with the initial construction on the final stage of a plan that will give Jensen Beach one of the most beautiful church sites.

## TOLL FREE SAMARITANS

Richard Karlow, toll supervisor of the Martin County bridges gave permission to the Samaritans ambulance, on it's emergency calls, to cross the toll bridges, toll free. Sources of revenue come only from an appropriation from the Jensen-Rio United Fund and donations from those using the Ambulance, and this was good news because it will alleviate some of the cost of this community project.

Martin Wahl, President of the Samaritans, states that, "the Samaritans are elated over this decision and wish to thank those responsible for this fine gesture."

## UNITED FUND BUDGET $6,550 TO CHARITIES

he United Fund of nsen Beach and Rio nt over the top st week, and the lve charities in e drive will be ,550 richer when e monies are distrbuted. Approval of e $6,550 budget ne at a meeting of e finance committ- of the fund at or Bob's Restaurant sday at noon. Secy-Treasurer Marn Wahl reported t $350 was cleared the United Fund tory Dance, held iday night at Seyur's Inn. Entertament by local enrtainers Gary Shipe, Kayleen Penick, k Campbell and ll Weiss, the mual adventures of ymour's Trio, and ce-ing by Weiss de it an outstandy party, with door ses and contests filling out the evening. Prior to that, a donation of $1450 by Ocean Breeze Park gave a boost to the fund. Only $700 of the $1450 could be counted as part of the fund, as two checks for $350 went to the Red Cross and Polio. Two other checks totaling $750 were donated to Cancer and Heart through the United Fund. The national policy of these organizations forbids their accepting checks from any United Fund. Bill Weiss, president of the Jensen Rio United Fund, said that he was elated at the response of the public. He thanked all who had a part in the one drive event. Dick Campbell, drive chairman, announced his thanks to all the workers who helped collect the money and canvass the community area. "Every worker", Campbell said, "whether collecting a dollar or a thousand dollars, deserves the highest credit. For each dollar is an important part of reaching our goal. The people were wonderfully cooperative in this drive, and it makes me proud to be a part of the Jensen Rio community area." Distributed were: Red Cross, $1200; Boy Scouts, $700; Langford Hall Park, $400; Animal Rescue, $150; Community Center, $1200; Retarded Children, $500; Samaritans, $400; Mental Health, $500; Crippled Children, $350; Girl Scouts, $450; Polio, $450; Emergency Fund, $250.

## JENSEN FISHING NEWS

A few blues and pompano were taken in the surf. A few trout and quite a few blues were taken on the Indian River Bridge. A fair amount of trout were taken in boats, trolling and casting. A few sheephead were taken at the rock pile. Night fishing off the ten cent bridge has been very good. Snook, Tripletail and Crooker were taken late in the afternoon off the ten cent bridge.

WEDDING SCENE--Guests at the 50th anniversary celebration at Ocean Breeze Park on Sunday were greeted by a model church, bride, groom and bridesmaids on the stage.

LADIES WAITING--Serving at the Ocean Breeze celebration that honored 17 couples having a 50th anniversary this year at the park, were these ladies in colorful gowns and beautiful corsages. The decorations were outstanding.

WHERE DOES IT GO? United Fund officers met as a finance committee Tuesday at Poor Bob's to affirm the budget for 1962 after going over their $6500 goal last week.

HAPPY ANNIVERSARY--and seventeen couples celebrated their 50th anniversary together at Ocean Breeze Park last Sunday. Amid a cluster of old friends and well-wishers, not to mention a barrage of camera fans of the press and from the park, the couples were greeting, and entertained in the manner that befits the august occasion.

We the many bowlers of this area wish to thank the Bowling Alley's for their fine cooperation in announcing the high score and serie the past week. Their were many fine score and while being in the bowling alley, there was many, many, fine comments passed for the bowling alley along this line. Have you checked the different leagues as to how close the teams are running in each league? Be sure and check them over and look what a fine league and good bowlers we have in the area. The standings are very close in each league. This next week plan to visit the alley's and watch your favorite team bowl their best, so as to move on top of the league, I know you will enjoy each throw of the ball.

The sports page and Editor wish to offer our congradulations to the Buttercups, of the Tuesday Mixed League for winning the champinship, all our "Thanks" to Mrs. Alberta Salsler for her fine cooperation in having each artical on time every week. Again thank's and congradulations to both.

RANSOM TILTON AND JERI HOKE WIN MIXED DOUBLES TOURNAMENT.

Ransom Tilton and Jeri Hoke, were the winners of "The Martin County Construction Handicap Tournament", at Coral Gardens, last Saturday, February 24th. The tournament started with 32 couples. Each couple had to lose twice to be eliminated. Ransom and Jeri came through without a loss On the final night Ransom and Jeri held a scratch of 1197, for a handicap total of 1329. Paul Wysock, and Kadie Dillon lost with a scratch total of 1181, and a handicap total of 1322. Scratch totals were: Ransom Tilton 643. Jeri Hoke, 554, Paul Wysock 664, Kadie Dillon 517.

Meryl Bright of Meryl's Gulf Station, rolled the almost impossible, he thought for himself, Friday night. When he roll a "220" high game, his first to be rolled in the state of Florida. It was not only a big thrill for himself, but also for his many "friends", yet he complained he should have a "300" first game.

Robertson Shoots "665"

Pete Robertson shot a high Series of "665" friday night in the "Jensen Rio League" at Your Lanes. Pete had also a high game of 243 rolling for Warrens Cleaners.

THANKS

We wish to extend our thanks for the many acts of kindness and messages of sympathy received from our many friends, during our recent bereavement, in the loss of our dear one. We also thank Rev. Stauffer, and the ladies of the O.E.S. for comforting work.
The family of Edith Nunn.

## Merquelin Dickinson Elected

rry Merquelin, and hn Dickinson were e victors in the el-tion for town comm-sioners, held at the walls Point Town Hall esday, March 6th. . Merquelin received total of sixty one tes, and Mr. Dickin-n received a total fifty seven votes. ank Kotze was defea-d with a total of irty eight votes.

There is a total of ninety four registered voters in Sewalls Point, and eighty four went to the polls to vote. All candidates favored the non-commercial zoning regulations, and endorsed the central water supply, the north-south road, and favored a committee for cultural planning and efforts for better kept streets.

## ART EXHIBIT AT OCEAN BREEZE

There will be an Art Exhibit at the Ocean Breeze Park Club House, today, Friday, Saturday and Sunday. This is an opportunity for the residents of Ocean Breeze Park to display their varied talents. Officials state there will be hundreds of exhibits of paintings, textiles, ceramics, rock collections and jewelry. It will be open to the public all day Sunday, beginning at 9:00 a.m.

## Chamber To Elect Officers

A nominating committee headed by Bill Porter is seeking candidates for officers in the Jensen Area Chamber of Commerce. The committee is made up of Porter, Mrs. Ulle Miller, E.C. Grimm and Harry Miller. Plans are now in motion for a general membership meeting to elect new officers for the 1962-63 year. The election will be held on Monday, March 26th at 8 p.m. at the Community Center.

## Lawrences Have Girl

Mr. & Mrs. Chester Lawrence of Skyline Drive, became the parents of a baby girl Wednesday, March 7th. The little girl was born at the Fort Pierce Memorial Hospital at 1:00 a.m. and weighed seven pounds.

I VETS PRESENT CHECK--A check for $60 to the ambulance fund and 0 to the Community Center was presented to Martin Wahl, treas-er of the United Fund Tuesday afternoon. The money was proceeds the card party held by the World War I Vets and their auxiliary cently. Pictured above are (left to right) Al Ferguson, Martin hl, Jack Lucas and Frank Von Halle.

TWINS--Al Haab, 121 Jeanette, and his twin brother, Arthur, had a reunion here and have most of the people in Jensen confused. Born in 1895 in New York City, the identical twins served in the Mexican War together, and became scouts in WWI. Arthur is retired and is presently Civil Defense director of Skokie, Illinois. Al is a retired Prudential insurance agent. Arthur is staying at the Malaleuca Court.

NEAT AND PRETTY--This was the scene as Jensen Beach volunteer firemen took time off from a very busy week fighting brush fires to hold an open house on Sunday afternoon. Many came to see the new building, which will house the four trucks of the company. Jensen has one of the most active, and one of the most well-equipped fire companies in Martin County.

Serving Jensen Beach - Rio - Sewall's Point - Ocean Breeze - Eden - Walton

Vol. 2, No. 11 | Jensen Beach, Florida | Thursday, March 15, 1962

Orin Falkinburg of Osbornville, New Jersey, a winter visitor staying at the Three Jacks and a Jill Trailer Park in Rio, caught a 13" blowfish in the surf at Jensen, Wednesday. He was using bunker for bait. Falkinburg preserved his fish by inserting a balloon in it's mouth, blew it up and dried it, then removed the balloon.

## L-H Park Plans Softball Season

The Langford Hall Park Association will open its baseball season with plans for games six nights a week. Occasional double headers will be included. Friday and Saturday will be open nights for rain-outs and out of town games. Okeechobee, Dairy Queen, Pratt Witney and Homestead are among the teams who will compete.

Plans are in operation to have the concession stands open on the nights of the games, but volunteers are needed to work the booths. Volunteers (men and women) are also needed to play ball, work at the park, and to take charge of teams. All who are interested are asked to contact Martin Coulter. Donations collected will be used for the building of shuffleboard courts. The following is a weekly shcedule of games:

Monday, 7 p.m. Women's softball; 9 p.m. old timers 40 and over.

Tuesday, 7 p.m. and 9 p.m. Fast pitch league.

Wednesday 7 p.m. and 9 p.m. Slow pitch league.

Thursday, 7 p.m. Teenage girls. 9 p.m. Teenage boys.

## Festive Regatta Set For March 25 By Chamber

Polynesian Sailing gatta, sponsored by e Jensen Beach Cha- er of Commerce, will held Sunday, March , on the Jensen Be- h Causeway. Reg ilbur states that is will probably be e last Regatta of e year, and everyone invited to come d join in the fes- vities. A full day events are planned ginning at 10:30 m. and lasting un- l 5:00 p.m. The In- acoastal Sailing ub will participa- e, and all sailors d their boats are vited to enter in e Sailing Races.

The first heat will take place at 10:30 a.m., the second heat at 1:00 p.m. and the third heat at 2:30 p.m. There will be a special Aloha welcoming those who attend the Regatta. This will take place on the pier at 1:30 p.m. The Jensen Beach Queen, Patsy O'Hallarin will be presented at 1:35. At 1:40 there will be a Polynesian blessing of the Junior prams, with the Junior Pram race beginning at 1:50. Everyone is encouraged to wear colorful Polynesian costumes, and there will be a costume judging at 2:00. At 2:25 there will be a Polynesian Mystery Contest announcement, with a Polynesian style show following the third heat of the senior sailing race. The Jensen Beach Ski Club will provide entertainment with a ski show at 3:30. Special prizes will be awarded by the queen to: The oldest guest; Guest from the furtherst distance, The Polynesian mystery contest winner, and the treasure chest winner. At 4:45 trophies will be presented to the winners of the Sailing events.

### Beautification Needs Money

The beautification program of the Jensen Area Chamber of Commerce, held up during the recent cold spell, will be getting under way again soon, according to Mrs. Dorothy Artz, chamber president. A secent meeting of the board of directors of the Chamber saw action to give $100 to the beautification committee to aid in moving the trees. With the $85 already in the committee fund, the donation cut the $1000 estimated expense of moving the trees and replanting them on the causeway to $815.00. The committee is still looking for the money from private sources to move the trees, all of which have been donated to the causeway beautification project by civic clubs and individuals.

### B'gorra !

Poor Bob's St. Patrick Day Dance and Party will be unique, in the sense that Bob Weisenberger will give out green Irish favors all day long on the day of all green. Shurr an' that Weisenberger should be Mayor o'Dublin.

## TAYLOR BEGINS WORK ON COMMUNITY CHURCH

At a special meeting of the official board held last Sunday, March 11, a contract was signed by John L. Taylor to build the new fellowship hall, educational building, tower and connecting sidewalk of the new Community Church.

Taylor made a low bid of $95,646. Work on the new church, which will be located on Skyline Drive, was begun Monday, March 12. Dedication and ground breaking ceremonies will be held Sunday, March 18, following the second service, at 12:15. Reverand Sydney A. Lowrie will officiate, with the following board members wielding the shovels: Tom Cook; chairman of the board. Leonard Smith; chairman of the building committee, and Jack Minor; chairman of the finance committee.

## Hellier and Gunn File For School Board

Two men have filed for the school board in the upcoming election. One is veteran Thomas Hellier, eight year incumbent, a Democrat, and the other is Robert Gunn, filing on the Republican ticket. The Jensen District 1 school board battle will get under way in the general election unless either candidate gets opposition for the primary. Other area filings were by Mrs. T. R. Chambers of Hobe Sound, a Democrat, to be opposed by J. W. Hussey, a Republican of Port Sewall. Mrs. Jeanette Odom of Indiantown has filed for the post timing vacated by retiring school board member O.D. Hataway. Charlie Leighton and Marvin Rowell have filed for re-election as county commissioners.

For those of you who don't have a A.B.C. Rule Book. We continue with some of the Rules, which may help you in the future. As you know all Bowlers should know the rules, which is just important as learning how to bowl.

Page 90- - Rule 111.
Page 91- - " 116.

Rule 111.
After a game has started no changes shall be made in the order of players during such game. The captain, however, may replace any of his players by a qualified substitute at any time during the game, unless the league has adopted specific rules governing the use of players and substitutes prior to the start of the season, in which case the league rule shall apply. When a substution is made during the game, the score of such game shall be credited to the starting player. However, a league may, by rule, require its secretary to maintain averages so that each individual average reflects only the actual frames bowled. When a player is unable to complete a game because of disability, injury or emergency, and a qualified substitute is not available to bowl, the team of which he is a member shall count his actual score for the frames bowled in the game total, plus one-tenth of his blind scores for each of the remaining frames in the game. The frames bowled shall not be used in determining the bowlers average.

There will be a ladies softball game at Langford Hall Park Sunday, March 18, at 2 p.m., with the Jensen Beach "Martinettes" competing against a ladies team from Riveria Beach.

## LIVE... and love it

By DICK CAMPBELL

What can we do to help our community grow? A lot of people have asked that question. There must be an answer, and if we are going out on a limb to try to get a mail or two rolling in the direction that is sure to at least start some talk, if not get something done. We are like everyone else who would like things to be better, and will be open to all suggestions from anyone. If you can think of anything that the people as a group, or individuals can do that is in the interests of a better community, write what you would like to see done on a postcard or in a letter and send it to the Mirror. We will pick up the best five ideas, and run them in the paper to see if they can find a sponsor, or an active person or group to get them done. As each item is accomplished, we will add another. In this way, the right persons in our community will be made aware of many of the things that need to be done. Too often people say "They just don't do this or that" and leave that mystical "they" hanging out in the air. "They" get the blame for many things. Quite often, if "they" know about something that needs fixing, "they" will try to get it done. Many times someone, in a burst of civic indignation, will tell us to write an article "blasting" so-and-so for something or another. About 90 percent of the time, so-and-so doesn't even know the first thing about the complaint, and when he is told, he takes the action needed to correct the item. The idea that you send in must be in the best interest of the community

## Legion Aux Plans Party

What Is Public Relations?

Public relations is just what the words say...relations with the public. Good relations with the public depends upon many things. The most important of these is "Trust". First Federal of Martin County has many friends in an ever expanding circle in and around the neighborhood of Martin County. Friendship that has been built on trust is a thing we treasure. And the many, many home buyers who have found the wonders of pleasant living in Martin County through a First Federal of Martin County home loan are the proof of that relationship. Add to those people the many builders who have found First Federal of Martin County willing and able to help them plan their home building program, and you have an idea of the excellent "public relations" of First Federal.

If you are planning to build, or buy a new home discuss your plans with the friendly people who make your home financing a pleasure...and appreciate your business...Get personal financing at

## New Community Church

Over 200 persons attended the dedication of ground for the new Jensen Community Church Sunday at the Skyline Drive site. Weather was perfect as Rev. A.S.Lowrie led the groundbreaking. Boardmembers turned a golden spade in the dirt to officially begin the $95,646 construction project. A boon to this area, providing work to bring more payroll into the economy of Martin County, the Taylor contract calls for a new fellowship hall, an educational building, a tower and the walks. Tom Cook, Leonard Smith and Jack Minor turned the golden spade.

## Fremaux Talks To I.R. Drive Meet Tonight

The Indian River Drive Association will meet Thursday, March 29th at the Walton Community Center. There will be a covered dish supper at 6:30 . Those attending are requested to bring food and table service. The membership of this organization is open to all residents of Indian River Drive. All are invited to attend and enjoy meeting with your neighbors for a pleasant social evening. Mr. Carl Fremaux, Manager of Southern Bell Telephone Co., will be featured on the program and will present a film "Modern Home Decorating."

Patsy O'Halloran and the turtle float brought acclaim to Jensen Beach recently when they appeared in the Fiesta Parade at Hollywood by the Sea.

WHOOPS--Another boat bites the dust..er,or the water in Sunday's regatta. The state patrol came to the rescue as other racing sailboats jibed around the buoy to avoid hitting the well dunked crew and Windmill.

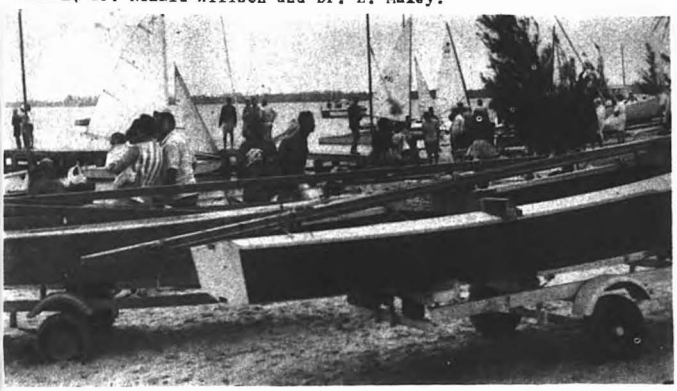
## Is Fishing Bad

Louis & Laura Muller of Indiana, winter visitors squashed all complaints of bad fishing with a report of 727 fish caught from January 19th to March 19th. They reported to The Snook Nook that this did not include blowfish, cats or other waste fish. Following is a list of fish caught from the bridges, surf, and Rand Boat Basin. This does not include boat fishing: 63 bluefish; 40 weakfish; 201 croaker; 67 whiting; 71 land perch, and 2 trout. They also caught Sheephead, drum, pompano, snapper, spots, jacks and mackeral.

---

Dr. and Mrs. F.O. Hansen of Cocoanut Rd. have had as visitors their daughter and son-in-law, Mr. and Mrs. F. Steinmetz, of Syracuse New York.

THE WINNAHS!--Members of the Prescription Shop bowling team pose as the victors in the Tropical League at Your Lanes. Left to right are Dr. Darrell Marstellar, Dr. Dennis Rinaldi, Dr. Richard Penick, Dr. Ronald Allison and Dr. E. Maxey.



CONCENTRATED CONFUSION--Skippers ready their boats in high winds with grey skies at Sunday's Jensen Beach Regatta. Over 25 boats participated in the exciting heats in tricky winds.

## JENSEN FISHING NEWS

Burt Cowell caught a 16 pound Snook Saturday night fishing off the Jensen Bridge. Al Urban caught a 11½ pound trout out in The Indian River, wading. Blues were hitting good Tuesday and Wednesday in the surf. Some Snook have been taken off the Roosevelt Bridge and some trout off The Indian River Bridge. Alot of Snook were taken off The Jensen Bridge Friday and Sunday. Trout and Snook fishing has been picking up on the Jensen Bridge.

## Bulkhead Hearing Is Set May 8th

Tuesday, May 8, will be the date of a hearing on the bulkhead line for the Indian River Drive from Poor Bob's to Ocean Breeze. Persons interested in the development of the area will be on hand to discuss the line. At present, the plan is to draw a line from the 1,000 feet Ocean Breeze line to a point off Poor Bob's Restaurant, and let the line serve as a potential fill area for developers of river bottom land along the Indian River.

TURN ON THE TIDE, PLEASE, MAC

Ricky Campbell likes to feed the pelicans off the dock behind Mac's Market. Last week he walked in a little astonished, and announced that the water was all gone. Then he said to Mac, "Could you turn it on and fill it back up in the river?

WATER BACK--It is fine to have the rains again... but back come drainage problems here.

This yacht is one of many beautiful yachts that fill the harbor of Langford Marina in Jensen Beach. Featuring the finest facilities, the harbor will soon see back the Chanticleer, Ralph Evinrude's sleek blue and white yacht, presently being repaired in Jacksonville.

IMPORTANT MEETING--These members of the Jensen Beach Area Chamber of Commerce were sitting as an election group last week as they started off a new chamber year for officers.

# Paul Muller Is 95

Mr. Paul Muller celebrated his 95th birthday Sunday, April 1, at Riverside Nursing home. Mr. Muller was a long time resident of Fort Pierce and is a well known citrus grower. He was presented with a 26 pound turkey and a large cake by his friend Paul Hood of Fort Pierce, and other residents of the home were treated to a turkey dinner honoring Mr. Muller.

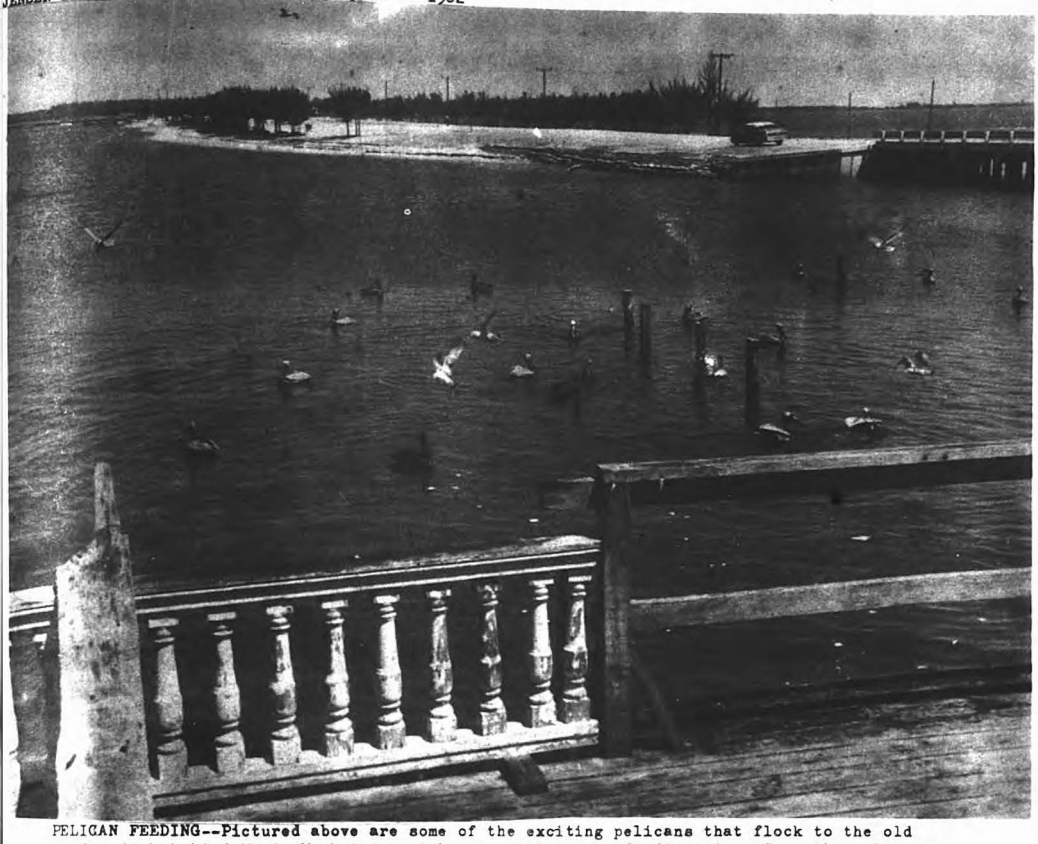
The design and sweep of a Tomasi and Yurillo home in West Jensen Highlands is evident in this fine First Federal financed home. The new Jensen subdivision in West Jensen brings plans for retirement right to customer approval.

REALLY LIVING--The bright green hue of ocean breakers with foam tops makes Jensen Beaches a breathtaking sight for residents and tourists alike...and the best season is ahead.

OUT--Members of the American Legion at a recent cookout set tone of relaxed living in Jensen Beach. Recently completed lities make outings a pleasure for Legion members here.

COMING IN and water-skis flash in Jensen waters of the Indian River.

BIG SNOOK--Just one of the fantastic variety of fine fighting fish that greets sportsmen in Jensen Beach. Snook from the bridges, boats or surf is thrilling.
CATAMARANS--Ready for Jensen's exciting regatta activity, these are just a few of participating boats.



PELICAN FEEDING--Pictured above are some of the exciting pelicans that flock to the old wooden dock behind Mac's Market to catch scraps thrown at feeding time. Soon the pelicans will begin nesting, and the birds will disappear to nesting areas on Hutchinson Island. In the background, Jensen's Causeway Park stretches toward the ocean. In some distant future, feeding pelicans will become on the map of "things to do" in Jensen tourist life.

SHUFFLEBOARD TROPHY WINNERS--Ocean Breeze, undisputed leaders of shuffleboard in South Florida, takes time out to honor the top winners in the 1962 shuffleboard season. Pictured above are the best of the lot, holding their trophies proudly for all to see. As the leading recreational activity in the Jensen Beach area, shuffleboard acts as one of the top activities, as well as being one of the reasons people come to our area.

# LIVE... and love it

BY DICK CAMPBELL

The Jensen Beach Mirror is now the proud father of four kittens. This is a fact. In the Campbell home lives a wonderful cat of undetermined origin named "Chi-Chi". This sleek grey feline many times reminds me of my favorite character, "Mehitabel", a don mar-is character who is forever being led astray by big tom cats who then leave her. The spirit of Chi-Chi is such that she is a queen of the neighborhood, but every once in awhile some monster tomcat finds he can climb a tree as fast as Chi-Chi, and we go back to archie and mehitabel again. Of all days to have the kittens, Chi-Chi set last Tuesday, the busiest day in newspaper life, to have her babies. I came into the office at noon. Mary said nothing. Soon I heard a little "Mew", and then Chi-Chi let out one of her usual wails. It came to me that something unusual was going on. I looked under the bench where we layout the paper, and there was Chi-Chi with two of the four. I felt my stomach drop two feet, jumped up, and with the typical and learned manner of an experienced father, I became panic stricken. "What should I do?" I said, not realizing I was shouting. Mary laughed and said, with typical female attitude, "Nothing". I called the doctor's office and finally got the wife, who came over to ease the situation. I still bet this is the first birth in a newspaper in Martin County.

We'll let Stuckey marry them, but by all that is right, they have their babies in the Mirror office on deadline day. It was a very shaking experience for me. I am not over it yet. It does bring back memories, though. In the newspaper business in Alaska back in 1957, I was managing editor of the Juneau Independent a struggling young weekly in the 49th State's capital city. The governor, Mike Stepovich, was about to have his seventh child, and Matilda, his gracious wife, was trying to hide her desire to have the whole thing over with as soon as possible. As we stood around at a cocktail party, we kidded Matilda about meeting our Tuesday night deadline with the baby so that the daily newspapers would not get the jump on us for the story. The next week, sure enough, Tuesday night was the birth time for the heir. We sent the lady a big bouquet of roses. What should we do for Chi-Chi? If it didn't cost so much, we could send out cigars (U.S. brand) with each newspaper. But a method of keeping it in one piece would be a necessity.

---

In other events in a very active week, the Mirror has its first mail-away edition this week. While it is not the size we wanted, it is the first for our fine area, and we are likewise proud of it. Send your copy to a friend up north, and if you want more, come to the office and we will sell them as long as they hold out.

---

The Martin County Zoning Board reminds us of a story about the man who rode a mule up to a place where a man was digging a hole in the ground. The man got off and walked to the other man, resting by a tree. Just then a bunch of robbers on horseback came riding down the road. The man said "Run for it!" and took off through the woods. Our hero ran over and jumped into the hole. If only he had known.

## *Stuart Planning Martin County Wide United Fund*

ANCHORAGE ANNIVERSARY--Celebrating the seventh anniversary of the Anchorage Yacht Club Saturday are (left to right) Mrs. Elaine Rhodes, Sam Rhodes, Mrs. Betty Baker, Philip Baker, Mrs. Edna Wolf, Mr. and Mrs. Bill Jacobs and Mrs. Edith Setterfield.

A litter of seven Wiemaraners came into the world last Thursday. "Bonnie" and her litter are housed by a home construction by First Federal executive vice-president James A. Garvey on Sewall"s Point.

A group of public spirited citizens will hold a meeting that will get feelings of area residents for a Martin County-wide United Fund Drive at the Woman's Club on Thursday April26th at 8:30 p.m.

-----EDITORIAL-----

The fact that the Mirror was not notified of this meeting in Stuart points up the existing lack of consideration by the people of Stuart for the people of this area. IF Stuart wants a United Fund Drive for the county, and we think it would be an excellent idea, they had better begin to consider that Jensen, and Rio, with a very successful United Fund Drive, has every right to full information on the formation of any group for the county. Just a little thought, please, to Jensen-Rio people. We ARE in the county too, y'know.

## *Trinity Meth's Consecrate Sun.*

Trinity Methodist Church will hold Consecration services at the new Fellowship Hall Sunday at 7:30pm. The new building is ready to go...and is a fine church house.

Jim Langford, candidate for County Commissioner, Dist. 4 is a native of Florida, has been a resident of Martin County for 12 years, is a U.S.C.G. veteran, past president of the Jensen Beach Area Chamber of Commerce, member of Martin County Committee of 100 and a member of the American Legion. His platform is for expanded tourist recreation facilities, a well planned road program for future industry and population growth, clarification of agricultural and other tax problems, and fair and efficient cooperation for the good of all of Martin County.

# Rev. Tweedy Assumes Duties

Rev. Newton M. Tweedy has taken over his duties as pastor of the Community Church.

Rev. Tweedy and his wife Lillian, and their six children are now residing in the parsonage on Skyline Drive. Rev Tweedy and Mrs. Tweedy are from the vicinity of Minneapolis, Minnesota, coming here from Dayton, Ohio.

Rev. Tweedy has established a study in the church building where he will be from 9 a.m. to 12 p.m. Tuesday through Friday to meet with anyone wishing to talk with him. A call to the church at AT7-0716 or to the parsonage at AT7-2476, anytime will bring him to your home. Also call the church parsonage if you know of anyone sick or who would like to see him.

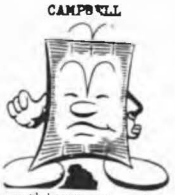
## LIVE... and love it

By DICK CAMPBELL



Many things come to mind from time to time that should be talked about among the town elders of the Jensen, Rio area. First is the dumping of raw sewage into the river at many points along the Indian and St. Lucie Rivers. This is the type of thing that drives many tourists away. Follow that with the practice of many persons throwing trash into lots, or on the bank of the river. The unsightly mess that is created by people without thought for their neighbors is a crime. Only an awakened public can bring the necessary pressure to bear upon the commissioners to bring about a change in this practice. Some of the most outspoken men in this area against the practice of pointing out wrongs in their town are guilty of the biggest stink in Jensen history. Trash and garbage welcomes the visitor to Jensen. Look at the approaches to the Jensen and Rio area. The various lots need a cleaning up. Roads to our town are being mended as fast as possible

Indian River Drive is a dream road. For the visitor, a drive up the drive to Fort Pierce, through the little towns of Eden, Ankona, Walton...or a drive south, through the Sewall's Point estates, these are the adventures that bring tourists and the resident-visitor to the Sunshine State. The only way to keep the road open and full of visitors, is to keep it clean. This week, in talking to a winter visitor, he referred to the Jensen area as being a "second or third rate looking place". His is just one opinion. But he points up the need to do for ourselves, by ourselves

FIRST FEDERAL SAVINGS AND LOAN ASSN. OF MARTIN CO.

# Building Jensen Beach ...

A Man's Home is his castle, and the man is a king if he lives in Jensen Beach. The Jensen Beach Mirror inadvertently mixed up two pictures in the mail away edition last week in the First Federal Savings and Loan Association advertisement. We would like to apologize to First Federal for placing them in such a position, and to the builders, Frank Forsberg and Tomasi and Yurillo, for mixing up their homes. These two homes are reprinted below, with their builders correctly identified under their homes.

The design of a Tomasi and Yurillo home in West Jensen Highlands is evident in this fine First Federal financed home. The new Jensen subdivision in West Jensen brings plans for retirement right to customer approval.

One example of fine styling in home building is this home by Frank Forsberg, built for Mr. and Mrs. Harry Gibbs Munro at 335 Flora Road, and financed through 1st Federal.

# Jensen Firemen's Auxiliary Meet

At the meeting of the Volunteer Auxiliary held last Monday, plans were made to sponsor a bake sale to be held April 21, at the Post Office building, starting at 8 a.m. Mrs. Eugene Paux will be in charge of the bake sale, assisted by Juanita Profitt. It was decided that the Auxiliary would purchase identification pins for its members. Juanita Profitt was in charge of refreshments. At the meeting held March 9, the following members were elected to office: President, Hazel Wileke; Vice President, Kitty Robertson; Secretary, Martha Spinny; Treasurer, Eleanor Spragie, and publicity chairman, Mildred Tilton.

## JENSEN FISHING NEWS

The river is full of pompano and big trout, and quite a few snook have been taken over the weekend. The surf has been producing a lot of pampano. The pompano in the river have been running under size. The bridges have had alot of snook at night and big trout morning and evening. Cal Wilbert caught two trout and 2 pompano and Bob Robertson caught half a dozen nice trout wading.

Mr. & Mrs. Phil Wood of Dearborn, Michigan are spending a few weeks with Mr. Wood's parents, Mr. and Mrs. Harry Wood on North Indian River Drive.

## WWI Aux Activities

A meeting of the WWI Auxiliary 854 was held Friday, April 6, at the Community Church with Mrs. Mary Kane presiding. Many members joined the blood bank which the department of Florida is sponsoring for WWI veterans and its auxiliaries. It was voted to buy three books of tickets for T.V. sets for the various veterans hospitals. This is also sponsored by the Department of Florida. It was also voted to give a donation to the Martin County Barracks toward the purchase of a plaque and a flag pole for the Chamber of Commerce, in memory of all veterans of all wars. This will be dedicated on memorial Day, May 30th. It was voted to send a donation to the UAUS department Charman, Mrs. Lora Ochner, for the Spring Festival to be held on May 8, at Coral Gardens Veterans Hospital. There will not be a card party this month because of Holy Thursday and there will not be a social which is usually held on Good Friday.

## Barbara Thumand-Kathy Hoke To Attend Girls State

At the Legion Auxiliary meeting held April 9, Mrs Emma McCue reported that Barbara Thum of Orion Avenue, and Kathy Hoke of Ocean Breeze were selected to attend Girls State in Tallahassee to represent Post 126 Auxiliary. It was reported that 521 books had been sent to the Veterans Hospitals in Florida. There will be a Past Presidents Perley meeting at the home of Mrs. Fren Hanson on Monday, April 16. The nominating committee's report was not complete and will be given at the next meeting. Mrs. H.W. Rush from Pewaukee, Wisconsin, and Mrs. Walter Forrest who expects to locate in Rio, were special guests. The Charter was draped and two minutes of silence and a prayer by the Chaplain, Mrs. Jane Livermore, was given in honor of Mrs. Helen Wentzel. A Pan American program is planned for the next meeting, and there will be an initiation of new members.

Bill Matheson of Palm City has donated a sailboat to Jensen Sea Scouts. The sea scouts are now meeting at the Anchorage Marina, and will work on the boat this weekend.

Mr. & Mrs. William Middleton returned this week from a 40&8 Dixie promanade held at The Daytona Plaza Hotel at Daytona Beach, April 13-14 and 15th. Five hundred and seventeen registered delegates from eleven southern states were present.

Slow pitch softball got underway last night as the members of teams now forming got in a practice session under the lights at the park. Plans have been made to hold slow pitch workouts every Wednesday night at 8pm at Langford Hall Park. All interested men who would like to play softball have been asked to attend the workouts.

A luncheon-card party will be sponsored by the Women's Club, Tuesday, April 24, at 12:30 at the clubhouse.

The first in a series of "Woman to Women" coffees in behalf of Floretta Bartlett's bid for Martin County Tax Collector will be held Tuesday, April 24 at Seymour's Inn, according to Mrs. John R. Wolf and Mrs. Zola Swarthout, co-chairmen of the meetings. The coffee is free and women from Jensen, Rio, Ocean Breeze and North River Shores are invited to attend. Other meetings are planned for this area in the near future, they said. Hostesses for the first event will be Mrs. Arnold Taube and Mrs. William Weiss, of Jensen, and Mrs. Alberta Hamill and Mrs. Emma Wernerburg of Rio.

Plans for a Martin County wide United Fund were received with a wary, and sometimes hostile attitude by local Jensen area people.

Easter Sunday services at All Saints' Episcopal Church will consist of Holy Communion and Sermon at 8 a.m. Children's Mite Box Offering at 9:30 a.m and Holy Communion and Sermon at 11 a.m

## Stokes Scholarship To Be Awarded

Scholarship awards to four deserving seniors of Martin County High School will be given by the John W. Stokes Foundation. The John W. Stokes scholarship award is $600 a year for four years amounting to $2,400 to the winner. The vocational award is for a total of $600 to apply toward the tuition and expenses for vocational training in any accredited school of the winners choice, to assist the student in getting specialized training in a chosen field. These funds will be paid directly to the school each semester, provided the winner continues in the school and does satisfactory work on all subjects, and as long as the conduct of the student is satisfactory. The winner will be selected by three qualified judges whose decisions will be final. Scholarships are based upon the students scholastic average, aptitude for college training and higher education, ability, attitude, need, personality, good moral character, integrity, leadership, citizenship, diligence in work and study, willingness to assume responsibility and promise of future service and usefulness to the community. Seniors who desire to compete should request application forms from John C. Gray, principal of Martin County High School. The four new winners to be chosen at graduation this spring will make a total of twenty-four students who have won this honor and the benefits connected with it. The foundation was organized in 1947 by John W. Stokes, with the desire to help young people become better citizens and leaders in the community.

## Basketball Court For School

The basketball courts and baseball diamonds for the Jensen Beach Elementry School are in the final stages of completion with plans to finish them this week. The courts have to be lined and four baskets will be installed. The area for the courts measures 75'x56' which will be split to make two courts. The baseball diamond will be lined and the back-stop will be placed on the opposite end of the field with power poles being installed in the old location of the back-stop as added protection for the children. The school Drive has been graded and will also be marked off with power poles for the protection of the children.

## PTA Elects Officers

At the PTA meeting held Tuesday, April 10, there was an election of officers with the following members elected: President, Mrs. Morgan Sprott; Vice President, Mrs. Allen Litchford; Second Vice President, Mrs. Chester Martin; Secretary, Mrs. Roy Switzer and Treasurer, Henry Gunn, Jr. Installation will be at the next meeting to be held at the school May 8.

# School Rates Superior

he school cafeteria has been given a superior rating by the state. This is an outstanding rating, and the Jensen Beach Elementry school is the only school in Martin County that has aquired this high standard Bill Palmer, principal of the Jensen Elementry School had as his guests last week, some New York visitors, who stopped to view the school. As a result of this visit the guests, who wish to remain anonymous, presented Palmer with a check for the school with a request that it be used for a basket ball court and a baseball diamond. This is the second instance where persons have contributed financially to the school activities.

Building a child's sailboat is a long way from building or buying a new home. But a child wants about the same things in his boat that any family wants in a new home. The security of a reputable builder, a good plan, and a reasonable price is the key to happy home buying. And a most important part of that security in home buying is "financing"... When buying or building in Jensen, Rio, Sewall's Point, Walton, or Eden, get smooth sailing in family financing with your First Federal of Martin County.

# COULTER INSTALLED AS CHAMBER PRESIDENT

INSTALLATION HEADTABLE--Officers of the Chamber installed at Tuesday night's banquet sit at dinner. Left to right, Mrs. Ulla Miller, secretary, Al Hendry, vice president, Mrs. Martin Coulter, incoming president Martin Coulter, retiring president Dorothy Artz, installing officer and former president Frank Wacha, Mrs. Wacha, and in foreground, Mrs. Reg Walker.

The right of way to complete the east portion of Jensen's bridge to the ocean was assured and will be completed soon, Frank Wacha reported to Chamber members at their installation banquet Tuesday night at Seymours. He added that the 600 foot bridge on the east end is on "the drawing boards" in Tallahassee and money is now appropriated for it. Wacha quieted the rowdy meeting by bringing home the seriousness of an installation, and charged each officer and director with the duties of the office in a manner that brought credit to the former Chamber prexy. Martin Coulter was installed as president, Al Hendry as vice president and Ulla Miller, secretary, R.L. MacFarland, treasurer. Previous to the installation, outbursts by Charles Gay, and a raffle prize wrapped in a political poster by Bill Weiss had retiring president Dotty Artz almost apoplectic in anger. The meeting simmered down, and ended on a proper note of respect for the officers of the Chamber.

## *Sixth Birthday Party For Aprile Tomasi*

Aprile Tomasi, daughter of Jean and Gino Tomasi, whose birthday was Easter Sunday, celebrated her birthday April 21st, with a party at her home on Hickery Ridge Road. Those attending were: Donna Rowe; Wayne Sprague; Billy Yurillo; Joanne Yurillo; David Pollard; Skippy Delapi; Kayleen Penick; and Gary Shipes.

HERE 'TIS--Frank Wacha hands the gavel of office to Martin Coulter as new president of the Jensen Area Chamber of Commerce. Retiring president Dotty Artz looks relieved after two successful years as prexy.

## *Old-Fashioned Political Rally Set May 4th*

An old-fashioned political rally and fish fry will be held May 4th at Langford Hall Park, sponsored by the Jensen Beach Mirror. All candidates will be invited to appear to meet the people and talk on their candidacy. Tickets will be on sale for the fish fry event, which will have all the elements of an old fashioned rally. Members of the Democratic Executive Committee in Jensen and Ocean Breeze are assisting the Mirror in plans.

SLOW PITCH, ANYONE? Meeting Tuesday night to organize Slow Pitch for Langford Hall Park this year were (left to right) Frank Bould and Art Cole of Port St. Lucie, Quirlie Humbole of Krauss and Crane's team, and Carl Barker, representing the two Jensen teams. Another meeting will be held Tuesday night at Your Lanes to set up the six team schedule. Teams from Krauss and Crane, Florida Power, White City, Port St. Lucie and the two Jensen teams will play all games at Langford Hall Park, wear no spikes and have all players over 25

The Early Settler's Association (Old Timers) will meet Saturday, May 12 at the Town Hall. Buck Hendry, president, is in the process of making preparations, and a large turnout is expected.

## *Ambulance For Samaritans*

The Samaritans have purchased a 1956 Pontiac ambulance to replace their old one which is being offered for sale. The new ambulance will have a 26" lift which will be about half as high as the old one, and also, the litter will be equipped with wheels making it easier for patients to be taken to the ambulance. Martin Wahl states that it will be about two weeks before the new ambulance will be delivered, and they hope to be able to sell the old one by t that time.

## *Tea For Rev Tweedy*

## *Brownies Ride Fire Truck*

The girls in brownie troop 20 were pleasantly surprized last Thursday when the fire department truck arrived at the school to take them to the fire station for their tour of the fire house. Randolph Spinny, Jack Lucas and Jim Rice were hosts to the girls on the ride. They took the troop to the fire-house where they were shown the equipment, and introduced to the other firemen. Eighteen girls were present. Cokes were provided by Mrs. John Hendry who was in charge of refreshments for the day. The trip was preceeded by a meeting, with plans being discussed for a future trip on a bus or a train, also a hike is planned for the near future. An announcement will be made at a later date regarding their Indestiture Service at wh'ch the girls will take their pledges and receive their pins and become full-fledged scouts.

St. Ann's Guild will meet at All Saints' Episcopal Church, Tuesday, May 1, at 8 p.m.

The Lions Club last cabinet meeting for 1961-62 will be held at Belleglade on Sunday April 29. Reservations are neccessary. Families are invited. Secretary, Wally Gardner must have all reservations by April 25.

A volunteer is needed to take over the girl scout troup 1 day a week Any one who would be interested should contact Mrs. Snow at AT7-4077.

The Volunteer sewers for the Red Cross met for a luncheon at Edenlawn and were addressed by Miss Mary Shackleford and Mrs. Elsie Smalley, both of the executive board of the Red Cross.

All Saints' Episcopal Church Diocesan Convention will be held April 30 through May 2nd at West Palm Beach.

The last Red Cross sewing meeting of the season was held April 19 at the Legion Hall, and was climaxed by a covered dish supper.

She had been a resident of Daytona Beac 52 years ago.

## *Girl Scouts To Visit Telephone Co.*

The Girl Scouts will be the guests of the Fort Pierce Telephone Company on Tuesday, May 8. The girls will be taken on a tour so they can observe the operations of the company, and will be able to see the switchboard operators in action. They will be under the supervision of Marion Snow, who is the girl scout leader. They plan to make the trip by car, if volunteers can be found to furnish transportation.

## *Red Cross Sewers Have Supper*

The Red Cross Sewing Circle held its last meeting of the season, April 19, at the Legion Hall. All sewing was completed, and the members celebrated with a covered dish supper. The sewing group will discontinue meetings until September. The date they will resume sewing is indifinate. Mrs. Elsie Smalley will notify members when she receives word from the National Red Cross regarding Their quota for next year.

# Write Your Senator!

1st IN STUART

This Session of Congress will act on proposed legislation requiring witholding of income from the interest and dividends on your savings accounts, stocks and bonds.

Many of us feel that this proposed legislation would cause a hardship to those whose livelihood is dependent on this income.

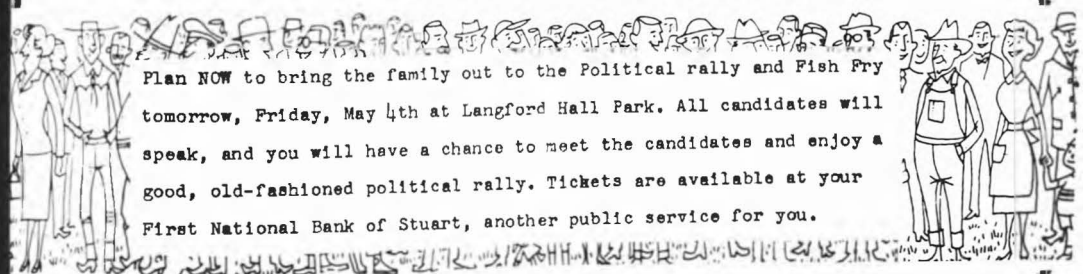
We certainly do agree that taxes should and must be paid on taxable income, regardless of source, but we feel there are better methods of determination than that method of withholding indiscriminately a percentage of all interest and dividend income.

If you agree, we urge you to write your Congressman and ask him to argue against such taxation. A postcard or letter written now telling him of your views will be most beneficial.

If this legislation is enacted, we will all cooperate fully. However, our Lawmakers should know how you feel before a decision is made.

The House passed this legislation on March 29, 1962, and it now goes to the Senate Finance Committee for debate or revision.

We urge you to write your SENATOR—a post card will do—and advise him of your views concerning the proposed WITHHOLDING OF 20% OF ALL THE MONEY YOUR SAVINGS ACCOUNT WILL EARN. 20% will also be withheld from any stock dividends you may receive.



Plan NOW to bring the family out to the Political rally and Fish Fry tomorrow, Friday, May 4th at Langford Hall Park. All candidates will speak, and you will have a chance to meet the candidates and enjoy a good, old-fashioned political rally. Tickets are available at your First National Bank of Stuart, another public service for you.

## Chamber Committee Works Six Years

A Chamber of Commerce committee organized six years ago came through this week to bring Jensen Beach a new bank. "Jensen Beach Bank" will have temporary offices at 58 Commercial, next to Connie's Flowers, in the post office building. The chamber committee was headed by W. B. Tilton, Sr., and included Sam Rhodes, Sr.,(now deseased),Bill Porter, Frank Wacha, and Tilton. Three years ago, the committee enlisted the aid of E.C. Wareheim, retired former president of Commercial Credit Company, a two-billion dollar financial empire. With Wareheim's guidance, the committee achieved the bank for Jensen Beach. Chamber president Martin Coulter told the Mirror that he was proud that "we have the new bank", and that the six year effort of the chamber committee points up the fact that Chamber activities are often long-range, and public participation in short and long range programs are what makes a Chamber. Coulter said, "A person cannot come in to Chamber office and say at the end of a year that much has been accomplished, because, as in this case, a standing committee has worked six full years on this one program. We are in the midst of many such long range programs,such as beautification. The members of the committee, and especially Mr. Wareheim, are to be congratulated for their fine job well done."

## Meet E. C. Wareheim Chairman of the Board

Spearhead of the drive for a bank in Jensen Beach was E. C. Wareheim, who is chairman of the board of Jensen Beach Bank and its executive officer. To most, Wareheim is the quiet, cigar-chewing mayor of Sewall's Point, a man noted for getting things done. History shows Wareheim as being such a man. He started 50 years ago with the formation of Commercial Credit Company when it was organized in 1912. The company had $100,000 capital. Wareheim served as assistant treasurer, treasurer, vice-president and then executive vice-president of Commercial Credit. He then served as president for 6½ years, and followed that with three years as chairman of the board, retiring in 1957 under the retirement plan.When he retired in 1957 the capital surplus of Commercial Credit was in excess of $200,000,000. He was a director of the First National Bank of Baltimore, Utah Savings Bank and Baltimore Gas and Electric Company. Wareheim was also chairman of the Maryland State Fair. Upon his retirement to Sewall's Point, Wareheim resigned all his directorships.He is now a three year town commissioner of Sewall's Point and has been Mayor for two years. He is also a director of the Martin County Taxpayer's Association. One of Wareheim's most brilliant achievements was as a member of the Planning Council of Greater Baltimore, when the council planned urban renewal for 27 areas of downtown Baltimore.

## Incumbents Get Top Vote Tuesday

It was a day for the incumbents in Martin County's election Tuesday, and all the "ins" polled highest in hotly contested races. In the interesting tax collector race, Mrs. Floretta Bartlett got 1520, and is set for a runoff with Andy Andrews who had 958. Charlie Hall was third with 711, and John Hendry had 604. In the District 1 school board race, incumbent Tommy Hillier had 1928 to 1461 for challenger Ray Lorenz. For County Commissioner in District 2, Marvin Rowell topped Ed Hennninger, 1760 to 1743, and absentee ballotts, opened too late for publication, will see the victor. In the District 4 race a runoff between Charlie Leighton with 1308 and Ed Miller, 1194, is assured. Jim Langford and Henry Creva came in with 779 and 377 respectively.

## Community Fund Meeting Called

A general meeting of the Jensen-Rio United Fund has been called for Monday evening at 7:30 p.m. to be held at the Community Center, by president William Weiss, to discuss potential Jensen-Rio participation in the Martin County Community Fund.

**The first meeting of the Jensen Area Chamber of Commerce Board of Directors under the new officers, will be held at the Chamber Office on Monday, May 14th, at 8.p.m.**

Jensen Beach Bank has been chartered, and a call has been issued to stock subscribers for the balance of their stock subscription so that a stockholder's meeting can be held to organize the bank and transact initial business of the new bank. E. C. Wareheim, chairman of the board and executive officer of Jensen Beach Bank, announced that the president of the new bank will be Don. J. Palmer, former cashier and vicepresident of Dade National Bank of Miami. The State Bank charter was signed on May 3rd. Officers are Wareheim and Palmer, and members of the board of directors are listed as T.T.Oughterson, Stuart lawyer, Leonard J. Smith, contractor, W. B. Tilton, Sr., real estate man, and Charles A."Bill" Porter, of Porter Lumber. The board will serve until a meeting of the stockholders. The new bank will have a capital structure of $350,000, of which $50,000 will be surplus and $50,000 undivided profits and the remainder capital. A contribution of 50¢ per share has been set for organizational expenses. Shares are $14 per share and 190 persons, mostly local, hold the 25,000 common shares. The state of Florida approved the application for charter on January 8th, and the Federal Deposit Insurance Corporation approved it on April 12th. The bank has an option on a piece of ground 100' wide from Commercial Street through to Ricou Street, 200' back, next to Quinn's Grocery. Architects Armstrong and Pryor are drawing plans for a 50' by 80' building that will offer 4,000 feet of working space in the new bank building. The building will contain a vault, two drive in teller windows, safe deposit boxes and have ample parking to the west and north of the building. When the plans are received they will be presented to the board of directors for approval, and if accepted, put out for bids. Jensen Beach buzzed with excitment when the news flashed through the grapevine telegraph.The bank plans to open in four or five months.

## Meet Don J. Palmer President of the Bank

President of the new Jensen Beach Bank is Don J. Palmer, 55, former vice-president and cashier of Dade National Bank of Miami. He is married, and has two grown children. Palmer is a member of the F&AM, Miami Shores Country Club, and Miami Shores Businessman's Club. His experience includes a stint as head of C.I.T. branch offices in Ohio from 1937 to 1944, supervisor of 94 branches of City Loan and Savings of Lima, Ohio from 1944 to 1946, assistant cashier an loan officer of the 2nd National Bank of Uniontown, Pennsylvania from 1946 to 1952, vice president in charge of the new business and loan department of Illinois National Bank of Springfield from 1952 to 1956, and from 1956 to 1958 was executive vice-president of Citizen's Savings Bank of Hamilton,Ohio Advised to come to Florida for the health of one of his family, Palmer became Chief Loan Officer and vice president of Miami National through 1958 and 1959 and vice president and cashier of Dade

## *Students Take Test*

The students of the fifth and sixth grades of the elementary school were given a test in mathematics last week. The problem was one of fourteen problems given to a sixth grade Russian girl, and was taken from Newsweek magazine. Mr. Palmer states that a large percentage of the students did very well in the test and he is proud of them. It has been stated in recent years that the Russian student is superior to the American student, and Mr. Palmer states that though the systems of education may differ, he feels that this assumption is not true. The problem was a challange to the students, and since they appeared to enjoy it, Mr. Palmer hopes to continue to give them other similiar mathematical problems.

## LIVE... and love it

st call the Mirr- the "Rainmaker". all agreed, the lly Friday night s a hurh success, inging rain to parched area. eryone gave cre- t for the rain to e rally. The next ought we have, ection or not, we an to have another lly. Even with th npour, about 250 rsons heard all t two of the can- dates talk. Only to miss the ral were Tommy Hall- and Charlie Lei ton. Both had an cuse, a class to ach for Hellier a company acci- nt for Leighton. would like to blicly thank our e Evans Crary, Sr Bill Scott and ank Wacha for ndling the chore introductions emceeing. Cre- t too goes to outstanding Democratic Ex- utive Committee bers, Sam Rho- , Jr., Marty . Clair, and Betty Pryor, who also believed "It could be done" and helped to put the rally and fish fry together.

Mrs. Sally Peters, too, comes in for applause for being right there with an outstanding fish fry. Many others helped with it. To those that did, we say "Thanks a million from all the voters."

It was a thing to be proud of, and when WSTU's Ed Clay boomed out with a beautiful "Star Spangled Banner" we all felt proud to be Americans. As the sponsor, the Jensen Beach Mirror wants to thank all who had any part in the rally.

FIRST FEDERAL SAVINGS AND LOAN ASSN. OF MARTIN CO.

We haven't been married very long, but we are "old hands" at using the services of our local, Martin County First Federal. Our savings accounts have been active for years.

Now we need a new home...a home for our family of the future. So it is quite natural that we are going back to First Federal Savings and Loan Association of Martin County. Financing is easy, and everyone there seems interested in our desire to have the best home money can buy.

Some day you, too, may want to buy or build a home of your own. Take our advice and see the friendly people at First Federal of Martin County. They make a business of making home dreams come true.

Talk to them, and see...you'll agree that you can get "personal financing" from

olio Oral Vaccine ill be administred at the Jensen each Elementry chool cafeteria n Saturday, May 9, with Dr. Daryl arsteller in chage with registerd nurses, Mrs. Richard Q. Penick and rs. Margie Hamilton, Glen Bryan, Phaacist of the Brn Pharmacy will in charge of the ccine. Mrs. Ellen lden is supplying 10 women for ecords, and principal Palmer is supplying 2 men. For ansportation to d from the antiolio station, call 7-2752. Dr. Penick will coordinate l stations. If you ve any questions ll him at AT7-2333 AT7-2736. For the rst time the Martin County members the medical profession are organizing one great project and giving their time and knowge to give you, the residents of Martin County, of every age, a chance to insure your health and the health of your loved ones, by making available the SABIN ORAL VACCINE for all three strains of polio, through the cooperation of the Pfizer Laboratories. This mass immunization program can only be as successful as you make it. Everyone old and young alike should take this vaccine. Those who fail to do so may prove to be carriers, and are capable of transmitting polio to others. Sabin Oral Vaccine must be taken even though you may have received Salk polio shots. It has been proven that the Sabin Oral Vaccine gives longer and lasting protection. Sabin Vaccine can be taken by mouth or placed on a lump of sugar. Get your Oral Vaccine on May 19.

## Girl Scouts Tour Phone Co

The girl scouts went to Fort Pierce Tuesday, May 9. They were taken on a tour of the telephone company, where they had a chance to observe how a telephone company is operated. Mrs. Peggy Snow stated that they were amazed at all of the automation. The girls also saw the long distance and information operators in action. They left Jensen at 2:30 p.m. and returned at 4:30. The following parents accompanied the girls and furnished transportation: Mrs. Elaine Rhodes, Mrs. Connie Haire, Mrs. Peggy Snow, and Mrs. Sam Rhodes, Sr. The girl scouts will hold their last meeting of the year next Tuesday, and will have a "Court of Awards". At this meeting the girls will receive their badges for cooking and bowling. Sandy Rhodes and Karen Dailey will receive their second class badges, and year membership pins will be awarded. Refreshments will be severed and games will be played.

A volunteer is needed to take over as leader of the girl scouts next year. Meetings are held once a week, and anyone interested is asked to call Mrs. Peggy Snow at AT7-4077.

The Trinity Methodist Church will sponsor a Men's Fellowship Dinner tonight at 6:30 p.m. to be served by members of the Ruth Circle.

# LEGION HEIGHTS NOW OFFERED TO PUBLIC

## PRE DEVELOPMENT PRICES ARE OFFERED UNTIL JULY 1st.

YOU ARE INVITED--Sam Rhodes, right, and Phil Baker, sales manager of Sam Rhodes Construction, stand beside the sign announcing Legion Heights to the world. The first section of Legion Heights offers 117 homesites for sale at $995, a pre-development price far below the market price in this area. The offer will stand until July 1st, according to Baker. The opening of the new subdivision in Jensen coincides with the paving this week of Savanna Road, leading from the Jensen Cutoff Road.

Legion Heights, for many months a dream for Sam Rhodes Construction, is now a reality. The subdivision is officially open today, and offers large, 75' by 100' homesites at pre development prices that are low. $995 for the most economical lot in the Jensen Area. All lots are graded, forming a perfect pattern of symetrical streets and a series of even blocks. With paved streets, and excellent Jensen Beach water, Legion Heights provides the opportunity for every sense of tropical Florida living to people interested in one of the series of homes offered by Sam Rhodes Construction, or any one of the other fine builders in this area to be built on a lot that is planned for the development of the entire west ridge of Jensen Beach.

# STREETS PRESENT PERFECT PICTURE OF COUNTY PLAN

## *County Engineer Lauds Tilton Construction Roads*

PPY HOMEOWNER--Johnny Roskosky, owner of Johnnie's Bar and Gr-, was one of the early customers of Sam Rhodes, builder. As shown above, Johnnie takes great pride in his home, located the second addition of Skyline Park. The two bedroom, one ba- home still holds its brightness and a landscaped yard adds to homey effect, sitting in the hilly Jensen countryside.

When County Engineer Shelton went out of his way to praise the Tilton Construction firm for its work and cooperation during the construction of the roads of Legion Heights, and to say that the roads fully met all specifications for county acceptance, everyone in Jensen Beach had a right to feel a sense of pride, for it placed a recognition upon local builders and construction men that has been long overdue. The roads will be a standard for the future, to watch and see their proper wear under development conditions, and will be sound for years to come. The mix in place road has a six inch stabilized sub-base. In preparing the road, the existing soil is stabilized to 50 pounds bearing. Then road oil called SMK Catonic is mixed six inches deep. Traffic rollers then roll the road and it is shaped to fit the grade and the proper specifications. The top is then put on the road, a single surface mineral seal. Constant contact with the County Engineer's office for periodic checks and inspections was the key to Col. Shelton's praise, but the rod was right, fitting just the right manner in the county plan for future roads. Though the new plat law will change the specifications of roads a little, the road work in Legion Heights will last a long tim to be a standard of road performance.

**PHILIP M. BAKER Sales Manager AT-7-4710**

# Phil Baker, Sales Manager, Is Active Force in Firm

Philip M. Baker has joined with boyhood friend Sam Rhodes in sales of home and homesites here in Jensen Beach. A native of Media, Pa. Baker has been active in the sales field since serving with U.S. Air Force in WWII. Baker who resides with his wife, Betty Sue, and their three children on South Jensen Heights regards himself as a "Johnnie Come Lately" on the Florida scene but has already made many friends here. He is a member of the Trinity Methodist Church Choir and is now serving as Jr. Vice Commander of American Legion Post 126.

Baker says "As a salesman, my job has been made much easier because of the features a Rhodes Built Home offers. Experience is the best teacher and Sam along with the excellent cooperation of our sub-contractors has found that by using top grades in materials, and competant workmen, we are selling more house for less money".

# Sam Rhodes Construction Stresses LOCAL Trade in All Building and Developing Here

## MEET THE PEOPLE WHO ARE THE RHODES CONSTRUCTION FIRM

SAM RHODES...energetic, hard working president of the firm, resident of Jensen Beach and well respected member of our community, is having his day, as the dream of Legion Heights comes true.

PHIL BAKER...sales manager of the corporation, is the only pudgy one of the group. Phil devotes his time to service to home and homesite purchasers, and to keeping materials flowing from suppliers to the building sites.

V.V. WORTHAM...foreman of the construction crew, is also responsible for the interior finish of each home, as well as the electric wiring in the homes. V.V. has been a resident of Jensen for most of his forty years, and takes great pride in his part of the growth of the Jensen Beach area.

HANK PAXTON...in charge of decorating both the interior and exterior of Rhodes-Built homes, has been a resident of Jensen Beach for many years. A hard worker, Hank is kept busy by the pace set by the rest of the Sam Rhodes Construction crew.

CHARLES KORPI...Cappy is a native of the Jensen Beach area, and his job as member of the Rhodes construction team is in the block laying and cement finishing department. It is upon Cappy's foundations that our homes are "Rhodes-Built".

HOWARD SIMMS...Howard is a block layer and plasterer on the construction team. Simms is also a resident of Jensen Beach and is an avid bowler.

Each man on the Sam Rhodes Construction team is a specialist in his field,yet is fully acquainted with the job of every other man to give the quality construction job that has brought the firm respect and friendship in building circles.

Everyone stresses "shop at home", but the Sam Rhodes Construction firm is a doer, and Rhodes encourages local purchasing in as many cases as is possible. The list of businesses that Rhodes Construction does business with is almost exclusively Jensen Beach and Stuart. When asked why he made such a point of local purchasing, Rhodes said, "Frankly, we live together, and it is just good business for all of us to do business together. Many people that have purchased homes from our firm have, at one time or another, been impressed with the close ties that are felt here in the Jensen Beach area. If we do not support local business, it soon goes somewhere else. By supporting our local businesses, we enable them to grow and prosper, to improve their services and products, and lower their prices to become more competitive. Many businesses in the Jensen area have been able to compete with larger and more centralized firms because we all do business together. This is good for all."

## American Program Planned

The Port St. Lucie Junior Women's Club will sponsor an All American Day event at the Port St. Lucie Marina, Sunday, May 27, at 2:30 p.m. Invitations have been sent to Federal-state and county officials and to fifty civic organizations of surrounding counties. Most of these invitations have been accepted and it now appears that this will be one of the largest gatherings and a great display of the American Flag, since the days of WWII, in this area. This in a non-commercial, non-political, and non-denominational, and is open to the public. Everyone is invited, and admission is free. The program will consist of: Patriotic music; Greetings; Flag raising; Star Spangled Banner; Massing of colors; Pledge of Allegiance; an address on Americanism, and also guest speakers.

Anita Wacha, daughter of Mr. & Mrs. W. B. Tilton is a candidate for a B. S. degree in education at Florida Southern College's 77th annual commencement, May 28. She is a member of Kappa Delta Pi, honorary education scholarship recognition society.

## Runoff Primary Tuesday

Two big issues will be decided next Tuesday, as the public goes to the polls to pick Democratic candidates for the office of County Commissioner and the new tax collector. Charlie Leighton, incumbent county commissioner of district 4, meets flower grower Ed Miller. In the race for tax collector, incumbent Floretta Bartlett meets challenger Alvin Andy Andrews. In one other local issue, incumbent Mr. and Mrs. Roscoe Rollins meet challenger Mr. and Mrs. Jim Burgess for the titular head of the Democratic organization in this county with representation to the state Democratic Committee.

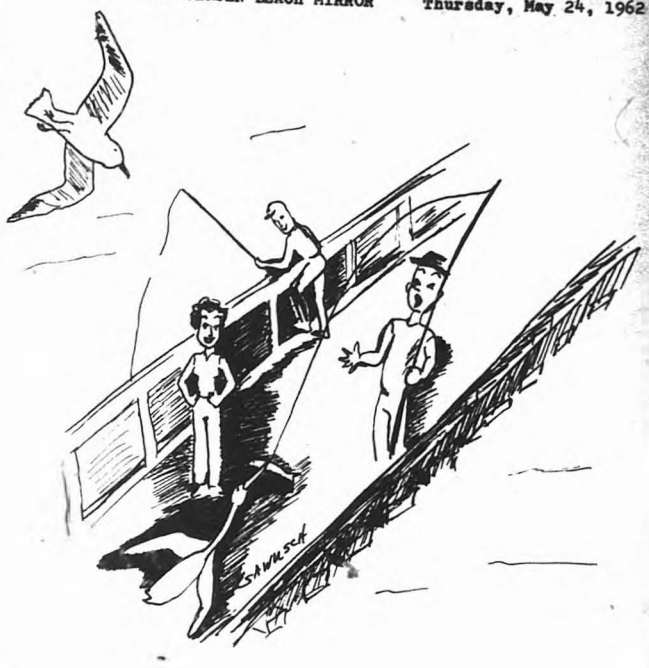
## LIVE..... nd love it

DICK CAMPBELL

ithout realizing it, he doctors of the ri-county medical ssociation struck a g blow for freedom ast weekend. The ef- rt will probably go -noticed, and there ill be no great pub- ic relations campa- n to inform the na- ion, but we feel a ention, or rather, cheer should be gi- n to our area doc- rs for their work. good accomplished the doctors with mass innocuation the three counties ith the first dose the Sabin Oral Vac- cine cannot be denied. But the doctors accomplished something greater...even much more far reaching in scope than the protection of our area's people. The doctors showed that there was a need for immunization, and organized an effort on the local level to meet the need. They did not ask the federal government to administer or pay for the vaccine. They did not ask the government to set up a department to supervise it. They saw the need, and met the need with action ON A LOCAL LEVEL! It does point up the fact that our federal government was originally designed to provide a service to the states that the state cannot provide. This has been too long forgotten. If such leadership can be found in other fields, then we will again find the freedom we continue to lose through our inaction.

The action by the doctors highlights a point in the fight against the King-Anderson Bill. Rather then create another massive bureaucracy, with all the neophyte political patronage appointments into medicine, and the eventual socialization of all medicine, we should ask our congressmen to be AGAINST a bill that would give government a job private enterprize can do. 17 million Americans would be in the "over 65" age group that would make any bureaucrat lick his chops. More and more citizens in the "senior citizen" age group are taking out more and more private insurance medical policies on their own volition. Our citizens should not become political fodder for future plans of our present administration. The people derive little satisfaction from the mountains of red tape surrounding the social security method of financing medical care. It is not un-American to speak out against a plan of this calibre...it is common sense. It is the same with the effort to have the dividends and interest on savings accounts, stocks and bonds withheld. The paper work, red tape and headache would discourage already shuddering investors. Already, one in ten in this country is in the employ of the government. More and more ways are being sought to bring the ratio down. The one way to stop it is to have our representatives in Congress say CUT IT OUT..... STOP.....NO MORE... and back it up with actions that will give this country back to the people. But with all the shouting for reform, and for a return to representative form of government, we must listen to the small, stern voice of experience that tells us..."If you want your country back, and if you are sure you want free choice of method of operation, you must work for it, and be ready to accept the responsibility".



How many fishermen in and around Jensen have had the frustrating experience of catching a pelican while bridge fishing? Many!

## Donkey Tournament Has BowlersBacking

er 100 persons in e Jensen area turn out last Friday ight to Your Lanes ffet dinner that icked off the sum- r season. Perhaps e finest spontan- ous demonstration r the local lanes in its history was own as bowlers in nsen and Stuart ve full support Bob Gottron, new nager here. Speech king was held to minimum, and fea- ured Leonard Smith, arren Shipes, Jr., nd Jeri Hoke. Gott- on acted as master f ceremonies. After e dinner, a donkey ournament was start- d, and Gottron re- orted that bowlers ere still bowling t 1 a.m. The activ- ty in the new tour- ment is hot and eavy, with the loc- l bowling lanes howing many challen- ges. Donkeys won are posted by the winner name on the board. The bright spot of the tournament is that if a person loses his donkey,he can buy another for 50¢. The 50¢ is refunded after the tournament to the winners of donkeys. The handicap tournament will end July 1st at 10 p.m. The winning man and woman will receive a watch apiece. Handicap is 70% of 200. League bowling may get started sooner than the 10th of June, Gottron said. The teams for the leagues are signing up at a good rate, and more are expected to be signed by this weekend, so that it may be possible to start the Our Lanes Summer Leagues next week.

Students of Saint Joseph Academy, Jensen Beach appear in one of their featured numbers, "Buttons and Bows" from the Academy's Spring Recital "Let Music Ring". The Recital, held in the sunroom of the Saint Joseph Novititate, was under the direction of Sister Mary Ellen, S.S.J.

## Leighton-Miller Race To Absentee -Andrews Wins

In a light turnout of voters in Tuesday's election, Alvin Andy Andrews outpointed incumbent Floretta Bartlett 1839 to 1630 to become the new tax collector of Martin County. The red hot race between Charlie Leighton and Ed Miller went into the count of 166 absentee ballots as Miller led at press time 1814 to 1698 for incumbent Leighton. Jim and Bonnie Burgess lost to incumbent Roscoe and Gladys Rollins for state democratic committee.

### *Buy New Homes*

Sam Rhodes Construction Company has sold adjoining homes on Barbara Drive to brothers Gary and Earle Suiter. Mr. and Mrs. Earle Suiter and family are from New Iberia, Louisiana, while the Gary Suiter family came here from Clarksville, Tennessee. The brothers have become co-owners of a Stuart service station and will establish permanent residence in Jensen Beach shortly after June first.

Pictured are the members of the Jensen Bakery Bowling Team which were Monday night winners in the Businessmen's League at OUR LANES.

One of the unique sights of Jensen Beach is the old railroad station and express office, captured above in pen and ink.

Mr. and Mrs. Ralph Fetter have returned to Johnstown, Pennylvania after a ten day visit with their daughter and son-in-law, Mr. and Mrs. Lewis Dailey. Unfortunately Mrs. Fetter slipped and broke her arm on the second day of her visit.

Mrs. Wilda Dailey reports, however, that her mother was deeply impressed by the friendly concern of Jensen Beach residents who sent her so many cards of condolence.

## Ball Team Meets

The first meeting of the Jensen Beach Girl's Softball Team was held last night at 7 PM at Langford Hall Park. More team members are needed and may join either by phoning Pat Barker at AT 7-1524 or coming to the Park this Wednesday evening at 7 PM

## House Warming

The Jensen Beach Trinity Methodist church gave a house warming for the reverend Paul Watts and family at the new parsonage in White City. The party was held last Sunday and was sponsored by The Women's Society of Christian Service. There was an approximate attendance of twenty-five. with the following ladies in charge; Mrs. J. Ernest Baker, Mrs. George Schlesier and Mrs. Cecil Melton.

## Recieve Awards

Receiving honorary scholarship awards at St. Anastasia's School Sunday evening were: Mary and Robert Peloso, Constance Lynch, and Shron Salzler, of Jensen. Robert Peloso received a two year scholarship to Indian River Junior College, given by First Federal Savings & Loan.

*to the Editor*

Mr. Campbell,

I have just finsihed reading your editorial RE: THE KING-ANDERSON BILL. I presume you write your own editorials, please correct me if this is not so. I am truly amazed to say the least, that anyone living in Jensen Beach,(and there are thousands of communities like it in the U.S.), could be so ill informed. As our President has so correctly stated, and I quote,"Anyone who voted against social security, must surely vote against the King Anderson Bill." Now, let us come down to earth. Where would Jensen Beach, the Jensen Beach Mirror, you or I be, if it were not for Social Security and the monthly security checks that make up the greater part of our economy. The King Anderson Bill provides the same human compassionl measures as Social Security does. In other words, it gives a man the same dignity(free from handouts) as Social Security does. Do you remember our infamous depression days? Well, I do. I remember walking the streets looking for work with no recourse such as unemployment insurance. I remember the prevalent crime and good percentage of frustrated men with families. Now let me say a little more about dignity. It seems to be a forgotten word these days. The fellow who is "well heeled" as you know has no security or medical problems. The indigent person also has no security or medical problems. These are taken care of by the Government and State. Then whom do we worry about? Could it be the middle class people who are the majority of our citizens and the backbone of our nation? These same people are also trying to hold their head up, in maintaining their dignity and pride. (free from handouts). I would say so. I believe a man should pay for his illness before he is flat on his back. This would eliminate a mental worry at a time he could ill afford. Does the "Kerr-Mills" or other hysterical compromise bills reduce this worry? Do they provide him the dignity that a Social Security card in his pocket can? I would say no. I think the older folks are entitled to this dignity. Did you ever ask yourself why the so called dollar hungry European Nations can provide this protection, and why the U. S., with a gold reserve of nine billions could not? Did you know that Sweden had old age protection in 1773,(before we were a nation)? Does it interest you to know that approximately 50% of our young people cannot pass an armed services physical? Also that there are people walking the streets that need medical attention and would not take charity or cannot afford a doctors or specialists fees? Now, I've seen you and you have impressed me as being a clean cut American with high integrity, (and I am sure you are). I am also certain that you and I are trying to make these United States a better place to live in than any other country in the world. Criticism is just so many words unless it is constructive. Please accept this constructively. I remain

## JENSEN FISHING NEWS

Johnny Crewford of the Snook Nook reports that trout fishing has been good at night and somewhat good in the daytime this past week. Snook fishing has eased off some, with blues and pompano in the surf quite slow. Bottom fishing from the bridges has produced some crokers, sheeps-head and a few triple-tail. Inlet fishing is relatively slow. Some area fisherman have reported the fol owing catches; George Gould- seven trout, Harry Clark- five trout, Jim Dailey- sixteen trout, Quint Webb- three trout, Andy Demolivitch a ten pound snook in the surf and Bill McDowell a ten pound barracuda in the surf.

# Report Given By G Development

General Development Corporation sold $19,371,964 worth of homes and homesites at its Florida communities in the first quarter of 1962, President H.A. Yoars reported. The total represented a gain of 32.8 per cent over sales of $14,582,863 in the first quarter of 1961. Net income after taxes amounted to $1,749,337, a 20.1 per cent increase over $1,456,650 in the 1961 period, Mr. Yoars announced at the General Developments Annual Meeting. Earnings per share were 27 cents against 22 cents in the year-ago period. Shareholders, by a top-heavy margin approved a 250,000-share stock option to Mr. Yoars, and re-elected the following directors: Gardner Cowles, chairman; Louis A. Chesler, executive committee chairman; F.K.Beirn, executive vice president; H.H. Bassett, Joseph P. Binns, Gabriel Hauge, Luther L. Hill, Fred W. Hooper, John L. Weinberg and Mr. Yoars.

## Ambulance Paid For

The newly acquired "Samaritan" ambulance is free of any debt, thanks to the fine co-operation of the many friends of the Samaritans in this area. The old ambulance had been in use for four years, and over 400 cases were handled during this period. The new ambulance has been checked and lettered, and the old ambulance has been sold. The cost of the new ambulance was covered by funds which were put aside from donations given by Jensen area folks who used this way to show their appreciation for the use of the ambulance service. The Samaritans, an incorporation Association, wants the people to know it is their ambulance and at their disposal, free of any charge, and handled by all volunteer drivers, and is fully insured. The Samaritans Association is one of the group supported by the Jensen-Rio United Fund.

Doctor and Mrs. Dennis Rinaldi have as their guests Mr. and Mrs. R. U. Rinaldi of Cleveland, Ohio, parents of Doctor Rinaldi.

## Turtle Watch Begins

Turtles are invading Jensen's Beaches by the truckload, heaving their ponderous shells out of the water and up the beach to lay up to 150 eggs. Many tourists and local people get in on the exciting turtle watch, promoted by the Jensen Chamber. Pictured above are (left to right) Mrs. Richard Campbell, Mr. and Mrs. Bill Conley, Mr. and Mrs. Robert Campbell, and Mr. and Mrs. Clarence Mattox. At lower center is Ned Murphy.

much to start with. And then, figuring each person now 65 will live an average of 14 more years, thanks to the recent superior medical care they receive under private practice, and would be collecting for at least that long a time, we will be doling out over 15 billions of dollars to folks like our writer, who insists he wishes to hold up his head high, maintain his dignity and pride (yet be free from taking handouts) who have not, and will never contribute one penny toward it's support! And this is not a handout??
Who then will foot the bill? Our present working class - the folks with kids; and debts; and income taxes higher than any generation of Americans has ever known; whose contributions will soon be elevated to punitive proportions; and be matched by any employer providing a job. Let's not kid ourselves! Social Security is not insurance; nor will the added King-Anderson tag make it so. Consider the Pennsylvania Amish farmer who paid his due income tax, but renigged on sending payments for old age and survivors insurance as he "did not want insurance for his old age". His cows were sold at auction to collect his due "contrib ution". It's a tax!

being so rich and having all that gold in Fort Knox, about most of us young folks being to sick to get in the Army, and about people walking the streets in bad shape. Does a welfare state, with socialized medicine (which is the eventual aim of the proponents of this bill - and I kid you not) guarantee or assure health? No, of course not! There is no proof that prople are healthier in countries with compulsary health programs - even if Sweden has had it since 1773. Many Swedes don't like it there and have come here! And now we should change our system of medicine, which has no peer the world over? I say no! The worst feature of such a system would be, for us, as it has been elsewhere, that the individuals enthusiasm would be removed and the urge for progress thus be extracted from the whole profession. Yes, Mr. Writer, some of us Americans still have the idea that its good to work for what one gets and decry the continued efforts of some in high office to push total welfare state on us bill by bill. It is American to protest and criticize And silent we will not be! The King-Anderson Bill is ruinous and dishonest - ask your Doctor! Why do we need it? Nine million of our aged people are already voluntarily covered by private health insurance plans. The Kerr-Mills law is active and properly used, cares for all needy citizens - old and young! Lets use it, and keep our

Write to Congressman, Rogers and Senator Smathers and ask them to vote against this socialized King-Anderson bill, and all other socialistic measures.

# LINE CHANGE APPROVED

The bulkhead line change recently approved by the County Commission affects the area from the Jensen Beach bridge to Ocean Breeze Park It starts at a point 250 feet from the shoreline and center line of the new concrete span west of the Jensen Beach Causeway, boardering in a southerly direction to a point 600 feet from the shoreline at Church street. It then continues Soutn at the same level to a point 600 feet from the shoreline at the center line at Commercial street. It then is directed southerly to a point at the North East corner of the incorporated area of Ocean Breeze Park, approximately 1000 feet from the shore.

See Page 3 for the July 4th contest entry blanks.

## VACCINE - JUNE 16th

Jensen Beach School will be the area station June 16th for receiving Type 3 of the oral polio vaccine. You should not receive Type 3 until you have had Type 1, or Type 2 until you have had Type 1 and in the proper sequence. On July 14th Type 2 will be given. The vaccine will be administered from 2:30 to 6:00 PM.

Dr. Gunsolus said that the number of Sabin doses needed is estimated on the number given (11,000 at the May 19th Sabin vaccine first administered date, and that, therefore, there will be none available of type three, after 6:00 PM June 16th, except at your local physician's office.

# LIVE..... and love it

BY
DICK CAMPBELL

For the past two weeks Live and Love It has been riding the fence to give the space to persons interested in having their say on the "Medicare" bill. As more writers ask to be heard, we will let them, but keep your letters short, and to the point. One letter per person is an accepted rule, as the newspaper is not the private property of any individuals. For this reason, most letters are well thought out, and no answer is necessary.

One thing that is evident in all letters written, and the one thing that should not be in the letters, is emotional espousing of the relative ideas of either proponents or opponents of the measure. This seems to be the problem in the presentation of Medicare to the people, and the answer of various groups to the bill. As this editor sees it, the bill rounds down to one thing...should the state or the federal government handle the care of aged. The present bill, in limited use in Florida, allows the states to handle the problems rising from people who want the care by state and federal monies. The indigent can get aid locally and from the state through Kerr-Mills law, already in existance. Others are eligible if the various sections of the law are applied. So, it boils down, without emotion, to a state control, or a federal control. All else is not important. The benefits of the bills are such that more people are covered by Kerr-Mills. Hence, the breakdown above is true...state of federal control.... And the efforts of the Democratic party to make this a political issue makes this a shame. Crying "against social-security" is nothing but shooting for votes in November. Forget the "Party", and remember the older folks.

# At All Saint's

The Reverend Norman H. Feaster has accepted call to be Rector of All Saints Episcopal Church effective July 1, 1962. Graduated from Seabury-Western Theological Seminary, Evanston, Illinois in May of 1960, he was assigned as curate at St. Martin-in-the-Fields in Pompano Beach. Father Feaster married Frances Vandiver in 1942, and they have three children, Norm, Scott and Pattie. He served in the Navy as an Aviation Cadet, and upon his discharge in 1942, joined Pan American Airways as Flight Navigator. After resigning from Pan American in 1949, he returned to Miami where he took special courses in Television and Film Production at the University of Miami. Before entering the Seminary in 1957 he had formed his own film company, Relle Films, producing films for television, and business. The company was sold to Wometco Theaters Inc. in 1950.

The Jensen Beach Samaritans held an instructional meeting in front of the Chamber of Commerce building for volunteer ambulance drivers. The instructions were given by Martin Wahl to an attendance of ten men.

## Chamber Plans Ad Campaign

The Jensen Beach Area Chamber of Commerce held their Board meeting June 11th at the Chamber office. The meeting, presided over by president, Martin Coulter primarily concerned plans for the 4th of July celebration, which is under the Chambers sponsorship. Also, a committee was named under the chairmanship of Ed Lawrence to promote advertising this area in center of the state newspapers, thereby encouraging tourist trade. Mrs. Dorothy Carr and Mrs. Warner B. Tilton were appointed to this committee. President Reg Walker is contacting these papers by letter, in order to test the general reaction and cost of this type project.

## Post Office Sets More Rio Service

The Jensen Beach Post Office has announced greater coverage in the Rio area, expanding the Star Route, according to Al Kendall, Postmaster. Authorization to expand the Star Route was recently received. The new area will include Oak Lane Drive, Orange Avenue, Wright Road, Glass Drive, Martin Boulevard, Pine Lane, Three Jacks and Jill, and Banyan Terrace.

Kendall reported that all persons living on the designated extensions ( streets ) would receive the service beginning June 23rd. The Star Route carrier will explain relocation of present boxes on Highway 707, as well as the proper height for boxes, and the placement of names on boxes.

SWIMMING COMES TO JENSEN'S CAUSEWAY PARK BEACHES

More and more families are taking advantage of the swimming facilities available at Causeway Park. As the popularity of the park increases, more and more accomodations will be provided.

## Mary Mercer and Ransom Tilton Wed Sunday

Mary Mercer and Ransom R. Tilton were married Sunday, June 17th at the Jensen Beach Community Church, with the Reverend Tweedy officiating. The bride wore a dress of Mediterranean blue faille, a matching three quarter sleeve jacket and a small pill box hat with blue veiling. Her accessories carried out the theme of blue, and she carried a nose gay of white carnations. The Church was decoraued in red roses and palms. Mrs. Carol Crowder sang, accompanied on the organ by Mrs. Arlene Woodruff. Mrs. Warner B. Tilton Jr. served as Matron of Honor, and Warner B. Tilton Jr. as Best Man. The reception following the ceremony was held at the home of Mr. and Mrs. W. B. Tilton Sr. A triple-tiered wedding cake, topped with silver bells and leaves was served by Kitty Robertson and Dorothy Smouse. Out of to wn guests included; Mr. and Mrs. Ed Andrea of Miami, Lt. Col. C. Norris Tilton and family of New Orleans and Mr. and Mrs. Williams of Fort Pierce. Miss Barbara Hoke caught the Bridal bouquet. After an Ohio honeymoon, the bride and groom will reside on Waveland Avenue.

## 7,735 Take Vaccine

Of the estimated County total of 7, 735 doses of oral polio vaccine administered, the Jensen area comprised a 1, 115 total distributed at the school. This figure does not include the vaccine given by private physicians. On May 19th 1, 365 persons received the first series in the Jensen area. While partial immunity is received with each dosage, it is necessary that the complete series be taken. The last of the series, type 2 will be administered at a date to be Announced sometime in July.

I have ...ound that, no matter how old you ..., there is always one person a ...le older who can tell you a lot ...out the days of yore, back whan, ... lord over you the number of ..., months, or years that he has ...en here longer than you.

I often was amused by one old ...ner, who, when told a story by ...mother, would say, "Why, that ...ller ain't been here as long as ..., Why, I remember back then, ...here he even got here, when..." ...d so on.....

I have enjoyed listening to the ...ories of many such men. They ... the carriers of the legends of ... Jensen Beach area.

For example, recently I was ...lking with Leonard Smith at ...ten Hardware. He enjoys rem...cing, and I asked him about ...under fishing. He gets a bright ...inkle in his eye when he thinks ...ck to the early 1900's in Jensen. ...ce, he and Cecil Johns went ...hing for flounder. It was back ...1915 or 1916, he said. Back then ...ey didn't have the money for a ...tern, and so they built a wire ...reen on the front of a flat bot...m boat. They put pine knots ... the screen and set them afire ... light. "Sometimes the smoke ...s so thick you had to lay down ... the boat to clear your eyes," ...ith said, adding, "but it kept ... mosquitos and bugs away." ...e said that back in those days, ...efore they dirtied up the river, ... water was as clear as gin, and ... was easy to spot and spear the ...under'. He continued on about ...e bright and clear water of our ...er, and of the wonderful fish-

talk of the old days was ended.

Sometimes I wish I had been here back in those days. H. C. Anderson, now gone north for a few months, told me of coming down ... ducks and geese out of the way ... so that they could get through a channel in the wide Indian River.

But today the memories of ... ... hoping to get a picture of some night fishermen on the Jensen Bridge. As I drove out the causeway, the moon was as big as an apple pie, and it was reflecting ... south boat ramp, and away out at the end of the ramp, a couple sat, hand in hand, looking at the moon. These will be treasured memories of tomorrow.

## Jensen Beach Square Club Formed

The Jensen Beach Square Club, an organization of Masons, has been formed here. Meeting every second and 4th Friday at the Community Center, the membership is made up of out-of-state members of the Masonic Lodge. No members of Florida Lodges are eligable for membership in the fellowship club. Forty members in the Jensen area have signed with the club. The purpose, as outlined by president Ely C. Knight, is to provide fellowship for the visiting members of the order, and to assist the Acacia Lodge of Stuart whenever possible. Members in good standing of any blue lodge in the country are invited to join the club, and Florida Masons are invited to visit the meeting. Fred Escott is secretary and treasurer. An auxiliary of the group has been formed, and is named the Wamodausis, with Mrs. Frank Forsberg as president. They also meet at the Community center in conjunction with the Club.

## Blood Bank Plan Started By WWI Vets

World War One Veterans Comm- dr, Jack Lucas presented ing second district Commander. Al Ferguson, with a WWI pin at last Friday evenings meeting. This particular meeting, held at the Community Center in conjunction with the Auxiliary, also consisted of a covered dish supper. The forty members present were instructed in the advantages of contributing one dollar to the Barracks Blood Bank Plan, thereby being entitled to purchase blood whenever necessary at a cost of $5.00 per pint on a lifetime basis. WWI Veteran members may participate in this plan by contacting either Al Ferguson at AT 7-0961 or Jack Lucas at AT 7-2016.

The WWI Veterans and Auxiliary plan no more future meetings until next September. Members are reminded, however, of the July 20th covered dish supper at the Jensen Beach Causeway.

Mr. and Mrs. John Hermann were guest speakers for the June meeting of Saint Anns Guild. They spoke primarily on Vestry meeting results

# July 4th Celebration Should Be a Rip Snorting Fun Festival

The new American flag and Florida flag will fly proudly this July 4th. The Mirror urges everyone to fly the flag on this holiday.

Excitement is running high in the coming Fourth of July Celebration. Who will be crowned Jensen Beach Queen, and reign as Miss Jensen Beach for the next year? And what will be the outcome of the Soap Box Race? Young boys and girls are working feverishly to get their soap box racers ready for the big day, and Bill Yurillo, Chamber chairman of the event, reports interest high in the race. Planned for 1 p.m. at Sugar Hill Road, the soap box derby will get the Fourth of July festivities under way in the Jensen Beach Area.

Immediately following the derby, there will be a water ski show at the Jensen Beach Causeway Park at 3 p.m. Al Hendry is the Chamber of Commerce chairman of the skiing event, and promises visitors and residents alike a good show by the Jensen Beach Ski Club.

At 4 p.m., the big contest will get under way to pick a successor to our very popular Miss Jensen Beach, Patsy O'Hallaran. Girls from the postal service area of Jensen will be elegible to enter, and Chamber chairman Jack Hall reports four signed at press time, and more planning to enter the contest.

A great treat is in store for the people who like barbeque, for at 5 p.m., following the beauty contest, barbequed chicken and spare ribs will be served at the Causeway, prepared by Frances Langford's Outrigger Restaurant. Ed Lawrence and Fred Escott are co-chairmen of the event. Serving will be from 5 to 7 p.m.

After 7 p.m., the Third Annual Jensen Beach Area Chamber of Commerce Turtle Watch will get under way. Persons interested in seeing the exciting turtle event can register at the shelter at Jensen's beach. Guides will direct sightseeing groups to the turtles, where they will see nature's wonder, a giant sea turtle laying 100 to 300 eggs.

All in all, the Jensen July 4th should prove another outstanding event. Y'all Come, y'hear?

CAUSEWAY PARK--Site of the afternoon activities, following the soap box derby. Don't miss July 4th in Jensen Beach!

MISS JENSEN BEACH, PATSY O'HALLARAN

## PUBLISHER VISITS HERE OVER WEEKEND

Mr. and Mrs. Robert Crowe, publishers of the Boynton Beach News, visited Jensen Beach by boat last weekend, staying at the Langford Terrace Villas. They were guests at the home of Mr. and Mrs. Dick Campbell.

## BUDGET HEARING WILL BE TONIGHT

County Commissioner, Frank Wacha wishes to call attention to two important meetings open this week to the public. The first of these is tonight at 7:30 PM at the Court House and will be the first Budget Hearing. This has to do with the raising and lowering of tax rates, in which local citizens should have a voice. The second meeting, on July 1st at 9:30 AM will be an Equalization Hearing on property values, also to be held in the Commissioners office in the Court House. Mr. Wacha suggests that citizens check their property valuations at the Tax Assessors office.

SOAP BOX RACER--Jackie Penick will race #7 in the derby.

JENSEN'S FOGGING MACHINE--It is a living doll, and it is all ours! This is the only way we can describe the new (?) fogging machine that is pictured above. County Commissioner Frank Wacha told the Mirror that anyone in Jensen can operate it, and it will be kept for mosquito control right here in Jensen. It's old, but by golly, it runs, and fogs like the dickens!!

## Rainbow Girls Hold Grand Assembly

A Grand Assembly of The Rainbow Girls was held in Miami June 17th through 20th with these Jensen Beach Rainbow girls attending; Kathy Hoke, who is worthy advisor Joanne and Susan Coulter, Nancy Melrose, Marcia Whiteside, Frances Kotze. Mrs. Frank Kotze, who is a member of the Rainbow Girls Advisory Board, also attended, acting as chaperone. One of the main features of the Assembly was the presentation of a Ford Falcon Automobile to the Supreme Inspector, Mrs. Leta Mc Mann. The Rainbow Girls throughout the State of Florida collected TV stamps until they had a sufficient number to acquire a car.

Due to the 4th of July falling on Wednesday next week, the Mirror will publish one day early, and be released for sale on Wednesday. Advertising and news deadlines will be changed to Tuesday a. m.

REGATTA MOVES OUT--Members of the Anchorage Yacht Club move up the North Fork of the St. Lucie River as the cruised the afternoon away on the first annual regatta last Sunday. Spirits in the group were high as perfect weather brought over 100 participants out to take the sun

YACHTSMEN-- Members of the Anchorage Yacht Club pass the camera with a smile and a wave as the regatta returned to home port, following a brisk return in a hurry for the charcoal broiled dinner that awaited the boatsmen at the clubhouse. These three pictures show the fun of the day.

ANCHORAGE YACHT CLUB REGATTA -- The boats line up as they ride up the channel and a careful eye is kept on the fourteen boat procession by the new Sheriff's Department cruiser. The first annual Anchorage Yacht Club regatta last Sunday afternoon brought out all the boating buffs in a display of good boating fun. The boats went up the North Fork of the St. Lucie River to a point just south of the Port St. Lucie Marina, turned around, and came back to port. The weather was perfect for the day, and when the boatsmen and their guests returned to the clubhouse, they found a charcoal dinner awaiting them, with Chef Jack Woolard and Ed Snyder in charge of feeding and refreshing the mariners. One hundred and thirty-eight dinners were served at the least, and all yachtsmen agreed that the event will become an annual affair.

## Rio Civic Club Has Card Party

# Seaweed or Sewage? Jensen Drinking Water Is PURE!!

Jensen residents were incensed by a Miami Herald article last weekend, in which a report of the Health Department was shown to indicate that Jensen's drinking water was polluted. This is not true. The Indian River is not a source of drinking water, and the report had to do with tests made in the Indian River.

Jensen is noted as having excellent drinking water, and the water is often described as being the best in the state.

Side effects of the misrepresentation could be the loss of home sales, business prospects, and damage to the shipment of Jensen's pure water throughout the state.

Jensen's pure water comes from the famous Ocala Stream, over 150 feet in the ground.

Pollution from raw sewage and overflow of detergent laden septic tanks certainly could be the cause of the high bacteria count in the Indian River. It also could be that the stagnant seaweed in dead water areas might be an important contributing factor.

The problem of water pollution in the Indian River is a big one .... and it is not coming.... it is here! But this is not time for a bunch of scare tactics and misinformation.

There is a definite need for relief from river pollution. There is absolutely no possibility that the county will, as suggested, put in a sewerage and water system. And as long as Jensen remains in a state of flux, unincorporated, and with no local authority, we will have to live with river pollution.

One thing can be done. The county should enlist the support of property owners who are dumping raw sewage and septic tank overflow into the Indian River and change this situation now. The river should be checked to see if the high bacteria count has any relation to the tide load of seaweed moving into dead water areas. But above all, the people of Jensen must make the move to the inevitable decision of a combined effort for community sanitary facilities. Jensen is growing too big and too fast to compound the dangers of septic tank poisoning by inaction.

## Hendry Helps Sidewalk Seekers

Buck Hendry has had three hundred feet of sidewalk constructed in front of Hendry's Trading Center on Indian River Drive. This was done as both a convenience and safety measure. Perhaps other merchants along the Drive will take note and follow suit.

# 400 Hymnals To Be Dedicated Sunday Night

Four hundred new Hymnals will be dedicated Sunday at Ceremonies in the Jensen Community Church at 8:00 PM. Interest is high in this special dedication program according to Reverend Newton Tweedy, pastor. The 543 hyms included in the book are said to be favorites of all church people. The donor, whose name will be revealed at the service, is donating these hymnals in memory of his parents. A portion are also being given in memory of former Choir members of the Community Church; Jennie Slezac, Frank Sharp, Robert Numer and Leon Barritt. Rev. A. Sidney Lowrie will make the presentation and Mr. R.C. Rech will receive the Hymnals on behalf of the Official Board and the Church. The service will include; a talk on "Why Christians Sing", delivered by Rev. Malcolm Harris of the First Presbyterian Church, the dedicatory prayer, offered by Walter Jessup of the First Methodist Church and an outline of the hymnals' outstanding characteristics given by Rev. Newton Tweedy. The Church Choir will sing; "Guide Me, O Thou Great Jehovah" and "Be Still My Soul." The remainder of the service will be given to singing the favorite hyms of those who attend.

## Jensen Hardware Is Open — Literally

1000 to 1500 pounds of fertilizer went flying, along with tools and stock of Jensen Hardware when Bill Kirk of South Jensen missed the turn onto A-1-A from Commercial Street and drove into the store.

The car was stopped by the fertilizer piled at the front of the store. No one was injured, and Kirk was charged with failure to have his car under control. The entire front of Jensen Hardware was demolished, and Mrs. Ed Olney was knee-deep in fertilizer as she said, "We are open... literally". The damage was covered by insurance.

## 1st Federal Reports Record Six Months

First Federal Savings and Loan Association of Martin County has shown an increase of $974,961.38 for the past six months, missing a million dollar increase in assets by just $26,000.00. In announcing the semi-annual dividend of $155,208.78. James A. Garvey executive vice president of First Federal, said, "This has been a great period of growth, and we look forward to even greater accomplishments in the last six months of the year."

The net gain in assets shows an increase in the association of 12% for the past six months, and an increase of 25% over a year ago this month. In addition to this, First Federal of Martin County loaned over $1,900,000.00 to people in this area for residential and commercial buildings.

"The most pleasing aspect of First Federal's growth," Garvey said, "is the fact that most of these loans means jobs for our citizens, purchasing power for materials and goods and services that keeps our community alive. The economic picture of Martin County can easily be shown through the growth of First Federal of Martin County."

Garvey added that loans are being processed that will bring about more economic growth in the community area of Martin County. "We hope to pass the nine million dollar mark in the month of July." Garvey said.

In a statement of condition, First Federal of Martin County reported an increase over the past six months, from $7,944,124,12 in the December, 1961 report to $8,923,085.50 for the period ending June 30, 1962. In this increase, first mortgage loans increased from $6,700,484,49 to $7,299,087.42. Savings accounts at First Federal jumped up in the past six months from $6,985,921.14, to $8,027,022.90.

First Federal Savings and Loan Association of Martin County was formed over six years ago, and the officers and board members are all local residents of Martin County. President of the association is R.V. Johnson, Harry Hoke is vice president, James A. Garvey is executive vice president and managing officer. Paul J. Hennings is treasurer and assistant secretary, and Frank C. Ghiotto is secretary. The board of directors is composed of R.V. Johnson, chairman, James A. Garvey, Harry Hoke Henry G. Kindred, Clifford Mc Luce, William E. Owens, Andrew O. Fittman, Jr. and Dr. Paul O. Thomas.

## Olivia Acosta Opens Craft Shop

Mrs. Olivia Acosta of 11 Poinciana Lane has opened a Handicraft shop in her home. Her custom work will include all types of tailoring, dressmaking, alterations, etc. One of her features will be the sale of hand made dolls. Mrs. Acosta grew up in the State of Florida, but spent many adult years in Arizona. She came to this area to care for her sister, Mrs. Alta Andrews, who recently passed away. She now plans this to be her permanent home.

Bill Hart is currently traveling through New York and Connecticut. He plans to visit his 89 year old god-mother, who has been quite ill.

Work has been completed on a new concrete slab at the Jensen Beach Pavillion on the North side of the Causeway.

## Fishing News

Johnny Crawford of the Snook Nook reports the surf is slow with just a few pompano and bottom fish being taken. Helen Richards took 32 croakers and 5 whiting in the surf. The bridges have slowed some for trout, but snook fishing remains good. Alfred Judd of Orlando caught one 18 1/2 pound snook, Bud Day, alsoof Orlando caught on 19 pound and one 31 1/2 pound snook from the St. Lucie bridge using eelskin. Ernie Standish took two twenty pound snook while trolling with an eelskin in the St. Lucie, and Bert Fania caught one twenty pound snook under the same circumstanc Every indication is that snook fishing will continue to be fine.

A newspaper is many things to ny people. It is interesting to e how many different things pen each week in a community h as ours. In all, the life of community is reflected in the es of the JENSEN BEACH RROR.

You discover the passing of nds, the arrival of new ones, illness of one, recovery of ther, and the small bruises of on the face of our commun-

Many things happen that are er reported.... and others are rted long before many expect to happen.

life is a mixture of many things, the one place such a mixture und is in the pages of your to- home town, JENSEN BEACH RROR.

ooperation is the greatest as- to any newspaper. The coop- ion of the people in calling s, or in reporting to the f of the MIRROR (all three of what they believe to be inter- ng to the public. Some people by the community spirit that ails and will call us each week things they have heard. And rs will call us up every so of- with a little tid-bit of news. One thing that has been evi- in the past nine months of RROR growth... the full coop- ion of almost everyone in the munity. This wonderful re- se is certainly appreciated.

The MIRROR has become a munity project in the Jensen , growing with, and in its ll way, helping the area n reporting, many times a de- on must be made as to the e of news. As the deadline s near, and the last page is g made up, often it becomes essary to cut the news. This ns taking what is most impor- , and leaving out the rest, or ng what will fit best into the e allotted and discarding the or holding it over to the next k. This is why, sometimes, ir" story didn't get into the paper.

n another field of decision, we t decide the importance of s. To this editor, a young man ting the grade as Eagle Scout uch more important than a g man being arrested for tak- hub-caps.... a church picnic more important than a car ck.... a new business opening re than name calling or scan- us prejudice.

ome people will call this "no- ", or, a "namby-pamby atti- toward the news. Others will that such-and-so be attacked exposed. But when they are the receiving end, and it hits close to home, or when we just print their outspoken ions, they immediately call MIRROR about 100 different unprintable names. You can't either way, and it rounds down he fact that we call them as e them.

thers will say that the MIRROR centrates on various areas of too much.. such as too much rage of one or another club. erally, this is caused by one having an active news chair- , and the other not have as e a chairman, or no chair- at all.

But for every detractor, there are 100 who just read the MIRROR to find out what is going on in the Jensen area. This is basically our job....to report the news of our community life. The weddings, death notices, club activities, parties, fishing and boating news, church news, personals...all are important to us.

The fact that the MIRROR has grown every month in its short life seems to indicate that our readers feel that we are doing a good job. We hope to keep improving as time goes on.

Our dream is to provide you, the reader, with a measure of pleasure each week. We hope to continue to keep our price five cents (no, we are not comparing ourselves to the Miami Herald). And, we hope we will have your continued support in giving the stand of Jensen's 5500 people, and how they feel, to the rest of the county.

# Turtle Watch Becoming Popular Pastime With Chamber Promotion

**SEA TURTLES INVADE**
**JENSEN BEACH, FLORIDA**
By RAY LORENZ
**Distributed Free by Jensen Beach Area Chamber of Commerce, P. O. Box 466, Jensen Beach, Florida**
**Telephone ATlantic 7-2090**
*"The Sea Turtle Capital of the World"*

Here at Hutchinson Island, at Jensen Beach, Florida is a **seven mile stretch** of almost **uninhabited coastline** that is recognized as the **SEA TURTLE ROOKERY** — the place where the Sea Turtles lay most of their eggs. **During May, June, July and August — every year** — if you could be everywhere at once, between dusk and dawn, on this island, you probably would see **hundreds of giant Sea Turtles every night** coming ashore. They range in size between 250-500 lbs. for the loggerheads and green turtles, and between 500-2000 lbs. for the giant trunkback or humpback. Depending on its size, she **lays** between 100 to 300 eggs ranging in size from a ping pong ball to a tennis ball. The egg is white with a leathery feeling to it, and can be easily indented with the pressure of your thumb, but does not crack like a chicken egg.

But I'm ahead of the story. It is said that the mama turtle leaves papa turtle offshore about ½ mile and, when her time has come, she swims ashore, mostly coming in at high tide so she will have much less distance to crawl to the bluff of dry sand to dig her hole to lay the eggs. The **tracks** she makes **look like deep tractor marks.**

On a moonlight night at Hutchinson Island, you can peer down the beach in the semi-darkness and actually see her come in on a wave, stop for about 5 min. to look in every direction, listening for the sounds of man approaching, and watching for a light which will drive her right back, coming out later. (Walk without a flashlight on, and build no fires on the beach.)

If all is clear, she makes the trek from the shore to the dry sand in painful effort. Many times the shell and **her weight cut into her flippers** causing them to leave a **bloody pitiful red streak in the sand.** She picks out a dry spot that she figures is high enough so the **waves of hurricanes** will not wash her nest away before **hatching time**—some **seven weeks** hence. The **Indian Legend** here has it that if she buries just above the high tide, we will not have any hurricanes, but if she buries the eggs on a high bluff, or over—**WATCH OUT!!**

She starts **digging** with a **rear flipper,** alternating one with the other, until she gets a **hole** dug to the very limit of her flipper, extended to the hilt, about **2 ft.** The hole is neat, sharply round going down, and bulbous at the bottom where her flippers have rounded it out. This takes about 15-25 min. Then laying begins. The first few eggs one at a time, then they come in twos or threes. Just before each batch is laid, she curls up her rear flippers, raises her head and exhales a mournful sigh.

And, believe it or not, **she starts crying upon laying,** and cries **tears as big as a teaspoon** all the way through the laying time, about 30 min. It has never been determined if she cries from joy or sadness. She looks neither right nor left while laying, and is entirely oblivious to flashlights or flashbulbs.

**WARNING! Do not put your hand in front of her mouth** as she will **take off the hand** with one bite, and you will draw back a **bloody stub.** If you put your **children** on her back, **hang on** to them tightly, that they do not **fall forward** over **the turtle's face,** or she will **bite them.** Follow these directions and there will be no trouble.

This mama turtle has no doubt **swum hundreds of miles** to get here to perform her duty to reproduce her species. **Covering her eggs** is most interesting to watch, as she gathers the sand from around her and packs the sand over the eggs. You could try and watch where she laid the eggs, but by the time she gets through piling on the dirt, packing and moving around, she may wind up 3 or 4 feet from where she started, as a part of the camouflaging process. **Her last great effort before she leaves the nest is to take her front flippers and throw sand backwards** in great clouds, to try and cover up all her efforts. If you have been closely watching her up to now you will get **covered from head to toe** by this stinging, blinding shower. Then she starts turning around to head back to the sea. The exertion is tremendous as she tries to dig herself out of the nesting area to start the trip back to the ocean and safety.

If she has **bled from a flipper,** then her **enemy** once in the water is the **shark,** who will eat off the flipper if he finds her. As she crawls into the water you perhaps **will shed a tear and wish her well** that she may **return** another year to **Jensen Beach.** You stand there silently among your friends, or crowd that has gathered, and you have one common understanding one and all, that you have just witnessed one of **God's Creatures in action.**

When you have left her nesting area, **the battle begins at once for the eggs to survive.** When all is quiet, out of the moonlight come the raccoons to try and find the nest. It may take them a while, but the odds are in their favor that they will find the nest, and when they do — it is a sight to behold as their paws pull away the sand with lightning speed, then plucking out the eggs for eating. That warm yolk is delicious and **two raccoons can about eat the whole nestful,** and the nearby ocean is their washbasin.

If the nest stays intact by luck, **in seven weeks the little turtles** start digging upward to the surface, spilling out like bubbling water, and at once head for the protection of the ocean. But here again **tragedy strikes** as the **pelicans,** searching for food, swoop down from the sky and **nab them** on the fly, or stand around the nest eating them as they appear. For those fortunate enough to get to the ocean, the **little fellows, half the size** of your hand, are **eaten** by the waiting predatory fish. It is estimated that only one out of every nest survives to reproduce at about age 6.

The **turtles and eggs** are **protected by law** from taking, molesting or possession during May, June, July and August and a **$500 fine awaits violators.** There are those who kill the turtle on the nest for the meat. If you come upon this sight, **please report it at once to the bridgetender** who will **notify** the patrolling **Conservation Dept.**

You can see this **once-in-a-lifetime thrill** FREE by coming to **Jensen Beach, Fla., anytime between May 15 and August 15.** Jensen Beach is **17 miles South of Fort Pierce** on the Indian River, a small **quiet village** off the beaten path 3 mi. east of U.S. 1, and 6 miles north of Stuart. There are plenty of motels and cottages here at reasonable summer rates. There are many Trailer Parks in our area if you come with a trailer. A telephone call to the Jensen Beach Chamber of Commerce will bring you many letters from motel and cottage owners anxious to make your stay here pleasant, whether it be a day, week or month. **Write for the Fishing Guide.**

A mile long causeway separates us from Hutchinson Island, and located on the island are the oldest and newest Museum buildings in the County. On a rocky, narrow part of the Island stands the **House of Refuge.** Now a museum of Marine and Nautical items, the House of Refuge has been a public institution since its **construction in** 1875, when it was built by the Life-Saving Service to offer aid, food and shelter to **shipwrecked sailors.** The official log of the station reveals tales of heroism of great proportions in listing the help given to ships in distress through **storms and hurricanes,** when they were tossed by the merciless seas upon the treacherous rocks. The station continued through both World Wars serving the nation as Coast Guard and Naval Stations. In 1955, the building was taken over by the Martin County Historical Society and the Museum was established. The building continues as a "House of Refuge" even today, in the unusual capacity of furnishing a temporary home for hundreds of baby sea turtles which are raised from the eggs until they are about **a year old** and then **released into the local waters.**

The big turtle tank contains some of the largest sea turtles ever raised in captivity. About a half mile north of the House of Refuge Museum stands a modern T-shaped building known as the **Elliott Museum of Vehicular Evolution.** This was designed and built by **Mr. Harmon P. Elliott** of Nahant, Mass. and Stuart, Fla. In 1960, after the construction was completed, he donated **the building** and his own private collection of vehicles to the Martin County Historical Society.

Of **high interest** are the **inventions** of Mr. Elliott's Father, Mr. Sterling Elliott, including the **quadricycle,** the predecessor of our modern automobile. **The Martin County Historical Society takes you "Exploring Florida" in a wing depicting the History of Florida. which includes the finest collection of Seminole costumes** in the State.

Another wing of this modern building is devoted to Special Exhibits and Art Shows changing regularly, and this wing also serves as a meeting hall for the Society's functions. Hope you come and see us as **you will never forget this.**

## LIVE.....
## ...d love it

BY
DICK CAMPBELL

like to say "Hi" to people. people I don't know. It is a of the way of life in Jensen h. People are just friendly, the small town atmosphere keeps right on being friendly, pure enjoyment to see the kees down on vacations, king along Commercial et, and as you pass by, say . At first they look surprised, pleased... or some will mum- rd look strange for a moment shrug a little and go on down treet.

everal I watched that shrugged d a little more sprightly as stepped down the street rs the following day, tried it and were soon saying "Hi" to one. It's wonderful.

unday night I was putting an dime in the dryer at Wash , and as I turned around I ed a man putting a handfull lothes in the washer. (Sure of a tourist..a handfull of es). I nodded hello and smi- He said, "Are you a tourist ing here too?"

said, "No, I live here. He back just bubbling with, "I been down here on my vaca- and have been having a won- l time."

e talked for a while. He was versmith who lived "from to the river from the ocean' he beach in New Jersey. He d like to come down here to permanently if there was so- way he could ply his trade. ust loves Jensen Beach. His is the same way..loves it

asked his name.. Clarence of Ortlai Beach, New Jersey d just landed a big shark off land Dock that day and was as d as could be of it. "I fish a home", he said, "but fish - here just seems to be more . He said he had wasted to y days "just looking around West Coast of Florida" when ould have been here. "But ever do that again. I'm com - straight down here next time. We must have talked for ten tes, and he had no idea he writing this week's column e. I just enjoyed his manner enthusiasm for Jensen. Too our own eyes get dimmed ing accustomed to the beauty e Indian River, our ocean and atural beauty in trees and s.

o, I am making a new pledge. only will I say "Hi", if I get hance, I'm going to stop and with the stranger now. It is freshing as a cold shower.

# Get Third Polio Dose Saturday

The last of a series of three oral Sabin anti- polio mass immunization program for every Martin County person, will be this Saturday, July 14th, from 12:30 to 6:00 PM, under the sponsorship of the Martin County physicians. This type 2 vaccine may be taken regardless if a person failed to receive the other two types. However, information chairman, Dr. John Gunsolus urges each person to receive the other two types from their physician for complete immunization. A nominal fee of 25 cents is asked for each vaccine. No Sabin vaccine will be available after 6:00 PM July 14, except through regular doctor's offices, as the last series is calculated from the amount given on May 16. Permission slips must be signed by parents or guardians of minors. Slips may be secured at any Martin County physician's office prior to July 14th. A total of 10,273 persons received the Sabin oral vaccine for type I polio on May 19. Of this 10,068 doses were administered at the Martin County's seven anti-polio stations, and a total of 205 doses were given in physicians' offices. The total taking the second series or type 3 on June 16, dipped to 8,160. Of this number, a total of 7,741 doses were given at the county's seven anti-polio stations 434 doses given by druggists in Stuart, Jensen Beach and Indiantown. Physicians gave an additional five doses. The Sabin oral vaccine was developed by Dr. Albert B. Sabin of the University of Cincinnati School Of Medicine. The Pfizer Laboratories were issued a license by the United States Public Health Service for all three strains of the Sabin vaccine. Leading medical authorities now believe that several million polio infections occur in the United States each year, as polio is comagious and spreads easily. Many symptoms are mild, but the person with the polio virus, although able to "throw it off", becomes a mobile Carrier, spreading it to others. It is no respector of age. Aware of these facts, your Martin County physicians have purchased the vaccine from the Pfizer Laboratories at a nominal cost, and launched the anti-polio program for the benefit of all and the protection of all. Hoping to make Martin County forever free of this crippling and killing disease, they have given their time, as have the nurses and many laymen of the community to make this hope come true. It is now up to you.

MIGHTY PROUD--and Reg Walker and Martin Coulter showed it as they displayed the first place trophy won by the Chamber in the Stuart 4th of July parade with our turtle float.

THE WINNAHS!--Bob Gottron, Our Lanes manager, sits between Mr. and Mrs. Bob Dargis, winners of the recent "Donkey Tournament" at the Lanes. The winners won a watch from Walker's Jewelry and the lanes. On the table are just a few of the donkeys won.

# 1st National Reports 3½ Million Gain

The First National Bank of Stuart has reported an increase of three and one half million dollars in assets at the close of business on June 30th. Marked increases in loans (from $4 million to $6 million), deposits (from $13 million to $17 million), and total assets in the report was a record, according to Dave Irons, executive vice president of the bank. "We have grown in the past year due to our many new services," Irons said, and we hope to continue our increase in service to the people of Martin County"

# Bank Stockholders To Meet Monday

The first meeting of the stockholders of the Jensen Beach Bank will be held this Monday, July 16th, at the Community Center at 10:00 a.m., according to Bill Porter, acting cashier. The purpose of the meeting will be to elect a board of directors, adopt bylaws for the bank, and transact other business. It is expected that the bank will begin construction on its new building after a proper organizational meeting gives authority to the new board.

# Anchorage Donates Sea Scout Clubhouse

The Anchorage Boatel and Yacht Club has donated the use of one of the buildings on their grounds to the Sea Scouts for use as a clubhouse. The Scouts meet each Wednesday evening at 7:30 PM under the supervision of George Gleason. The Scouts have been using Anchorage dockage for their new boat, Ship 420. They presently need the following donated: compass, 7+ horsepower outboard motor, horn, waterway maps, binoculers, rope, spotlight, plastic bucket, four man rubber life raft, ice chest, sea locker, ships bell, ships clock, bulletin board, typewriter and desk.

OUR QUEENS---Patsy O'Halloran, 1961-62 Miss Jensen Beach, is all smiles as she crowns Miss Sandy Simmons the new queen in ceremonies at Causeway Park on July 4th. At left is Linda Lovvorn, and at right, Kathy Hoke, who came in 2nd and third.

# Community Church To Dedicate Flag Sunday

e Jensen Beach Community Ch- ch will dedicate a fifty star nerican Flag this Sunday at the 0 AM Worship Service. The g is the gift of Mr. and Mrs. wey Huitt of Ocean Breeze. v. A. Sidney Lowrie will make the presentation in behalf of the Huitts who are in Allegan, Mich. Rev. Newton M. Tweedy, Church pastor, will offer the Dedicatory Prayer. The Huitts will also contribute a matching Christian flag to the Church upon their return to Jensen Beach this fall.

Vol. 2 No. 29 Jensen Beach, Florida July 19, 1962

NEW DIRECTORS--Elected to serve until the annual meeting of the Jensen Beach Bank in January are these officers: (left to right) Bill Porter, cashier; Don Palmer, president; E. C. Wareheim, chairman of the board; T. T. Oughterson, Sr., legal counsel; and W. B. Tilton, Sr. Not present was Leonard Smith, another director.

## New Bank Building May Begin Quickly

A rumor, as yet not confirmed, has been circulating around the Jensen area that John L. Taylor, local contractor and builder of the new Jensen Beach Community Church, will be awarded the contract for the new Jensen Beach Bank. The estimated figure of the building cost was $52, 500.

Possible alternate planning deductions to be approved by the banking bosses at the state level were to be negotiated by E. C. Wareheim, chairman of the board of the bank, at Tallahassee yesterday or today.

No contract has been filed, nor will a contract be filed or signed until the banking board at Tallahassee approves the plans, said Bill Porter, cashier of the bank. Porter would say, however, that the board of the bank is interested in the prosperity "of our own people in our own area", and that the sub-contractors would come from the local area.

John L. Taylor could not confirm the rumor, saying that he is negotiating with the board, and was pleased by the rumor, but that he had not signed a contract, and had not been informed that he had won the bid. He did say that he would use local sub-contractors on the job if he was the low bidder and won the contract, The contractors named by Taylor would include Ace Roofing, of Stuart, Leroy Glass of Rio, Hal Platts of Stuart, Gulfstream Tile of Stuart, Krauss and Crane of Stuart, Stuart Plumbing and Metal and Jensen contractors Bandy Lightweight Roofing and decorator Cecil Bradford.

One of the possibilities in the construction of the new building, according to Porter, is a brick called "Brikcrete", manufactured by a new firm, Pal Mar Brikcrete Co., Inc. of Stuart, a firm headed by Hal Platts of Stuart.

All contractors have reported the new board wants to see the bank building started as soon as possible.

The bank will have 4000 square feet of space, and will have drive in windows on the west side. The building will be located on the site optioned by the bank, next to Quinn's on Commercial Street. The opening is set for sometime in November.

BUCK HENDRY HOME

After a short stay at Martin County Hospital for surgery, Buck Hendry returned home on Monday.

OUR ANNOUNCER--Taking part in the recent celebration for the 4th of July at Causeway Park was announcer Frank Wacha, his fellow county commissioner, Jack Saunderson, Dr. James Grossnickle and at left, W. B. Tilton, Sr.

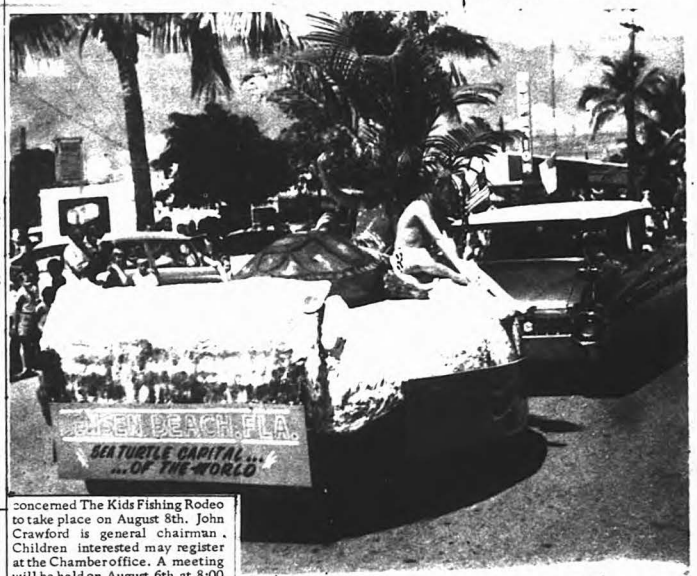
Funeral services will be in the First Baptist Church today at 3:00 PM. The Rev. Robert E. Lee, pastor will officiate. Burial will be in Fern Hill Memorial with Johns Funeral Home in charge of arrangements.

## Chamber Plans

Under discussion at the July 9th Board of Directors meeting of the Jensen Beach Chamber of Commerce meeting were the following issues; a general resume of the July 4th celebration, advertising for the 1963 issue of the Jensen Beach area Chamber of Commerce Resort and Fishing Guide; the deadline for this advertising being August 1, 1962. Many advertisors have not, as yet, been heard from and Al Hendry urges this matter be given prompt attention. A letter was written to Frank Wacha regarding water polution, and the suggestion was made that a house to house and business to business canvas be made to "pin point" responsible parties. The final bit of business concerned The Kids Fishing Rodeo to take place on August 8th. John Crawford is general chairman. Children interested may register at the Chamber office. A meeting will be held on August 6th at 8:00 PM at the Chamber office to go over details for this event.



THE WINNAH!!!!!--Jensen's Sea Turtle Float was the first place winner in the Stuart 4th of July Parade, and, as shown above, the float was beautifully (wo-)manned.

CUSHMAN BUSHMAN--The bush man is John Togneri, who used a long memory in a fight against the mosquito on the grounds of Langford Terrace. Taking a Cushman Moter Scooter, Togneri added a unit that once confused the Untouchables with fog as the bootleggers escaped the revenuers. Where did'ja learn that, John?

## STOCKHOLDERS ELECT BANK DIRECTORS

The Jensen Beach Bank came one step closer to a reality Monday morning as over forty stockholders met at the Community Center to elect a board of directors, approve by-laws, and ask questions of the new bank directors concerning the operation of the bank. Elected to serve on the board are: E. C. Wareheim, Don J. Palmer, Bill Porter, W. B. Tilton, Sr. T. T. Oughterson, Sr. and Leonard J. Smith. Palmer, who will serve as president of the bank, welcomed the group, saying, "Mrs. Palmer and I were very impressed with the area, the need for a bank and the desire of the people to have a bank. We intend to give the people of this area sound, progressive banking. The meeting was presided over by E. C. Wareheim, who will serve as chairman of the board. The board members will serve until the meeting in January, will hold monthly meetings on the second Monday of each month at 3 P. M. and will handle the business affairs of the bank.

Mrs. Victor Greenfield announces that the Martin County Court House will be closed Thursday, July 19th, from 2:00 to 4:00 Pm due to the 3:00 Pm funeral services to be held for County Commissioner, Marvin Rowell.

## FIRE DEPT. AUX. TO HOLD BAR-BE-QUE

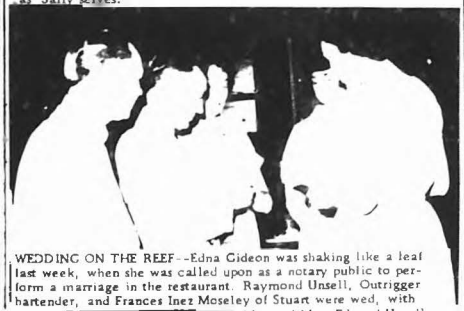
The Jensen Beach Volunteer Fire Department Auxiliary met at 8 PM Monday evening at the Firehouse. There was a final reading and approval of the by-laws. Mrs. Beatrice Poux was in charge of refreshments. A vote was passed to have a bar-be-que picnic on the Causeway Monday, August 20th. The firemen will attend as guests of the Auxiliary.

## PENICK'S LEAVE FOR WORLDS FAIR

Doctor and Mrs. Richard Penick have left with their family for an extended vacation trip; with the ultimate goal being the Worlds Fair in Seattle, Washington.

Mr. and Mrs. Al Ferguson and Mr. and Mrs. Jack Lucas attended a Florida Department Executive meeting of WW1 veterans at the Holiday Inn in Fort Pierce this past week-end.

COFFEE IS SERVED--One of the new features of the First National Bank of Stuart is coffee served in the morning hours by lovely Sally Allard. Pictured above is Carl Sanor, bank vice-president, having coffee with local sportsman and gem artist Pat Sullivan, as Sally serves.



WEDDING ON THE REEF--Edna Gideon was shaking like a leaf last week, when she was called upon as a notary public to perform a marriage in the restaurant. Raymond Unsell, Outrigger bartender, and Frances Inez Moseley of Stuart were wed, with Mr. and Mrs. Edward Unsell of Fort Pierce as witnesses.

## Pro's Win 8-6

In one of the most outstanding games of the Slow Pitch League year, the Jensen Pros outlasted the Florida Power and Light team in ten innings last Thursday night by a score of 8 to 6. The league leaders, tied for first place, and not having lost a game, found the game tied at 6 to 6 after three run fourth inning rally by FPL. The two teams held each other scoreless, until the 10th inning, when the Jensen Pros, with two outs, saw Reddish, Meadows, Pennick and Allison hit in two runs. FPL could not recover, and the game ended 8 to 6. The second game had to be called, due to the lenght of the first game. After the tough contest, both teams met in the field to spontaneously congratulate each other on a hard fought game... a gesture of real sportmanship.

Irwin Rhodes has joined Commercial Cooling as sales manager, according to Chuck Hall. Rhodes has lived in Stuart 5 years, and is experienced in appliance sales. He is a native of West Palm Beach.

# olunteer Firemen to Fight Mosquito's

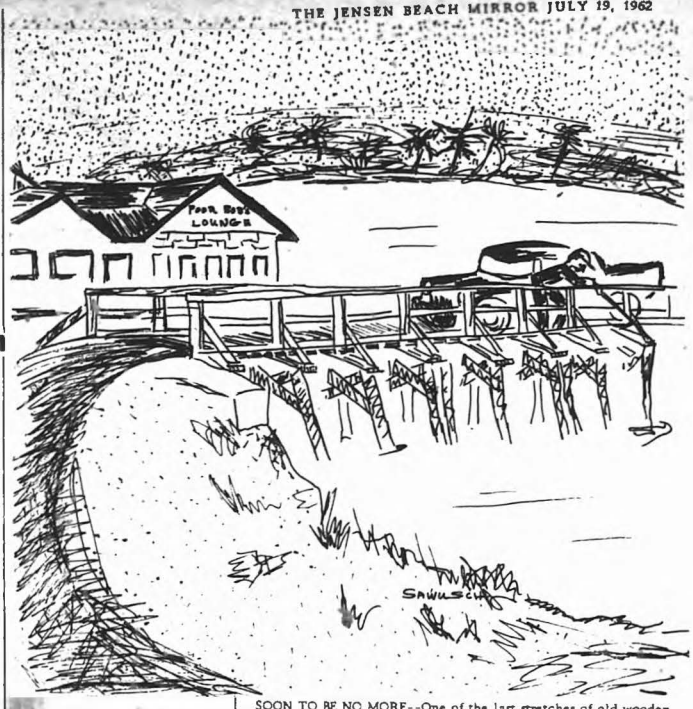
The major business under discussion by the twenty men who attended Tuesday evenings' meeting of The Jensen Beach Volunteer Fire Department was mosquito control. The present plan is for twenty men to work in pairs on two hour shifts, each two men operating a mosquito control truck in different districts. The Firemen will hold another meeting concerning this project sometime this week.

## Two Films Set For July 25 by Museum

Two Films will be shown Wednesday evening, July 25th at 8:00 PM at the Elliott Museum. The first of these films narrated by John Gunther is titled GREECE and deals with the historic buildings of Athens, it's people, and the general flavor of it's life. The second Film, FROM DORIC TO GOTHIC is a French film excursion into the history of architecture, using diagrams, animation, scale models and actual building scenes. The narration is in English.

Mr. and Mrs. Sam Rhodes Jr. entertained Mr. and Mrs. Phil Baker and Don Johnson at a birthday celebration dinner for Phil at the Ocean Grill in Vero Beach.

Fred Radebach Jr. of Rio married Barbara Roweof Palm City July 14th in Augusta, Georgia. Radebach is stationed at the Army Camp Gordon in Augusta.



SOON TO BE NO MORE--One of the last stretches of old wooden bridge on the Jensen Causeway is due for demolition, as soon as the bulkheading is streightened out. The romance of the structure is shown as Pat Sawusch interprets the scene in pen and ink. Many will disagree, saying, "What is romantic about that dangerous old hulk of a bridge?" Well, it has lots of memories.

Sandy Simmons awaits the judges decision, and immediately after was jubilant as she won Miss Jensen Beach of 1962-63.

## Plans For Annual Fishing Rodeo UnderWay

Plans are now under way for the annual Kid's Fishing Rodeo, set for August 8th from 1:00 to 4:00 PM. This competition is again under the able chairmanship of John Crawford, and sponsored by the Jensen Beach Area Chamber of Commerce. More than 350 youngsters attended last year with the prize catagories other than the top three being; Girls, one to six Girls, seven to ten, Girls eleven to thirteen, Girls, fourteen to sixteen --- Boys, one to six, Boys seven to ten, Boys eleven to thirteen, Boys, fourteen to sixteen. There may be some special awards given. Registration can be made at the Chamber office by all children up to and including age sixteen, who wish to participate.

## Sewall's Point May Develop

The possibility of a development program for the tip of Sewall's Point got under way Tuesday as the county commision approved the Point property owners request for the release of island restrictions tying the sale of the islands to a sale of the uplands. The Internal Improvement Fund trustees had agreed to allow the removel of restrictions, but only if it was also agreed to by the county commission. There have been rumors of a large marina being planned for the island area at the crossroads of the St. Lucie and Indian Rivers on the tip of Sewall's Point.

The county commission agreed this week to advertise for bids on a 300 foot bulkhead on Jensen's Causeway.

Mr. and Mrs. L. W. Farwell, 289 Sandra Drive, are entertaining their niece, Miss Marie Houg of Sommerville, Mass. Marie will be here for one week.

ES AND PRIZES--The winners of the 1962 4th of July Soap Box Races in Jensen Beach got their tro- d prizes at a get together at the Chamber of Commerce building last week. Pictured above (from ght, front row) are: Lane Jennings, first prize in standard wheels, Bill Yurillo, Chamber chairman ent, and Stephen Martin, first in soap box wheels. Yurillo is handing each first place winner the gs bond awarded in each category. In the back row are: Martin Coulter, Chamber president, Da- on, second in standard wheels, Tommy Wyatt, third in soap box wheels, Billy Profitt, third in sta- heels, and Reg Walker, Chamber manager. Not present was Jackie Penick, second in standard. A r all winners made the day perfect for our young competitors.

ION--A sight such as the erosion of the bank within sight toll-keepers booth leading to the Jensen span will soon ne, for the county commission has advertised for bulk- ng to take care of nature's quiet method of calling back sea what was taken from it.

OME FOR A BUILDER--At last, after building for so many, rank Forsbergs have a home of their own. They wave for eir neighbors after moving in last week. Frank says, "We just been too busy to get to in these past few years." All n neighbors welcome the Forsbergs to their new home.

SCENIC BEAUTY--One of the winning combinations of wonderful living in the Jensen area is swimming in a pool, watching the river silently flow by, and giving kids every outdoor advantage.

John Cidlowski and Bert Fania pose with their snook catch of twenty-nine a and thirty pounds respectively.

# New Federal Court Bill Passed

...man Paul G. Rogers re- ...today the House of Rep- ...resentatives has passed a new Federal Court Bill for Florida, containing several features which Rogers sponsored. The bill provides for three judicial districts in Florida, to replace the present two; and for authorizing facilities to conduct Federal Court at Fort Pierce, Fort Myers and West Palm Beach. In support of the bill in the House, Rogers said "By redistricting the Federal Judiciary in Florida, the districts would be more equitably distributed to allow greater efficiency in the administration of justice. I introduced legislation to accomplish this change as well as to allow the building of necessary facilities for the holding of Federal Court in West Palm Beach, Fort Myers and Fort Pierce. The Federal Judiciary in Florida, along with the many bar associations in our State, concurs with the House Judiciary Committee and our Congressional Delegation that the need for judicial division in Florida is immediate and necessary". "The two present districts in Florida have an inbalance in population and caseload which sharply points up the need for redistricting", Rogers pointed out "The Northern District comprises approximately 15% of the State's population. The Southern District as now draws comprises the balance of 85%. From one boundary of the Southern District to the other is a distance of 560 miles. In the Northern District the total number of civil cases commenced per judge in 1961 was 173, while in the Southern District it was 240 cases per judge. "The new District boundries will make the administration of justice much more economical and greatly speed the processing of cases. It will be a great service to both Florida's legal profession and to its citizens as well", Rogers noted.

## Albert Haab Home After Stay in Hospital

Albert O. Haab is now home for further rest following his recent illness. The Samamitan ambulance, driven by Jack Lucas, took Haab to Martin Memorial two weeks ago for emergency treatment after he had experienced a heart spasm. Haab was transfered to Saint Mary's hospital for further tests. While there he was assigned the same physician who attended former Ambassador Joseph Kennedy. Although recovering nicely, Haab would welcome some friendly visits.

When the trout start running, if you should run out of bait, a strip of white cloth on the end of the line will often work just as well.

## WEEKLY MOVIE PARTIE'S PLANNED

A summertime Movie Party each Wednesday at 9:30 AM is announced by Lyric theatre manager, Earl Widener. This "special at a cost of 25¢ for all seats will feature three cartoons, one family movie, games, prizes, contests and a thirty minute audience participation stage show. An added attraction assures everyone of receiving a prize.

Tomorrow is always exciting; you may make a new friend, or an interesting enemy.

MUNITY CHURCH PROGRESS--Two of the buildings take shape as the new Jensen Beach Inter- national Church progresses. General Contractor John L. Taylor is pressing for the completion t the church will be ready for the next season. One of the greatly anticipated structures, a high with a lighted cross on top, should get under way soon.

# Polio Drive Pleases Physicians

"The physicians of Martin County who sponsored the mass inoculation county-wide oral Sabin antipolio drive are very pleased with the results", said Dr. John M. Gunsolus, information chairman of the drive. A total of 869 vaccine doses were given at Martin County's five drug stores on July 16-18. A total of 7,087 doses were given at the seven county stations on July 14, making a grand total of 7,456 doses given of type two vaccine. The decline from the first two vaccine totals of 8,180 and 10.273 was attributed to vacations, schools closing and residents leaving the area for the summer. Among the many lay people, physicians, druggists, nurses and organizations to whom Dr. Gunsolus expressed appreciation was this special tribute paid to the late Mrs. Ellen Walden, who died before the third polio vaccine was given; "We are very deeply grateful to the late Mrs. Ellen Walden of Jensen Beach who did a wonderful job setting up the Jensen Beach station. She was assisted by William Palmer, who has since resigned as school principal.

## SAMARITANS KEPT BUSY

Al Ferguson answered a 1:00 AM emergency call for the Samaritans Thursday, to transport Mrs. Ella Rose Quarels to Martin Memorial hospital, from which she was transfered to a West Palm Beach hospital. Also this past week, the Samaritans ambulance with volunteers Martin Wahl and Al Ferguson took Henry Quincey of Jensen Heights to Dr. Daryl Marsteller for treatment after he had seriously injured his hand in a lawn mower. Al Ferguson reports that the Samaritans now have three wheel chairs available for use of convalescents. They may be obtained by contacting the Rest Haven Nursing Home in an emergency, or through the Samaritans Central Station by phoning AT 7-2090. This, also is the telephone number to use when their ambulance service is required.

## Richards Save Turtle

Mr. and Mrs. Frank Richards found a 500 pound Loggerhead turtle while on their way surf fishing at 6:15 AM Friday morning. The turtle was helpless on it's back, so the Richards gave an assist by returning it to navigable position with the aid of a two by four.

Their morning's surf fishing produced 19 croakers, one spot and one blue runner.

## Attention Junior and Senior Bowlers

All Junior bowlers in the Jensen area, and throughout Martin County are invited to an awards and trophy presentation at Our Lanes on August 19th at 1:30 p.m. The Saturday event will see the presentation of awards from last years Junior Bowler's League. All members of the league, and all persons interested in bowling in the Junior League this year in the age group 10 to 15, boys and girls alike, are invited to attend. There is planned free bowling, free instructions and free drinks for all participating bowlers. The new Fall Junior Bowler's League will also be formed at that time, according to Bob Gorrow, manager.

The fall league for Senior bowlers in Martin County, covering the age group over 55, will be formed at a bowling fun-for-all free
free bowling meeting at Our Lanes on September 1st from 10 a.m. until noon, according to Bob Gorrow, manager. There will be free bowling, free instruction, and soft drinks for all as the Senior Citizens get their league off to a big start.

MOON OVER THE INDIAN RIVER--There should be a song written about the moon that has been shining over the Indian River in the past few weeks. The night is one to see, and this photo, taken at ten o'clock in the evening with a time exposure, proves the point. But no picture can do justice to the one wonder of nature . . . the light of the moon on passing clouds and reflecting on the river with a light so bright you could almost read by it. The moon is right . . . for fishing, boating, and other things.

A new 2 bedroom, 2 bath home was started yesterday by Frank Fomeng at Linda and Flora Drives for Mr. and Mrs. Gus Bugnis of Stuart Point, New Jersey.

Miss Carolyn Marie Cadle, of Fort Pierce became the bride July 29th of Richard G. Shaefer, son of Mr. and Mrs. August Shaefer, Jensen Beach. The Rev. James Luther performed the ceremony at 3 PM at the First Methodist Church of Fort Pierce. Organist was Mrs. Carl Myers. The bride, wearing imported Chantilly lace over white satin was given in marriage by her father, Donald I. Cadle. Her only attendant was Betty Gene Rickers of Fort Pierce who served as maid of honor in a gown of pink silk organza over taffeta. Ronald Williams was best man, with Donald I. Cadle Jr. and Alan R. Schaefer acting as ushers. A reception followed the ceremony at the home of Mr. and Mrs. Donald I. Cadle on Miami Court. The bride, a graduate of Dan McCarty High School and a former student at Indian River Junior College is employed as a secertary at Port St. Lucie. The groom, a graduate of Metuchen High School in Metuchen, New Jersey is assistant Greenskeeper at the Port St. Lucie Country Club. After a wedding trip to St. Augustine the couple will reside at 380 Sandia Dr. in Port St. Lucie.

## LIVE..... and love it

BY DICK CAMPBELL

Next week we will see the tenth annual Kid's Fishing Rodeo get underway. This event is sponsored by the Jensen Area Chamber of Commerce. Last year 238 youngsters got out and dropped the hook in the water to have all the fun of fishing... with hooks baited and lines strung by volunteer Chamber members. Heading up the derby is Johnny Crawford. With so many good things happening, it is hard to see the Chamber being listed as a "do nothing" organization. If those who would put that label on the Chamber would take the time to investigate the activities of that hard working group, they would soon change their tunes.

Many have asked why the change from $4 per year to $2.50 per year for a subscription to the Mirror. The reason is that we have finally been awarded the right to mail at second class newspaper rates. This means that it costs less to mail the paper. A savings of three or more cents on mailing is passed on to our subscribers in the form of a lower rate. It cost us between three and five cents per issue to mail before. Now it costs about one-half cent to mail an issue. So, we cut the price back down to where it belongs. Okay?

In answer to many inquiries..... Yes, the Mirror does sell job printing, and does a fine, and economical job.

Yes, the Mirror has many forms of business forms, including business cards, stationary, envelopes map-out forms, matchbooks, pens pencils, etc. No, we do not carry office supplies and furniture. Yes, we are installing a printing plant.

## BIRTHS

Mr. and Mrs. Thomas Miles who reside on Letitia Ave. became parents Monday, July 31 of a 6 pound 4 ounce baby girl. Mrs. Miles was formerly associated with Dr. Daryl Marstellar, and Thomas Miles is employed by Pratt and Whitney.

## Jensen Pros Are Slow Pitch Champs

The Jensen Pros became champions of the Jensen Slow Pitch League last Thursday night as they defeated Florida Power and Light 11 to 2. Making a clean sweep of the series. The Pros won the league champion title for the second year in a row. Second place went to Florida Power and Light, followed by Bandy, Port St. Lucie and Krauss and Crane. Tonight a makeup game will be played at Langford Hall Park by Port St. Lucie and Krauss and Crane. Bandy and the Pros will play an exhibition game after the first game. Next week, a round robin tournament will be played by the slow pitch league. The winners of the evening will play each other the following week, and the losers will play each other. Names for the coming tournament have not yet been drawn, according to league president Carl Barker.

The Jensen Beach Lions will hold a Council meeting in Lakeland Fla. August 5th and a Directors meeting August 8th at 7:30 PM at Our Bowling Lanes. On August 11 and 12 there will be a splash party and buffet luncheon at the St. arfiste Motel in Cocoa Beach. The month's activities will terminate on the 15th with The Lions regular 7:15 PM dinner meeting at Seymour's Inn.

Mr. and Mrs. H.I. Arthur, with children, Jeff, Karen, Linsey and Brent have been visiting with relatives in Virginia.

## LIVE..... and love it

BY
DICK CAMPBELL

Looking in on the picture of life in Jensen Beach is like throwing a handful of gravel into a still mill pond. Each individual pebble becomes a splash, and then a series of circles, interlacing with all the other circles created by the splashes of the many other pebbles.

This is the story of life in Jensen's arena of living.

Being a part of such a community is perhaps the goal of every newcomer. Just to be accepted as a part of this town can be the most rewarding part of a person's life... for many come here to be citizens of the community, to find a new life removed from the hustle and bustle of the Northland.

This week some of the newcomers moved into town. Several are renting homes, to look around to see what the town has to offer before becoming committed to living here for the rest of their retired lives. Others, having been here before on vacation, have bought homes and are now getting settled, ready to begin their new life in a new community.

These people need the friendship that we give to all our friends. They need help in their readjustment to a less active life. Neighborliness is one thing we are able to offer. Taking the time to be a friend is another. All cost nothing at all, and all rewards for the time spent are greater than money itself.

A new joke must be shared. It is another in the light vein that catches on and keeps going. A psychiatrist came out of his office to see a man sitting on a couch, covered with scratches on his face and with a pelican sitting on his head. The doctor looks startled, and said: "Can I help you?" The pelican said: "Yes, help me get this thing off my feet!"

Which also reminds me: The pelicans are due to be coming back soon to the annual [illegible]

## Fishing News

Although Doc of the Snook Nook reports the week-end surf action did produce shark, tarpon and pompano. Both trout and snook fishing remains excellent on both bridges. Harlow Sutter caught 7, 29, 18 and 10 pound snook on eels in front the St. Lucie bridge. Bert Fauss took a 12 and an 18 pound snook while trolling in the St. Lucie will live shrimp. One 19 pound snook was taken by Joe Pearlberg on the same outing. Floyd Stevens caught a 6½ pound bluefish and one trout in the Indian River, while Dick Carlow caught a 20 pound snook trolling in the Indian River. Bert Waldhams also had Indian River luck with his catch of two one trout and 10 crockers. Gene Ethridge of West Palm Beach took 28 trout trolling this same area. Mrs. Mills had a catch of 30 trout, 5 crockers and 3 snappers from the Indian River Bridge.

## Rod & Reel Has New Owners

Brothers Raymond A. and Elton D. Gilchrist, who purchased the Rod and Reel Motel on Ocean Blvd. at the recently announced changes and improvements in the establishment. The Glen Gilchrist family plan to move into their new split level home on Melba Drive within two weeks.

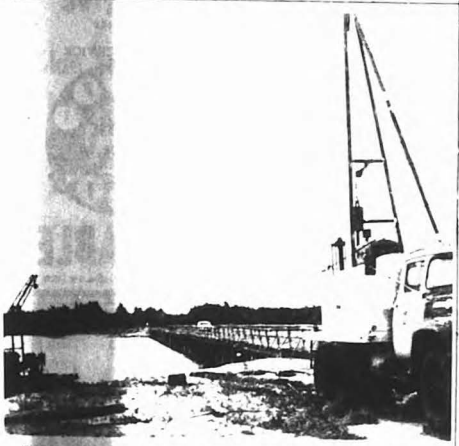
Vol. 2 No. 31 Jensen Beach, Florida August 9, 1962

Murderous rain interrupted what was termed an outstanding Kid's Fishing Rodeo at Jensen Causeway yesterday afternoon, but the beginning, as pictured above, was a helter skelter mass of poles and kids, and young Danny Priori was having a great time figuring out which end of the pole to use. Chamber volunteers kept the kids busy and happy, and well baited for the event.



**Test borings are** being taken on the new bridge for the east end of the Jensen Causeway by the State Road Department. See story inside that outlines the growth of the project for Jensen.

## FREE CHILDRENS EYE SCREENINGS AUGUST 24th

**Children entering** first grade this year for the first time will receive free eye screenings on Friday, August 24th. These are not complete visual examinations, but rather a means of determining a child's visual readiness for school. The eight step screening process, given in local optometrists offices, in many instances reveals an eye condition which may be in need of treatment. Jensen optometrist, Doctor Robert Sawusch will participate in this program. It is not necessary to make an advance appointment for this screening.

**INSTALLING PRESS**--Installing the new Harris press for the Jensen Beach Mirror are (left to right) Joe Spinola of Spinola Printing Supply of Miami, Bill Conley, and press expert Jim Kelly. This week the Mirror was "PRINTED IN JENSEN BEACH".

Mr. and Mrs. Harry Means are back home in Jensen Highlands after a three week tour of the Ozarks and Kansas City, where they enjoyed visits with relatives and friends.

## PEOPLES BANK OPENS TODAY

The Peoples Bank of Stuart will open for business today in their new, $125,000 location on East Ocean Boulevard in Stuart. A large turnout of people from the Martin County area attended an open house yesterday afternoon and met the officers and directors of the new financial institution.

President of the bank is William H. Bovette. Vice president is James H. Reardon, local insurance agent, and the cashier is Donald Bowden, former assistant cashier at First National Bank of Stuart.

Directors of the bank include Bovette, Reardon, Carl Pauly, Jr., Frank A. Ricter, Albert W. Lind, R. C. Fernon, and Herbert B. Clifton.

Chairman of the board is Dr. Ira Williams, retired dentist.

The bank will offer all banking facilities except a trust department. The parking lot will accomodate 30 cars, and there will be two drive in windows. A 24 hour depository will be available to customers.

The general contractor on the building was Ben Hodapp & Sons.

## Mirror Installs Printing Plant

A new manufacturing plant has come to Jensen Beach. With the installation of a complete printing plant in the shop of the Jensen Beach Mirror, the Mirror becomes capable of printing the newspaper, and will be able to handle job printing. It will be a few weeks before the Mirror has the shop in top running condition and the equipment tuned to fine running speed, and for that reason job printing will not be accepted until the work can be run with a quality reproduction.

The plant is located at the office of the Jensen Beach Mirror.

## ERNEST L. VARVILL NEW PRINCIPAL

Ernest L. Varvill has been appointed teacher-principal of the Jensen Beach Elementary school. Varvill taught for two years at Warfield school in Indiantown and will report to this area from Dotham, Alabama on August 15th. He is a graduate of Arkansas State and the father of two children.

## NEW STAMP MARKS ANNIVERSARY

On Sept. 1, 1962 the Jensen Beach post office will offer for sale a four cent stamp honoring the 25th anniversary of the National Apprenticeship Act and National Apprenticeship Training Program. The stamp, black on buff paper depicts a gnarled hand offering a micrometer to an outstretched young hand. New York City artist, Robert Geissmann, used a micrometer, the instrument of the journeyman machinist, to symbolize the transfer of skill.

FOOTINGS ARE DUG--Ready for the pouring, the footings are now dug for the foundation of the new Jensen Beach Bank on Commercial Street. Pace of construction is now due to move out.

## Mr. and Mrs. Robert Slater Wed in Milwaukee

Mrs. Sally Evinrude Hollweck and Robert Slater were married on July 21st at the Milwaukee home of the brides' father, Ralph Evinrude. The bride wore a cocktail length gown of pink chiffon and white lace. Mrs. Ralph Evinrude(Miss Frances Langford) sang "I'm In The Mood For Love". The ceremony was performed by the Reverend Royce Wade a minister of the Methodist Church. Following the nuptials a reception was held for thirty-five persons at the Evinrude home. Out of town guests included the groom's mother and step-father, Mr. and Mrs. C.E. Waddell of Parma, Ohio and Miss Patty Thomas of Hollywood, California. Mrs. Slater is former Jensen Beach resident. Mr. Slater is a partner in the Architectural Firm of Von Grossman, Sanen and Slater of Milwaukee. The Slaters will make their home at 102 Willow Road, Milwaukee, Wisconsin.

## PENICKS TRAILER—TOUR WEST

The Doctor Richard Penick family, traveling trailer "wise" have completed a distance of 3200 miles in less than two weeks, locating just 3000 yards from Disneyland for four days, they have been free to enjoy each of it's many wonders. A cool but comfortable 60 degrees greeted their California arrival, which was a reportedly welcome relief from the 104 Arizona desert heat. A tour of Las Vegas proved curiously fascinating, but lacked the charm of Calico's silver mines and Knotts Berry Farm's ghost town. Before continuing to Seattle, Mrs. Penick will take the opportunity of visiting a sister and cousin nearby. Thus far, their only minor upset has been a hole worn into the trailer by rough roads.

## PTA TO PLAN CARNIVAL

Mrs. Morgan Sprott, president of the Jensen Beach elementary school PTA, will call an organizational meeting the latter part of August. Under discussion will be palns for the school's October Halloween Carnival. The Rio Civic Club has already agreed to assist.

Mr. and Mrs. James Hudson are home after a two week visit with Mr. Hudson's parents, Mr. and Mrs. Lex Hudson of Albemorle, North Carolina

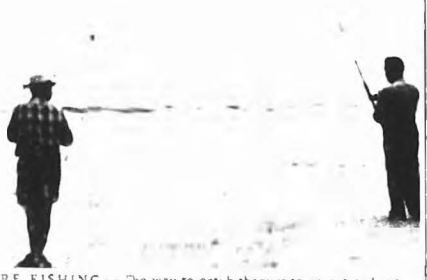
## Mrs. Wolf Back From Convention

Mrs. John Wolf returned Tuesday from a thirty day trip to Los Angelos, San Francisco, St. Louis and Chicago. She visited Disneyland and attended the National Convention of the Soroptomists Club. In St. Louis she saw her sister, Mrs. Stanley Srock and her mother, Mrs. Anna K. Liable. She also saw her six week old nephew, Christopher Srock for the first time.

Mr. and Mrs. Ralph Evinrude returned to their Jensen home from Milwaukee on Wednesday of this week. It is planned that their yacht, The Cahnticleer, be here upon their arrival.



SURF FISHING -- The way to catch them is to go out and get them. And Buck Hendrix and Meryl Proffit go out for the big ones in the Jensen Beach surf. Fishing with mullet, in the late afternoon the surf-casters found plenty of action, many sharks, and excellent fishing the whole afternoon through.

Mr. and Mrs. L. K. Merrill will establish permanent Jensen Beach residence. They are presently renting the Broleur Sewalls Point home. Robert F. Slater, who recently wed the former Sally Holl week in Milwaukee is a nephew of the Merrill's.

## Coffee Club Met Last Week

Mrs. Buddy Shipes held a meeting of the Coffee Club at her home last week. Attending were: Mrs. Tom Crook, Mrs. Harold Crews, Mrs. Henry Gunn, Mrs. William St. Clair, Mrs. Allen Pitcl ford and Mrs. Morgan Sprott. Mrs. Harold Crews had this Club meeting at her home yesterday morning at 10 AM.

Mr. and Mrs. Morgan Sprott with their children, Jean and Morgan Jr. enjoyed a camping trip to Bevard, North Carolina.

## Fishing News

Surf fishing has been good for tarpon, albacor and some snook. Bridge fishing has improved for trout, with snook still plentiful. Trolling for snook in the St. Lucie has slowed. Joe Pearlberg took two spanish mackerel 4 and 6 pounds, and two snook in the surf. Andy Demodavitch caught seven blues, while Helen Richards took about 100 croakers over a week's period. Bert Fania and Chick Aillo caught three snook, the largest weighing 25 pounds while trolling with eelskin in the St. Lucie River. Hank Hambrock took four trout, one channel bass one snook and two drum from the Indian River Bridge. Bert Waldrams caught three trout, the largest weighing 6 3/4 pounds, two pompano and bottom fish on the Indian River bridge. H F. Sutter took a 19 pound snook from the St. Lucie Bridge.

## Lawrence's Back From Guatamala

Mr. and Mrs. Edward Lawrence are back at Langford Terrace following a plane trip to Guatamala City. They spent eight days in this beautiful mountainous country visiting Indian Villages, and witnessing the famous Chi Chi Castenango market days. They journied to Antigue, which was the first capital of Guatamala. This city was distroyed by volcanic action in the 1600's and the capital moved to Guatamala City. After purchasing lovely handmade gifts from the Indians, the Lawrences flioned to Mexico City for a three day visit with friends. They returned to Miami last Saturday, then home to Jensen Beach.

# Jensen Bridge Future Looks Good

Actions speak louder than words, and Jensen's Frank Wacha, County Commission chairman, has been showing that in his efforts to get Jensen moving toward a new bridge across the Indian River.

Asked about the hopes for the Jensen bridge, Wacha issued a statement for the readers in the Jensen area.

"About our bridge, "Wacha said, "by January 1, 1961, over a million words had been spent on the need for replacement and repair of our Jensen Beach Bridge. A lot of words... but no money... was spent, and it didn't look as if the future prospects of the bridge were very bright.

In the "bonding" agreement financing the Stuart Bridges, there is a clause reading, "if and when it becomes economically feasible for a second issue Series B Bonds will be issued to finance the construction of a new bridge at Jensen Beach." It was estimate that it would take about a million and a half dollars to replace the Jensen Bridge.

"Our last problem with the bridge will be the drawspan. We feel that it will be economically feasible to issue bonds under the original agreement for its construction.

"The future for our Jensen Bridge and Causeway looks good. There has been some individual concern about the size of the bridge, or the opening on the west end of the bridge. The State Road Department advised us that it was not necessary to have any opening, but we have a 90' span. It should also be remembered that the causeway itself is just a sand fill and if and when it becomes necessary, or desireable, the bridge on the west end could be extended.

"There is also the possibility that there would be an advantage gained in pier fishing if a new 90' span was cut halfway between the present west span and the pier."

Wacha wrapped up his statement saying, "What we have completed planned and hoped for in the Jensen Bridge is progress . . . and sure beats just talking about it."

## Harmon P. Elliott Improving

According to a letter received by Mark Smith from Mrs. Harmon Elliott, Elliott is much improved and may by this time, be using crutches chair. He is expected to soon return to his Watertown, Mass. home for recovery.

## NO INDICATION OF SCREWWORM

State livestock inspectors have found no indication of screwworms in the Martin County area. The inspectors, who will study the situation for a two week period, have determined that the horse owned by Powell Guy, originally thought to be infected with screwworm, has another undetermined type of infection.

## Port St. Lucie Church Site Of Methodist Smorgasbord

# FIRE DEPARTMENT GETS NEW TRUCK

The Jensen Beach Volunteer Fire Department has acquired a new number 5 four-wheel truck. This is a utility truck equipped with extra hose and 2 portable pumps. In case of a large fire occurring within 1000 feet of the waterfront, these pumps will be used to suck salt water from the river to combat it. The truck is presently being used for mosquito control, reports assistant fire chief Randolph Spinney. The department now has five pieces of equipment. Last week the Fire Company sent a truck to assist the Rio Volunteer Fire Department. Upon arrival, however, the blaze was out. A second call was answered Tuesday for a brush fire started by lightening on Britt Rd.

Mr. and Mrs. C. H. Hulquist have returned to their Springfield Rd. home after 19,000 mile tour of the California coast via Chicago and Virginia where they visited relatives.

Frank Wacha and the County Commission came in for high praise at the regular Chamber of Commerce board of directors meeting Monday night. Members of the board voted to send a letter of thanks for services rendered to the Jenser area, as well as a thank-you for holding the line on taxes this year, bringing the district taxes down by about 2.10 of a mill.

In other action, details of the resort and fishing guide were discussed by the directors, with Alvin Hendry, chairman, reporting that the guide would be completed this week. An increase in dues for next year was voted down in favor of a membership drive that will encourage Chamber members to voluntarily increase their membership dues in accordance to their size in the community.

# 229 Participate in Fishing Rodeo

One of Jensen's outstanding events of the year was held last Wednesday afternoon, as 229 youngsters of all Martin County gathered for the Chamber's Kid's Fishing Rodeo. Only 13 fish were caught, but 229 adventures were had, and 229 memories will insure a bigger and better Rodeo next year.

An afternoon thundershower at about 2:30 p. m. brought the fishing to an abrupt halt, and every youngster tried to fit under the one shelter that held the hot dogs and soda pop.

The winners (all who caught fish) were given prizes donated by local and Stuart merchants. They were:

Gary Lambie, largest and oddest fish, Boys, 7-12; Ronnie McKenzie, 9. Charles Duryrea, 11. Allen Webb, 11, Robert Brown, 12, Tom Cuthbert, 12, and Troy Harmon, 12. Boys 13-16, George Brown, 13, and John Clark, 14. Also Ricky Dailey of Ocean Breeze. Girls winning prizes were Kathy Fulty and Connie Lee Voorhees in the 13-16 age group.

The fishing event gave many youngsters the opportunity to fish for the first time in their lives.

Chamber officials served as the committee for the event, and a vote of thanks for an outstanding job was give all workers by the Rodeo Chairman, Johnny Crawford.

The average American family now has 13 electrical appliances.

TUESDAY AUGUST 21, Holy Communion.
WEDNESDAY AUGUST 22, 9:30 am. Bazaar Workshop.
THURSDAY AUGUST 23, 10 am Holy Communion.

MR. AND MRS. ROBERT SLATER, recently wed in Milwaukee. Mrs. Slater is the former Sally Evinrude Holweck of Jensen and daughter of Ralph Evinrude.

'STRINGING THE POLES'--Members of the Chamber had to get the 229 poles ready for use by the youngsters at the Chambers Kid's Fishing Rodeo. The work took them into late evening hours.

SCHOOL PAINTED--Painting the windows of Jensen's Elementary school.

These 1962 MCHS graduates will be leaving August 26th for nine weeks of Boot Camp training at the US Naval Training Station in San Diego, Calif. Pictured left to right they are: Jim Jacobs, Ridge Rd., hospital corpsman, Don Hullck, Letitia Ave., electronics, Bob Spetz, Skyline Dr., engine man, and Jack Kummings, Highland Ave., engine man.

# H. C. Andersons Back in Town

Mr. and Mrs. H. C. Anderson are home on Indian River Dr. following an extensive vacation-fishing tour. While visiting their son, Dr. H. S. Anderson in Chattanooga Tenn. they fished The Tenn. Valley Authority Lakes. Included in their catch here was a 7 1/2 channel cat. In Emporia, Va. they had good luck in ponds with gill brim. The last stop was at their daughter's Schenectady, NY home where they landed trout up to 5" in size. Anderson, who plans to open a Jewelry Shop on Commercial St. the 1st of Sept. will accept work until the business operation is completed.

Two out of every three Americans wear glasses.

## RATTLER BITES LITTLE MIKE

Mike Nowajewski, six year old son of Mr. and Mrs. Mathew Nowajewski, Jensen was bitten by a ground rattler late Saturday afternoon while playing ball in the back yard with his dog, Tuffy. Young Mike, who had completed a summer Safety Course given by Velton Walters, Parker Elementary School principal, had learned his lessons well. He calmly applied an arm tournique and walked slowly to the house. Mrs. Nowajewski frantically summoned her husband who lanced the skin at the injured area. Mike was rushed to the hospital for anti-venom serum treatment, after which he returned home safe and sound.

## Stuart-Jensen Elks Defend Their Title

The Jr. League Baseball team, sponsored by the Stuart Jensen Elks and managed by Frank Wacha won the Jr. League championship by a score of 12 to 3, Monday evening in Stuart. This year the boys were defending champions, having achieved this same title in last year's contest.

Now being two year winners, their championship is firmly established. In the eleven games played this season, they won 10 and lost one. In order that the 1 1/2 hour time limit set for these games be maintained, time was called Monday evening at the completion of five innings.

# The Combined Picnic Great Success

"It didn't rain" rejoices Frank Wacha, expressing the general happy reaction of those attending the family picnic held for the Little League and Pony League at the Jensen Causeway Sunday. Wacha was in charge of the Little League, sponsored by the Stuart-Jensen Elks and Harold Sahler in charge of the Pony League, under The Jensen Lions sponsorship. The wives of these two men responsible for general food arrangements for the crowd of close to two hundred attending estimate the following amazing consumption; 348 hot dogs, 432 cold drinks and ten watermelons. Each family also contributed a covered dish to the festive board. The Stuart-Jensen Elks made a cash donation of $30.00 toward the purchase of the above mentioned food.

This "special at a cost of 25¢ for all seats will feature three cartoons, one family movie, games, prizes, contests and a thirty minute audience participation stage show. An added attraction assures everyone of receiving a prize.

## Attention Junior Bowlers

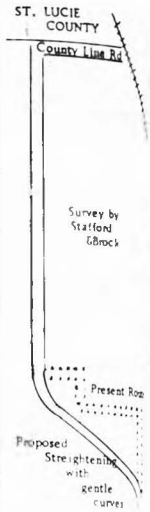
All Junior Bowlers in the Jensen area, and throughout Martin County are invited to an awards and trophy presentation at Our Lanes on August 18th at 1:30 p. m. The Saturday event will see the presentation of awards from last years Junior Bowler's League. All members of the league, and all persons interested in bowling in the Junior League this year in the age group 10 to 18, boys and girls alike, are invited to attend. There is planned free bowling, free instructions and free drinks for all participating bowlers. The new Fall Junior Bowler's League will also be formed at that time, according to Bob Gottron, manager.

## Historical Society to Show Films

Three colorful films about present day American Indian life will be shown at the Elliott Museum Wednesday August 29 A cross-section of modern Indian cultures will be revealed in Miracle On The Mesa (Hopi Indians of Arizona) Fallen Eagle (Sioux Indians of South Dakota) and Seminoles of The Everglades. The films highlights the everyday life of the Indian on his reservation, and shows his arts and crafts as well as the colorful dances. The heritage of the past is presented in the problems faced by the Indian in adjusting to a changing world. Showtime starts promptly at 8 p. m. and the public is invited to attend.

Canon and Mrs. Don H. Copeland of Coral Gables recently enjoyed a two week vacation at the Langford Terrace Villas. Reverend Copeland is associated with St. Stevens Church in Coral Gables.

Are a petty thefts duly reported to Sheriff Roy Baker include, expensive, decorators ash trays from Dr. Richard Penick's office and thirteen cases of empty bottles taken from in front of the Snook Nook on August 8th.



The Martin County Commission is now searching rights of way to widen and pave North Savannah Road from the Jensen Cutoff Road (S. R. 707-A) all the way to North County Line. Long needed the present road is a washboard of small hills bump and grind curves and dust and mud.

The paving and widening will permit school buses to enter and the long walk for school children will be eliminated.

This County Commission seems intent on establishing some kind of record for road projects that do every group of citizens the greatest amount of good.

The commissioners are to be congratulated on their far-sightedness.

# CAUSEWAY BRIDGE WILL CLOSE FOR SHORT PERIODS AS BULKHEADING-FILLING BRINGS PARKWAY CLOSER

DRYING OUT THE SLABS - Already poured for bulkheading the drawspan area, slabs dry out in the sun as County Commission Chairman Frank Wacha, left, and Jim Langford of Langford Marine Construction, discuss the planning for the bulkheading. At left, Wacha and Langford stand atop eroded fill to be reclaimed with bulkheading around the drawspan west point. The bulkhead line will soon just under the bridge between the first two sets of pilings.

Work will start on the bulkheading and filling of the west approach to the Jensen Beach causeway the next few days, according to County Commissioner Frank Wacha. Pictured above the project ahead will completely close off access to the old wooden bridge at Bob's Restaurant, and by the middle of September the county hopes to be able to drive all the way across to the Indian River Drive on the new bridge. Wacha said. Negotiations to allow Weisenberger to fill out [illegible] fill for the bridge fell through when S.R.D. rejected the county altered plan.

Jim Langford, of Langford Marine Construction, [illegible] bulkhead the area. Then, on September 5th, the Indian River Drive will see a convoy of SRD dump trucks numbering 25 come in and fill in the area to the bridge. The causeway will be closed from time to time, Wacha said, but not for more than a day or two at a time and not on weekends if it is possible.

## Hospital Gets $1300

Martin County Memorial Hospital was $1,323 richer this week as county Doctors turned over the surplus of donations to cover Salvin Polio Vaccine cost in the recent immunization drive here. The check was turned over to hospital administrator Guy Cromwell in a private ceremony Tuesday. The money will go toward the hospital building fund. The doctor's program was financed by local donations, and 25,924 doses of the oral vaccine were distributed in Martin County.

## W.B.Tilton Donates Tower to Church

The donation of the 53 foot high concrete and steel tower for the new Communists Church, valued at $2,500, by W. B. Tilton, Sr., was the surprise highlight of the meeting of the board of directors of the Communists' Church last Tuesday night. Tilton, who had just purchased bonds of $25,000 handed the directors a letter offering the bonds back. The tower will be a memorial to Mr. and Mrs. Ransom Ren Ricou, parents of Mrs. W. B. Tilton Sr. who were among the early day founders of the Community Church.

The tower will be 53' tall with a lighted cross that should be [illegible] miles away, and become a landmark in Jensen. Jack Minor, finance committee chairman, lauded the gift, and said, "This gift of Mr. Tilton along with those of the other individuals recently received, will enable the committees to proceed more rapidly in their plans for the further development of the overall expansion program of the church."

## I.F. Says NO to Jensen Bulkhead

[illegible] trustees of the Internal Improvement Trust in Tallahassee rejected the proposed Indian River Bulkhead Line. The line in Jensen would have brought the bulkhead some 250 feet out to a point where Ocean Breeze Park is established. Their only fight [illegible] at 1011 feet. According to a [illegible] head of the [illegible]

"Some [illegible] features were [illegible] but a more detailed [illegible] some [illegible] could not be [illegible] Board [illegible]

## Pony Leaguers Bring Championship Home

The winning of the Martin County's Pony League Championship by the Jensen Lion's team brought the final crown of baseball home to Jensen. Already, the Little League championship was wrapped up by the Jensen-Stuart Elks and the slow pitch league was won by the Jensen Pro's. The win by our Lions team makes Jensen the top winner in all ball leagues in Martin County.

Headed by Harold Salzler, manager, the Lions were coached by Arthur Hamilt[illegible] Roger Welker and Tom C[illegible]im won nine games while losing one. Two rainouts could not be made up as weather prevented it.

Salzler was highly complimentary of the boys on the team. He said that the team had just 14 boys to work during the whole season. "All of them played good ball," Salzler said, " and you have to give each and every member of the team credit for playing fine baseball."

Jensen is mighty proud of its Lions team, and of the volunteer people who worked hard to make this championship possible.

## New Principal Heads Faculty

Teachers from the Jensen Beach Elementary school include, Ernest L. Varvil - Principal and 6th grade teacher, Lurline Richardson 4th grade, Billy Cruse-2nd grade Mary Martinis-3rd grade, Dorothy Landis-1st grade and Lucille Chicky,-5th grade. CHICK YORK FINDS SURF ROUGH--YOU BET
Chick York, of Skyline Drive, was knocked down in the surf on Sunday. He said that a heavy object bumped into his leg as he waded in two feet of water. In the next moment, Chick was on the high tide mark, looking down into the ocean to see what he could see but nothing was visable and Chick could never figure out what it was that came by.

## Final Plans For Nassau League

Our Bowling Lanes is completing plans for Nassau League Nights, to begin soon on Sunday evenings at 7:30 PM. There will be a three dollar charge per week for each person competing. A portion of this fee will be put toward the Nassau trip in which all players will participate at a date agreeable to all. This trip will include meals aboard ship during the voyage, a cocktail party and floor shows, all in air conditioned comfort. The winning team will be awarded trophies to be donated by Our Lanes.

Mr. and Mrs. Love of Miami are frequent week-end vacation guests of The Anchorage Motel and Yacht Club.

## Edna Wolf Entertains With Luncheon

Mrs. John R. Wolf held a summer time luncheon for friends last Wednesday afternoon in her home. Enjoying this retreat from the "no-onday sun" were; Mrs. M. P. Nelson, Mrs. "Howdy" Wilcox, Mrs. Ed Lawrence and Mrs. Walter Bauman. The group found the afternoon to be so pleasurable that they formed a "Hospitality Club" which will have luncheon meetings at the various members homes on the second and forth Wednesdays of each month.

## Help to Eliminate the Shark Menace

In an endeavor to increase efforts in helping to eliminate the SHARK MENACE, the West Palm Beach Fishing Club has declared August 16 through September 16 the period in which to KILL MORE SHARKS. The individual methods used for shark extermination are unimportant, the purpose being to kill all you can, anyway you can. A Reel Surprise is in store for any member of the West Palm Beach Fishing Club who destroys the largest number of sharks.

Hugh M. Jones will become the new Band Director for MCHS. Jones is from Miami and has a BME Degree.

Mrs. Anita T. Wacha of Jensen Beach will teach third grade at Parker Elementary School.

Warner B. Tilton, Jr. has been confined to his bed at home for the past two weeks with an acute case of rheumatory arthritis. Friends may call during the day to visit Tilton at his home on Skyline Drive.

OVER THE HILL AND INTO THE RIVER--The flooding of Penick's Pond over the road at the Longbottom home in South Jensen, with the possibility of flooding into State Road 707, brought prompt action from the County and the State Road Department this week. At 1 p.m. Tuesday afternoon, an S.R.D. pump began pumping water over the hill and into the St. Lucie River. Pipe lengths over 800' long were pumping the water, which has raised to dangerous levels by seasonal rains. Bill Matheson and Warner Tilton, Jr. donated all the necessary pipe to go over the hill. The pond flooding has brought increased public attention to the South Jensen drainage problem

## CARD PARTY

The Rio Civic Club held an afternoon card party August 14. Mrs. Harry Spencer served as hostess assisted by Mrs. A. B. Wilson and Mrs. Frank Rauwald. Mrs. Catherine Schumann won the door prize. Mrs. A. B Wilson, Miss Edna Deighaier, Mrs. Frank Rauwald, Mrs. J.L. Desmond and Mrs. L. Neumann won table prizes.

CHANGING—There is a new look that is coming about at Crossroads Cottages, as a bulldozer takes a few Australian Pines down. Grass will replace the pines. Motel units are being added to increase facilities, and four units are planned for the waterfront.

## Womens Association Holds Card Party

Following a business meeting, the Jensen Beach Womens Association held a card party for an attendance of thirty-six Monday afternoon. Hostesses were, Mrs. Ethel Nodine and Miss Peggy Bear assisted by Mrs. White and Mrs. Laura Desmond. Mrs. Virginia Anderson was door prize winner. In the absence of president, Mrs. Jack Myers, Mrs. Frances Hubbel, vice president, presided.

*to the Editor*

Mr. Richard F. Campbell, Editor
Jensen Beach Mirror
Jensen Beach, Fla.

Dear Mr. Campbell:

We and several families of this beautiful community of homes, rolling hills, trees, industry and just "A BETTER PLACE IN WHICH TO LIVE", look forward each week to your very cheerful publication. Having sold Space Advertising for Philadelphia Record and a local weekly paper several years ago, I know how hard you and your helpers must work to meet your deadline each week. Keep up the good work. Work never hurt anyone. It has been said that "WHEN THE DOGS LAY IN THE MIDDLE OF THE ROAD- It's Summertime in Jensen Beach- My comments are that with a weekly paper like the Mirror and some other Huskies now in Jensen Beach, by name Rhodes and Baker - SOME DOGS ARE GOING TO GET RUN OVER. It is good to see you installing your own press, good luck

Best regards,
A.H. Baker.

## Fishing News

Tarpon and pompano may still be found in the surf, and blue fish, heading South again, have returned to the surf. Large snook fishing has slacked off, in general, with smaller ones still being taken. Trout fishing has improved, particularly on the Jensen bridge. Reported catches this past week are, Jack Sigatoose, two snook weighing 22, 5 and 17 pounds, Harlow Sutter, 26 and 8 pound snook, Dick Karlow, ten trout, Gene Ebright, 14 trout, Bert Wadham, two trout, seven crockers and many assorted bottom fish. Jim Dailey, ten trout and three snook, Jim Askin twenty-five blues. The overall fishing picture is one of improvement.

## Samaritans Have Busy Week

A series of emergencies were given attention this week by our hard working Samaritans. Calls answered by drivers Al Ferguson, Martin Wahl and Ned Gobbler began by their taking Mrs. Jack Myers to Martin Memorial and later in the week, back to her Jensen Beach home. William Beauclerk of Ocean Breeze was brought to the hospital by Gene and Dick Hoke. Upon answering a Barbara Avenue call, the Samaritans found the patient leaving with her husband by car for treatment. Monday evening at 10 PM they were called to assist C. W. Flood, Madison Ave., Stuart, who had collapsed on Sewall's Point Rd. of a heart attack. Flood, who had a past history of heart trouble was dead upon arrival at the hospital. The Samaritans are sincerely grateful for the free gasoline, oil and service supplied by Chick York, also the maintenance work through the courtesy of Dave Rosser.

# Demo Suit Continues

A suit to disqualify Edward Miller from his county commission seat will be continued, it was voted at the County Democratic Executive Committee meeting on Monday night. Sam Rhodes, Jensen committeeman, told the Mirror that the group would continue the fight to "do what is right". The committee also took action to work more closely with the Governor's Advisory Committee headed by Bill Scott. Rhodes was named to head the committee finance committee.

A new church is being organized for the colored community in Jensen. It will be called the Union Baptist Church. Trustees are Elbert S.las, Eugene Lansing, Simon White and Arthur Willis.

## JENSEN BEACH BANK

ANNOUNCES

The awarding of Contract for construction of the Bank Building on Commercial Street, west of the Post Office in Jensen Beach.

The building will be completed in early November and the Bank expects to open for business November 15th, 1962.

The bank will have a modern vault, a split story, drive-in windows, driveway street to street on both sides of the building, and off street parking in the rear. The building will be completely air conditioned and heated.

The bank will offer all Commercial Banking Services, such as: Savings, Thrift, Special Deposits by Mail, FHA Financing, Installment and Personal Loans, Savings Bonds, Checking Accounts, Christmas and Vacation Clubs, American Express Checks, Commercial Loans, Safe Deposit Boxes, Withholding tax services, and other Commercial Banking Facilities.

Jensen Beach, Rio, Sewall's Point and the Indian River Area has long needed local banking facilities, as this area is separate and self sustaining North and East of the river. The residents and business houses in the area doing business with the Jensen Beach Bank will avoid traffic lights, bridges, tolls, and save much time.

The existence of a bank in the Jensen Beach area with the support and cooperation of the people and business houses in the area will materially assist in the future expansion and growth of the area North and East of the river, and create a community of interest for the good of all.

The Depositors will have the protection of Federal Deposit Insurance pursuant to the provisions of the Federal Deposit Insurance Act. This means that all Deposits of each depositor up to $[illegible] will be insured.

## Fla. Corp. Purchases Cove Harbor Co-Op

A Florida Corporation, Minnda Sota Investors, has been organized for the purchase of Cove Harbor Co-op apartments, according to S. Swartz and Travers, attorneys for the purchasers. A report of $120,000 was paid to local investors of Cove Harbor Inc., for this establishment which is to be furnished and operated under the name Fleet's Inn Apartment Motel. Minnda Sota plans to event ually construct additional units restaurants and Marine facilities on the Indian River. They also plan to purchase submerged lands for future development. Corporation president is George R. Sauers of Minneapolis, Minnesota, a frequent visitor to Jensen for the past eight years. He also is a real estate developer of Commercial properties in both Minnesota and the Dakotas. Other Minnda Sota principles are Raymond Schier of Minneapolis and Arthur J. Eaton of Arizona. Expectations are that the apartments should be ready for occupancy by Oct. 1 of this year.

## School Enrollment Shows Increase

Although working without a complete figure, Jensen School principal, Ernest Varvill, reports school enrollment is showing an increase. The number of students attending each grade on the first day of school is as follows, 1st grade 35, 2nd grade 25, 3rd grade 27, 4th grade 25, 5th grade 24 and 6th grade 33, making an overall total of 169.

The PTA will hold the [illegible] for the Jensen Beach [illegible] meeting on Tuesday September 11, at 8:00 pm.

WELCOME BACK TO SCHOOL—It's a pleasure and Curtis Sprague looks forward to another year at school at Jensen Beach Elementary School as he is registered by teacher, Mrs. Ben Fulton, Jr. Looking on are Curtis' parents, Mr. and Mrs. Edward Sprague, and in the background is our new principal, Ernest Varvill. Parents and kids alike breathed a sigh of relief as everything goes back to normal.

## Rogers Receives 50,213 Replies To Questionnaire

Congressman Paul G. Rogers had this to say regarding the 50,213 replies received to his ANNUAL QUESTIONNAIRE. "It is most gratifying to know that so many District residents have a strong interest in their government, and took the time to answer the Questionnaire again this year. The increased return this year, and the larger volume of mail being received, indicates an awareness of the major issues facing us. Each letter and questionnaire assists me in giving proper representation to the views of District residents in the House of Representatives, and is greatly appreciated. The efforts of our District newspapers to present the questionnaire, and announce the results is also most helpful and a fine public service." The results of the 50,213 returns are as follows:

| | Yes | No | No Answer |
|---|---|---|---|
| Should the United States reduce foreign aid? | 87.0% | 10.8% | 2.2% |
| Do you favor the Rogers Bill to ban all trade with Castro Cuba? | 86.2% | 7.4% | 6.4% |
| Do you favor a reduction of transportation taxes? | 74.5% | 21.5% | 4.2% |
| Do you favor U. S. purchase of U.N. Bonds? | 29.9% | 63.8% | 6.4% |
| Should a new Federal Department of Cabinet rank be created for Urban Affairs? | 20.1% | 72.7% | 7.2% |
| Do you approve an increased Social Security tax to provide medical care for the aged? | 47.2% | 50.4% | 2.4% |
| Do you favor Federal Aid for: A. School Construction? | 42.5% | 55.2% | 2.3% |
| B. Teachers Salaries? | 30.8% | 65.9% | 3.3% |
| Should the U. S. lower tariffs to compete in the European Common Market? | 60.5% | 31.8% | 7.7% |
| Do you favor my proposal for systematic annual reduction of the National debt? | 93.1% | 3.4% | 3.5% |

# LIVE..... and love it

BY
DICK CAMPBELL

If you plan to go to Miami go by train, or boat, or by fly... but don't drive. Of course the traffic is horrid, but that is not the reason. It's the fuzz...

Known by many names, and very few nice ones, the Miami area police are ever ready to punish the wrong-doer. . in fact, too ready. The Miami Herald, in a recent article, called the police to task for countless arrests with few convictions on the charge of driving while intoxicated.

I have heard many stories of the speedy traffic ticket force, often being stopped from placing tickets on cars by drivers who return finding two minutes to spare on the meter. The stories are true.

Not wanting to condemn the good right arm of the law of the land of Metro with a blanket of men on the force, I am sure. As I have never met them personally I can say this. But I have, on the last three trips to Miami, found that a minute delay meant a big and ripe traffic ticket for over parking. In each instance the time was within a minute or two of the meter time.

Talking with the businessmen who make regular trips to the big city, I found that more and more have taken to leaving cars in the parking lots and taking cabs to do their chores, rather than risk getting one or more of the parking tickets.

Many cities, in order to encourage more commercial traffic, will have police place the warning ticket on an out of town auto. But not in Golden Dade, the land of the outstretched palm.

The present chaos existing in the government of Metro has the people wondering if Metro really is worth all the trouble raised on the many issues confronting this home of Home Rule. The militaristic tendencies shown in the attitude of Dade County politicos to legislative re apportionment (To H--L with the People... let the Courts do it) shows that this is an unstable and divided area.

There are those who would be in hysterics when you compare a traffic ticket to Metro Government, or to reapportionment. In a joking manner they would say, "How can they be compared?"

Then there are those who are avoiding Miami, because of the tickets, there are those who are leaders of industries who will be reticent to move an industry to Dade County due to the shaky government, there are those in Florida politics who will remember the attitude of Miami politicians when the next legislature meets.

Syndicate crime, dope and all prostitution flourishes in the United States because little people place a little two dollar bet with the corner bookie. It's true. With this in mind, the decay of great cities begins with disregard for the rights and privileges of little people as well as government without a thought for people. That little traffic ticket is a symbol of the method of Miami police. Adding to that little traffic ticket many other traffic tickets, disgruntled visitors to Miami, and the reputation of that town goes down to the benefit of other cities around.

## Fishing News

Surf fishing has improved for blue fish. The surf also is producing several tarpon and some snook. Joe Pearlberg took two snook, weighing 7 and 11 pounds. He hooked ten 80 to 100 pound tarpon, but was unable to hold any of them. Captain Tooker had the same experience when he hooked three large tarpon. Bridge fishing is fair for trout, and a few snook are being taken. Black drum and croakers are being caught on the Roosevelt bridge. Harlow Sutter took an 18 pound snook from the St. Lucie bridge; where Harry Dicky caught seven trout, one weighing 6.5 pounds. Gene Ebright took one snook, ten trout and two snapper while plug casting in the Indian River. Blue fish still abound in the inlet, and both the North and South Forks of the St. Lucie River are producing many snook and tarpon.

Guests of Mr. and Mrs. Virgil Wilson this past week have been Mrs. Wilson's mother, Mrs. Tom C. James and her brother, Charles L. James and his family, all from Monroe, North Carolina.

## Post Office Dept. Honors Sam Rayburn

The Post Office Department will issue a 4-cent stamp in honor of Sam Rayburn, the late Speaker of the United States House of Representatives, on Sept. 16, 1962. To obtain first-day cancellations, collectors may submit requests to the Postmaster, Bonham, Texas. This stamp will be issued locally on Sept. 17, 1962.

Mr. and Mrs. H.C. Patterson have returned to their Jensen home following a five week Mexican tour. One of the highlights of the trip was a stay in Mexico City with their son, Donald J. Patterson and his family.

## Round Robin Bowler Way

Krauss and Crane beat Fla. Power and Light 5-5 in a seven inning ball game, to take the lead with Port St. Lucie who won by forfeit. Tonight Bandy is to play Port St. Lucie, with the winner of this game to compete with Krauss and Crane for the Round Robin Championship.

## Attention Senior Bowlers

The fall league for Senior Bowlers in Martin County, covering the age group over 55, will be formed at a bowling fun-for-all free bowling meeting at Our Lanes on September 1st from 10 a.m. until noon, according to Bob Gotteron, manager. There will be free bowling, free instruction, and soft drinks for all as the Senior Citizens get their league off to a big start.

Mermaid League ... season tonight (Thursday). Another ...ague, a regular at Our ...return in the new for ... League for ladies. ...ght will see the start of the Jensen Rio league, one of the most competive in the program. Bowling will get underway at 7:00 pm. On Saturday, at 1:00 PM, the junior age group bowlers will begin their league. Now organizing, the A, B, C, league of junior bowlers will get in another practice session before beginning league play. Saturday nights are reserved for open bowling by the lanes. On Sunday, the newly organized Nassau League will get underway. One of the highlights of this league is a trip for the entire league membership at the end of bowling season. The League, will start soon, and will be closed in the near future, as only one or two couples are needed to complete the league. Next Monday evening the Martin County Businessmen's League will meet for the first time in league competition. Three leagues are planned by the lanes for Tuesday, according to Bob Gottron, manager. Now organizing is the Senior Citizens' League, a very popular league last year with the many Jensen Senior citizens. They begin league play at 1:00 PM on Tuesday, Sept. 11. Another league is the Tropical League, set for 7:00 PM, and the third league is the Dolphinettes, set for 9:00 PM every Tuesday. Some bowlers both men and women are needed to fill out the rosters in these leagues. On Wednesday, the Mixed Couples League will begin its season of league bowling at 7: PM. Bowlers interested in any open league can get information by contacting the league secretaries, or by contacting Bob Gottron. As the season approached, Gottron said, "We feel that the lanes and the league officers have gone to great lenghts to make this an outstanding year for Martin County Bowlers. The leagues have been extremely cooperative, and we look forward to the renewment of friendships in good sports that we made last year." The Mirror will offer complete coverage of bowling scores made available by league secretaries.

## Harold Glass Appointed to Zoning Board

Harold Glass has been appointed to the Martin County Planning and Zoning Board in order to fill the vacancy made by the resignation of Edward Whitman. A further appointment was that of Bill Bestemer to the Martin County Board of Adjustments.

VETERANS OF WWI-Met and talked with their national commander, John Bashara, Monday at Port St. Lucie. Bashara spoke to members of posts from West Palm Beach to Vero Beach. The meeting was held in the PSL island marina recreational building. Bashara talked of the legislative program of the WWI veterans, aimed at getting the benefits of WWI vets increased.

## MERMAIDS MEET AT 6:45 TONIGHT

The Mermaid League will meet at Our Lanes tonight at 6:45 PM, just 15 minutes before the regular league bowling. All members are asked to be present by league officials of information on league activities.

## B & W Co. Gets Bid

## Shhhhhh....Election is Tuesday...Shhhhh

EDITORIAL

Lately, the First District in Martin County is becoming known as the quiet, split, and unorganized voting place. With the largest registration, and perhaps the largest percentage of voters in elections, the First District has been ignored by most candidates for office.

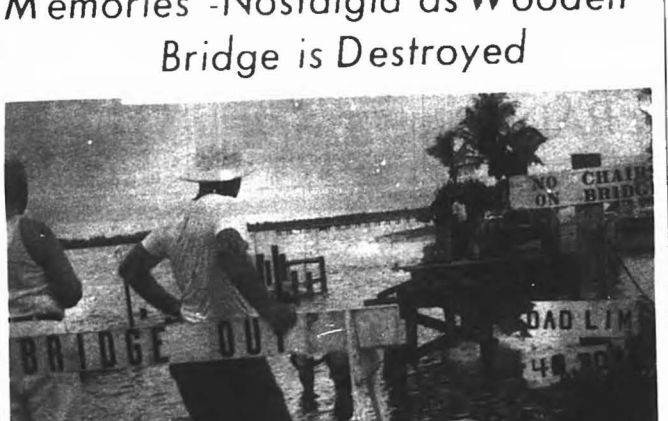
To our knowledge, only one candidate for the office of county commissioner has had the interest to come out to Rio and Jensen Beach to ask for our votes.

This seems to be an election that candidates desire to win by default. Just let the people vote for "a nice guy among nice guys". Then the popularity contest will make a complete mockery of the county commission office.

If the First District could only get together once, and vote a block vote that could control any election, perhaps then we might win the right to have a candidate tell us why he wants the office, and what he plans to do for us.

In the meantime, don't tell anyone, but there is an election Tuesday. Vote at Ocean Breeze, the Community Center, and at North River Shores.... quietly.

# Memories -Nostalgia as Wooden Bridge is Destroyed



Poor Bob Weisenberger, and Paul Ness spent hours recalling the past, when countless adventures graced the old rickity wooden Jensen Bridge to the ocean. Workmen were methodically tearing out the beams and braces to make way for fill that would afford a less dangerous roadway to the sea. As the sign says, the Bridge is really OUT. Pity.

## Bridge is Closed

The Jensen Beach bridge closed to traffic Tuesday, and the west span is being removed. Frank Wacha told the Mirror that the bridge would be closed for "about a week or more", until construction of a fill road is completed.

## HALL RECEIVES SENTENCE

Charley E. "Jack" Hall, operator of Jensen Bakery, was sentenced to six months to one year by Judge C. Pfeiffer Trowbridge on four different charges of passing worthless checks this week.

Hall pleaded guilty to charges that the checks were cashed last December at Pik Quik, where he was manager at that time.

# Penick's Visit 19 States

Dr. and Mrs. Richard Penick and their three children, Terry, Jacque and Kayleen have returned home following a 9000 mile trailer trip through nineteen states. Trip highlights included, Disneyland, the Painted Desert, the Petrified forest Walnut Canyon Indian Ruins, Grand Canyon, Hoover Dam, Las Vegas, Sequoia National Park and on to the World's Fair in Seattle Washington. Of special interest was their excursion over the Big Horn Mountain on to the Black Hills of South Dakota where they saw the presidents carved in granite on Mount Rushmore. They returned by way of Jefferson City where they celebrated their fourteenth wedding anniversary at the home of Dr. Penick's brother, Rev. Frank W. Penick. This entire tour, made towing a 19 foot yellowstone travel trailer, have made the Penick's confirmed trailerites. Of all the "wonders" they encountered, Dimeyland was voted the "family favorite".

## Jensen Bank Fourth In The County

The Jensen Beach Bank, expected to be open by mid November, will be one of the four local banks to qualify as a depository for county funds, according to the recommendations made by a study committee composed of Commissioner J. H. Bruner, E. C. Wareheim and Dr. W. Ira Williams. Each of these four banks, Peoples Bank of Stuart, First National Bank, First Bank of Indiantown and The Jensen Beach Bank will receive deposits of about one quarter of the county's funds.

## Causeway Beautification Donors

Donations of trees for beautification of the Causeway have been by the following, Mrs. Robert Hurley, Fred Escott, Mrs. Evelyn Voigt, L. Kroll, Robert Erath, L. F. Knowles, Paul Ness, Langford Hall Park Assoc., Jensen Beach Volunteer Fire Dept., Bridgeview Apt. Motels, Gordon Brewer, E. C. Wareheim, Rio Nursery, Johnny Crawford, John Langberg and Paul Hoverman. The ommission of any donations not listed is unintentional.

Walter Moody, Sewalls Point resident, recently hospitalized by a heart attack, is home and improving rapidly.

## LIVE..... and love it

BY
DICK CAMPBELL

It never ceases to amaze me, the amount of abuse that an American will take before he takes action. From the standpoint of world opinion, It is embarassing to be an American. From the standpoint of our opinion of ourselves in the world today, I'll almost bet that we are a little ashamed of ourselves. One way we might describe it is.. "We need more Harry, and less Tarry!" We need more "guts and less "nuts" in government. We need more "arm" and less "charm" in our foreign policy. How many people remember the phrase "Millions for defense, but not one cent for tribute." With that as the nations cry, we successfully kicked the pirates of Tripoli in the pants and freed American ships for passage on the Mediteranean Sea. We did not negotiate. We did not take slaps in the face, insults, or any of the things we are submitting to today. We acted as a great power. We would not bully, but, by God we would not be bullied. In the Monroe Doctrine, now a subject of abuse, we asserted to the Holy Alliance of Prussia, Russia and Austria (France as well), that the North and South American continents... "are henceforth not to be considered as subjects for future colonization by any European Powers." This included Russia. Old Teddy Roosevelt took his big stick in hand when needed, walked out the door, and brought it down on the head of Spain to free Cuba from Spanish rule. President McKinley asked and got authority to intervene in Cuba from our Congress. We gave the patriots of Cuba freedom in 1898. Hungary, Czechoslovkia, Poland, Viet Nam, Korea, China... All far away, and not much concern of the Americas. Now it is 90 miles off our Florida shore. A Communist take-over. If we allow this there will be more... and more, and more. On every major issue when we stood up and said, "No More"! the Russians backed down. On every major issue where the namby pamby foreign service diplomats we have told us to go easy or there would be war, we lost more territory to the Communist Cause. And now Russia is arming an alien government, with the support of the people, why would so many seek refuge in the United States? The time is past for words. The time has come again to say, "We are Americans, ..... with a capital "A". The time is now here for action... action... action. The time has come again to stand up for our neighbors to the south and give Cuba back to the Cubans. Let them decide their own government... not Russia. Put life back into the Monroe Doctrine. Put pride back into the American people. The people of the United States are ready to back the government in the only course of action that is left. To save Cuba, and our national pride, we must stop the Red Scourge from moving into our hemisphere. We must act. We must act now. What is this nation coming to, when we shun what is right, turn our backs on friends who count on us, and crawl under the curtain of diplomacy whenever danger threatens. Your President needs help. Your Congressmen need encouragement. Write them, telling them to back action on the basis of the Monroe Doctrine, and if necessary, go to war to stop the Communist foothold in the Americas. Do it now we have been putting things off too long.

## Deadline For Hunt Applications Oct. 26

Hunters wishing to participate in the gun hunts beginning Dec. 26 on the Citrus Wildlife Management Area must submit applications to the Game and Fresh Water Fish Commission at Tallahassee by Oct. 26. No hunter may participate in more than one of the four two day hunts to be held on Dec. 26-27, Dec 29-30, Jan. 2-3 and Jan. 5-6. Individuals or parties of not more than five hunters wishing to take part in any of these four hunts should apply immediately to offices of the Game and Fresh Water Fish Commission at Tallahassee, Ocala or Lakeland. There will be no special charges for hunting on the area beyond the regular hunting license and the regular $5.00 fee.

BEAUTIFICATION--Have you noticed the beautiful palm trees that have suddenly sprouted and grown to full plant size on Jensen's Causeway Park? It is the result of many men working to complete the beautification of the Causeway through a Chamber of Commerce sponsored project. Donated trees were moved with donated labor and were being put into place. More trees are expected as soon as the fill and road is completed to the new west bridge.

"All The News That Fits In Print"

Serving Jensen Beach - Rio - Sewall's Point - Ocean Breeze - Eden - Walton

Vol. 2 No. 37 Jensen Beach Florida September 13, 1962 5c

PROUD FISHERMAN--Larry Norton, left, caught this 44 pound, seven foot seven inch sail Saturday off Jensen Beach. Sailfishing from the Coral Reef, Norton, his wife, and Ernest Standish, right, had three sails on, landing this big one. As Standish said, "We'll have to get to be better fishermen before we are able to bring them all in", to which the editor adds, "They been tryin' that for years, and even the best ain't seem to get just that good enough".

COMPLETE CAUSEWAY--By the time you read this issue of the Mirror, the new west causeway will be open to traffic to Jensen's beaches and Causeway Park. County Commissioner Herman Frank Adams, discussing the situation at the causeway, said, "I know, Hopefully" when asked when the new road would be open to traffic. It closed last week as workmen tore out the old bridge, and SRD trucks combined in a joint hauling venture with county trucks to fill the area next to the new bridge. At the same time, it is being announced this week that bids will be accepted for the east bridge to be replaced on September 25. That would leave only the drawspan to give a new causeway and bridge system in Jensen Beach.

## Bruner Gets Confident Commission Seat

James Herbert Bruner, popular flower grower, head of Mafair Shopping Center, and director of the First National Bank of Stuart, was overwhelmingly elected to four years on the County Commission Tuesday, as a light vote in the county gave him a clear majority over his two opponents, Ed Menninger, Jr., and Ralph Hartman Jr.

Bruner polled 60% of the vote. He was appointed to the commission seat by the governor upon the death of Marvin Rowell.

The vote went close to most predictions, with county buffs in a quandry over whether Bruner or Hartman would win. As usual, a mass of people immediatly said, "I told you so.....", one of the favorite after the vote expressions.

The race was aparticularly quiet one, with very few people publically appealing to the voters in Jensen Beach.

## PTA Halloween Carnival Set October 31

Jensen's P. T. A. held its first meeting of the new school year last Tuesday, and set the date for the annual PTA Halloween Carnival for the night of October 31st. Nell Sprott presided as the president for the first time.

Shirley Granfield was elected secretary of the group.

Mrs. Sprott announced that the executive board meeting would be held at 3 p.m. on the afternoon of the PTA meeting each month.

The fifth and sixth graders of the school are getting fashion conscious, Mrs. Sprott announced, and would like the PTA to install mirrors in the girl's rest rooms.

## Commission Endorses Reapportionment

The county commission endorsed the reapportionment of the state legislature, and urged the citizens of Martin County to support the reapportionment issue on the ballot this November.

They also voted to let a contract to build a bulkhead on the west fill causeway for England Marine under an emergency order to protect the filling project.

## Thanks..We're One

One year ago this Friday, the Jensen Beach MIRROR published its first issue. The editor and staff would like to thank everyone in Martin County for their support and encouragement during the very difficult first year in a new newspaper's life. We will continue to offer an active history of life in the Jensen area to the best of our abilities. We hope you all will continue to give us the support that you have in the past.

The Editor

Walt Robinson, well known local Jaycee and conteremporary leader at Pratt-Whitney Aircraft, has accepted a position as teacher at Morton, Pennsylvania, with the Chance Helicopter Division of Boeing Aircraft. Robinson, his wife Betty, and their children will leave for Morton on September 20.

## HOW OLD IS ANN?

How old is Ann? Many is 24 years old. She is two years old on Sunday with Mary, who is also 24. You know. It appeared in the New York Press in 1903 and caused great concern. Are you stumped?

NEW ADVERTISING MANAGER OF THE MIRROR

## Rush Hughes Joins Mirror Staff

Rush Hughes, nationally-known writer and producer of network radio and television programs, joins the JENSEN BEACH MIRROR with this edition, it was announced by Editor and Publisher Dick Campbell. He will be Advertising Manager, developing new business in the advertising department. His writing assignments will include general news and features based on his long study of generatrics and the problems of retirement. Excerpts from a book now in preparation titled "FOOTLOOSE IN FLORIDA" will also appear in the MIRROR under his by-line. Educated at the Manlius Military School, Mecersburg Academy and Princeton University, where he studied chemical engineering, Hughes entered the moving picture business immediately after leaving college and played juvenile leads to such stars of the silent days as Norma Talmadge, Colleen Moore, Mae Murray, and Renee Adoree. After seven years in Hollywood he accepted the challenge of the then new radio industry and spent thirty five years in it filling every position but engineer. His coast-to-coast credits in this medium include the original story telling HUGHESREEL, and the reactivation of THE HOUSE OF MAGIC by the late Floyd Gibbons. Of recent years he has devoted much time to television writing and producing, commercials and programs, including the first three of the New Year's Day spectacular from Pasedena. Born in Jamacia, Long Island, Hughes lives with his wife the former Maggi Lane of Tulsa, Oklahoma, in Palm City. They plan to take up residence in Jensen in the near future.

## Blinker Light - Clean Up Corner, Accident Witnesses Demand

ACCIDENT DANGEROUS CORNER--Jim Mills, deputy sheriff, directs traffic around another wreck at Jensen's most dangerous corner, the intersection of Highways 707 and A-1-A (Sewall's Point Road). As the cars continue to pile up at this intersection, more and more residents are asking for action in clearing the area of visual obstructions, as well as a blinker light to control traffic. See the article inside.

## I LIVE..... and love it

BY

DICK CAMPBELL

It certainly doesn't seem like a year but here it is. One year of business many things. First we are one year older. One year wiser in the history of the Jensen area we can offer more experience guidance on the problems that face our community area. Things have changed. Many new people have come into the Jensen area in the past year. Many homes have been built. One year ago we did not have the Outrigger Restaurant, and the Bowling Lanes had just opened. A bank in Jensen was just hoped for and Ocean Breeze Park was just a little smaller. A newspaper called the "Mirror" was said to be impossible and could not last more than a few months. Starting with lots of hope little money, and a bunch of wonderful people, we sat in the 9 foot wide by 20 foot long room trying to put together the first issue of the Mirror. In the room was my wife, Dea, Ives Cary and his wife Dora. The girls helped wherever necessary, mostly keeping the hot coffee boiling. Until four and five each morning we worked for a solid week trying to get the first issue to bed, and ourselves dragged to bed after each phase of work was finished. Finally the first issue was completed and hit the street on schedule September 14, 1961. The lead stories were concerned with Plans to begin development of Jensen Causeway Park, and we have come a long way on that. NASA was thinking about moving into Martin County (and didn't), new lifeguard chairs were purchased for the beach, and Ocean Breeze became Precinct 14. Our Lanes reopened after having been closed for a long time. The skeleton at Causeway park was almost completed. The PTA Halloween Carnival was being planned, and the Chamber planned two regattas for the season. Mary Lou Hendry had a surprise party on her birthday, the Lions set October for their light bulb sale, and the old Peabody building was being torn down. Fire destroyed the "Garden of Eden" a landmark, and Dr. Wheaton began filling in his property on the Indian River. We have come a long way in the past year. We have a printing plant and the little 9" by 20" room gave way to our present 20" by 30" building. Modern IBM typesetting equipment has replaced the typewriter type, and an automatic headline setting machine has replaced the painstaking single letter making machine. One thing remains the same, dedication to

## Bids to be Accepted Sept. 25

Bids for the new bridge to be built over the east relief channel in the Jensen Beach Indian River Causeway will be accepted Sept. 25 according to the State Road Dept. The project consists of a 656 ft. bridge bulkhead, and handrails, all of prestressed concrete to be built on prestressed concrete pile bents. Also included in the 1.87 mile project are approaches with a 6.5 inch limerock base and type I asphalt concrete surface. Bids must be submitted at Casino, Pensacola Beach on Sept. 25 at 10:00 AM Central, not Eastern Standard time.

## Forsbergs Entertain at Picnic

Mr. and Mrs. Frank Forsberg of Linda Drive held Causeway picnic and party La Fete Day for people for whom they had built homes. Although many of these people are still in the North, the guests present included, Mr. and Mrs. David Martz, Mr. and Mrs. A. Schaefer, Mrs. S. Evans, Mr. and Mrs. H. Monso, Mr. and Mrs. E. Sutter, Mrs. J. Schaefer, Mr. and Mrs. S. Lowrie, Mr. and Mrs. F. Powers, Mr. and Mrs. Paul Hoverman, Jean Ross and Helen Farnell, Mr. and Mrs. A. Schnoder, Mr. and Mrs. E. Kinsella, Mr. and Mrs. E. Hain, Mr. and Mrs. J. Mace, Mr. and Mrs. F. Standish, Mr. and Mrs. L. Farnell, Mr. and Mrs. A. Hautt, Mr. and Mrs. F. Woolflin, Mr. and Mrs. G. Burgion and Mr. and Mrs. D. Palmer.

Mr. and Mrs. Jack Lucas are home in Jensen after an extended trip through Ohio, Michigan, Pa., Niagara Falls and Canada visiting friends and relatives along the way.

## Letters

*to the Editor*

Mr. Richard Campbell

I sure liked your live and love [illegible] edition of Sept. 6th.

You sure hit the nail on the head. What we need in our State Dept. is men with more guts. Oh! for old Teddy Roosevelt who by this time would have told the Russians off!

Dick, give us some more editorials like that. I am sure every red blooded American feels the same way.

Sincerely,
Albert C. Haab

## Sam Rhodes Donates Fill

Sam Rhodes received high praise from Commissioner Frank Wachsand fill for the west Causeway of the Jensen Beach bridge. The fill was removed from Legion Heights by five trucks and an end loader loaned by the State Road Dept. In all, the County had four trucks working on the project. If it had not been for Rhides civic gesture, fill would have to have been transported all the way from Walton.

# Mrs. Blakeney Injured in Car Collisior.

Mrs. Emmaline Blakeney of Jensen received minor cuts and bruises as a result of a two car collision at the intersection of 707 and A1A in Jensen Beach Monday morning. David Moore Sr., of Detroit, Mich. was driving south into the Y-shaped intersection, and Mrs. Blakeney was traveling north. Deputy Sheriff James Mills, the accident investigator, charged Moore with failure to yield the right-of-way to oncoming traffic. Total damage to the two cars was $700.

Mr. and Mrs. Phil Baker, Don Johnson, Mrs. Edna Wolf and Mr. and Mrs. Sam Rhodes Jr. celebrated Sam's birthday Monday evening with dinner and "fun" in West Palm Beach.

Next to headaches the most common form of pain is backaches.

# RICOU BROWNING MAKES MOVIE

Ricou Browning, former area resident, has completed the Film story "Flipper" in conjunction with Jack Cowden. MGM and Ivar Tors Films Inc. will use the Fla. Keys, Bahamas and Virgin Islands as settings for the movie. "Flipper" is a story of a boy and a dolphin, according to George Bourke, Miami Herald reporter.

# Chamber Writes Letter to County Commission

The Jensen Beach Area Chamber of Commerce voted to send a letter to the County Commission requesting these safety improvements; blinker lights at both Commercial and 707 and 707 and A1A. It will be further requested that all signs and weeds be removed from the 707-A1A area in order to allow clear traffic. This letter will be referred to the State Road department by the Commission.

Samaritan drivers, Reg Walker, Martin Wahl, Al Ferguson and Bob Larson transported two area women to Martin County Hospital for treatment this past week.

## Fishing News

Johnny Crawford of the Snook Nook reports fishing, in general greatly improved, with the surf producing blues, pompano, snook and tarpon. Snook and snakers are being taken from the bridges and the trout are there, but not particularly biting. Croakers are especially good on the Roosevelt and St. Lucie bridges. Joe Perlberg took two tarpon in the surf, weighing 38 and 45 pounds. "Cap" Tooker caught two snook. Andy Demolivitch, one snook, Bert Waldhaus, eleven blues and some bottom fish in the surf. On the bridges, Hank Hambrock took nine snook and released them all; he also caught four trout and a croaker. Jim Latimor took two snook, Billy Boyce, three trout and ten trout for Harry Dicky. Ernie Standish landed a seven foot, thirty-nine pound sailfish. This is the first "sail" he has boated in ten years.

## Jensen When

### Rush Hughes

This city by side of the river was hand chopped from the wilderness by pioneers who dared death to make it come alive. Adventurous men and women left comfortable homes in the heart of America to live in palmetto-thatched huts, fight off snakes, wild animals and mosquitoes. Most of them came down river by boat or by barge. A few walked in. Others arrived from the west in wagons drawn through the sand by mules or oxen. All of them fought a good fight, . . . and left behind precious memories. Many of these long timers well remember JENSEN WHEN.

The late William L. Fredricksen recalled it as . . . "a rich city. No question of it. Jensen was so rich it was the only town along the coast that could support a circus. We had a 20-car circus come to Jensen every year and people came from Fort Pierce and Stuart and Palm Beach to go to the circus." Fredricksen arrived in Jensen September 20, 1893, on a boat called "Saint Augustine", 125 feet long and 80 feet wide, the craft made regular runs from Titusville to Jensen, carrying passengers, freight and mail.

A storm about a week before his arrival had blown down most of the docks between Titusville and Jensen and people rowed out in small boats to pick up freight or mail or anyone coming ashore. Fredricksen was entranced with what he saw. "We landed in Jensen after the most wonderful trip down a river I ever knew in my life. Fish were jumping in the Indian River, pompano were flashing, the sun just coming over the horizon, shining on the palmetto trees on the west side of the river, people all singing and shouting as we came close. I thought I was headed for heaven." But we soon found out there were a number of pioneer problems to be solved. "We came ashore in a small lighter. We were greeted by mosquitoes. That was the only greeting we had. We made a rush for the hotel or we'd have been eaten up. They had a fifty room hotel, pretty nice looking and well equipped. . . . The mosquitoes were bad in there too." There was also the problem of finding work for the newcomer. There were two industries in operation. . . pineapple raising and fishing.

I took anything I could get hold of to begin with. His father had given ten acres of land back of the hotel and started to clear it for pineapples. When he had two acres ready, he put in the slips and settled down for the long wait of 22 months before he could harvest a crop. But just four months away from harvest. . . a frightening blow paralyzed the pineapple business in Jensen. "It got down to 18 degrees, there was ice along the waters edge. The mangroves across the river were frozen down to the water's edge all the way to Fort Pierce. That's the coldest it ever got here.

The pineapple growers hadn't recovered from the shock of that freeze when a second one hit in February and wiped them out completely. Scattered all along the river from Fort Pierce to Stuart. . . . "We were in a bad fix. Most of these people couldn't get a cent to start. The ones with farms had to mortgage their places to get enough money to live until we got a crop. We didn't get to ship pineapples until 1897, four years after we landed in Jensen, and we only got half a crop. As the years went by we shipped from 2 to 3 car loads of pineapples a day between the middle of May and the middle of June." To help ends meet until the pineapples were in, young Fredricksen spent two years as a commercial fisherman. In the spring of 1894. . . "the railroad came through here and saved our personal lives. I got a job on the railroad pumping water. They paid me 25 dollars a month. With the fishing and what little I made on the railroad we got along."

Although he never spoke of it much Fredricksen revolutionized the pineapple growing business. The fields stretched away, for miles beyond the range of an observers eye. In the first days, the packing sheds along the river where they prepared the fruit for shipment north. Later the packing houses lined the railroad tracks. But it was a long haul way to get the pineapple from the fields to the loading platforms. Men hoisted big baskets on their backs and toted them in. Some growers had mule-drawn wagons. But Fredricksen changed all that. He invented a motorized tram car. He hooked it on to a train of carts and hauled them in on wooden rails.

Important as was his contribution to pineapple growing. . . . Fredricksen also recalled JENSEN WHEN. . . "beans were raised on the island over there. They grew all the way down from Fort Pierce to opposite Jensen. Thousands of hampers were shipped out every day."

In the early days of 1900, they were shipping two and three cars of fresh fish a day and anywhere from 20 to 30 cars of barrels of fish by express. That was when. . . "Jensen was a rich city. Jensen was so rich it was the only town along the coast that could support a circus."

PRESS CONFERENCE -- Members of the press meet the new officers of Martin County's new industry, General RF Fittings, at luncheon held at Port St. Lucie County Club last Tuesday afternoon. Left to right are, Bob Johnson, Committee of 100; Clayton Braddock, Miami Herald; Joe Crinkshaw, Stuart News; Walter Caswell, chairman of the Committee of 100; Lawrence Horton, vice-president and manager of the new plant; Major George Perkins, company officer; Ed Gluckler, Martin County Press Services; and Mary Hartman, Palm Beach Post-Times. Also present was Dick Campbell, Mirror editor.

## Electronics Plant is Announced

A new $1,00,000, one story industrial plant of General RF Fittings, Inc., manufacturers of coaxial cable connections used in missles, rockets and communications should be completed here by April. It will be located four miles south of Stuart on Lucie Ave., close to US 1 in Port Salerno. The Martin County Committee of 100, jointly with Mr. Potsdam, chairman of the Board of Directors of the Company, Lawrence Horton, Vice-President and plant Manager and Frank Wacha made this announcement. Horton, who spent many months investigating Martin County and other East Coast communities commended the committee of 100 for the effective work they have done. The plant which is to employ 35 to 50 persons with an annual payroll of $100,000, requires personnel with a "high degree of skill and considerable experience," according to Horton. He also expressed appreciation for the cooperation given by the Martin County Commission and the Planning and Zoning Board. In extending a warm welcome to Horton, Potsdam and General RF Refittings, Inc., County Commission Chairman, Wacha said "This new plant will be an outstanding addition to our economy. The plant, occupying 5 acres in a 20 acre section recently zoned for industry will be a Martin County show place. It is to be of modern design, attractively shrubbed and set well back from the roadway. Plans are now out for bids, which will be opened Sept. 25.

## MIL'S OPENING IS NEXT MONDAY

Mrs. Kitty Robertson and Mrs. Mildred Filton announce the re-opening of Mil's Glamour Nook Monday morning, Sept. 24th beginning its fourteenth year of business in Jensen.

## Tom Crook is Pappy Again

Mr. and Mrs. Thomas Crook became the parents of a son, Chris Lee, on Monday Sept. 17 at 9:15 PM. Chris Lee weighed in at a healthy 7 pounds 9 ounces. Tom Crook is Superintendent of schools for Martin County. Mother and baby are doing fine.

## FCD Wins Tax Fight

The State Supreme Court blasted the hopes of Martin County in its fight with the Central and South Florida Flood Control District by upholding the constitutionality of the ad valorim taxes levied in 17 counties yesterday. The ruling seems to bring to a close the one county fight to stop damage of a load of silt being thrown on Martin County's St. Lucie River by discharges from Lake Okeechobee by the FCD each year. Siltation has almost filled the wide part of the South Fork.

The ruling of the Supreme Court stated that the members could not find injury.

Martin County had tried in vain to have the tax declared unconstitutional.

## Pat Sullivan's Open New Store Saturday

Many people have hobbies, but few turn them into money. Pat Sullivan is an exception. When he and wife came to this land of Rivers, Pat was a famous fishing authority. He was also the world's champion tackle juggler to put a radio station back on the air with a flick of the wrist. When one of Miami's hurricanes toppled the broadcasting tower most of the Dade station equipment was ruined. A single wire strung from the roof to two trees. The lines were too short, the roof too weak. Patrick put his equipment out on the lawn, and the station went on the air. Pat's brother

# ARNO TRAVEL AND AIR FRANCE OFFER MEN A 'STAG PARTY' TOUR OF EUROPEAN WINE FESTIVAL IN NOVEMBER

An exciting trip, designed for Men Only", has been announced by Arno Travel Service, Inc., in cooperation with Air France. The tour, a fourteen day trip to Europe, will feature the 1962 Wine Festival of Europe, and will be held November 13 through November 26th.

The trip promises an exciting fourteen days that start with a transatlantic jet flight to Europe, reaches out to such colorful and adventurous towns as Paris, Bordeaux, Narbonne, Roquefort, Dijon, Strasbourg, Reims, and back to Paris. The entire trip, including Air France transatlantic flight and land transportation in Europe, costs the adventurous male only $630.

Many parties, featuring surprises galore, will highlight the Stag Party trip.

Personally prepared by Andre Bonard, head of Arno Travel of Stuart, Fort Pierce and Vero Beach, the trip is one that will be long remembered by those participating.

As a leadoff, the party will leave New York by Air France Jet for Paris on November 13th.

The next day, November 14, the party arrives in Paris at the Orly Airport, changes planes and heads for Bordeaux, home of the red and white Bordeaux wines in Southwest France. November 15th and 16th are spent in Bordeaux, and the morning of the 16th the party moves on to tour Roquefort sur Soulzon, home of the famous cheese.

The next day, the party moves on to Dijon. There the Gastronomic Fair of Dijon is in high swing, and party members will take part in the festivities. They will also be happy to visit the famous wine cellars of Dijon, as well as the many vineyards, famous for the Cruse de Beaune, Nuits St. Georges, Gener Chambertin and Clos Vougeot.

The morning of the 20th, the party moves to famous Strasbourg. There they visit the Rhine valley and vineyards of the Bas-Rhin. They then move on to Reims, the 21st, where they will experience the thrill of the champagne center of Europe. Touring the champagne cellars is just a part of the exiting things in store in this thrilling city.

Returning to Paris, the party is in the climax of the trip in a city famous for its hospitality. A tour of the city, visiting the opera, the Grandes Boulevard, the Champs Elysees, tomb of Napoleon, Fiffel Tower and the Trocadero, Montmartre Hill, and the Sacre Coeur Church.

That night the tour will be in for a real treat... an evening show at the famous Lido to view the beautiful show and be served a bottle of champagne.

All of November 25th is spent at the leisure of the party members, and on November 26th they return to New York by Air France Jet, arriving the same day.

Accomodations at the first class deluxe hotels, and a personal invitation extended by many chateaux, inns and restaurant owners where the members of the Stag Party will dine in romantic candlelight atmosphere will be added to the many parties planned. These are surprises to be learned from the hosts of the tour.

The complete itinerary and further information may be received from any Arno Travel Office.

# Congressman Rogers Deplores Cuban Buildup

Congressman Paul G. Rogers today called for action to be taken against the Russian Build-up in Cuba. Rogers called for these seven specific steps:

Full scale U. S. air and surface military exercises in International waters off Cuba with warnings to all that any vessel entering the exercise zone does so at risk.

Alert the U. S. Armed Forces to exercise maximum precautions for the protection of the U. S. mainland, with particular emphasis to guarantee the safety of Cape Canaveral and Florida.

Diplomatic moves should be taken to halt further transport of Soviet military goods and personnel to Cuba by NATO flag ships. Our Government should stop such flag ships from using our ports until they suspend their Cuban activity.

Make the U. S. Naval Base at Guantanamo Bay, Cuba ready for action if provoked or attacked. This should include evacuation of women, children and any civilian employees now not necessary for military operations.

Assure adequate military personnel and material to guarantee security of the Panama Canal Zone; and to any hemisphere nation which might request such forces for its protection.

Strictly enforce the provisions of the Mutual Security Act which prohibits U. S. aid going to any country which aids Cuba.

Pursue just payment of U. S. properties expropriated in Cuba by the Castro regime immediately after its takeover.

Mrs. Chris Kalb, acting Sunday School superintendent, will conduct a Christian Education meeting at 7PM tomorrow evening at the Community Church. Rev. Newton will attend together with Education Committee members and Sunday School teachers.

Opportunity often comes disguised as hard work.

## House of Refuge Parking Increased

The County Commission has increased the parking area of the House of Refuge by ten parking places, and has provided special areas along the beach road for fisherman to pull off the road so that they would not become mired in the sand, and so that the parking areas for the House of Refuge could be used more for visitors to the museum.

Mr. and Mrs. Charles S. Sundin formerly of Boston, Mass., moved into their new home in Jensen Highlands last Friday. Tomasi and Yurillo were builders.

## Frank Wacha Wins State Post

Martin County was honored last week by the Florida County Commissioners, as members, meeting in Miami Beach at the D'Ainville Hotel, named Frank Wache, Martin County Commission Chairman, to the board of directors of the state organization. Wacha will represent the Sixth Congressional District on the board for two years. he also was appointed to the Natural Resources Committee of the national Association of County Commissioners for 1962-1963.

The meeting of the state organization was a semi-annual meeting, and the Martin County Commission was represented by Mr. and Mrs. Frank Wacha.

MEET THE NEW OWNERS--Helen's, successor to Mil's Glamour Nook, is the new name, and top new owners are Mrs. Helen Smith, left, and her husband, Leonard Smith. At right is Mrs. Kitty Robertson, sales manager.

## Our Lanes Auction Is Set For October 15th

Our Bowling Lanes, in Rio, will be auctioned to the highest bidder October 15, at 11:00 A. M. Judge D. C. Smith handed down the ruling in circuit court on Monday of this week.

First Federal Savings and Loan Association of Martin County originally won a decree in its favor on February 2, 1962. But the case was re-opened by Maule Industries, Inc., holders of a lien for material supplied. Maule, Jensen Properties, Inc., Luckhardt Construction, as well as First Federal Savings and Loan Association, have been given the right to bid at the sale. First Federal holds the mortgage on the property in the amount of $106,582.24, with interest of $8,949.39; costs of suit, $290.72; expenses $2,831.43. Judge Smith allowed $6,000 for the attorney of First Federal, Robert F. McRoberts, Jr.

## LEONARD SMITHS PURCHASE MIL'S, CHANGE NAME TO 'HELEN'S'

The purchase of "Mil's Glamour Nook," and its renaming to "Helen's" has been announced by Mr. and Mrs. Warner Tilton, Jr. and Mr. and Mrs. Leonard Smith. "Mil's Glamour Nook" has been a popular center of women's fashions in Jensen Beach for years. The Smiths said that they would continue the policy of "the latest fashions for the ladies," carried on successfully by "Mil's" in the past.

Kitty Robertson, sales manager of "Mil's", will continue as sales manager of "Helen's," named for Mrs. Smith. Hours of the shop will be the same, 9 A. M. to 5 P. M., closing on Sunday and Wednesday afternoon. The Wednesday afternoon closing will be ended the week before Thanksgiving.

Leonard Smith is owner of the Leonard J. Smith Co., Inc., a marble tile and slate contracting firm in Columbus, Ohio, and Tinta, Inc., a distributing corporation. He is a director in the new Jensen Beach Bank, and the Smiths live at 227 River Court in St. Lucie River Heights in South Jensen.

Helen Smith announced that "Helen's" would continue to carry such lines as Jantzen swim and sportswear, M. C. Schrank lingerie, Shi-Ja Shore blouses, Blue Swan lingerie, Exquisite Form brassieres, Hanes hosiery, Mainliner sweaters, Cheshbilt handbags, Globe knitwear, New-ert blouses, and dresses by Smart Miss, Bennett, Cover Girl, McKay, Blair, Pat Nichols, B. S. Kaye, Miami Casuals and the favorite swim line of All of Miami.

The sale was handled by Tilton Real Estate.

POLITICS IN FASHIONS--Guests of honor at the Outrigger fashion show-dinner by the Republican women of Martin County were (left to right) Fred Wilson, candidate for Congress from the 6th District, Mrs. Ole Almagani, Carl Megelin, candidate for state senate, Henry Gunn, Jensen candidate for the school board, and Dolene Stokes, who is not a candidate. Not in the picture were J. W. Hussey, candidate for the school board, and Mrs. Hussey. Megelin emcee'd the program, leaving his talk to the fashions in politics today and calling for a Republican uprising to establish a "two party government."

WHO CARES ABOUT BEAUTIFICATION?--This seems to be a moot question, as the Chamber of Commerce continues to encounter apathy on the part of local civic clubs who joined together just one year ago in an effort to beautify Causeway Park. The "Let's Go!" of one year ago seems to have subsided into a "Ho Hum." Just one donation, from the Jensen Woman's Association, has come in in answer to the Chamber plea for money to finish the beautification project before the winter season. If all civic clubs would answer the call as the Jensen Women did this week, we would have a beautiful Causeway Park that would be an attraction to bring back many visitors.

# Rogers Cites Report on Defense in Florida

Congressman Paul Rogers has cited a special report just issued by a task force of the House Armed Services Committee. The Report of the Special Subcommittee on the Defense of the Southeastern United States, directs that intensified military planning be executed for increased defenses in that region. It also urges that maximum precautions be taken to guarantee the security of such installations as Cape Canaveral, the missile research center at Huntsville, Alabama, and the areas surrounding them.

In his comments, Rogers said, "This action will come as re assuring news to Floridians so vitally concerned with events surrounding the Cuban buildup. The report is gratifying to me as it verifies such a plan I had called for in an address before the House last week. Efforts such as these will do much to demonstrate to the Communists in Cuba that we mean business."

## JUNIOR COLLEGE SURVEY TAKEN

The Jensen Beach Woman's Association completed a survey this week of the Jensen-Rio area for the Indian River Junior College. The "Man in the Street" survey asked questions that would give the college answers to questions that could improve the college program in the community area.

Working onthe survey for the Woman's Association were Mrs. Jack Kuhn, Mrs. Chris Kalb, and Mrs. Charles A. Durvea.

# Confirmation Classes to Begin Next Week

Confirmation classes at All Saint's Episcopal Church will begin October 2. The classes are open to all, for refresher courses and for those inquiring into the teaching of the Episcopal Church, as well as those preparing for confirmation.

Separate classes will be held for adults and for children. The adults will meet each Tuesday evening at 5:00, starting October 2. Each class will consist of a one-hour lecture and a short break followed by a question and answer period, and will conclude by 10 o'clock. The children will meet on Tuesday afternoon from 4:30 to 5:30, and on Saturday morning from 11 until noon. The first class will be October 2.

The classes will continue for approximately three months. Confirmation date will be announced when word is received of the date of the Bishop's visitation, which is expected to be in January.

# 'Holiday Gift Table is Planned'

A meeting to make plans for the "Holiday Gift Table" of the Jensen Beach Women's Association was held at the home of Mrs. Harry Miller.

Articles donated or made by members will be on sale at all meetings and card parties held at the Jensen Beach Women's Association from October 1 until the holidays. Any member who would like to participate may call Mrs. Miller, AT 7-2712, or any of her committee: Ivy Wahl, Dorothy Mercer, Marie Miller, Johanne Bruning, or Della Mack.

# Port St. Lucie Honor Employees

Awards for one and five years' service were presented to more than 80 General Development Corporation employees at Port St. Lucie Country Club this week.

Receiving a five-year award was Russ Steele, of Port St. Lucie.

# Laura Atmar Completes Course in Art and Illustration

Miss Laura D. Atmar, of 703 N. W. Old Dixie, has completed her three-year course in the Famous Artists Schools of Westport, Connecticut. Miss Atmar specialized in commercial art and illustration, with this home study school.

Directing the art courses is a number of distinguished artists, among them are Norman Rockwell, [illegible] and Jon Whitcomb.

# Raulerson's Visit Jensen

Mr. and Mrs. Otis Raulerson of Okeechobee visited with their son Buck Hendrix for a week, returning to their home Monday. The Raulersons lived in Stuart during the 1930's, and moved back to Okeechobee in 1935. Raulerson is associated with the Florida School for Boys at Riverside Plantation. While here, Raulerson caught blues in the surf, and fished off the bridges. Mrs. Raulerson spent her time visiting with friends.

Nope, folks who live on a party line never need a newspaper.

Folks who always raise the devil seldom get into debt.

## Local Post Office Commended

Postmaster F. F. Kendall said today he had received a letter from William H. Neal, National Director of the U. S. Savings Bond program, commending the local post office for its efforts in the promotion and sale of U. S. Savings Stamps.

On behalf of the Treasury Department, may I express sincere appreciation and ask for your continued active cooperation. Through the sale of U. S. Savings Stamps you offer a convenient service to schools and to the public in general."

Postmaster Kendall expressed his own endorsement of the Treasury Department's School Savings Program for the purchase of Savings Stamps and Bonds. Savings Stamps are on sale at the post office at all times, as well as on School Stamp Day each week in local schools.

## Fishing News

Fishing has picked up lately, with pompano, snook and blues hitting on plugs in the surf, according to Johnny Crawford at the Sno-Nook. Fishermen hitting the bell this past week included Al Kro', with 7 snook, John Cidlowski got 5 pompano, Burt Fania hit 2 pompano and lost the battle to two large tarpon. As usual, it was a youngster who showed the old-timers how to do it. Dennis Townsend caught 6 blues, 2 snappers and 1 channel bass. Dennis is only 11 years old.

On the bridges, trout and snook are being taken. Bottom fishing dropped off to very little. Doc Schall caught 8 snook on eelskin and Andy Demolivitch landed 2 snook and 1 trout by plug casting. Mr. and Mrs. Ernie Webster tried live shrimp and found 8 snook. Jim Lattimore caught 3 snook on small shrimp and Jim Elmore hit and landed 16 trout on live shrimp as Burt Wadhams was landing 11 trout and some croakers. George Gould landed 6 trout on live shrimp.

## Pete Bordoloni Entertains Well at Opening

Pat Sullivan, who opened his Gem Cutting Shop in Stuart last week, was not kidding when he called young, 11 year old, Pete Bordoloni a genius of the guitar. The boy stopped the show at the opening, and a pin could be heard to drop as his flying fingers touched the frets of the guitar. He has a touch far beyond his years.

# Museum Breaking All Attendance Records

The annual report of the Martin County Historical Society, prepared by Director Stephen Schmidt, reveals that people from all parts of the country know two good things when they see them. Attendance at both the House of Refuge Museum and the Elliott Museum of Vehicular Evolution are attracting ever-increasing numbers of visitors ... almost fifty thousand of them in the past ten months.

At the House of Refuge, principal attention centers on the turtle tanks and the "Turtle Scrubbing Club" formed to remove algae growth from the little ones. The south end of the museum, formerly used as crew quarters when the House of Refuge was devoted to sea rescues, has been remodelled into a Marine Biology Hall that includes a model ship building shop.

Additions to the Elliott Museum leave the visitor entranced. Already established in the community as a cultural center through its art exhibitions, lectures and film showings of world-famous for the Elliott collection of antique automobiles and cycles ... the museum also stands apart on several other counts. Its authentic reproduction of Indian life in Florida, the Americana Shops, including a tonsorial parlor that promises tooth pulling once a week, the circus replica, the General Store and many other displays have broadened the base of the museum's attraction to the point where it approaches the status of a national shrine. The Martin County Historical Society, its director, assistant director, and countless volunteer helpers serve us well.

NEW TOWER--Moving the siren from the old fire house to the new is going to be quite a chore, and members of the Jensen Volunteer Firemen turned out in force on Tuesday night to hold a fire drill and begin construction of a tower to hold the siren. Planned for about 30 feet above the ground, the siren calls firemen to the station in the event of fire.

# THRIFT SHOP OPENS TODAY

The Thrift Shoppe opens today for the winter season, according to Mrs. McLarty, manager of the Community Church store.

Hours during the month of October will be from 9 A. M. to 5 P. M. on Thursday, Friday, and Saturday. The Thrift Shoppe will be closed the rest of the week.

November will see the Thrift Shoppe open six days a week.

Organized by the Community Church leader, Leonard L. Smith, just three years ago, the Thrift Shoppe is entering its fourth year. During the past three years, the store has received $11,396 in donations for varied merchandise that the volunteer members of the church committee have fixed up and placed on the racks of the Commercial Street location.

Smith reported that the store has averaged $22.80 in donations each day it has been open. The donations to the Thrift Shoppe are turned over to the Community Church building fund.

Mrs. McLarty issued a call for donations of merchandise to the Thrift Shoppe. Anything from an old refrigerator to a suit or pair of shoes. The shop is a maze of items useful to many people.

Mrs. McLarty also asked that any volunteers interested in the church project contact her.

## Winter Residents Returning

"They are coming back about ten to fifteen a day," Harry Hoke reported yesterday in answer to the Mirror's query about the return of our winter visitors. He added that many are coming into the Town of Ocean Breeze Park and staying for a few days before checking in at the office, so the figure might be larger.

The residents of Ocean Breeze will all be back in a few weeks, Hoke said. This means six hundred families in the giant park. Hoke said the one most repeated comment of the returning vacationers was that it was a very cold summer up north. One person reported sleeping every night but two under an electric blanket in Wisconsin.

## Editorial: SRD INTERSECTION REMAINS A HAZARD TO DRIVERS

ACTION -- The State Road Department mowed its lawn last week. The area has been under fire as a death trap by local residents, so the truck pulled up in front of the danger spot and men cleared off all the low grass in front of weeds, plants, trees, and signs that still form a massive obstruction to vision. At least it is a neat obstruction to vision.

STILL THERE AND STILL REMEMBERED -- This is the speed limit sign that warns motorists who are lucky to get by the dangerous A1A-707 intersection that it is a 55-mile-per-hour zone. Somewhere behind all this is Highway 707, a well-traveled highway that shuttle, motorists into the SRD-ignored danger zone.

## Rogers Speaks Here October 24

Jensen Beach area residents will have the opportunity to talk to Paul Rogers, 10th congressional district representative to the House of Representatives, at a coffee on Wednesday morning, October 24, at 10 A. M. The coffee will be at the Community Hall of Ocean Breeze Park, and [illegible] for the reception will be Mrs. Frank Rogers and Mrs. Walter Eichen.

The [illegible] will be open to the public [illegible] and will follow a coffee at [illegible] A. M. at the First National Bank's Community [illegible] in Stuart.

That same evening, Rogers will speak at the Women's Club [illegible] P. M. in Stuart, [illegible] to report on the activities of the Congress.

## Wacha to Attend Realtors Meeting

Frank Wacha, county commission chairman, and Bill Owens, representative-elect of Martin County, will be a panel to discuss new legislation for the county that is being considered for the next session of the Florida Legislature, at a meeting of the Stuart Board of Realtors tonight (Thursday) at 7:30 P. M. at the Stuart Hotel in Stuart.

## Chamber Plans 'Causeway Capers'

The Chamber of Commerce Regatta Committee decided at a meeting last week that the Chamber would sponsor an event called Causeway Capers at 1:00 P. M., November 25. The event is to welcome winter residents back for the season and to show what is happening on the causeway beautification project.

There will be a ski show, barbecue by Outrigger, boat parade, [illegible] for best decor, hot dogs, [illegible] mystery contest, and a style show by Helen's.

DEADLINE IS SATURDAY FOR REGISTRATION

Voters who want to be registered in Martin County have until Saturday to register with the County Court House for the November election.

At the meeting of the Lions Club held September 19 at Seymour's Inn, there were 19 members and three guests present. Ned Murphy and Dave Frost, both of Jensen Beach, were guests, and Dean Tooker, Attorney for Martin County, was guest speaker. Tooker's subject was "Handling Legal Matters for the County."

October is Membership Development Month, during which time the Lions will be campaigning for new members.

World War I Veterans will meet Friday, October 5, at 8:00 P. M. at the Community Center. Refreshments will be served.

# The Stranded Circus

It lies rotting by the side of the road, south of Taft. A dozen or more yellow flatcars stand peeling on a siding. In a compound surrounded by a twelve-foot mesh fence, 25 or 30 circus wagons crumble away. Pullman cars, windows draped with burlap sacks, sag on their springs, wheels hidden by weeds. The entire area is protected by barbed wire. In the center, a double-width gate and just beyond it an old automobile and a shanty-like trailer. The gate is open. The visitor drives in and calls. There is no answer at first. Then a great commotion out in the weeds. A Dalmatian dog bounds forward, teeth bared to the eves. An old man, pulling up his suspenders as he comes, hobbles along behind ... shouting and waving a cane overhead. You stand your ground and try to explain you have come to do a story about the stranded circus. The air turns blue; the old man shouts: "What you think you are? A stranded circus? I give you a story. I beat you over the head with this cane. A stranded circus. You get out of here."

A poor, frustrated old man who served as the circus carpenter is tossed aside when he becomes old and crippled. Left behind as caretaker of the worn out equipment while the rest of the circus tours the country. Only his memories recall gaudy glories, when he was a proud member of the troupe.

## Rush Hughes

"There were millions of mosquitoes. The windows and screens were covered with them. We had mosquito nets and a brush at every door. After dark we stayed inside." Barbara Miller Ferson remembers JENSEN WHEN ... "everybody burned insect powder, in the homes and also as in the pineapple packing shed. Down at the packing house we'd take a long board and spread insect powder on it and set fire at each end. That would knock anyone out. But it had a very nice odor and would burn a long time."

Captain John Miller brought his wife, son Angus and daughter Una to Jensen more than 70 years ago. Before they left home in Fairport, Michigan, the Captain built his boat ... the Mattie H" ... in a cornfield. It was shipped overland to Titusville. The family put up at the India River Hotel as Captain Miller assembled the boat. When it was launched, and all their household possessions stowed aboard, they sailed down the Indian River and anchored off Eden. Captain Miller built the home there in which Jessie, Barbara, Maude, and Angus were later born. Barbara Miller Ferson and her brother Angus live there now. The house has been remodeled but still bears the stamp of the loving hands that fashioned some of it, as well as the tables, chairs and book cases. When the family was well settled, Captain Miller went to work. Mrs. Ferson recalls ... "my father fished for a great many years. He'd take the Maude Miller and go up around Jupiter Inlet at Sebastian, in and out of the coves. He'd be gone several days to catch a boat load of fish."

When he came back he was usually paid in gold. We thought that was wonderful. And another time he brought us ... ice! What a treat! They'd ship it from Titusville down to Sebastian. Father's boat was loaded with ice. We kids lived it off and made ice cream with it because we didn't have anything to put it in." The luxury of ice cream and the delight of home-made ice cream loom large in the recollections of this long-timer. She also recalls her mother's recipe .... "Mother always made a corn starch pudding. We had a six quart freezer and she used eight eggs and she never let those up until they could lick them themselves. She did it by hand and I still have that hand egg beater. Then she poured these eggs right into that hot corn starch pudding and cooked it. That's all there was to making it got. Then, sweet as you like, she added three cans of unsweetened canned milk and one can of sweetened Eagle Brand. Sometimes she put two cans in it. And vanilla to taste. Then we took turns beating it. Someone would put it in the freezer while the other turned. We had the grandest time when we loved it."

Mrs. Ferson also remembers the annual trip to Fort Pierce when her Uncle Will would pile sisters Una and Jessie and herself and his daughter Dixie into a surrey and drive to town. They'd leave before daybreak to take lunch and food for the horses and make the trip in four hours. Uncle Will would give them a dollar. And we bought candy for everyone for that dollar. I'll never forget the first time I made the trip. They had a new five and dime store, the Silver Palace. I went in and bought a strawberry ice cream shake. It cost 6 or 7 cents. I thought it was the most beautiful thing I had ever seen, even to this day. It was beautiful, great big glass, all pink and pretty.

There are other memories of other foods too. Her father stocked their table with more than fish. When needed, he'd bring in deer, turkey, rabbit or quail. He also sank an old scow at the river's edge and converted it to a turtle kraal. When several of the families got together and sailed across to the ocean, they always came back with turtle eggs. Then there was Commodore Kitching's Trade Boat that plied up and down the river every two weeks. Mrs. Ferson remembers it well. We bought for two weeks at a time. A hundred-pound barrel of flour. Fifty-pound tub of lard. Butter came in tubs too. Butter was 15 cents a pound. White bacon was 4 or 4-1/2 cents, depending on how large a slab you could get. We always had a big ham hanging in the kitchen. My mother baked huge loaves of bread ... made with potato water and she made her own yeast cake. She sold it for ten cents a loaf to pay Mrs. Hoke for our music lessons. Things were so cheap. Our grocery bill averaged only 25 to 26 dollars a month for 6 kids and 2 adults.

When Barbara Miller, her brother Angus and sisters Jessie and Una first trudged off to school they carried lunches in tiny tin dinner buckets and studied reading, writing and arithmetic in a little building Captain Thomas E. Richards had built to serve as combination school and church. The school year was then four months long. It was later lengthened when the schools at Ankona, Walton and Eden were consolidated in Jensen. There all eight classes were taught in one room and the youngsters were driven in by horse-drawn bus. As Mrs. Ferson remembers those twice-daily rides up and down the river ... "We loved that old bus. It was a big thing with wooden seats. And did those kids raise the dickens! Harry Jennings' father, Lane Jennings, would come to the bus every morning with a pretty white shirt on and clean pants. And he'd get out behind the bus and we'd tie a rope around him and drag him in that dirt. He loved it and so did we."

When her days of going to school ended ... Barbara Miller married and settled down to keep house, raise her daughter and youngest sister, Gertrude, and teach school. She was 18 when she received her first teaching assignment in Jupiter. Her pay was 35 dollars a month and 12 of that went for room and board. But she loved it and to this day, remembers when a great storm sent two and three feet of water swirling around the old Carlin House and opened the Jupiter Inlet and she watched hundreds of Manatee being washed out to sea. She also recalls ... "R. T. Jackson took the children and myself and 2 or 3 chaperones down to Palm Beach in his boat to watch Wilbur Wright's plane take off. We stayed there all day. It didn't take off until late afternoon. It didn't go very far. It looked like a big box kite. We got a great thrill out of it but we thought the man was crazy."

To the Editor

I am grateful for your kind comments concerning my stand on Russian intervention in Communist Cuba, and appreciate your contacting me on this most urgent situation.

I have long advocated tighter economic, diplomatic and military sanctions against Cuba. As you know, the embargo on Cuban trade which followed House passage of my trade ban bill had a serious effect on the Castro regime. My amendment to the Foreign Aid Bill, which is now law, provides that no country which is aiding Cuba may receive aid from the United States. Again, and more recently, introduced legislation expressing the desire of the Congress that the Monroe Doctrine be reaffirmed within this hemisphere. This doctrine provides that the U. S. go it alone, if necessary, in order to remove any foreign interference in the affairs of any government in this hemisphere.

I have been in constant contact with responsible officials on this matter, in an effort to gain action. Please be assured that this matter will have my continued attention, for I too, am deeply disturbed.

Again, many thanks for letting me hear from you. Kind regards.

Sincerely yours,
Paul C. Rogers, M. C.

## Parents Urged To Attend Next PTA Meeting

All parents are urged to attend the next meeting of the Parent-Teachers Association, of Jensen Beach School, by Mrs. Morgan Sprott, President of the PTA. The meeting will be held in the school cafeteria at 8:00 P.M. Tuesday, October 9. Subject to be discussed is "Our Child's Moral and Spiritual Strength." Mrs. Robert Hurley will be the speaker; Ray Lorenz, panelist; and the teachers of the school will be hosts.

The Jensen Beach MIRROR has MORE for people interested in Jensen Beach than any other of the state's newspapers.

## Cutting Cuban Trade

Congressman Paul G. Rogers recently commended the Federal Republic of Germany for its co-operation in boycotting the Russian-Cuban shipping.

Rogers, in a speech to the House of Representatives, said that the action taken by the West German government should lead the way for other allies to cut off their ships from the Russian buildup in Cuba.

## Penicks Return From Virginia

Dr. and Mrs. Richard Penick flew to Richmond, Virginia, last week to visit Mrs. Penick's mother who was in the hospital. Dr. Penick returned Sunday. Mrs. Penick remained with her mother and will return at the end of the week.

## Rogers Supports Retirement Plan For Self-Employed

During debate in the House of Representatives, Congressman Paul Rogers called for passage of the bill (H. R. 10) to encourage the establishment of voluntary pension plans by self-employed individuals.

The bill amends the Internal Revenue Code by adding provisions allowing tax deductions for funds invested by self-employed persons in retirement trust funds .... Taxes would eventually be paid, when the individual actually retires and begins drawing the funds out of the trust.

Similar treatment is now allowed for company employees, but self-employed persons were not heretofore granted this privilege.

Congressman Rogers noted that this new program would allow self-employed persons to contribute up to $2500 each year, or 10% of their self-employed income, into a retirement fund.

## Anchorage Regatta Has Good Turnout

The Regatta held Sunday, September 30, by the Anchorage Boat and Yacht Club had a very good turnout, according to Mr. Edna Wolf. The boats proceeded from the Anchorage to the Jensen Beach Causeway. A picnic lunch was served; 128 members were present.

Martin County was formed in 1925 from the northern portion of Palm Beach County and a small part of Saint Lucie County. It was named for Governor John W. Martin.

# CLUBS DROP BEAUTIFICATION BALL;PROJECT ENDANGERED BY ORGANIZER'S APATHY

by Dick Campbell

It looks like the civic clubs of the Jensen Beach area are dropping the ball on beautification of the Causeway. Just one year ago, all civic clubs met at the Community Center to pledge their cooperation of the Causeway beautification so that Jensen Beach would have a park-like strip of land in this coming year. To date, these clubs, after pledging whatever degree necessary, have donated a total of [illegible] to the project.

[illegible] complete beautification was turned over to the Beautification Committee, headed by [illegible]. This plan would have required the committee many dollars. [illegible] was set up by a qualified landscape designer, Paul Hoverson, who donated his services [illegible] project. Aided by Lt. E. [illegible], the initial stages of the project were laid out.

[illegible] time the project looked like a small snowball into an [illegible] community effort, it started dragging down.

[illegible] for funds from the civic clubs in 1961 brought [illegible] this, the following [illegible] were donated by: Vet[illegible] WWI, $10; American [illegible] $10; American Legion [illegible] $10; Rio Civic Club, [illegible] Ball Park Association, $20; Jensen Beach Garden Club, $10; Jensen Beach Area Chamber of Commerce, $100.

On September 10 this year, having exhausted the funds available, the Chamber of Commerce, designated the spearhead of the campaign to beautify the Causeway, sent a letter to all civic clubs for further donations to the fund. The appeal has so far netted the committee only $25, that donated by the Jensen Beach Women's Association.

In order to water the palm trees that have thus far been placed on the causeway, the Chamber has made another donation, that of $25.90 for a hose line and equipment to water the 30 coconut palm trees.

The lack of support of the local civic clubs has made the responsibility for the completion of the project fall directly on the shoulders of the Jensen Chamber of Commerce. The fact that only $25 has thus far been collected in the appeal for funds to complete the project shows that civic clubs in the Jensen-Rio area are neglecting a responsibility that they actually pledged support to a year ago.

The "let the Chamber do it" attitude has prevailed in many cases, but this is the first time that civic clubs have given their word to support in a combined community effort, and ten failed to live up to the pledge.

The beautification committee is not a Chamber function. The committee is made up of local residents who work within the framework of the Chamber, which was designated to spearhead the drive.

The job of beautification remains incomplete. The Causeway stands with the beginning of beautification, looking like a man with half a haircut. The budget of $1014 originally set up for the complete project has been reduced by donations to $775.

Responsibility for the completion of the beautification of the Jensen Beach Causeway rests with the civic clubs of our area ... for the civic clubs initiated the movement to beautify, and pledged support unto completion.

# Register at Chamber

Winter visitors to Jensen Beach were asked this week to register with the Chamber of Commerce by Chamber manager Reg Walker. Walker pointed out that many times during the winter the Chamber receives letters, telegrams, and long-distance phone calls that are often very important, and the registration by the visitors would facilitate the prompt dispensation of the information to the visitor. Registration is not a Chamber promotion, Walker said, but is a necessity, for many persons do not give the people up north their correct address when they come down to Jensen Beach. Thus, when something important occurs in the north, relatives and friends do not have the information necessary to get the people on the phone or through telegrams. Such messages are turned over to the Chamber to see if the person can be located. The registration has proven effective in the past in finding people for important messages, Walker added, and he urged that all winter visitors register in the Chamber office on Commercial Street.

The Jensen Beach Bank was accepted as a depository for Martin County funds at Tuesday's County Commission meeting. The move divides county funds among the four Martin County banks.

MR. AND MRS. JAMES BOLLING

## Kathe Conley and Jimmy Bolling Wed in North Carolina

Miss Kathleen Louise Conley, daughter of Mr. and Mrs. William Conley of Sewall's Point, and James Rudolph Bolling, son of Mr. and Mrs. Rudy Bolling of Jensen Beach were married at an evening ceremony at Our Lady of Fatima Church, Winston Salem, North Carolina, September 28, with The Reverend Father Cleen officiating.

The bride, a 1961 graduate of Martin County High School, attended Palm Beach Junior College and more recently was employed as a secretary for the First National Bank of Stuart. The groom attended Martin County High School and is a 1961 graduate of Riverside Military Academy. The couple will reside in Winston Salem, where James will resume his sophomore year at Wake Forest College in February. Out-of-town guest at the ceremony was Mrs. William Conley, mother of the bride.

# PTA CARNIVAL MEET

## TILTON STAFF ATTENDS INSURANCE MEETING

Ransom Tilton, Harry Wood, and Joe Chamblee, all members of the staff of Tilton Insurance, attended meetings in Miami yesterday. Information on the latest developments in insurance laws and coverage was given at the meeting of Independent Insurance Agents.

Plans for the Hallowe'en Carnival of the Jensen PTA were discussed at the regular meeting of the group Tuesday night at the school. The program for the evening was cancelled due to the importance of the Carnival planning. Mrs. Morgan Sprott, PTA President, announced that a general meeting for the final planning of the carnival would be held at the school on Wednesday, October 17, at 3:30 P.M. She asked that each and every group have a representative of its organization present at the meeting.

Alex Davisson, Acting Commander, welcomes Antoine Foly, South Amboy, New Jersey, and Frank Aigotti, Yonkers, New York, as new members of American Legion Post 128 in Jensen Beach. Foly donated his commander's colors to his new post.

# New Model Home is the 'Franklin'

[illegible] a three bedroom, [illegible] that model home in Legion [illegible] was announced this week [illegible] Baker, sales manager of [illegible] Rhodes Construction [illegible] developers of the subdivision. The Franklin," named [illegible] staff carrier that [illegible] served on during World [illegible] II, is the newest model in [illegible] list of homes being built by [illegible] firm.

The home features over 1050 feet of living area and sells for $10,990.00. It is furnished by Tropic Furniture. Baker said that the home would be open to the public during the regular daylight hours, and open evenings by appointment.

The home has a new feature being introduced in this price class home. It is called the Master Bedroom Suite and features a dressing room and half bath combination off the master bedroom.

In addition to the new feature, the home has terrazzo floors, awning-type windows, G.E. electric stove, refrigerator-freezer combination, thermostatic controlled electric heat, electric water heater, tile bath with vanity, and "ample" electric outlets.

While the home is built on a corner lot, Baker said that all lots in the subdivision are a minimum 75' by 100'

NEW MODEL HOME --- Signs of progress in Legion Heights are shown in this picture, showing the new Rhodes-built model home at right, a home under construction in the center, and a split-level home being built at left rear by Bill Wagner. Completion of these homes will bring the total of homes in the subdivision to seven.

# Girl Scouts Here May be Disbanded

## LACK OF LEADERS MAY SPELL END OF LOCAL TROOPS

"Who cares about girls, anyway?" asks Mrs. Sam Rhodes. For lack of only two women who care enough to volunteer their time to act as leaders, the Girl Scout Troop will have to disband, stated Mrs. Rhodes, which will leave more than twenty girls in the fourth, fifth, and sixth grades without benefit of Girl Scout training.

Mrs. Rhodes has issued an appeal for two women who believe that girls are important to come forward and volunteer as troop leaders. Leadership training can be had here.

Any woman who can devote some time to helping young girls learn responsibility in their troop and in their community is asked by Mrs. Rhodes to call her, at AT 7-0366.

## Jensen When
Rush Hughes

# Fire Destroys Jensen

May 3, 1908. Special to the Mirror.

The town of Jensen Beach is burning down this morning. The blaze rages up and down Commercial Street, from the river to the railroad tracks and beyond. It seems certain that each of the seventeen stores, together with the boarding houses and one or two homes along the street, will be consumed. Jensen has no fire department. Men are trying to stem the holocaust with buckets of water and what little powder can be built with hand pumps and wind mills.

At five this Sunday morning the dread cry of "FIRE" rang out over Commercial Street. Because pranksters had made this call before, many of those living in apartments and rooms above stores were slow to respond. But one look at C. H. Muench's revealed the awful truth. The entire interior was aflame. The blaze gained control before anyone could stop it. No one knows how it started. Bolts of cloth, barrels of flour and sugar ... the entire contents of the store burst into a roaring inferno, flames licked up the walls and rolled down the roof. A shower of sparks was caught up by a brisk wind from the southeast and spraved on the entire business district.

Although they tried valiantly to save it with wet blankets spread on the roof, the Tyndall store near Muench's caught fire and burned to the ground. So did the Town Hall, the Blocker home and a nearby bakery and boarding house. Viewed from the school hill, just west of the railroad tracks and fifty or so feet above, Commercial Street is a scene of desolation. Thirteen railroad cars and the railroad depot lie just below us ... smouldering wrecks of twisted steel and charred board.

It is hours since the fire started ... but flames are flying over the entire area. Blazes have broken out on both sides of the street. The double-sized Neal store, across from Muench's, is beyond saving. Sparks flew into the windows of rooms above, ignited the curtains and sent them fluttering to the floor to carry on their destruction. Mary Neal's father told her to come up this hill and stay until he arrived. She was joined by the two Beardsley girls. They were clad only in their night gowns. The girls were quickly covered by garments of other children already assembled.

For a time there was the danger of a tremendous explosion adding havoc to the catastrophe. Several two-hundred-gallon drums of gasoline were stored behind Neal's store. Brave hands rolled them down the street and away from the fire. Young Henry Neal picked one up in his arms and carried it to a safe place. But the other let go and exploding gasoline plumed a pillar of fire two-hundred feet into the air.

Horses from nearby livery stables were lead out. One of the white ones must have sat down in a patch of flame. His rump is badly singed. Although the fire rages all around it ... Old Man Bauer's house is untouched, an oasis in a sea of smoke. The Blocker house is gone ... as are the bowling alley and the Post Office at Neal's. Buckets dipped into rain barrels have proved useless. The new marine engine and hardware store but recently opened by Doctor Sweeten is no more. A thousand-dollar shipment of shoes, just received at Neals', has been wiped out ... along with ever thing else in the establishment. Steinhauser's butcher shop is gone, although the Steinhauser home behind it still stands. The Fredricksen fishing house alongside the railroad tracks seems safe ... as does the brick Planters Security Bank at the river end of the street. The two-storied Frescoe Hotel, back of the bank to the north, has not been affected. Almost everything else is ruined.

First residents of this community began settling along these Indian River shores in the late eighties. They fought the jungle, insects, reptiles and wild animals to clear the land, build their homes and set out pineapple plantations. The river was alive with fish and fowl. The woods fluttered with turkey and quail, deer was plentiful. A man could shoot one from his back porch. Hutchinson Island became one huge farm where winter vegetables were raised and shipped to northern markets. In the few short years of its existence ... Jensen Beach has become the biggest town on the east coast. Its bank and stores have been the hub of a trading area stretching north to Ankona and south to Sewall's point. Now ... a tongue of flame has all but wiped out the entire business section of the town. Under the wrecks of these buildings lie the dreams of men and women ... pioneers with souls of adventure, strong of courage to carry on. They may bend to this blow ... but they will not break. A new Jensen will be built on these ashes.

Jensen Beach after the 1908 fire. The fifty-room Al Frescoe Hotel is in the left background, near the river. In the foreground is probably the home of Mr. and Mrs. Steinhauser. His butcher shop was one of 17 business establishments burned. Center of the picture shows the livery stable still standing and, on beyond it, the Planters Security Bank where Bryan's Pharmacy is now located. The building on the right may be the Blocker home, which is said to have been saved, even though the fire started almost next door in the C. H. Muench store. Photo courtesy of Mrs. Barbara Ferson.

SAMARITANS

The Samaritans ambulance made five calls the past week. Jack Lucas, Al Ferguson, and Martin Wahl assisted in these calls.

The Samaritans are in need of mattresses for the hospital beds that are loaned free to residents of the Jensen area, according to Mr. Wahl. He stated that for health's sake, the mattresses should be in good condition.

## $10 a Plate Dinner Planned by Republican Women

"It can be done - the election of Republicans to public office in Florida on a Republican ticket - because these men in whose honor we are holding a testimonial dinner have done it!" So said Mrs. John W. Hussey, Chairman of the Campaign Committee of the republican Women's Club of Martin County in announcing plans for a fund-raising $10-a-plate dinner to be sponsored by the Club in association with the Republican Executive Committee of Martin County at the Tradewinds Restaurant at 6:30 P.M. on Monday, October 22.

The event is scheduled not only to raise funds, but also to give local Republicans an opportunity to meet and talk with Republicans who are candidates this year.

## *Community Church News*

World-wide communion was held Sunday, October 7, at the Community Church.

Plans are being made to celebrate the 50th anniversary of the church Sunday, October 21.

A nursery school for children under four years of age is held at 9:30 to coincide with Sunday School period.

There will be two worship services next Sunday, October 14. The 9:30 service will be as usual, and an 11 A. M. service will be added. Reverend Newton M. Tweedy will preach on "Operation Devil" using the text from Eph. 6:10, 11.

The Junior Choir will begin practice Friday at 3:15. All boys and girls in the elementary school grades are invited to sing with this group. Mrs. Irvin Kelly is the director.

Reverend Tweedy and Mrs. Helen Richardson will represent the Jensen Beach Community Church at the Florida Fellowship of Community Churches at the Seventh Annual Conference to be held October 14-16 at the Community Church of Vero Beach. A number of the members of the Jensen Church will attend the meeting Sunday evening, October 14, to hear Dean Theodore S. Darral, of Rollins College

Week-end guests of Mr. and Mrs. Ernest Webster at Between Waters Park, Eden, were Mr. and Mrs. William Thompson, Pinellas Park on the Florida west coast. Visitors of the Websters and Thompsons included Mr. and Mrs. Guy Lewis Ocean Breeze, and Mr. and Mrs. Roy Walker, Sandy's.

## Obituaries

### C.J.Coulter

Cecil J. Coulter, the father of Martin E. Coulter, President of the Jensen Beach Area Chamber of Commerce, passed away in Williamstown, Massachusetts, October 5. Funeral services were held in Williamstown. Survivors other than Martin E. Coulter are another son, Robert Coulter, of Gratton, New York, and eight grandchildren.

### Mrs.I.M.Scamehorn

Mrs. Ila Mae Scamehorn, age 70, of Bay Drive, Ocean Breeze Park, died unexpectedly Monday at her home. She was a native of Medina, Illinois; and a member of the First Methodist Church of Roselee, Illinois.

Survivors are her husband, Rayman Scamehorn, of Ocean Breeze Park; one son, Merlynn, one daughter, Mrs. Beatrice Binnebose, and four grandchildren, all of Roselee, Illinois.

Services and burial will be at Beneseville, Illinois. Johns Funeral Home was in charge of local arrangements.

## Three Local Women Join Hospital Auxiliary

Miss Zillah Rhoads, Ivy Wahl, and Hazel Forsberg have joined the Auxiliary of the Martin Memorial Hospital.

Miss Rhoads requests that any women in the Jensen-Rio area who can volunteer a few hours a week to call her, AT 7-1829. She stated that with the near completion of the new hospital, many more volunteer workers are needed, and urges every woman with time to spare to join and again prove that the Jensen Beach women are always willing to serve their community for a worthy cause.

MRS. VIVA ROAT HURT IN FALL AT HOME

Mrs. Viva Roat, Sunny Acres Road, was taken to Martin Memorial Hospital in the Samaritans ambulance Friday morning, October 5, after a fall in her home.

Mrs. Roat's leg was injured and she was unable to reach the telephone but she could reach the wire, which she pulled, dislodging the receiver. The telephone company reported to Deputy Sheriff Morgan Sprott that the phone was off the hook, which prompted him to investigate.

Mrs. Roat, in her eighties, will be hospitalized for some time, but Wahl, of the Samaritan ambulance crew, reported that her condition is considered good.

# SMATHERS A HIT HERE

Chatting at the morning coffee for Senator George Smathers (l. to r.), Joe Crowder, Stuart City Manager, Smathers, and P. V. Johnson, Smathers' Martin County Campaign Manager.

Of course it is Marty St. Clair, Jensen's representative on the Democratic Executive Committee, wearing one of her fabulous hats and sharing hands with Senator Smathers. Looking on with a cup of coffee which Smathers never drank; is another reason for the Senator's popularity; Miss Linda Walter, this Girl Friday in Washington, D. C.

The very gracious and quiet Mrs. George Smathers is captured in conversation with Representative Designate of Martin County Rogers.

Lovely women flocked around Senator Smathers at the morning coffee at First National Bank Building's Community Room. Not included in the bevy of beauties is Jensen's Ransom Tilton, who served in the Marine Corp with Smathers.

## Republican Dinner October 22

Reservations for the prime-ribs fund-raising $10-a-plate dinner to be held at the Tradewinds Restaurant by local Republicans at 6:30 on Monday, October 22, as a testimonial to the arrival of the two-party system in Florida must be made by Thursday night, October 18.

The Tradewinds occasion will honor Republican incumbents William C. (Bill) Cramer, U. S. Congressman from the 1st District, State Senator C. W. (Bill) Young, State Representatives Charles R. Holley and James T. Russell, all of Pinellas County.

## Halloween Tournament October 27

A goolin-approved "Halloween HIGH-low FUN TOURNAMENT" is slated for Our Bowling Lanes Saturday, October 27. The entry fee is $2 (Bowling $1.05 and Prize Fund .95).

There will be three divisions, based on averages of 125, 145, and 165. The prize fund stays in Divisions and will be distributed percentagewise, with a 100% return. 40%, 30%, 15%, 10%, and 5% in Each Division.

RULES AND REGULATIONS:

1) Enter respective Division using highest sanctioned average.

2) Bowl first two games scratch for high score.

3) Bowl third game for low score --gutterballs and misses count as ten pins, spares and strikes are figured as usual.

4) When you have finished all three games, subtract low game from high two games to obtain final score.

5) In case of tie, a 3-game roll-off must be played.

6) Enter as many times as you like. Place cash money.

## Attends Convention

James A. Garvey, Executive Vice President of First Federal Savings and Loan Association of Martin County, returned Wednesday from attending a three-day convention of the Florida Savings and Loan League at the Hotel Carillon in Miami Beach. Garvey served on the resolutions committee of the state organization's 38th annual convention, which was held October 14 through 16.

Harry C. Anderson caught a snook and released 4, 5 jack - all released, 5 ladyfish - all released, and a 2-pound pompano, fishing on beach and bridges on Sunday morning from daylight to 11 A.M. He used all baits.

All snook caught in ocean had empty stomach and all in river had a full stomach.

# Community Church Anniversary

## 50 Years Ago It Was Organized With "6 Males and 7 Females"

The 50th Anniversary of the Jensen Beach Community Church will be celebrated Sunday evening, October 21, at 7 P.M. The history of the church will be told with the use of pictures, colored slides, and movies. Music will be provided by the church choir.

The Community Church grew out of a Sunday School that was started by H. G. Hibbert in 1894. It met in the Al Fresco Hotel, which was on the corner of Commercial Street and Indian River Drive. When the Town Hall was built (where the Community Center now stands), the Sunday School moved there.

In 1905, the Baptist State Board of Missions sent The Reverend E. E. Woodson to organize a church, which he did with "6 males and 7 females" according to the minutes of that group. The next year, they obtained from Mrs. R. R. Ricou the property on which the present church stands. Due to lack of finances, the building was not completed until the Ladies' Aid Society took over and completed it in 1912 as a Union Church. Mr. Flagler, of the Florida East Coast Railway, sent men to measure the church and gave the pews and the pulpit. The bell was given by Mrs. Sawyer in memory of The Reverend Sawyer, grandfather of Lester Lennard, of Walton.

The Jensen Beach Community Church was officially organized by The Reverend H. H. Jones in 1933. He served 21 years and was succeeded by The Reverend Roy Sampley in 1950, who served until July, 1958, when The Reverend Foster Holt came as the first full-time pastor. In April, 1962, the present pastor, The Reverend Newton Tweedy, began his work with the church.

Increasing need for more room prompted the church to add an annex in 1952 and later purchase the McElfresh home for more Sunday School space. In July, 1958, a parsonage was completed on a lot on Skyline Drive given by Warner and Anita Tilton. In 1960, when it was determined that a larger church was needed, a beautiful site for the new church was given to the fellowship by Mr. and Mrs. W. H. Klplinger and Mr. and Mrs. W. B. Tilton, Sr. On this nine-acre site, a Sunday School building, a Fellowship Hall, Bell Tower, and parking lot have been built and the Church plans to move into its new quarters in November. The organ, hymn books, and many other gifts have been donated by Dr. and Mrs. A. B. Himes.

"One of the 'power houses' of strength to the Church down through the years has been the Ladies' Aid Society," The Reverend Tweedy stated, "who through quilt-making, suppers, socials, and contributions keep the Church going."

# WHEW!

That's what local Jensen residents were saying yesterday, all day, as Hurricane Ella moved north, just 100 miles out to sea. Residents of Jensen saw the big storm heading straight for the southeast coast of Florida, and coordinates placed it smack-in-line impact area at a point between Palm Beach and Daytona Beach - just about right here. We all breathed a sigh of relief as the big lady "Ella" turned her 250 mile storm center north and out of range.

## Rogers Here Wednesday

Representative Paul G. Rogers will be guest of honor at a coffee to be held at the Community Hall in Ocean Breeze Park at 10 A.M. Wednesday, October 24.

Frank Wanna, coordinator for Rogers' campaign in Martin County with Bill Scott and Bill Owens announced that Rogers will meet and talk with local residents on the achievements of the recently closed Congress and ask their vote in the coming election.

Representative Rogers will be featured speaker at a $15 per plate fund raising dinner at the Tradewinds Restaurant Wednesday, at 6 P.M. The master of ceremonies for the event will be Joe M. McCarty, Democratic nominee for State Senator. Also present will be Warren M. Goodrich, newly-elected State Democratic Chairman.

Following the dinner, Rogers and county politicians will move to the Stuart Woman's Club for an 8 P.M. report to the people on the accomplishments of the 87th Congress.

As the Community Church celebrates its 50th Anniversary in Jensen Beach, this picture shows the progress of its new buildings and construction of the tower that will soon become a beacon of hope and spiritual landmark for all Martin County.

# Facts Regarding Reapportionment of The State Legislature

The following facts regarding reapportionment of the State Legislature were provided by William E. Owens, Representative Designate from Martin County.

1) The Legislative Branch of Florida's government is composed of two houses - the Senate, and the House of Representatives. They are responsible for making the laws and in so doing, it sets the main policies of the government.

2) The membership of the House of Representatives and the Senate is established by the Constitution, which sets out a formula for creating the number of seats in the House and their allotment by counties. It also creates the number of seats in the Senate and their allocation by area or combined areas.

3) Any revision of this apportionment of seats is known as reapportionment.

4) To change the total number of seats requires a constitutional amendment involving the vote of all the people.

5) Since 1955, continuous negotiations have been carried on between the people and the Legislature to reapportion the membership.

6) Some forty-eight proposals were considered by the four Legislatures which met in the period of 1955-61, but none became final prior to 1962.

7) On July 23, 1962, the Federal Court declared the present statutes and the Constitution of Florida on the subject of reapportionment to be "prospectively null, void and inoperative." The Court gave until August 13 to commence action on reapportionment.

8) The special session of the Legislature convened on August 1, 1952, to consider the reapportionment problem.

9) During the ten-day special session, about thirty separate reapportionment plans were formally introduced.

10) The final plan that was agreed on was a 46 Senator and 135 Representative plan.

11) On September 5, the Court approved this plan, stating it was a rational plan of reapportionment, free from invidious discrimination.

12) (a) The plan gives 68 Representatives to the 12 largest of our 67 counties. This gives a majority in the House to these 12 counties which have a combined population of over 3.5 million (1960 census). (b) It provides that the 24 largest counties will have a Senator.

13) Of the many states having reapportionment difficulties, Florida became the first to have the product of its special reapportionment session approved by a Federal Court.

14) This reapportionment plan will appear on the ballot for the General Election on November 6, as Amendment No. One.

15) (a) It has been approved by the Legislative branch of our state government. (b) It has been approved by the Federal Courts. (c) It is being supported by the Executive branch of our state government.

"Now it is up to you, the citizens of Florida. I urge you to vote for and support this Constitutional Amendment on November 6, 1962," stated Owens.

By DICK CAMPBELL

It is impossible to grab hold of an ideal. You may feel it, or you may think of it, but you cannot touch it, see it, or hear it. For this reason, no one actually knows when the ideal is achieved. This pertains to the newspaper profession.

All newspapers try to offer what, in the conception of the editor and staff, they feel is the finest product that they can for the people to read. They try to offer as unbiased a course of information for the public that they can.

People are, however, human. They do not have the patience of Job, or the wisdom of Solomon. They are created in the image of God, but are not God.

In the past year the newspaper profession in America has been criticized by people for its coverage of the news. It has been criticized for publishing news stories people feel should not be published, and for not printing news stories that people feel should be published. Such is the nature of the newspaper business.

A newspaper is many things to many people. But most of all, the newspaper is a personal thing. Every reader feels that this is his newspaper, and that he has the right to disagree, agree, laud, hate, laugh or cry with the news stories, pictures, features, comics and advertisements of that newspaper.

This is National Newspaper Week. It is a time for us newspapermen to beat on our chests and say what fine things we are. We want to call attention to the fact that we are here, and that you sometimes take us for granted. Everyone has his day to crow a little bit.

While we do crow, we still keep in mind our many failings, and we try to straighten them out. The errors of a newspaper are human errors. Editorials are the opinions of one man, the editor. A newspaper is not one man ... it is an ideal, and for this reason, one cannot try to judge a newspaper on the actions, writings or opinions of one man. An ideal cannot be touched.

As we beat on our chests and say "Look how far we have come!" we have in the back of our minds how far we have to go, ever striving, ever searching for an ideal. No man is perfect. No man is infallible. No paper runs on that press without a miss. No paper is printed perfectly without a small smudge or smear. And no paper is folded perfectly.

But by golly, each week we get out a newspaper, filled with as much news as we could fit in our limited space, and we are as close as we can be of it.

We hope you are too.

# Lake Okeechobee, Second Largest In The Nation

Some 25 miles southwest of Stuart, at the junction of Routes 76 and 441, is the second largest body of fresh water in the United States. But you can't see it from the roadway. You must drive up onto the jetty for a look at Lake Okeechobee.

Stretched over the horizon are 750 square miles of water, almost a half-million acres. It is thirty miles straight across. Depth ranges from 6 to 12 feet and, at times, ocean-going tankers and tugs, plying between the Atlantic and the Gulf of Mexico are anchored at either edge by severe storms that whip the water into a frenzy. A hurricane some years ago lifted the lake out of its bed and drowned more than 2,000 people. Thus the high jetties that surround much of it now ... and all but hide it from view. It is 116 miles around by road.

Fishermen are everywhere. Some stand sentinel with cane poles just where the lake enters the St. Lucie Canal. They haul in large catches of speckled perch. Others launch boats at Taylor Creek, the Kissimmee River, or hire skiffs and start from the fishing camps that dot the south and west sides of the lake. The experienced fisherman rarely worries about a conked out motor here. He can always wade ashore ... and many of them have. Bass fishermen will tell you that bass are best in Okeechobee. Bream fishermen sing the praises of their own favorite. And the natives are quite partial to what they call shell crackers. But ... if you prefer your fish on a platter .. there just isn't anything to beat hush puppies and Lake Okeechobee catfish.

# Join The Turtle Scrubbing Club

Everyone from ages 2 to 102 is invited to join the turtle scrubbing brigade, with free instruction in the art and/or science of turtle scrubbing every Saturday morning from 9 to 12 at the Museum of Refuge. No turtle-scrubbing experience necessary.

The turtle-scrubbing season officially opened on Monday, October 8, when thirteen children joined the Tiny Tot's Kindergarten team to clean up the turtles. Accompanied by their teachers, Mrs. James Walker and Mrs. Dulcie Sumner, the youngsters not only enjoyed themselves thoroughly at the turtle pond, but the young turtles never had it so good, according to Stephen Schmidt, Museum Director.

For the benefit of the uninitiated, the baby turtles accumulate algae growth over their bodies as they swim in the tanks. So far, chemical solutions added to the water has not proved very satisfactory in controlling the growth of algae. As the turtles grow larger, the problem disappears, but while they are still small (during the first six to eight months) the algae can become dangerous in that it slows down the turtle's navigation and may even cause drowning if it grows over the nostrils. The best answer to the situation so far is simply a scrub-down with a brush, periodically applied with a little elbow grease and a lot of fun. So, come and join the Turtle Scrubbing Club and have a lot of fun while performing a worthy service for the Museum, Schmidt stated.

# F.W. Ramsey Visits Jensen Beach

The Thomas Fosters, of Hickory Ridge Drive, West Jensen Highlands, have had as their house guest Fred W. Ramsey, 82, of Gates Mills, Ohio. Ramsey stopped in Jensen en route to New York to attend a meeting of the Board of Directors of the national YMCA. Although long past the age of retirement, Ramsey continues to travel to all parts of the globe, helping to found branches of the YMCA.

# Art Classes Resume at Museum

Evening art classes will begin Tuesday, October 30, at the Elliott Museum. The classes, in figure study and portraits, are open to all adults as well as to advanced young students in art.

Classes will be conducted by Mr. and Mrs. Jim Hutchinson. Students are instructed to bring their own art supplies and it is suggested that each artist bring a sketch pad, dark pencils, ink, brush or pen to the first meeting. There will be live models to sketch at each meeting.

Cost to members of the Historical society is $8 per month, and to non-members it is $10 per month. The sessions will be held each Tuesday from 7:30 to 9:30 P.M. The first evening, October 30, is for registration and orientation and there is no charge. Amateur artists are welcome and individual instruction is emphasized.

RED CROSS SEWING GROUP MEETS TODAY

The Red Cross volunteer sewing group will meet today at the Legion Hall. Mrs. William Vaught stated that anyone interested is welcome to participate, and said to bring a sandwich for lunch, that a beverage will be served.

# Non-resident Fishermen Must Obtain License

Non-resident fishermen who desire to sell their catch of fish must obtain a non-resident commercial fishing license for $25. State conservation agents have been checking local fishermen closely on the license requirements. The State has also stepped in on the auto license scene, saying that non-resident fishermen who sell fish commercially are gainfully employed, and therefore must obtain a Florida State auto tag. Fishermen can get more information on this from their state conservation agent.

BIG FISH--The way the tarpon and snook have been biting, our artist, Pat Sawusch, hits the nail on the head with a hot fishing picture.

## Methodist Church News

Starting next Sunday, October 21, the Church School will begin at 8:45 A.M. Church services will remain at 9:30 A.M. The change in the School hour is to enable teachers and young people to attend all of the Church service. This coming Sunday is Layman's Day Sunday.

Choir practice will resume Wednesday at 7:30 P.M.

The Methodist Men will hold their first fall meeting at the church Thursday at 8 P.M. T. P. Tomasik will present the evening's program, "A Panorama of Western New York." All men are invited to attend.

Special notice: Beginning Thursday, October 25, at 7:30 P.M. and continuing each Thursday evening, there will be a program of spiritual enrichment -- one hour spent together in bible study and prayer.

Rally Day and Promotion Sunday were held last week. W. G. Shipes, General Superintendent of Sunday School, presented certificates of promotion to the following: from Kindergarten to Primary were Brad Granfield, John Watts, and Donna Rowe; from Primary to Junior were Debbie Crews, Philip Baker, and Gale Rowe; from Junior to Junior High were Mike Crews and Irene Netherly. In the Junior High Department the following were given certificates of recognition for one year's attendance, Doug Scranton, Sandra Rhodes, Robert Netherly, and Sharon Baker.

## Fishing News

Johnny Crawford, of the Snook Nook, reported that surf fishing was very good this past week. There were blues, pompano, and snook caught.

Al Crowe caught 3 snook; Joe Perlberg, 2 snook; Harry Anderson caught 6 snook and released 4, one pompano, 4 jacks, and 8 ladyfish; and Hal Richards caught 15 blues.

On bridge fishing, trout picked up some, while snook slowed.

Mrs. Robert Renton caught 3 snook, 1 channel bass, and a 53-1/2 pound tarpon, all on live shrimp; Bert Wadhams, 26 trout; Gene Ebright, 35 trout; Harry Clark, 10 trout; Jim Daly, 35 trout; and Doug Scranton, age 12, caught an 8-1/2 pound flounder.

**A dessert-card party will be held Friday, October 26, at the Parish Hall of All Saints' Episcopal Church. For reservations, phone Mrs. Hildenbrand, at AT 7-2819.**

# KIWANIS RADIO AUCTION

## WSTU 1450 On Your Dial

Money raised by the Stuart Kiwanis 1st Radio Auction will go into the Kiwanis Boys' and Girls' Activity Fund to be used to help children in Martin County. Items and services to be Auctioned are all new and were generously contributed by Martin County Business Men. We publicly "Thank" them for their liberal help.

HOW TO BID on Items in the Radio Auction, follow these simple rules.

Items to be auctioned are shown printed below. Each item is shown with a number, a description of the item, name of the contributor, and the retail value. The date when the item will be auctioned is shown and items will be offered as numbered.

To bid on any item, you simply call 287-2233, and telephone operators (Kiwanians) will be on hand to place your bid for you. Just tell the operator that you want to bid up number so-and-so, give the amount you want to bid. If the item has been sold, the operator will tell you. You may bid as many times as you wish.

To pay for and get the items you have bought, Kiwanians will be at the Stuart Womans Club, Wednesday and Thursday, October 24th and 25th, between the hours of 12 noon and 4:00 P. M.

The following business firms made cash donations: Snack Basket, Flashes, Johns Funeral Home, First Federal Savings and Loan Association, and First National Bank.

# LIVE..... And Love It

By DICK CAMPBELL

It was interesting to talk with Senator George Smathers when he was visiting here last Wednesday. Smathers is one of the most respected senators in Washington, and is well informed on the world situation.

On the subject of Cuba, Smathers gave an interesting sidelight that broadens the scope of our knowledge on the subject. When Castro took over the country, Smathers went to the White House and asked for a five-minute meeting with President Eisenhower. He told the President that he had once spent 17 hours on a plane with Castro back in the early days of the bearded one's rise as a revolutionary. Castro was being kicked out of Colombia for revolutionary activity and Smathers was returning from a South American trip. At that time I got to know Castro, and found him a fanatic," Smathers said. "I told the President that he should not trust Castro, and asked that he hold off recognition of Castro's Cuban government until at least one free election had been held."

"Our meeting," Smathers continued, stretched into a half hour. President Eisenhower listened, and when I left I thought I had him convinced of the danger that Castro presented. The very next morning, the government recognized Castro's government. About a week later, I ran into Eisenhower in the club room of the golf course, and he said to me, 'By the way, I checked your information with the State Department, and they said you were all wrong.'"

Smathers found many questions of his fellow Democrats waiting when he arrived at the coffee hour in the Community Room of the First National Bank of Stuart, and he answered them as well as they could be answered. After all, how can you answer a question like "What happened in Mississippi?"?

Smathers said that he continues to support a change in the law prescribing the election of the president by a majority of the people, rather than the electoral college. He said that the people of the United States are being governed by the rule of minority groups.

His idea was to make each president selected by the will of the people, so that the votes of the masses could be felt. As it is now, the electoral college voting system negates the votes of major groups by giving the state to the highest number of votes collected and cancelling out the votes cast. Thus, the more populous states control the college and candidates must make deals with the various religious and national groups in those states.

I asked Smathers to settle an argument several of his supporters have been having. He said he would try. I said, "Could you tell us when you will see it is right for you to run for president?" Smathers took a deep breath, and said, "Being President is one of the most . . . By the way," I interrupted, "this is for publication." He paused that half-second of a true diplomat, and continued with ". . . awesome things that could face any man. It demands so many things of a man. I would have to be chatted before I would run for it, and that isn't very likely."

The people attending the coffee earlier met the Senator and left that there was a continuous flow of visitors to the community room. It was interesting to watch the Senator, for at no moment was he caught off guard. . . at no moment could this photographer catch him in a position that was not commanding respect and attention. Genuine warmth and after meeting him, shaking his hand and talking with him, isn't he beautiful. He looks like a Senator should look. He should wear a Southern Colonel hat and bow tie . . . goodness . . . he is just so Senatorish . . ." Well, she said it, and I wrote it down. Don't blame me, Senator, all I do is listen and write.

WEEKENDER — Airman Apprentice Tom Rosser arrived here last Friday for a weekend with his family. Rosser is stationed at Norfolk, Virginia, aboard the Carrier USS Saratoga. The ship is presently being overhauled there and, when completed, the carrier will return to its home base in Mayport, Florida.

# HALLOWE'EN PARTY IS O.B. SOCIAL SEASON BEGINNING

## Col. Bill Wright Is Editor of Ocean Breeze MIRROR

[illegible] Wright has [illegible] Editor of the Ocean [illegible] Mirror. Wright has lived [illegible] Breeze Park for over two [illegible] and brings a wealth of [illegible] and writing talent to the [illegible] newspaper.

[illegible] Dallas Texas, Wright was written for the [illegible] Tribune and for [illegible] Corpus Christi, [illegible] composed and edited [illegible] for the Army on gases, [illegible] low temperature [illegible] wrote many articles [illegible] and engineering magazines.

Wright served in the first and second world wars, was wounded in both wars and retired with a rank of Colonel in 1947.

The Colonel holds the bronze star, purple heart and three citations from the Order of the British Empire, as well as theatre combat ribbons. He served with GHQ in the Middle East and Far East, and was wounded twice in WW2, once in Iran and again in Africa where he served in GHQ Security.

Wright will have his editorial offices in his home and in the Ocean Breeze office.

## COSTUME BALL HEADED BY WILLIAMS' & WATSONS

Ivo and Donna Williams and John and Burgie Watson were named this week to plan the annual Ocean Breeze Hallowe'en Costume Ball, according to Harry Hoke. The costume party has been set for Tuesday, October 30, and will get under way at 8:30 P. M.

There will be refreshments and dancing, and some entertainment is in the initial planning stages.

For the best costumes, the chairmen plan prizes in many categories. Among the categories will be prizes for the best dressed, the most comical, and the most original.

The Williamses and Watsons will have many surprises in store for the goblins and ghosts and disguised costumers in the party, which can be the "biggest and best" in the history of the Ocean Breeze annual classic.

## OF,BY, AND FOR OCEAN BREEZE

The Jensen Beach Mirror welcomes the establishment of the Ocean Breeze Mirror as a section of the Mirror. For a long time, residents of the Jensen area have not had full information on the complete facilities of Ocean Breeze Park, and the people of Ocean Breeze have never really had a newspaper that they could call their own. We hope that the establishment of the Ocean Breeze Mirror will give the people of Ocean Breeze the opportunity to have a newspaper all their own, and that the appearance of the section in the regular edition of the Mirror will enable the people of our growing area to be fully informed as to the activities of the people in the Park.

Bringing the people of the Jensen area closer together has long been the aim of the Mirror. In this effort, the close cooperation of Harry Hoke in seeing the project developed from an idea into a full newspaper, the cooperation of every editor on the newspaper, and the prestige and quality of Colonel Bill Wright in agreeing to be editor of the newspaper (and Wright is an outstanding writer), assures the success of this new newspaper.

It will take a while to work all the kinks out of the Ocean Breeze Mirror. The editors will have to become experienced and get to know what their people want. Under the direction of Colonel Wright in editing and culling the copy, and with the cooperation of the camera club, providing the photo coverage of the town, we will have an outstanding newspaper for the Town [illegible] shores.

One thing must be emphasized. The Ocean Breeze Mirror is of, by, and for the people of Ocean Breeze Park. The editor and staff of the Jensen Beach Mirror will always be available for consultation and assistance in planning, but the newspaper will be written by and for the people of Ocean Breeze Park, and what goes into the newspaper will be decided by your editor and his staff.

Welcome to the Mirror... we salute this great forward step in closer community relations in the Jensen area.

THE EDITORS--Five O. B. Mirror editors pictured above are: Harry Hoke, editor-in-chief; and Jack McNab, shuffle editor; bottom row, Tom Cook, associate photo editor; Clyde Reddinger, photo editor, and Jeri Hoke, ceramics editor.

Harry Hoke has been named editor-in-chief of the Ocean Breeze Mirror. At a meeting of the editors of the newspaper held last Friday at the Community Hall, Hoke received the unanimous approval of the group to be the editor-in-chief. Upon receiving the honor, Hoke smiled and said, "This means that you're going to put me to work on this, doesn't it?" Hoke was responsible for getting the newspaper organized and under way this year. The honor position will be one which will allow Harry Hoke editorial rights on the newspaper, and he will be responsible for the circulation and news content of the new newspaper in Ocean Breeze Park.

BOAT SOAKING — The report of a capsized sailboat on the east end of the Jensen Causeway sent the Sheriff's boat and patrol cars hurrying to the scene, but it was a new boat owner soaking his trim-control beach. The timbers expand in water and make the boat weathertight. It was a good soaking, and the Sheriff's boat was there in seconds flat at the report.

Jay Bohannon was last heard from on the trail of a big elk, somewhere in Colorado, after having bagged his antelope in Wyoming. For holding down his new job of president until he arrives, the writer is anticipating some more of those delicious steaks.

Several members are yet to be heard from but everything already points to an exciting sequence of travel entertainment this season.

A word of warning to those who store photographic equipment in this climate for long periods without using it. The writer had a $28 screen ruined by mold and found fungus growing inside a $165 zoom lens. Of course, it can be repaired---for a mere $49, but how much cheaper it would have been to have stored them all in a special cabinet which included an inexpensive 7.5 watt flourescent lamp! Cameras and projectors are expensive, and films and slides are irreplaceable.

Lee Taylor has been confined to his trailer since his recent illness. He is still camera conscious and supervises the photographing of pictures he composes from his picture window. With that kind of spirit, he wont be down very long. We hope you will be able to start the season with us, Lee.

Two groups of entries have been returned from the P.S.A. slide circuit. All received very favorable comments from various clubs and the director of the P.S.A. The slides, together with the comments, will be presented at our first meeting, which will be announced at a later date.

If you meet a man with a camera, SMILE. It is now open season in this area for bird watchers, turtle watchers, and people watchers, to be on the prowl. You may get your picture in the Ocean Breeze Mirror!

Let's try a roll of black and white film for a change. The Ocean Breeze Mirror needs a backlog of local subjects of general interest, and it is up to us camera bugs to provide them. But ... moved to Jensen and brought his family with him. The ... 1901. His son, Karl Schuyler, grew up here ... attended ... on the sand dunes west of the railroad tracks in Jen... went on to Rollins College. But, when he came back ... went to work in the 100-acre pineapple fields his father ... south of town. Karl Schuyler recalls:

"The railroad was terminated in Titusville in 1894. It was ... there for over a year because Mr. Flagler wanted to get a ... right of way. Instead of going down from Jensen through ... he wanted to build a bridge across the rivers and inlet at ... Point and go south from there. In that case there probably ... have been no Palm Beach. "After pineapples, as a commercial crop, vanished from the ... people turned to other ways of earning a living. Karl ... opened a general store in Walton and operated the Walton ... for several years. He had married by then and Mrs. ... found it convenient to set up housekeeping as the wife of ... owner. But there were some things she had to look elsewhere for. She remembers:

"He had everything I needed but meat. We went to Jensen ... meat. There were two stores there then, Neal's and Tyner's. And I had to send to New York for my clothes because I ... sew then." Mrs. Schuyler also remembers Jensen when ... wasn't any church along this part of the river.

"My father," she says, "gave five acres of land to the head ... church, which was in Orlando. And he and my mother collected every penny to build the All Saints' Church. It wasn't called ... then. A family named Baker had settled along the river, ... Sewall's Point, and Doctor Baker named the area where ... was built 'Waveland.' It is still so noted in the official ... of the church."

What was the social life of a young couple in this area 60 ... ago? Mrs. Schuyler recalls: We had a little club in Walton ... there were dances and card parties and picnics from time to ... The social life was fine. A great deal of it centered around ... tennis court. Several of us had courts and we took turns having ... when tennis players could come and amuse themselves. We ... served refreshments and each hostess had a favorite that she ... Mine was chocolate cake." (At this point Mr. Schuyler ... and it was wonderful!")

Asked to share her happiest memory from the day, well over ... years ago, she became a young bride along the Indian River, ... Schuyler quickly replies: "My marriage to him."

# Florida Council of 100

## Courtesy to Tourists Campaign Planned For January and February

By BYRON C. SHOUPPE
Chairman,
Courtesy Campaign Committee

My occupation as president of Southern Tours, Inc. of St. Petersburg, brings me in contact with numerous Florida visitors, which prompted my selection by the Florida Council of 100 to chairman a "Courtesy to Tourists" campaign next January and February. In the minds of many, the question of why such a campaign is necessary has arisen.

The answer is simply that we have a job to do, and the Chairman, Fred O. Dickinson Jr., of our Council provided the answer when he said recently, "If ever there was a time Floridians needed to stand tall, be objective, have an optimistic outlook and work in confidence that time is now. The greatest single economy in the state of Florida is tourism, and we must do everything in our power to insure its continued success."

The Council is ready to institute a courtesy program throughout the state during the months of January and February which will reach some ten of the estimated thirteen million tourists who are expected to visit our state in 1963. This courtesy program will be designed not only to cause people to come to Florida but also to make sure they come back again and bring friend with them.

The courtesy program is predicated on the fact that following a recent Governors Conference in Hawaii, Governor Farris Bryant said on his return that Hawaii had nothing on the state of Florida except courtesy, only they work a little harder than we do to make it evident. The Governor explained that there was so much warmth shown him during his visit that he felt sorry to leave, and that Florida could well adopt the same attitude.

I have never been to Hawaii but I have been in San Francisco and I want to return for another visit simply because of the smiling friendly courteous and hospitable treatment my family and I received from the people wherever we went. I am sure many individuals have had similar experiences in other locations and that such experiences create a desire to return to these places.

If we can develop an internal educational program that will inspire each citizen of Florida to create an atmosphere of friendliness which would not only bring visitors to Florida but bring them back year after year, we will have done a great service that will insure the future of the tourism economy in our state.

We now are trying to mold our talents and resources into a campaign that will create this kind of atmosphere for our visitors and to let the world know that Florida not only offers sunshine, but, in the truest tradition of southern hospitality offers sunshine with a smile.

Organizing a program of this kind is no easy task. Ideas have to be transferred into pamphlets, posters, movies, color slides, newspaper ads and editorials, billboards, public service radio tapes, television video tapes, messages on grocery bags, handout sheets, bank statements and public [illegible] projects, decals, press kits, restaurant table reminders, buttons, bumper strips and a grass roots campaign to make every citizen in Florida aware of tourism's contribution to his welfare.

We are fortunate to have assisting us a group of men representing the tourist industry in Florida who were charged by the Governor in 1960 with the responsibility of proposing the most effective program in which government and private enterprise could join hands in a unified program of promotion. This group was originally known as the Governor's Tourism Steering Committee, and it is now the Florida Tourism Council.

Other groups who have pledged cooperation represent attractions, restaurants, hotels, motels, all modes of transportation, petroleum interests, travel agencies and sight-seeing businesses.

With such cooperation pledged and with the guidance of the Council of 100, we should have now a guarantee of success.

## VE..... And Love It

By DICK CAMPBELL

THE FEASTER FAMILY -- (left to right) Mrs. Feaster, The Reverend Norman B. Feaster, Scott, Patti, and Norman.

## Rev. Feaster To Be Installed as Rector of All Saints Church

The Reverend Norman B. Feaster will be instituted as rector of All Saints' Episcopal Church on All Saints' Day, Thursday, November 1. The Very Reverend Donald S. Barnes, Jr., Dean of the Palm Beach Deanery, will officiate at the evening communion service which will begin at six o'clock.

After the service, a covered dish supper will be held in the Parish Hall. Guests of honor will be Dean and Mrs. Barnes and The Reverend and Mrs. Ellis B. Rowe, of St. Mark's Episcopal Church, Vero Beach.

Father Feaster accepted the call to All Saints' Church in June, 1962.

Father Feaster attended the University of Florida, the University of Miami, and in September, 1957, he entered Seabury-Western Theological Seminary in Evanston, Illinois as a candidate for Holy Orders. He graduated from Seabury-Western in June, 1960, with a Bachelor of Sacred Theology degree. While attending Seabury-Western, Father Feaster served as student assistant at St. Luke's Church, Evanston, Illinois. From June, 1960, to June, 1962, he was Vicar of St. Peter's Church, Fort Pierce, where during his tenure the congregation moved into its new church building, and the parish was established.

Father Feaster is married to the former Frances [illegible]. They have three children: Scott, 12; Patti, 14; Norman, [illegible]. The Feasters live at [illegible] Jensen Beach.

# EDITORIAL What You Vote For Is Important

There will be an election this coming week. Experts are declaring that our county will show about a 40% vote. In other words, only 40% of the voters will turn out. It is a true statement, a sad situation, indeed.

The reason for worry is this. If we get a 40% vote turnout, this will mean that a minority of the people will elect our officials, and pass on constitutional amendments that will affect our way of life, and guide our way of life in the future.

For example, the vote on reapportionment is important. The plan of reapportionment is not the absolute best plan to be sure, but resolved if a group of impartial men gathered to decide our representation in the Florida Legislature. It is disadvantageous to the small counties. Martin County will gain a senator, as it will be set up for another representative as soon as we are reached for reapportionment in the next ten years. Teamed with Okeechobee County, Martin County finds itself in a position of strength. Therefore, The Mirror recommends voting "Yes" on the first amendment, relating to legislative reapportionment.

Amendment two does not affect Martin County, as it provides for the appointment of county superintendents of public instruction. However, the Mirror recommends a vote of "NO" on this amendment, as it would give even more power to the already powerful school boards of the state. The superintendent of public instruction should be above the political pressures and should be answerable to the public.

Amendment number three would allow more free use of investigation for impeachment of officials by the house legislative committees either during or between sessions. The Mirror recommends a "yes" vote on the third amendment.

Amendment number four pertains to the Pari-Mutuel Jury trials and would allow that county to hold civil jury trials in a county courthouse. The Mirror recommends a "yes" vote on the fourth amendment.

Amendment number five abolishes the office of county solicitor in Duval County. If they want to abolish the solicitor in Duval County... let them. Vote "yes" on this purely local amendment.

Amendment number six is what we called "packing" in the old days. NO! NO! NO! This would turn our judicial branch into a political jumble, for it would change just one word of the constitution, making it possible for the legislature to use its "discretion" in naming a judge for each 50,000 inhabitants in the state. This "discretion" means that political plums will be circuit judgeships. This we don't need. Vote "NO". As it is, the dockets of the courts are loaded. We do not need more red tape in our judicial system. The Mirror recommends a "NO" vote on this hot potato.

Amendment number seven just revises the wording of the preamble of the constitution. It is just a "grammatical" correction. The Mirror recommends a "yes" vote.

Amendment number eight gives the state a detailed description of the boundaries of Florida, and extends out to the three mile limit with provisions for further extension if it is advisable. This is a good amendment, designed to benefit the state. The Mirror recommends a "yes" vote on this amendment.

Amendment number nine clarifies the division of powers of the three branches of government. The Mirror recommends a "yes" vote for this important proposal, as the three branches of government are the basis of our life today.

We were asked if we would endorse any candidates. The Mirror, as a newspaper, will not endorse any candidates in this election. How the staff of the Mirror personally acts in support of any candidate is the business of the members of the Mirror staff.

The main endorsement we can make is to endorse the people who get out and vote next Tuesday. Will you be one of them? We hope so.

## Fishing News

Surf fishing was the best in the past week-end, but there were a few boats and pompano caught, according to Johnny Crawford, of the Snook Nook, but the bridge fishing was fair, with trout, snook and bottom fish being caught.

Catches reported over the week-end included the following: Harry Clark, 6 trout and one snook; Bert Wadsworth and Dr. Baker, 15 trout; Harry Dickey, 6 trout, 3 channel bass, and 4 snook; Floyd Hustead, 3 trout and 1 whiting; Ross Willard and Ernie Webster caught 15 snook and released 7; Mr. and Mrs. Hans Weiser caught a bucket of bottom fish; and Cap Williams caught 14 blues.

## Mrs. Kalb Entertains With Dessert-Card Party

Mrs. Chris Kalb entertained at a dessert-card party on Friday, October 26. Bridge and canasta were played.

The guests included: Mrs. Jack Kuhn, Mrs. Fred Diehl, Mrs. George Sommer, Mrs. William Weiss, Mrs. John Hermann, Mrs. George Schlester, Mrs. Alvin Sandell, Mrs. Frank Forsberg, Mrs. Jarez Wood, Mrs. Gene Grimm, Mrs. Robert MacFarlane, Mrs. Frank Spetz, Mrs. Reg Walker, Mrs. Donald MacWhinnie, Mrs. Arthur Pittmann, and Mrs. William Stephens.

Mr. and Mrs. Jay Mallone of Chandler, Ariz., are visiting last week-end in Sea Marshes, and at Hutchinson Island. They caught six dozen blue crabs, seven pompano, a three pound bonito, and three sail cats. They also got a large stone fish.

Mighty oaks from little acorns grow, in comparison to this [illegible] fact is the history [illegible]

First the idea, sufficient evidence to justify development, then requisite fundamentals for operating procedures.

What better example than Ocean Breeze Park. Like the [illegible] it had its beginning in a very small way, just one lone travel trailer parked on a sandy palmetto lot.

The Hokes had an idea, their travels indicated to them the day could not be far distant when [illegible] homes [illegible] and [illegible] necessitating adequate [illegible]

[illegible] progress [illegible] development [illegible] one lone trailer became a corporate town, paved streets and modern facilities, inhabited by congenial, appreciative residents. Many have resided here for over two decades.

So it was with the idea for a local newspaper, its necessity being established, preliminary phases of development had to be reviewed. Few who read this [illegible] detail, the [illegible] and costs involved before a certified newspaper could be made available to the public.

Such factors as State and Federal registration, the many legal requirements, costs of processing equipment, etc., had to be reviewed in detail. At first, each factor seemed to submit problems beyond immediate solution until the idea of association with an established operating weekly was submitted.

What better medium than the Jensen Mirror, a young but aggressive publication. Negotiations being completed, Ocean Breeze Mirror took its first step towards a reality.

The first edition came off the presses Wednesday, October twenty-fourth, nineteen sixty-two, surely a banner day in the Park's history, marking another milestone in progressive development.

In time it will be recorded the Mirror will prove an instrument of benefit to all of Jensen Beach, the County, and the State.

This is not an egotistical statement when all facts are considered.

Ocean Breeze residents come [illegible] States of the Union and Provinces of Canada. It may be assumed copies of the Mirror [illegible] to their friends and relatives.

The Mirror will tell in its copy, make liberal pictorial evidence the true story of the social, recreational, and spiritual activities that can and are being enjoyed in this area.

Readers will realize pictures are not specially posed but are actual "Candid Camera" shots, while the copy is typical "chit-chat" of local interest. They will further appreciate the Ocean Breeze Mirror being a non-profit publication with no axes to grind; that it is a publication conceived and processed only as a Community service.

We of the Ocean Breeze Mirror Staff shall put forth every effort to present a news medium of interest for our readers. We invite at all times your comments your suggestions, articles of interest, etc. Tell us what you want in the way of news and pictorial items and we will do our best to secure them.

Only by your co-operation will the Mirror grow like an Oak in stature and in value.

## Senator Smathers Lauds Council of 100

By GEORGE A. SMATHERS,
United States Senator

To represent a dynamic and progressive state like Florida bursting with increased population and the tremendous activities generated by the federal government's new space programs, is quite different from representing a New England or Middle Western state, whose growth is either gradual or relatively static.

Just trying to keep up with trends, developments and plans for new projects is difficult even with the huge volume of information which reaches me by mail and, on some days, my daily mail exceeds 2,000 pieces. This volume would normally tax the staff of any senator but somehow we manage to handle it.

However, the usefulness of a senator is dependent to a large extent on the quality of the staff back in communication he receives from reliable sources with, in the state of his native state in his job properly, he must not only understand the problems in his state, but he must understand the developments which are in the making.

Therefore, I welcomed the establishment of the Florida Council of 100. I recognized that such an organization composed of outstanding businessmen, industrialists, and educators in the state could provide an energetic group of men who were completely dedicated to the advancement of our economy, our educational system, and the general progress of the state. Such a group of men could transmit quickly "feed-back" information with which I could take [illegible] action in the halls of [illegible]

I have already had the satisfaction of working with the knowledgeable members of the Council on problems involving the U.S. Department of Defense and the National Aeronautics and Space Agency. The help of these well informed and experienced [illegible] has been indispensable in negotiations to further our best interests with those agencies and the results have been most fruitful.

I am proud that it was in Florida that the first statewide Council of this special kind was formed. Its organization which is in no way financed or staffed by the [illegible] government or any other [illegible] agency, but which [illegible] for the mutual benefit of all the people in the state.

I am sure that in the years to come businessmen's organizations throughout the nation will seek out the Council for advice about setting up similar organizations within their own states. It [illegible] reflects the kind of leadership which has contributed [illegible] to the spectacular growth of Florida in the last decade and has no doubt been instrumental in bringing even greater progress in the coming ten years.

## Lutheran Church Planned For Port St. Lucie

The American Lutheran Church will build a modern church at Port St. Lucie on a five-acre tract on Prima Vista Boulevard and Irving Street, which was purchased from General Development Corporation in negotiations with Sales Director John P. Siegel.

Construction will begin about December 1, with completion scheduled for next March, said the Rev. Richard Fenske, director of the church's Division of American Missions, Southeastern Region in Jacksonville.

The church will be named "The Lutheran Church of Saint Andrew," Rev. Fenske said, in honor of the first fisher of men in the New Testament.

The new church, designed by Nils M. Schweizer and Associates, architects-engineers of Orlando, will make the third one to be built at Port St. Lucie.

## Mrs. W.B. Tilton Remembers When

Mrs. Warner B. Tilton, Senior, is a double rarity. She is not only a native Floridian ... but she was born in Jensen. The year was 1899 and she now lives next door to the house in which she was born. Mrs. Tilton went to school here and bears vivid memories of her teachers: Mrs. Pennington, Mrs. Ferson, and Miss Miller. She also recalls both the curricula, the physical properties of the school, and the pranks and some of the pranksters.

"We had a Junior High School here at Jensen. We had three rooms and each teacher taught a lot more grades then than they do now. They taught through the tenth grade here. There was a Primary and a High School. The High School students, from the seventh grade on up, were upstairs. We had a big two-story building, just about where the cut-off road goes across the hill. There were sand dunes all around it ... no grass ... just sand. We all walked to school, at least those of us who lived in Jensen. We even went home for lunch. The boys and girls who lived down in Waveland and up along the river at Eden and Walton were brought in by horse-drawn buses. Boys carried the girls' books home from school and there were quite a few romances although I don't recall any that materialized into marriage. One of the 'Peck's Bad Boys' of the school was Cheney Fredricksen. He was full of capers. A favorite prank of the boys was to put pepper on the wood stove that was used to heat the room. We had a professor named Evans and he always had to have a little cushion on his chair. We thought that was quite unnecessary because we didn't have any cushions. Of course, the rest of us didn't think too much of it, but the boys evidently thought quite a little of it. So Cheney, and some of the other boys, put tacks in the professor's chair ... under the cushion, and ... when the professor sat down ... he rose straight up again. Of course it was regular practice for the boys to put the girls' hair in the ink well ... we always sat one right in front of the other. The girls had long hair in braids and it was quite easy to dip the tips into the ink."

Mrs. Tilton's memories of early life in Jensen extend into the home ... the way the larder was stocked, her mother's way of cooking.

"We bought a lot of things from the mail order houses. Mother bought her groceries through Montgomery Ward's grocery catalogue and had them come by freight. She ordered cases of the different things we used a lot. Peas and corn and tomatoes ... those were the most used canned vegetables. She would also order corned beef and a hundred pounds of rice and a barrel of flour at one time. Mother had a pantry that looked like a little grocery store. The flour and the rice were down on the floor. The shelves above were all filled with canned goods. We had very little here to can and our season for vegetables was very short."

Mrs. Tilton also well remembers the quantities of fish served by her mother. Her father, R. R. Ricou, was the outstanding fish wholesaler of Florida. Not only did he operate a fish house in Jensen, he also had them string down from Port Canaveral to Fort Pierce, West Palm Beach, Miami, and Key West ... as well as on the west coast. His fishing fleets were seen in waters along both coasts. The fishermen went out in their sail boats and hauled in tons of fish ... often taking catches too large to load at one time. Then a 'run boat' motor powered, chugged out and packed the catch in ice and raced it into shore for shipment north. There is, of course, a great deal more to this than appears in this short description ... and we'll have the details of the fabulous Ricou operation here soon. But ... with this background of fish in her family ... you'll think the Ricous would shudder when some of it was served for dinner. Says Mrs. Tilton:

"We were all very fond of fish. My father even loved fish. We didn't have it at home [illegible] terribly often, as I remember. Of course, [illegible] they try to tell me we had fish during the [illegible] times a day. We didn't actually have it [illegible] but ... with the different kinds of fish and the [illegible] to prepare it ... you can have a lot of variety and [illegible] your main protein meal on fish. We made chowders and [illegible] fried fish. We made salads and soups. The best things my mother cooked were doughnuts and turtle soup. I never knew anyone that made these things as well. My mother was a good cook, but she was not one of those who measured everything. She had a measure in her mind but no one else could quite get it.

Daddy used to get her green turtles. They were butchered and prepared before he sent them home. Mother would take the meat and cook it with the lower shell, after it had been scalded and peeled. She always browned the flour and added hard boiled eggs.

Winter visitors to Jensen Beach, as well as those of us who live here all year long, have one thing in common. We sometimes have trouble getting all the fresh fruit and tomatoes and other vegetables we want, even though they are grown in great quantity in the nearby fields and groves. Most of them are shipped north. But there is nothing new about this. Mrs. Warner B. Tilton remembers Jensen When:

"The only truck farming was across on Hutchinson's Island. There were lots of beans and some peppers. The beans were the big crop. There was no irrigation at all. They just had to wait for rain. The weather was more stable in those days. You could depend on it more readily. The farmers counted on their crops at a certain time of year and usually got them. The pickers were carried over in the morning by boat and brought back at night with bean hampers piled high overhead. The boats were unloaded at the end of the dock by Mr. Olney's Hardware Store and pushed on tram cars up to the railroad. Most of them were sent off to New York. It was very difficult for us to buy any beans for our own table. We always had some beans to eat during the harvesting season but I can't ever remember having any quantity of them."

## Ginger Rogers Jensen Visitor

Miss Ginger Rogers and her husband, William Marshall, movie producer, director and writer, were guests of Mr. and Mrs. Ralph Evinrude this past week-end.

The two couples were honored guests at a Tri-County Sheriffs' dance held at Port St. Lucie Country Club October 20. Miss Rogers and Mrs. Evinrude (Frances Langford) were costume judges.

Marshall left October 21 for Jamaica to inspect movie location sites. He will rejoin his wife and the Evinrudes in Miami, where they will spend some time on the Evinrudes' yacht, The Chanticleer.

Miss Rogers, the Evinrudes, and Mr. and Mrs. Ed Lawrence, left for Miami on the Chanticleer October 23.

The Evinrudes entertained Miss Rogers on October 21 with a dinner party at the Polynesian Hut on their private grounds.

Guests at the dinner party were Mr. and Mrs. Andrew D. Berkey, Mr. and Mrs. Lawrence, Mr. and Mrs. Nick Penning, Mr. and Mrs. James Langford, Mrs. John M. Gunsolus, Mrs. Roland Merrell, Zack Mosley, Mrs. John R. Wolf, Mrs. Anne Langford, Mrs. Zola Swarthout, Miss Gloria Langford, Miss Sandy Langford, and Miss Betty Krulakowsky.

# SHUFFLERS GETTING READY TO START SEASON

READY TO START—These avid shuffleboarders will be ready to get right down in the rough and ready sport of shuffleboard, soon to start.

SHUFFLEBOARD
by Jack McNab

Hope you all have kept in practice, looks like this season will see some real close competition.

Art Johnson, President of Indian River League, instructed Secretary, Mrs. H. Molotuf, to advise all Clubs to have representatives at league meeting Thursday, November 8, to be held at Ft. Pierce. Of course, we will be represented.

The State Shuffleboard meeting at Sebring, Florida, will review regulations, and discuss new and existing rules relative to State Tournaments. Art Johnson will report on his return from that meeting.

Want to sell something? You can reach all the residents of Ocean Breeze Park through the Ocean Breeze Mirror. The Ocean Breeze office has blank classified advertising forms available for residents of Ocean Breeze who want to advertise trailer or items for sale through the Mirror. The cost is five cents per word, with a minimum of 10 words, or fifty cents, for each insertion. Everyone reads the classified ads in the paper . . . put yours in the Mirror.

TEXTILE AND HOBBY CLASSES

Gertrude Myers is still always looking for new techniques, materials, etc., that will be of interest to her students for the coming season. We hope to have her report in time for the next edition.

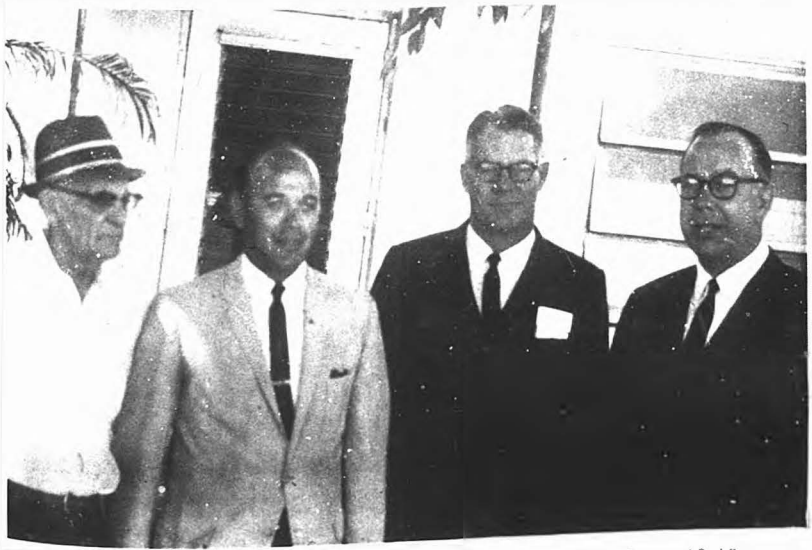
Mr. and Mrs. Walter [illegible], Ocean Breeze, celebrated their [illegible] Wedding Anniversary [illegible]

SPRING TREES---As one person said this week, "The Japanese bougainvilla is at its very best right now". He is right. Picturesque bougainvilla is located behind Mary Adrian's home.

A VISITOR TO THE PARK--Many people are a little amazed at the wildlife that abounds in Ocean Breeze Park. But witness this visitor from across the tracks, coming into Ocean Breeze Town to visit with the people, birds and all the tall things that keep him stretching his neck in all directions (especially camera laden residents).

JUST A FEW BITES---Fishermen who go out in the waters off the Jensen coast hardly ever come back without a larderfull of fish in the boat. See the fishermen of Ocean Breeze, above, as they show off their catch at the rack in the park in front of the Ocean Breeze office.

# REP. ROGERS VISITS HERE



COFFEE AT OCEAN BREEZE PARK on October 24 brought together Harry Hoke, Frank Wacha, John McCarty, and Paul Rogers.

Representative Paul Rogers spoke to more than one hundred twenty-five persons at the Coffee held in the Community Hall of Ocean Breeze Park Wednesday, October 24.

Rogers told the audience that he had received over 50,000 answers to the questionnaires which he sent out this year.

He said that a bill for retirement of the national debt is gathering support.

On the Cuba situation, Rogers commented that for too long we have been basing our action with so much concern of the opinion of other nations that we have failed to exert leadership. This country is now moving from multilateral action to unilateral action. We have been pressing for action to get rid of Castro, and that the President is trying to bring about the downfall of Castro without neuclear war.

"Our country is strong. It is prepared. We have complete strength. Florida is the safest place in the nation. With the military buildup, we have greater strength than since WWII. All of our people will stand united in this. These may be critical days, but all of us feel that we must stand up for what we believe in." Rogers stated.

Frank Wacha, Rogers' Campaign Chairman, and John McCarty, were at the Coffee.

# 60% Vote Keeps Jensen's Good Voting Record Clear

## Smathers, Rogers, Carter, McCarty, Gunn and Chambers Elected

While state officials expected a [illegible] election to the good, Jensen Beach went one better and cast a 60% registered [illegible] in the 1st primary. This was expected of the area but [illegible] a higher percentage of voters than [illegible] precincts of the county.

Voters elected party [illegible] as they [illegible] exit in the election. [illegible] Senator George Smathers and Representative Paul Rogers and [illegible] Republican aspirants [illegible] Carter [illegible] Democrat [illegible] Martin County [illegible] Senator, and Henry Gunn and Lee Chambers for school board in Tuesday's election. Gunn was the only Republican bright spot in the sunset of the two-party system as the polls closed.

The voters also turned down two controversial Forest Fire Service by a 1671 to 1035 vote. They also voted to abolish the office of constable, 1498 to 941.

TAINT SO -- Two rumors flying around the Northland are: You can't get within 12 miles of the ocean in Florida. Tourists can't come to Florida. Any truth in either rumor?

## Civil Defense Leaders Called to Tallahassee

Governor Farris Bryant called a meeting in Tallahassee [illegible] of Civil Defense [illegible] of the State. In a telegram Earl Morton, [illegible] the Civil Defense Director, said [illegible] Martin County attended [illegible] Tallahassee [illegible] Civil Defense preparedness.

THEY MEAN BUSINESS -- Rio residents at Jensen were visibly impressed Monday as the sight of a [illegible] crossing to replace [illegible] which [illegible] the intercoastal waterway for the West.

## Rio Ceramics to Open

The Rio Ceramics will open Monday, November 12, in Rio on Highway 707.

Grace Denton and Edgar Henderson, of Leavittown, Long Island, New York, conducting the new business, are both experienced in ceramics and will teach classes as well as private instruction. They have a complete line of supplies for ceramics work.

# PTA Carnival Biggest Ever

The Hallowe'en Carnival was a huge success, according to Mrs. Morgan Sprott, President of PTA.

"On behalf of the PTA," Mrs. Sprott stated, "I wish to thank each individual, each business firm, and each organization, for their generous contributions of time and materials. The Carnival could not have been the financial success it was without the donations of the merchants." "And," she added, "it is a real pleasure to work with people who are as cooperative as those in the Jensen-Rio area."

The Carnival opened with a parade and judging of the costumes. There were three categories -- the prettiest, the funniest, and the most original --- for each grade in school.

First Grade winners were: for the prettiest costume, Kayleen Penick; for the funniest costume, Danny Priore; and for the most original costume, Kevin Townsend.

Second Grade winners were: Janell Bownds and Wayne Spragne tied for the prettiest costume, Robin Tilton, the funniest; and Debbie Haire, the most original.

Third Grade winners were: for the prettiest, Karen Hurley; for the funniest, J. D. Lookadoo; and a tie between Dan Stewart and Byron Proseus for the most original costumes.

Fourth Grade winners were: prettiest, Raelene Miner; funniest, Peggy Olney; and a tie for the most original between Arnold St. Clair and Gay Tweedy.

Fifth Grade winners were: for the prettiest; Cheryl Luke; for the funniest, a tie between Jo Anne Woolard and Lydia Clements; the most original, Jacque Penick.

Sixth Grade winners were: for prettiest costume, Mike Cruse; a tie for the funniest between Christie Lorenz and Kathie Wyatt; and the most original, Eddie Eiche.

Margaret Talbert and Tony Ellison, both from the Fourth Grade, were crowned Queen and King of the Carnival.

On the basis of suppers served, and other food sales, the crowd this year was estimated to be five times that of last year. Final tally had not been made of the money taken in, but Mrs. Sprott estimated that it would exceed $500. Mrs. Sprott said that it would be impossible to personally acknowledge and thank every individual who had a part in making the Carnival such a success, but that special thanks [illegible] for [illegible] the public address system, to the Martin County Sheriff's office for providing free identity cards to all the children; and to the various committee chairmen.

Veterans Memorial Services will be held at the Community Center Sunday, November 11, at 2 p.m. This service is in memory of all veterans. The public is invited.

# Rio Civic Club Elects Officers

The Rio Civic Club held a covered dish supper Thursday, November 1. The committee handling the supper was composed of Mrs. Jack Shomer, Chairman, and Mrs. Gerald Mason and Mrs. Reuben Dowler. Forty-four members and guest were present.

Election of officers was held. The winners are: President, Alexander B. Wilson; Vice-President, Ernest Hait, Secretary, Mrs. Charles Zajic, Treasurer, Mrs. Harry Spencer, 3-year Director, Mrs. Hubert Klein, 2-year Director, Harry Spencer, 1-year Director, Matson Sumner.

Returning members were welcomed, as well as guests Mr. and Mrs. C. B. Hensley and Mr. and Mrs. D. Trepanier.

After the supper, the regular business meeting was held.

The report given by Mrs. Jack Shomer on the Cookie Booth at the Jensen Beach PTA Hallowe'en Carnival indicated the project was very successful. Mrs. Shomer was assisted on the project by Mrs. Ernest Jenkins and Mrs. A. B. Wilson.

Rio Fire Chief Al Walther spoke on the pros and cons of the Forest Fire Control Referendum and urged all members to vote on this very important matter.

It was decided to again distribute Christmas baskets to needy families in our area, and members were asked to bring canned goods for these baskets to the next meeting. Mrs. Hubert Klein is Chairman of this project.

# SADIE HAWKINS DAY PARTY IS SATURDAY

EVEN THE ARMADILLOS appreciate the atmosphere in Ocean Breeze Park -- this one wanted in and made himself right at home, but from the (unidentified) hands, it looks like someone is preparing to give him the old heave-ho, on the double. (Photo by Clyde Redinger)

## Ocean Breeze Residents Turn Out 75% Strong at The Polls

A high degree of public awareness was exhibited this week at Ocean Breeze Park, as residents of this precinct turned out 75% of the registered voters to cast their ballots in the national, state, and county elections. 194 voters out of 1 registered 260 (approximately voter ballots I in Tuesday's

Donna and Leo Williams, and Virgil and Jack Watson will host an honest to goodness "SADIE HAWKINS' DAY" party Saturday, November 10, at 8:30.

Come one, come all, dress as characters from Li'l Abner's comic strip. Yes, of course there will be prizes, but best of all FUN, FUN, FUN!

## Dance Classes in Full Swing For The Season

by Ruth Murphy

Dancing is in full swing at the clubhouse! Day classes are devoted to reviewing old basics and learning new ones at the 2 p.m. square dance class. Beginner classes for those who have never danced or are a bit rusty on their dancing, will be from 1 p.m. to 2 p.m. on Monday, Wednesday and Friday.

Pattern dancing, or couple dancing as it is sometimes called, will be reviewed and taught to newcomers with the new dance of the month being Ragtime Two Step. Let's get our Saturday night ballroom dancer interested in the easy steps which they will pick up quickly with just a little practice. Our aim is to get you -- not only to like fun.

# ROUND ROBIN TO BE PLAYED SATURDAYS AND SUNDAYS

FLERS ARE READY -- A Round Robin will be played [illegible] Saturday and Sunday afternoons [illegible] according to Shuffleboard Editor Jack McNab. Shufflers pictured above are Bert [illegible] and Ben Cook as they practiced for this season's activity. Many shufflers are planning to participate in the Central Florida Shuffleboard Association, East Coast District [illegible] to be held at Melbourne Tourist Club, in Melbourne, on Saturday, December [illegible]. Scheduled for Ocean Breeze Florida include Amateur Singles, Ladies and Men [illegible] Doubles at Ocean Pierce December 1".

TY TIME -- Residents turned out to enjoy the music and dancing of the regular Saturday Night ce at the Clubhouse, and seemed to be getting warmed up for the Sadie Hawkins Dance planned this Saturday night.

REPUBLICAN CANDIDATES William Hussey and Carl Mezgelin spoke at Ocean Breeze Park Monday, November 5.

SCENIC ROADS -- The beauty of Ocean Breeze lies in the roads that are almost scenic paths through carefully planned landscaping.

The Fishing Was Fabulous

Talk to any long-time resident of this Indian River country, woman as well as man, and fishing will come into the conversation in short order. You'll hear of the time Hubert Bessey stood on the porch of the House of Refuge and scanned the ocean with his binoculars. As far as he could see to the north or south, from shore to horizon . . . a solid school of mullet was passing by. When the following tarpon or sharks got hungry . . . they made a dash into the mass and gulped their fill. And it took three days and two nights for the school to go on by.

There are those who will relate the joys of bass fishing in the savannas . . . where fat little fellows, and not a few big ones too, made a pretty picture as they dipped the bobbing cork and hooked themselves securely. One woman told me she caught a hundred and three bass in one afternoon.

Bridge fishing? It was not uncommon for a man to walk out on the piling bridge between Wa Wa and Stuart and, with nothing more lethal than a cane pole and a can of fiddler crabs to catch four hundred pounds of sheepshead in one afternoon.

And I have heard tell of jewfish caught hereabouts in those days that were so large a big horse, twelve hands high, had a hard time dragging one to shore.

And there are those who report that if you went out on the river at night in a row-boat, with a lantern burning on the bow, mullet or pompano would leap into your lap.

Fabulous was the word for fishing in those days.

It was also a highly profitable commercial venture. R. P. Pecou, the father of Mrs. Anita Tilton, was the leader of the wholesale fish industry . . . from Port Canaveral clear down to Key West and along some parts of the west coast. His fishing fleets consisted of sailboats and, usually, one motor launch. The men would go out at night and make their sets and catches in the fishing craft. Then . . . at daybreak . . . someone would take the motor launch and run out to them. This was the "run" boat. It brought the fresh-caught fish back to Jensen where the catch was iced and packed and shipped north. In season . . . when the mackerel were running . . . it was not uncommon to load out five carloads of fish here every day. In those days the fishermen were paid about three cents a pound for bottom fish. The principal catch was mullet. The net fishermen were called 'mullet chokers.' There were two kinds: the "scrappers" and the "drifters." A "scrapper" set his net out in a circle and then "drummed" the fish into the net by flatting his oar on the water or drumming it on the side of the boat to make the fish flush and dart into the net. This is much like standing in the chicken yard and clapping your hands to start the flock. The "drifter" used another technique. He set his net out straight and drifted with the tide. He stretched out in his net and rested until the net was filled with fish that had poked their heads through but couldn't find room for their bodies to follow. The drifter then started at one end of the net and packed the fish out as he went along . . tossing the "keepers" into his boat. Each man stayed out six nights, as a rule . . . but he came in on Saturdays for pay, supplies, and fun. And . . . once a year . . . the big blow-out. All the fishermen chipped in . . . bought two or three metal kegs of beer . . . smothered them in ice and . . . some Saturday night . . . everyone had a good time.

That's when the fishing was fabulous.

AMERICA'S BID FOR
A GREAT NEW
INTERNATIONAL CLASSIC CAR

# THE *Riviera* BY BUICK

The Riviera is the culmination of a five-year program by General Motors and Buick to introduce an American car of internationally classic proportion and quality.

The new automobile combines the best of old-world craftsmanship and coachwork with the high precision art of modern technology. The result is an automobile of the caliber one might expect to see priced at twelve thousand dollars on the international market, offered here for less than half that cost.

If you would like to drive the new Riviera and experience a sensation that words alone cannot describe, we suggest you see

*Amuity*

*Note the low center of gravity. Combined with specially tuned front and rear suspension systems, it gives you a whisper-quiet ride that's almost feline in its sure-footedness. Engine, with 445 ft-lbs. of torque, literally loafs at freeway speeds, has tremendous reserve power.*

# INVASION FORCE PRACTICING HERE ON JENSEN'S BEACHES

HUTCHISON ISLAND BEACH -- View from Jensen Beach visibly showing the lack of habitation in this area. Just north of here is where military maneuvers were taking place this week. This is the last stretch of undeveloped beach in this area north of Miami and is the logical place for practice landings and jungle maneuvers.

Jensen Beach [illegible] this week as an aircraft carrier, cruiser, and several other large ships hit the coast in Jensen's first invasion landing. Air and landing barges and troops prepared for training exercises on the undeveloped beaches of the county.

The movement of equipment Wednesday morning when the repair crew of the State Road Department arrived to repair the earth fill of the trestle bridge on Jensen Causeway. Rumors flew [illegible] Army officials [illegible] and that Secret maneuvers were being

landing craft came through the bridges on the Indian River.

At dawn, four jets hedgehopped down Hutchison Island. The sand road that leads to Fort Pierce was barred to traffic, and drivers were advised that hikers could proceed, but autos were barred as tanks and artillery will be landing and tank drivers do not always have clear vision.

There were no troops or guards present at the Jensen Beach house up to press time. Toll collector Junior Bright told the Mirror that there had been no military traffic over the bridge prior to its being closed for traffic, but that the State Road Department had rushed to get the broken stringer on the east span fixed in case there was a movement of heavy equipment over the bridge.

Jensen's beaches are the only undeveloped stretch of beach between here and just south of Miami, and are a logical place to hold training maneuvers.

## Causeway to Remain Open During Season

Jensen Beach Causeway will not be closed to traffic during tourist season according to information received by Commissioner Walter Crowell from Cleary Bros. Construction general contractors of West Palm Beach, who are doing the work.

Tentative schedule for the construction work is as follows: Week of November 17- drive [illegible] without interfering with vehicular traffic.

November 17, [illegible]

March 1, 1963 - Move all equipment off fill and make final all-weather and guardhouse at bridge during [illegible]

[illegible] Reb

[illegible] its [illegible] blossom, needs [illegible] considerable [illegible] its [illegible] ant attachment to a particular [illegible]

Recently [illegible] experience of overhearing [illegible] matic statements by a local citizen; they went something like this: "If it were not for those damn migrant tin-can tourists [illegible] all the best land, some developer might come into Jensen and then this area really would go to town." Surely this is an example of utterance by one so blind to facts he had lost ability to see.

Should there be others critical of mobile homes or in particular the Town on Wheels, it might be well if they would take time to review evidence of the many tangible and intangible contributions Ocean Breeze Park has made and is making towards progress in Jensen Beach, the County, and the State.

To begin, Ocean Breeze Park is a development but, unlike many Florida land developments, the original idea was conceived and furthered by a family who resided and raised two generations in the area. It is not now, or ever was, dependent on out-of-state mail-selling programs, the success and progressive development accomplished is new investment in the project.

Those who visit the Ocean Breeze Park area notice a striking [illegible] around the park, [illegible] facilities [illegible] note the cultivated [illegible] residents take in beautification and maintenance of their lots, then take special note of the dates on owners' name plates indicating length of residence in the park. After visual evidence, they could consider the many thousands of dollars brought to and spent in the area each month by park residents reflecting to the purchasing power and development of all phases of local industries. Consider the monetary and attendance contributions to places of worship, consider the culture complexes brought to the area by well informed, patriotic, law abiding citizens.

Time after time, by effective actions, Ocean Breeze Park residents have demonstrated their desire to participate in the overall progress and welfare of the area. What better example than their gift to Martin Memorial Hospital of the heart machine, or the gift of life-saving equipment such as pulmotor and automatically discharged buoy to Jensen Beach. Consider the fact 75% of Ocean Breeze Park registered voters exercising their right of franchise at the polling booth November sixth, an example of citizenship duty performance that might well be copied by other communities throughout the Nation.

To the skeptics of the benefits of Mobile Home living, or to those who submit it to be only a passing phase, let them consider the fact of its being one of the Nation's fastest growing industries, plus the fact of industry progress being dependent upon public demand and acceptance of product.

The history, operation, reputation, and general complexion of Ocean Breeze Park should be a matter of pride, not to its residents alone, but to adjacent communities. For with Parks being established in communities from Coast to Coast and Border to Border, Ocean Breeze, being a pioneer, is regarded as a yard stick by which others are judged.

Is it not high time, then, to rid one of Florida's best locations for ideal living from the weeds of bigotry, and by co-operative endeavor adjacent communities advance the development of the area.

Over six hundred years before the birth of Christ, Alcaeus wrote, "Not houses finely roofed or the stones of walls well-builded nay nor canals and dockyards make the city but by men able to look to the future then using their opportunities." Down through the ages the truth of that statement has manifested itself time and time again.

To our neighbors, we direct this message: "Ocean Breeze Park's hand of friendship is extended to all who desire to test its sincerity of gesture; let us unite, look to the future, and avail ourselves of the many natural opportunities this area offers."

## An Open Letter to a Sister

By Col. Wm. G. Wright, Ret.

My Dear Sister:

Had I not known you so well and always been a timid soul, I might have treated your letter as some sort of joke. Who in the world but the silly notion in your head that Florida is more vulnerable to an atomic attack than where you are living?

You run greater risk crossing the city's streets than I do from any hazards that might develop out of the Cuban situation. I make [illegible] statement based on what I believe to be logical reasoning.

Would you consider it sensible for a junior high school football team with an average weight of ninety pounds per player to challenge a professional team whose average per man was two hundred pounds? Such a challenge makes as much sense as Castro challenging the might of the United States. Even if Castro himself, suffers from the ego of a maniac, there are those on the island who would forestall such a challenge.

What about Russia? Cuba is indeed a very small pawn in the fantastic Communists' plot for world domination. Russia would not risk the complete destruction of her own country or the loss of her satellite countries by sea of an all-out war to protect an unimportant factor in her plans as Cuba.

Consider that many thousands of miles separate Cuba from Russian supply depots. The joint action of our naval and air strength, plus co-operative action by our NATO allies, can effectively seal off supplies from reaching Cuba.

What if there still are some long & medium range missiles hidden in Cuba? Consider that each of those missiles represents several millions of dollars in cost. I know of no Florida target important enough, in war-time strategy, to justify the expenditure of such a missile. If and when such missiles are used, they will be directed towards large production centers or those areas vital to defense or offense.

Consider another factor — that the trajectory pattern which must be maintained for even a thousand mile range missile reaching an objective target with any degree of accuracy would, in my opinion, mean the angle setting for delivery.

So, dear Sister, quit taking those tranquilizer pills, pack up your bag, join the rest of us in "Sunny Carefree Florida." I most sincerely would not submit such advice unless I was firmly convinced that Florida is and will continue to be one of the safest areas from nuclear attack in the Nation.

Your affectionate brother,
Bill.

## Fishing News

"We had a good week, and it looks like another one is coming up," is the way Jimmy Crawford, of the Snook Nook, summed up the fishing picture for the Jensen area.

Surf fishing was very good. Plenty of blues and pompano were caught. Bridge fishing picked up on trout, and there are still some snook around.

Among [illegible] reported [illegible] George Alig, Ernest Powell, Bob [illegible] and Max Kenan, from Hollywood, Florida, caught 61 blues among them; Mr. and Mrs. Cecil Keating, 50 blues; Burt [illegible] 32 blues; George Cogin, 25 blues and Jess Wilbert, 20 blues, Miss. [illegible] good catches.

Fishing in the bridge, Mr. and Mrs. Bert Sams caught 25 pompano; Jack Chilowski, 25 pompano; Jim Elmore, 11 trout; Bill Williams, Ethel and Joe Perella, 11 trout; Hank Hambrock, 12 trout and a 3½ pound snook; Fred Card and Jean Lesher, 12 weakfish and a mess of bottom fish. Chick Barlow caught a blue trolling in a boat.

# A Little Girl Grows Up

Mrs. Charles Tyndall, Fleanord Fredricksen, is another of those few long-time residents of Jensen born right here. May 17, 1898, she entered the world in the Hoke house. Her mother and father were invited to live there for a few months while Captain and Mrs. Hoke went off on a vacation. When they returned, the Fredricksen family went back to what they called the pump house, near the railroad for which father Fredricksen worked. Mrs. Tyndall well remembers her schooling.

"I went to school in Jensen," she says. "Edith Hunter was my teacher. I was five years old at the time. I didn't go to the first little two-room school they built on top of the sand dunes just across the railroad tracks. When I was old enough to go, they had a big two-story school house up there and I went all through the ten grades. There wasn't any high school then. If you wanted to get more of an education, you had to go away to school."

By the time she had completed the ten grades in the Jensen school, Fleanora Fredricksen was eager for further study. She went over to Stetson University and took a two-year business course. Her father allowed her to keep books evenings in the hardware store, but he wouldn't let her leave town again. Whereupon his determined daughter enlisted the aid of the local Jensen teacher in furthering her education. Mrs. Tyndall recalls:

"I worked on the eleventh grade courses all by myself, whenever I finished a section, the teacher gave me a test. Any time I got stuck, she helped me. In this way, I got through the eleventh grade."

Evidently noting his daughter's interest in advanced education ... Fredricksen relented his ruling against her going away to school. Fleanora enrolled in the teachers' college at Tallahassee and, at age 18, she began to teach school. How much did a teacher earn in those days ... and what were her duties? Mrs. Tyndall well remembers:

"I got fifty dollars a month but there was no allowance for room or board. And, in addition to teaching, we had to do all the janitorial work of the school each day. I had to sweep the floors and do everything else that was to be done."

Asked whether the children of her teaching days ... some forty years ago ... were hard to handle, she replied:

"I didn't have too much trouble. I had four grades to teach. The youngest ones got out at two ... the next class at two-thirty, another at three, and the fourth grade was turned loose at three-thirty. When the weather was cold or rainy, we held classes inside. But, when the weather was its prettiest, we held classes outside ... under a sprawling bay tree. The youngsters spread out on the ground and I sat on one of the low limbs. They always looked forward to being out of doors. There was only one problem. If you had a very poor child and a very smart child in the same grade you couldn't make much headway. You just had to teach one and the same things ... except for written work."

Mrs. Tyndall also well remembers his school days in the Jensen area. "They had a school in a little place called Waveland. That was the first school I went to and I walked along the bank of the river to get there. There were no roads at all then. If the wind was wrong and the water raised up and there was no river there ... I just didn't go to school."

Later, at age seven and one-half, Charles Tyndall went to the Jensen school where his first teacher was a Miss Williams. His memories of her are bright: "She was a wonderful teacher. She had all the grades in one room. You learned your ABC's first and then your three R's. If you got a licking at school, you also got a licking when you got home. There was none of this paternal sympathy for a child in those days. The teacher was always right."

Mr. and Mrs. Tyndall both had fathers who came to this country from abroad. Mr. Tyndall's father immigrated from London, via Chicago, where an advertisement lured him to Florida. Mrs. Tyndall's dad, William Fredricksen, landed on American shores from Copenhagen, Denmark. He wandered around the United States a bit ... clear out to New Mexico. He, too, rounded in through Chicago and settled in Jensen, in 1893. His daughter, Mrs. Tyndall, remembers her father as the man who fixed everything. Even shoes. He and his father first cleared land and planted pineapples. But a freeze wiped out the original crop. And a second cold snap all but eliminated the next one. Father Fredricksen persisted with the plantings. His son worked at anything possible. He pumped water on the railroad ... fished on his time off ... did any job he could find to keep the family supplied with food ... while they patiently waited for the pineapples to come in. When the crop finally panned off ... nearly three years after it was first set out ... Mrs. Tyndall's father turned his mechanical genius to the invention of a motorized tram car that took away some of the back-breaking work of getting the pineapples in from the field.

Fredricksen later went into partnership with R. R. Ricou in the management of an ice house and with Charlie Segerstrom in a hardware store. Then ... like almost every other merchant in Jensen ... he was nearly wiped out by the fire of 1908. That event is still deep-etched in the mind of Mrs. Tyndall:

"We were particularly interested in our packing house, at the foot of the hill. We were afraid it might go. They had every blanket we had spread on the roof and wet down. The old Blocker house, just to the south, burned. Right across the street, at a little diagonal, the bowling alley burned. The Tyndall store went up. So did Keck's, alongside ... with the Post Office. They both burned ... but our packing house was spared."

## Hutchinson Island Finally Invaded

The First Armored Division landed some very seasick soldiers on Hutchinson Island Sunday. The maneuvers were planned to take three days, which were prolonged by winds of near-gale force and high seas.

Four LSTs, two LCUs, and two LCMs arrived off the shore of Hutchinson Island, about six miles south of Fort Pierce, Tuesday night. After two days of being tossed about by the rough seas, two LCUs were able to get to shore and discharge Army and Navy construction battalions with bulldozers and forklifts.

An LST dropped a steel causeway which was moved into position late Friday when the first LST attempted to land.

The LST went aground on a sandbar but, by shifting the cargo, the bow was lightened enough so that the ship made contact with the causeway and discharged seven tanks before the causeway tore loose from its anchor.

Working with all three causeway sections to lengthen the pier, the LSTs cleared the sandbar and were able to land the equipment and troops Sunday.

By Sunday afternoon the landing was completed.

## Congratulations

The Stuart News is congratulated in being designated "Florida's Best Weekly Newspaper" at the eighty-third annual convention of the Florida Press Association November 10 at Silver Springs.

This is the third time the News has received this award, having won it previously in 1958 and 1959.

## WORLD'S RECORD FISH CAUGHT HERE

TODAY BB'S RECORD -- Anthony R. Tetteriello, Skyline Court, Stuart, still pound 14 since Bermuda Club Saturday in the surf a Jensen Beach, losing sand fleas and a surf outfit. The Rube Aller [illegible] lists the record at 13 pounds. This is the first one weighed here from the surf, according to Johnny Crawford.

## Causeway Capers Set For Sunday

Causeway Capers will get under way, shortly after noon with a boat parade Sunday.

Everyone in the Jensen area who has a boat is invited to enter it in the boat parade. Prizes will be awarded for the best decorated boat, according to Reg Walker, of the Chamber of Commerce, sponsor of the event.

The Jensen Causeway will be gaily decorated for the Capers.

Soft drinks, coffee, and hot dogs will be sold all afternoon. Barbecued chicken dinner will be served by the Outrigger.

A ski show will be one of the featured attractions.

Everyone is invited.

★★★★★★★★

CORRECTION -- "King of Kings" held over to Wednesday at the Lyric Theatre. "No man is an Island" plays with "White Christmas" on Thurs. Fri. and Sat.

## CIVIL DEFENSE NEEDS 36 JENSEN MEN

[illegible]

DUE TO THANKSGIVING, the Jensen Area Businessmen's Association will not meet Thursday.

OUR LANES WILL BE CLOSED on Thanksgiving, according to Bob Gottron. It will reopen Friday.

ARMY HURTS WHEN YOU LAUGH--And youngsters from Jensen Beach Elementary School were all staring at one of their fellow students was being "shot" by nurse Marian Tschiscbeck. The innoculations were part of the medical program of the school. Of course, the others laughed until it was [illegible] at the end of the needle....then the grimaces were turning a smile upside down.

ARMY TRUCKS ON THE MOVE--A convoy is checked through the St. Lucie River toll gate by tollkeeper Charles Gay and two men in Army fatigues. The trucks were enroute to Ft. Lauderdale following maneuvers on Hutchison Island.

Now Charles, make sure Chick gives us a free cup of coffee... he gives it to everyone else, y'know.

## Fishing News

Surf fishing wasn't too good so far as quantity was concerned, but a new world's record Bermuda Chub, weighing 11 pounds and 14 ounces was caught by Richard Letterielle. A few blues, channel bass, and pompano were taken, according to Johnny Crawford, of the Snook Nook. He said that bridge fishing picked up quite a bit with lots of trout, and snook fishing is still fair.

Catche reported this week [illegible] Mrs. and Mrs. Jim Gaillou, 45 trout; Jim Elmore, 15 trout; Harn Dickey, 15 trout and a channel bass; George Gould, 30 trout; Bert Wadhams, 14 trout, 3 blues, and a channel bass; John Sadowski, 4 pompano, 3 mangrove snappers; Joe Perlberg took a snook and a barracuda in the surf; Dick Karlow caught 12 trout; and Flovd Austen, 30 trout.

## Mirror Garden Hints

by [illegible]

Flowers add so much to the joy of living -- they are a pride to the gardener, a pleasure to the beholder, and an embellishment to any home.

But there are many of us who have little time to spend cultivating flowers, even though we love them around us; there are many of us who haven't much physical strength for gardening tasks; and then there are those who simply are not interested in gardening. The latter group, the green-thumb-and-dirty-fingernail addicts simply ignore. The memos today are for those who [illegible] time and energy.

Annuals, using started plants from nurseries, give the quickest results, with the least effort. Many hardy annuals and perennials in the north can be treated as annuals here by using plants already started in a nursery.

Among the many tropical and semi-tropical plants that can be grown here, the croton is perhaps the most rewarding. The plants need special care. Give them water during our prolonged dry spells, from time to time; and fertilize them as you would any other shrub.

Crotons may be used for accent color among an otherwise all-green planting; they may be used for hedges – either all of one variety, or assorted; they are excellent foundation plants; small specimens may be used as pot plants; and one can even do a complete landscaping job with crotons by using them according to size and color.

The leaf is always variegated and will be a combination of two or more colors, ranging through shades of green, red, pink, yellow, and into a creamy white. The leaves vary in shape as well as in color. Some leaves are long and narrow, some are curled like corkscrews, some are very broad, some are quite small. Others are extremely large, and some are shaped like oak leaves.

While you are at the nursery, don't forget to look at the beautiful Christmas Begonias and Poinsettias just coming into full bloom which you can keep in a pot through the holidays, then plant outdoors for blooms in succeeding years.

# LOCAL SHUFFLE LEAGUE STARTS DECEMBER 4TH

SERIOUS BUSINESS -- Raymond Reid puts his opponent in the "kitchen". (Photo by Tom Cook)

A [illegible] Shuffleboard League gets under way December 4, it [illegible]. Registration closes Nov[illegible].

The organization of the local shuffleboard league was approved at a meeting of the Shuffleboard Association Saturday. The leagues will be known as the Town of Ocean Breeze Park Shuffleboard Leagues.

Two leagues, designated as "A" and "B" will be formed for the purpose and the nature of residents of the Park. The leagues will have no affiliation with any state or district organization.

The "A" league will play each Monday at 2 p. m. Teams will play two games. League standings will be figured on a basis of two points for a win.

The "B" league operating on the same basis as above, will [illegible] Tuesday.

The rules of the league state [illegible] entered are required to play [illegible] the 10 weeks [illegible]. No substitution of players is allowed, except in emergency.

Teams failing to appear for scheduled games will forfeit to opponents who are present.

Trophies will be awarded to the winning teams of "A" and "B" league, and the two teams will compete in a championship tournament at which a revolving trophy will be at stake. Winners will hold the trophy for one year.

All games will be played under the rules of the National Shuffleboard Association. Teams may be made up of men, women or mixed.

# THE SPIRIT OF THANKSGIVING

By Col. Wm. G. Wright, Ret.

In fact, America is you and me, together with the one hundred and eighty million other citizens who inhabit the land, for we are the corpuscles making up the life blood that energizes its heart and ... we are the pulse of America.

If it were possible to stand in the heart of America, we could see the blood stream coursing through the veins of industry, finance and commerce; we would see buildings reaching a thousand feet into the sky, or set an it the hut; we would see orchards, groves and vineyards, cotton plantations, and the waving miles of sprouting grains. We would see planes in the sky, submarines and ships in dock, rockets, missiles and tanks, railroads and oil derricks. All these things, and more, are the life stream that feeds the sinew and muscle of America, the handiwork of man.

We look to the mountains, the prairies, lakes, rivers, the soils, minerals and forests, to see the bone structure, the very flesh of America, and acknowledge those to be the handiwork of The Divine Architect of the Universe.

What then is the Spirit of America. It must be the precious patrimony left to us by the Founding Fathers on this continent in 1776. This heritage of free spirit is our most valuable legacy ... it is the spirit of George Washington, Nathan Hale, Abraham Lincoln, and all those soldiers, sailors, airmen, and others who died for their convictions.

This is the time when Americans traditionally observe a holiday reserved for thanksgiving for our blessings, but particularly during this unhappy Twentieth Century, when freedom for all is threatened, would it not be well if we reserve just a small portion of each day not only to give thanks but also to request the Divine Architect to help each of us rid our systems of tired or diseased blood, so in season we might do our part in revitalizing the spirit that made America great.

Yes, you and I, and the other one hundred and eighty million citizens make up the life blood of America, the people who govern us are those whom we choose, and if we are content with our governing bodies, we can give thanks for having chosen them. If we disagree and complain about the way the country is run, then we, ourselves, have only ourselves to blame.

We are America for basically we are the guiding hand and the life blood of the nation. But, unfortunately, in recent years, there has crept into that blood stream a weakness, an anemia, resulting in a faltering ability to assume and vidal responsibility. The rich red iron blood inherited from the spirit of our ancestors is endangered by white corpuscles of apathy. Too many seem to have lost the pride requisite to being a true American ... pride that is the springboard to courage, courage coming from the iron in our blood, not from the gold in our vaults.

If ever our way of life is chosen for us, we can blame only ourselves for inaction and for losing the spirit and the will which are part of our heritage. Surely each of us then should devote a few minutes each day to ask for help and guidance, for as long as we have that spirit and with the love of God in our hearts we can work together for the good of all. Only then will we be accepting and performing our individual responsibilities so that rich red blood of patriotic duty flows through the veins of America to assure those generations yet unborn a purpose for and an understanding of the Spirit of Thanksgiving.

# AROUND THE WORLD IN 68 DAYS IS CAMERA CLUB FEATURE

THE OCEAN BREEZE PARK BOWLING TEAM -- left to right: David Gale, Bob Dargis, Chet Homan Ed Dugan, and Jim Hudson.

By Doug Blyth

Let's get the record straight. Camera Club meetings will be each Tuesday at 6:45 p.m. at the clubhouse.

There will be many fine travelogues with both color slides and color movies. Everyone in the park is welcome to attend.

In addition, some of the Tuesdays will feature workshops with interesting lectures and demonstrations of how to improve our techniques in photography.

On Tuesday, November 13, the Camera Club's essay, "Florida, the Sunshine State," will be shown for the first time, and received favorable comment.

Bill Chave showed excellent slides of his summer travels. This was Bill's first year with a camera, and he definitely shows a flair for this type of work. We are looking forward to more next year.

Cliff Ogle filled out the rest of the program with very colorful slides of remote Capitol Reef in Utah.

Tuesday, November 27, will be entertainment night.

Proposed showing "Around the World in 68 Days," by Cliff Ogle. Part I.

KEROSENE, ANYBODY? -- Harry Wilkie mans the kerosene pump while Dave Donaldson and Bill Wall stand in line. During the recent cool weather, the kerosene pump was one of the most popular attractions in the Park.

ART EXHIBIT PLANNED -- Frances Carlberg King, well known [illegible] coming art exhibit at the Art Mart in Rio with Joe Kellener [illegible] pioneer Floridian, Mrs. King will exhibit through the month of December. The [illegible] free to the public from 9 a. m. to 5:30 p. m., and on Saturday [illegible] exhibit will be Monday, December 3. Mrs. King studied under an [illegible] Scott, Kansas. Her teachers included George Bridgman, Eric Pape, [illegible] Saulnier, and Frank Vincent duMond. Exhibiting previously in [illegible] Fort Palm Beach, Salina, Kansas, and Asheville, North Carolina, Mrs. King [illegible] hung hanging in the Senate Reception Room of the State Capitol in Austin, Texas.

# FREE, SI TOLLS, NO

Action taken by the Martin County Commission assures removal of all tolls from local bridges. At a meeting Tuesday, the Commission adopted a resolution that will lead to removal of bridge tolls, and construction of a new Jensen Beach bridge, under a refinancing program being arranged with the State Road Department.

A letter from Samuel Draper, Director Revenue Projects Division, State Road Department, outlining the project was read to the Commission by Chairman Frank A. Adams.

Drawers [illegible] that the State Road Department's recommendation is that a bond issue in the amount of $2,7[illegible] be processed, which would pay the balance due on outstanding bonds of $1,710,000, Florida Development Commission fee, and the balance [illegible] the Department [illegible] advances made at the time projects included in the 1955 issue were constructed, and to cover the cost of construction of a new bascule bridge and approaches on the Jensen Beach Causeway.

The bond issue will be paid by a pledge of 80% of the gas tax. Only that portion then due will be applied to the bond indebtedness; any surplus will be returned to the Department for use in the County. Under the current bond issue, 80% of gas money is pledged with no rebate. The excess should make between $50,000 and $100,000 annually available for County improvements.

John Monahan, Road Board Member of the Fourth District, is primarily responsible for the success of this project. Monahan is a great friend of Martin County and has done much good for us.

# JENSEN BANK TO OPEN

[illegible] two drive-in windows, and will offer the services of a commercial bank.

Armstrong and Pryor were architects of the building, which features a new form of construction to this area called "Brikcrete," manufactured in Martin County by Pal-Mar Brikcrete.

A member of the Federal Deposit Insurance Corporation, Jensen Beach Bank has a plot of ground 100 feet wide, reaching across the block from Commercial Street to Ricou Street.

The bank has a capital structure of $350,000, of which $50,000 is surplus and $50,000 undivided profits. Approximately 190 shareholders hold the 25,000 shares of stock, which sold at $14 per share.

# All Saints Bazaar Saturday

All Saints' Bazaar will be this Saturday at the Parish House. The doors open at 9 A. M.

Home cooked meals will be served all day.

And, of course, a Snack Shop will be in continuous service.

Pies, cakes, cookies, and many other home-cooked foods will be on sale, either to eat at the Bazaar, or to take home.

There will be gift items galore. You name it, and you can probably find it somewhere in the Bazaar -- and all handiwork of some talented parishioner.

Aprons, plain and fancy -- [illegible] items of interest, crochet, knitted, or other forms of handcraft in great variety, suitable for Christmas gifts, or for one's own use, are on sale.

Christmas decorations, Art, Ceramics, and Religious Articles will be on hand.

Toys, White Elephants, and a 50¢ Booth will be featured.

Plants for home and yard, in many varieties, will be there.

A Teenagers' Music Show and a Photo Booth will round out the attractions of the Bazaar.

The doors open at 9 A. M. and the choicest items sell first -- come early for best selection.

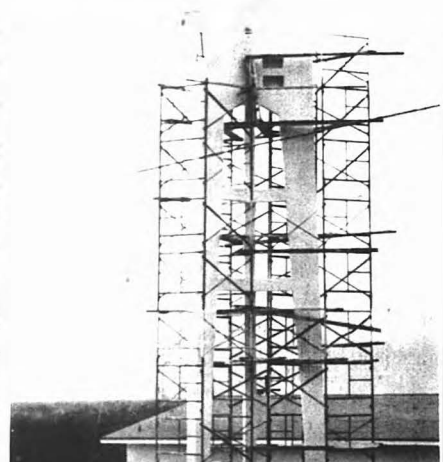
# Rio Civic Club to Install Officers

Newly elected officers of the Rio Civic Club will be installed December 6. They are: President Alexander B. Wilson, Vice President Ernest Hait; Secretary, Mrs. Charles Zajic; Treasurer, Mrs. Henry Spencer; 3 year Director Mrs. Hubert Klein; 2-yea. Director, Harry Spencer; 1-year Director, Matson Sumner.

The regular business meeting will be held the same evening, at 7:30. Members are requested to come at that time for a discussion preceding the regular business.

Refreshments will be served after the meeting by Mrs. Frank Rauwald, hostess.



MOVING DAY - The Community Church is moving Saturday with a motorcade, followed by a tour of grounds and building. Sunday morning will be Communion and the time of the first service will be 9:15 a.m., Sunday School will be at 10:15 a.m., and the second service at 11 a.m. There will be a formal dedication in January. Pictured above is the new tower being erected in front of the church buildings.

## Groggy Man In Wrong Car

A well known local personality ... the Outrigger groggy ... Outrigger drug, took a Nash Rambler home with him, leaving his car. A stolen car report was issued. The next day the party called in an embarrassed voice and asked if his car was there. Perry Kirk, Terrace manager, returned the car to its owner and picked up the Rambler. As he drove it back to Port Saint Lucie to its owner he was picked up by alert Port Saint Lucie police. Only the good nature of the police and the fast talking of Kirk kept him out of the stockade.

## Evangelistic Crusade

A committee from All Saints Episcopal Church met November [illegible] to make plans for the local congregation to participate in the Evangelist Crusade to be held January 15 through 17. The Crusade is under the sponsorship of the Diocese of South Florida, [illegible] Beach Deanery.

The Crusade committee made plans for transportation, public[illegible]ity, women's activities, and ushering.

Attending the meeting were The Reverend Norman B. Feather, Henry LeDuc, general chairman; Mrs. Amy Hildenbrand, chairman for women's guilds; W. J. Donovan, chairman of transportation; Harry Doring, chairman of ushers; and A. F. Brewer and A. J. Mace, co-chairmen of publicity.

The next meeting of the committee is scheduled for December 11.

## Methodist Church News

Events of the Church for the coming week are:

Monday, December 10. The Ruth Circle will hold an all day meeting starting at 10 a.m. at the Church. Each member is asked to bring a sandwich for lunch during the social hour. The major part of this meeting will be used to finish scrapbooks to be sent to the Conference Home for Children.

Tuesday, December 11, at 6:30 p.m. Anniversary dinner at the Church. Members and friends are invited. Bring a covered dish and table service (silverware). Meat, rolls, butter and beverage will be provided. The Planning Committee are: Mrs. Ernest Baker, Mrs. George Schleicher, Mrs. Vern Myers and Mrs. T. P. Tomasik. Program will be under the direction of the Methodist Men's Club.

Anyone who would like to donate toys for migrant workers' children are asked to contact Mrs. Tomasik or Mrs. Watkins, or take them direct to the [illegible] First Methodist Church in Stuart not later than Friday. They will be taken to a distribution center Saturday morning. These toys are being collected by the United Church Women.

It's tough to be wrong all the time but some folks kin manage it.

The opportunity for Jensen Beach to get some transplants, and the chances of removing the traffic signal on Federal Hwy. 1 is excellent appraisal of our County Commission. The gentlemen are doing a job, and seem to be doing it for the best interests of our County and for the best interest of our County.

Of course there are many [illegible] the things they are doing [illegible] them. But this is natural and is indicative [illegible] ment we have.

Actually, two years in preparing [illegible] resolution passed last week at the [illegible] In the announcement [illegible] meetings, attended by [illegible] Road Board, the Air [illegible] agencies of state government [illegible] ward in our County. # HOBBY-TEXTILES START SEASON

By Gertrude Myers

The first meeting of the Hobby Class for the season was Tuesday. There were thirty present.

This is a class in which ideas and instruction are shared. New ideas gathered throughout the summer were displayed. Mrs. Reddinger showed clever new arts and the art of covering shoes. Beautiful hand-made cards are a new hobby and will be taught later.

Thursday at the Hobby Class for the second session, Mrs. Reddinger taught the hat-making art.

The Textile Class also met Thursday with some new members and others who have painted several years.

Beginner painters are pleased to find they can enjoy painting who never tried before.

# Trinity Methodist Church Celebrates Anniversary

OVER 1500 -- Just a small part of the large crowd that attended the opening of the Jensen Beach Bank is pictured above. Everyone in the area came and looked at the new banking facility, meeting the officers and directors.

## United Fund Meeting Dec. 17 Officers to be Elected

Everyone is invited to attend a meeting of the Jensen-Rio United Fund Drive for the Year 1963 to be held Monday, December 17, at 7:30 p.m. in the Jensen Community Center.

All agencies desiring to be a part of the United Fund Drive must make a request in writing, indicating amount desired, as well as how funds are used. Agency letters must be sent to Martin Wahl, P. O. Box 182, Jensen Beach, Florida, and be received before Saturday. Requests will then be considered at the Monday night general meeting.

Officers and directors will be elected. The nominating committee is composed of Wahl, Marion Tschischeck, Mrs. Charles Hall, and Albert Walker.

Plans will be made at this meeting to get ready for the Fund Drive which will be from January 14 to 19, 1963.

Trinity Methodist Church celebrated its second anniversary December 11 with a covered dish dinner in its new Fellowship Hall, now used as its worship center.

Guest speaker was the organizing and founding pastor, The Reverend E. E. Stauffer. With him were his wife and their new baby girl.

Carol singing was led by Mrs. Paul Watts, accompanied on piano by Mrs. E. L. Hain.

Slides taken during his trip around the U.S.A. this past summer, were shown by Clarence Snook, to the group of well over one hundred persons.

Mr. and Mrs. Samuel N. Rhodes, Jr., were Master and Mistress of Ceremonies.

Mrs. T. P. Tomasik, President of W.S.C.S., introduced a novel way of proceeding to the food-serving table. Bible verses were placed on each table, all pertaining to Our Lord's House. As each verse was read, the ones at that table would go to be served. The W.S.C.S. women served ham and meat loaf and were given a gracious vote of thanks by all. This was the first time the new kitchen had been used.

## GOP Women Plan Dinner-Elections Saturday

The Republican Woman's Club of Martin County will sponsor a dinner and election of officers for the new year at the Key Club of the Sunrise Inn on December 15 at 8:30 p.m.

The dinner will celebrate "GOP strength as shown in recent local election results, and to lay plans for maintaining the momentum gained toward a two-party system," according to Mrs. Hugh Willoughby.

This will be the first in a series of parties in which the emphasis will be shifted to the G.O.P. part of the title, a signal to go ahead in the drive for constitutional government and fiscal responsibility.

All those interested in this project will be welcome at the dinner at the Key Club, Sunrise Inn, on Tuesday, December 18, at 8:30 p.m. Reservations will close December 15. Call Mrs. Hugh Willoughby at AT 7-1972, or Mrs. Margaret Burggraf, at AT 7-1469.

Election of officers of the Republican Woman's Club will be held after the dinner. All members are urged to be present.

---

Sunday visitors of Mr. and Mrs. Karl Pohiman, at B'Tween Waters Mobile Homes Park, were Mr. and Mrs. Bill Carless, of Pontiac Lake, Pennsylvania.

---

Mr. and Mrs. Elwood Homer, Mr. and Mrs. Paul Heistand, and Dean Sipher, of B'Tween Waters Mobile Homes Park, motored to Tampa last week.

---

Mr. and Mrs. Ernest Webster, of B'Tween Waters Mobile Homes Park, have arrived safely in Conway, Arkansas, and are visiting their son for the holidays. They took Florida citrus and smoked fish with them.

## PTA Christmas Party Draws Crowd

The Christmas Party of the PTA was held Tuesday night at the school. Due to the cold, it was changed from outside to the cafeteria and there were so many spectators that there was standing room only.

The Kindergarten of Mrs. Warren Shipes pantomimed "The Littlest Angel" as the story was read by Mrs. Ray Lorenz.

Mrs. Cruse's Second-grade class sang the story of "The Night Before Christmas," accompanied on the piano by Mrs. Keller.

Band students from the fifth and sixth grades played Christmas numbers.

WANT TO SWEEP CLEAN? -- The Lions of Jensen Beach have a broom for you to do it. In fact, they have a whole bunch of miscellaneous items for helping the Jensen area housewife with her chores. The many items to be sold in a sale starting this week-end, December 14th, are shown above. They were made by the blind and will be sold door-to-door by members of the Lions. Some of the Lions participating are shown above, left to right: Bill Weiss, Wally Gardner, H. O. Jameson, president Chet Homan, Rick Carroll, John Larson, Seymour Gideon, Harold Baker, and Martin Wahl.

PREPARING FOR CHRISTMAS - The pleasures of gay Christmas package wrappings, and anticipation of the pleasures of those receiving the gifts, are reflected in this sketch by Pat Sawusch.

IT IS A RECORD -- Anthony R. Letteriello, of Skyline Court caught this 11 pound 14 ounce Bermuda Chub in the Jensen Beach Surf on November 17, using sand fleas and a surf rig. He has been officially notified that his catch establishes a NEW World's Record; the previous record was 10 pounds.

## Garden Club to Meet Wednesday

The Christmas Meeting of the Jensen Beach Garden Club will be held Wednesday, December 19 at 2 P. M. at the Women's Club Building.

Guest speaker will be Mrs. A. Hutchison, past president of the Club.

Don't forget to bring a potted plant, for exchange among members and their guests

## Silver Tea to be Held

Mrs. W. J. Weiss will hold a Silver Tea at her home at 34 South Drive, Crossroads Hill, from two to four P. M. Sunday, December 16, for the Ruth Chapter, O. E. S., of Fort Pierce for the purpose of raising funds for the Pusan Children's Hospital and Arthritis Foundation. Everyone is welcome.

RE-EARSING -- For the Christmas Concert at Indian River Junior College are these members of the College Chorale. The concert will be held Tuesday, December 18, at 8 P.M. in the Delaware Avenue School Auditorium in Fort Pierce.

## Christmas Concert to be Given by Junior College

The Fine Arts Division of the Indian River Junior College will present a Christmas Concert on Tuesday evening, December 18, at 8 P. M. in the Delaware Avenue School Auditorium, located on Delaware between 7th and 10th Streets in Fort Pierce. The public is invited, and admission is free

The College Chorale and the Singers Seminar will be heard in a program of Christmas music. Featured is a Christmas Cantata by Dietrich Buxtehude, "The Infant Jesus." There will be community singing of carols. Solos on the program will present the voices of Wendell Collins, baritone; Elizabeth Willis, soprano; and Laurens Reeves, baritone. The Men's Quartet, composed of Jerry Fredrick, Wendell Collins, John Hallonquist, and David Burke, will sing, "Lo, How a Rose E'er Blooming."

Paintings by students of the Art Classes will be on exhibit in the lobby.

The music is under the direction of Laura Hewitt Whipple, and the Art under the supervision of Jere Chumley.

The Circle K and K-ette Clubs are assisting the Fine Arts Division by planning and providing decorations and refreshments.

# Rio Civic Club Officers Installed Christmas Party Dec. 20

The regular business meeting of the Rio Civic Club was held on Thursday evening, December 6.

John W. Corliss, of Ocean Breeze Park, spoke on Civil Defense and stressed the need for men as auxiliary police and for transportation, and women for welfare work.

The new officers were installed by Commissioner Frank Wachta, with Al Walker acting as Master of Ceremonies. Following are the officers installed: Alexander B. Wilson, president; Ernest Hait, vice-president; Mrs. Henry Spencer, treasurer; Mrs. Charles Zajic, secretary; Mrs. Hubert Klein, Harry Spencer, and Matson Sumner, directors.

Following the report of the Zoning Committee, a vote was taken which showed the members of the Rio Civic Club are opposed to spot zoning. A standing committee was appointed to watch for any future zoning requests which might be detrimental to the interest of property owners in the Rio area.

Decoration for the Hall for the Christmas season will be held on Sunday, December 16, at one P.M. All members are asked to participate.

A Christmas Party will be held December 20, starting with a covered dish supper at 6 p.m. At 7 p.m., children of the Rio area are invited to a Christmas celebration at which time a visit from Santa Claus is expected. The party for members will be continued following the party for the children. Hostess is Mrs. Jack Shomer, assisted by Mrs. Hubert Klein, Mrs. Harry Spencer, Mrs. Robert Larsen, Mrs. John Koman, Mrs. Charles Zajic, and the committee for entertainment is Al Walker and Mr. and Mrs. Alexander B. Wilson.

Mrs. Hubert Klein is in charge of distributing Christmas baskets for the needy.

The annual practice of the Rio Civic Club in awarding prizes for exterior Christmas decorations on homes will again be carried out. The judges will make their selection on Christmas night.

After the meeting, refreshments were served b

## Oliver Link

Oliver Philip Link, 70, of Star Route No. 1, Sewall's Point, died at Martin Memorial Hospital Wednesday, December 5, following a short illness.

A native of Cleveland, Ohio, he had made his residence at Sewall's Point for the past five years. He attended Ohio State University and was a member of Delta Tau Delta fraternity. He was a Mason, a member of the Congregational Church of Kalamazoo, Michigan, a former member of the Kiwanis Club in Kalamazoo, and a member of Euclid Chamber of Commerce. Before retiring in 1957, he was a sales executive of Chase Brass and Copper Company in Cleveland. He was a member of Martin County Golf and Country Club, and a commissioner and vice-mayor of Sewall's Point.

Survivors are his wife, Gladys W. Link, of Sewall's Point; one daughter, Mrs. Robert R. Elliott, of Hudson, Ohio; one son, Oliver P. Link, Jr., of Indian Rocks Beach, Florida; four sisters, all of Ohio, and two grandchildren.

Funeral services were held at Johns Funeral Home Chapel Friday, with The Reverend Malcolm Harris, pastor of The First Presbyterian Church of Stuart officiating. Further services and burial were in Sandusky, Ohio.

Johns Funeral Home was in charge of local arrangements.

# 76TH BIRTHDAY OF HARRY IS CELEBRATED

The Thursday night square dance was turned into a gala birthday party to celebrate Harry Hoke's 76th birthday.

Lila Redinger, Dorothy Barrett, and Tess Myers were the committee who handled the more than 120 persons who turned out. It was felt that since Mr. Hoke had been ill, it should be held down to a small affair but was larger than expected and not as large as they really wished it to be.

Queena Hoke surprised everyone by putting in an appearance and having her picture taken with Harry.

A square dance put on by Lila Redinger, Harry Haab, Elsie Oakes, Red Danner, Martin and Frances Anderson, Flora and Maurice Reverdy, dressed in authentic Tahitian costumes made by Lila Redinger caused much merriment (and shivers, because of the cold weather).

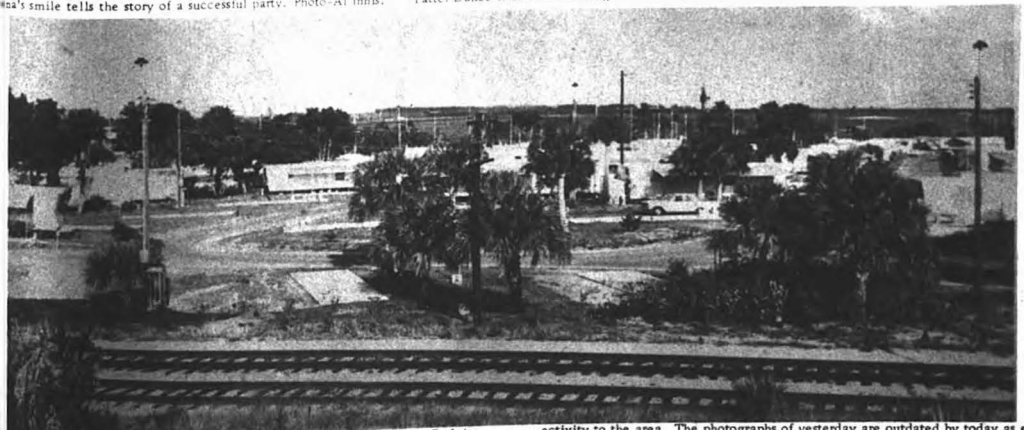
Grace and Archie Faitle did a Tahitian dance, followed by Trude and Otto Chihasz doing the same dance.

The decorated cakes, with "Happy Birthday, Harry", and ice cream were served while Harry opened the many cards placed on the large silver tray. Cakes were presented by Lila Redinger to Harry.

WHAT A SQUARE DANCE — First billed as a square dance, Harry and Queena Hoke were the very surprized guests to a happy birthday celebration of Harry's 76th. Here, Harry and Queena pose in front of the large cake and gigantic birthday card presented to Harry by his many friends. Photo by Al Innis

QUEENA HAS A WONDERFUL TIME — Mrs. Queena Hoke sits with Mr. Willard Pitts during the celebration of her husband's birthday on Thursday night. Just recovering from a seige in the hospital Queena's smile tells the story of a successful party. Photo-Al Innis.

WALTZ OF THE BELLS DANCE — Everyone gets into the act as the very popular Waltz of the Bells Patter Dance is executed during the birthday party for Harry Hoke. Photo by Al Innis.



LOOKING ACROSS THE NEW SECTION--The expansion of Ocean Breeze Park into new areas brings growth to the Town on Wheels, new residents and more and more activity to the area. The photographs of yesterday are outdated by today as each of the resident families adds more and more to his homesite in beautification.

# Jensen's Very Own Santa Claus

By Olivia Acosta

Yes, there really is a Santa Claus living in Jensen Beach. Part of the year, our very own Santa goes under the alias of Harry Heritage - and lives on North Indian River Drive. But come November, after Thanksgiving, the annual transformation takes place, continuing until Christmas.

I was quite curious as to how Santa could retire to Florida for so much of the year and still carry on his work as usual. He told me that after being in business for some sixteen hundred years, he has a dependable staff at the North Pole who work all year preparing the toys and gifts to be distributed to children on Christmas Eve.

Another puzzling feature is the question of transportation -- seeing Santa, I immediately began looking for his reindeer team. Apparently reading my mind Santa told me that the reindeer work so hard on Christmas Eve, that he leaves them in their stables at the North Pole to rest until that time -- and also, due to the scarcity of snow in Florida, he uses a white custom-built convertible here as a substitute for a sleigh.

And working his well-known magic, Santa - in Florida - becomes much larger than most of us think of him -- but remembering the small chimneys he goes down during the course of his work, it is not at all surprising that he can also grow larger whenever he wishes. When not busy making calls and public appearances, Santa spends much of his time growing oranges which he distributes along with gifts. In fact, growing oranges to give away is one reason Santa spends so much time in his Florida home -- as he pointed out, even with his magic to help, oranges are ever so much easier to grow in Florida than at the North Pole.

Santa Claus is a dream which becomes real in his beautiful suit of bright red velvet, like his heart, full and flowing.

Santa Claus has not commercialized his talents. He does make appearances for business firms for which he receives a modest stipend, but he said that it does not pay for wear and tear, not to mention the original cost, of his paraphernalia. He never makes a charge for appearances except for commercial concerns. He limits his appearances to Martin and Saint Lucie Counties.

Jensen's own Santa Claus, in the reincarnation as Harry Heritage, was born in Clinton, Iowa. He was in the coal business in Chicago, visited here, liked the area, and bought here in 1948, building his home here in 1953. He became Santa Claus in 1954 when he was asked to punch bit for Santa at a party of the Indian River Drive Association.

Santa never refuses a request from a charitable organization, if he can possibly make it; and no matter what the season, he will visit critically ill children - once in mid summer he visited a dying child: dressed in full Santa Claus costume. He and a group of friends work together every year to get together gifts for needy colored children in Jensen Beach, and throw a party for them just before Christmas.

Santa is apt to pop in upon any gathering about this time of year where there is a crowd of children. He stops wherever he sees a crowd of children gathered, enroute to and from other engagements, and visits with them for a few minutes.

Even when not in costume, he really is Santa Claus. He and Mr. Heritage work all year accumulating clothing and toys, and growing fruits, to give away at Christmas. He says that Mrs. Heritage deserves most of the credit for his success -- that she works far harder behind the scenes than he does in public appearances.

But whether as Santa Claus, or as Harry Heritage, he is outstanding; and even far removed from childhood, I felt a warm glow from having talked to Santa Claus.

## St. Ann's Guild Elects Officers

# ANYONE CAN LEARN PATTERN DANCING

READY WITH YOUR PARTNER---Learning the square dance is (left to right) Mr. and Mrs. William Gilbert, Roy Daley, Mrs. Daley Bob McAfee, Bobbie Beuclerk and Mr. and Mrs. James Skinner. They look well up on their allemande left and do sa-do.

What is Pattern Dancing? We hope you folks drifting past the clubhouse will be curious enough to stop in and see for yourselves that it is a simple procedure, and fun to do. Can you waltz? Can you two step? Add to this a few simple basics such as a twirl, a grapevine step, a brush step, etc. A few waltz steps, or two steps, broken up with one or two of these basics makes a routine pattern for a certain dance. Hence the name "Pattern Dance." Even the Hully Gully could be called a pattern dance.

"Dancing in the Streets" was taken up with enthusiasm by everyone, both at dance class and the evening dance Tuesday. It is a mixer we hope to make popular with the ballroom dancers on Saturday nights.

At class, "Waltz of the Bells" is being taught to several newcomers, and we'd like more folks to join us.

# Alaska Trip Part 2 Next Tuesday

CAMERA CLUB

By Doug Blyth

Another large audience (112 persons) was on hand to see Cliff Ogle's Part 2 of his trip around the world, and again they were treated to good photography and excellent narration.

Next Tuesday will be Part 2 of our trip to Alaska, and again there will be many things to see.

First, a second glimpse of Alaska, and then a plane trip back to Seattle and visit the World's Fair.

After that, the Columbia River; the mysterious Indian Pictographs near Boise; the Craters of the Moon; and then on to Salt Lake City and the great open pit copper mine.

At the Arches National Monument, we will see one of the great wonders of the world - Landscape Arch - the largest and one of the most beautiful arches ever known.

You will see these and other scenes of our America next Tuesday at the clubhouse at 6:45 P.M.

Pictures and narration by Doug Blyth. Everyone Welcome.

GERANIUMS ON HIBISCUS---Mr. and Mrs. Bygd, living at 4th and Hibiscus, are shown planting geraniums at their home. From west-central Wisconsin, the Bygds have been coming to Ocean Breeze for two years.

A FULL KILN---Just to show how full a kiln can be when firing the greenware, we opened one (just for a second) to find a full load of pieces being prepared for their full ceramic use.

## The Hobby Class is Busy Making Gifts

By Gertrude Myers

The Hobby Class has been well attended.

The ladies are very busy making gifts for migrant children. We plan on keeping up this work as a winter project and hope to reach other children who may be ill or orphaned. Our motto is "Throw nothing away." At present, we are making Christmas decorations and figurines out of egg cartons.

Everyone is invited to attend the classes. There is nothing to buy. Just come and work with your friends.

## Retired Persons Chapter to Meet Friday

The Ocean Breeze Park Chapter of the American Association of Retired Persons will hold its annual meeting on Friday, December 16, at 2 P.M. at the clubhouse in the Park.

Everyone is invited to come to the meeting, whether members or not, and learn of the advantages that can be had through a large membership.

NEW NEWS ITEMS BOX---Jeri Hoke holds, and Tom Cook inserts a news item into the new box in the office designed for news items that people in the park want printed in their Mirror. The box has been getting more and more use lately.

# LIVE..... And Love It

By DICK CAMPBELL

Last week the Jensen Beach area took another step forward in commercial development with the opening of a new bank, the Jensen Beach Bank. A project of the community for years, the Jensen Beach Bank is the outgrowth of a community that is bursting with people who want to grow into a full-fledged town.

Along with that commercial growth, many watch warily that our pleasant tourist and residential community does not lose its glamour. The new bank will do nothing but add to the strength and health of Jensen Beach.

Many have worked hard to accomplish the bank, but no one person deserves more credit than E. C. Wareheim, chairman of the board and executive officer of the bank. For years, he has driven with forcefulness to achieve the end result, a new bank for his community. Through the many disappointments of delay and procrastination, Wareheim only chomped down harder on that long cigar, dug in a little deeper, and pushed a little harder. Now the bank is a reality.

Already the effect of the bank is being felt. Just last Saturday, Commercial Street in Jensen Beach was a quagmire of cars, and the confusion of a small town grown busy is beginning to be felt. More traffic control on this busy thoroughfare, with better parking facilities, will be an immediate need that must be answered. As soon as the parking lot is finished, and the people begin to utilize the wide area of Ricou Street, we will be in better shape.

The bank is a dream come true for many old timers in Jensen Beach. The officers and staff are all experienced bankers, with banking knowledge. As many people with banking experience as possible were hired locally, according to Mr. Wareheim.

The bank is built to meet the needs of our growing area. It is built to grow with Jensen Beach and Martin County.

The United Fund will begin planning for the annual fund drive at a meeting this Monday, December 17th, at the Community Center. It is hoped that all agencies will show up and tell us what they do with the money that is donated by local people. For them to do that, it is hoped that a goodly number of local people show up for the meeting. Our United Fund is the greatest thing that has happened to our area, as it keeps the one-thousand-and-one drives a year in one big drive for all, thus cutting down on the door-to-door ringing of doorbells. The people of the Jensen area have given full support to it in the past, and it looks like another successful year will get off the ground next Monday.

### MUSEUMS TO CLOSE FOR HOLIDAYS

The House of Refuge and the Elliott Museum will both be closed on Christmas and New year's Day. These are the only two holidays during the year that the Museums are closed.

With the exception of Mondays when the Museums are closed to clean house, they are open the year round.

For that man, woman or child on your shopping list who has everything, the Museum suggests a "Turtle Adoption" as the solution to your problem. For only $1 the beautifully designed adoption paper can be personally inscribed with the receiver's name as a bona fide "parent" to a baby sea turtle at the House of Refuge Museum. Adoption papers include mailing envelope and the illustrated story of the sea turtle conservation project.

# United Fund Plans "Fair" of Agencies

## Weiss and Campbell Head Drive

A "fair" of the agencies participating in the 1963 United Fund Drive will be held on Commercial Street in Jensen Beach on Saturday, January 12, two days before the drive begins, according to action taken at the first general meeting of the United Fund of Jensen and Rio last Monday evening at the Community Center.

The "fair" will be designed to give the various agencies participating in the annual drive the opportunity to show the citizens of the community what they do, the reason for their need of funds, and how they utilize the monies budgeted to them through the United Fund of the area.

Bill Weiss was elected president for the second year in a row, and Dick Campbell will again be drive chairman. The members of the United Fund organization made up of representatives of various civic and social groups in Jensen Beach and Rio and interested residents of this area, also re-elected Warren Shipes, Jr., as first vice-president, Zola Swarthout as second vice-president, Campbell as third vice-president, and Martin Wahl as secretary-treasurer.

Directors of the United Fund were elected, consisting of Mrs. Charles Hall, Mrs. Willard Brady and Alexander Wilson co-chairmen of Rio, Gene Grimm and Mrs. Frank Forsberg of the Skyline Drive area, Mrs. Harry Heritage of the North Indian River Drive area, Mrs. Art Melrose and Mrs. Wilda Dailey of the South Jensen area, Marion Tschischeck of Hutchinson Island, and general directors Don Palmer, August Silander, Mrs. Gus Fredrichs, and Mrs. Helen Richardson.

The drive will be held for one week, from Monday, January 14 through Saturday, January 19. The annual kickoff breakfast will be held at Seymour's Inn at 8 a.m. on January 14th. Mrs Richardson will plan the breakfast and will be assisted by the Jensen Girl Scouts, led by Mrs. Rick Carroll.

A victory dance is scheduled for Friday evening, February 8, and will be planned by co-chairmen Bill Weiss and Mrs. Fredricns.

Most agencies asked for more money this year, with natural growth of the county, and demand for their facilities being the predominating reason. All thanked the members of the United Fund for their good works through either representatives at the meeting or by letter.

The idea for the "fair" originated out of the executive committee in an effort to make local residents realize further that their donation was for many agencies. This year, ten agencies are in the organization of the United Fund. They include the Jensen Beach Free Ambulance, Langford Hall Park Association, Rio and Jensen Boy Scouts and Girl Scouts, Martin County Retarded Children, Crippled Children, Animal Rescue League, Red Cross and Mental Health associations, and a fund for community emergencies.

BLISS PERSONIFIED -- In the minds of Ricky Campbell and Mrs. Dillard Collier for Santa's magic always brings joy to the young in heart. This is Jensen Beach's very own Santa Claus and after the Christmas season is over, his magic will transform him into Harry Heritage. He is Santa Claus from Thanksgiving until Christmas.

This picture was made in the Jensen 5 & 10 Store.

MERRY CHRISTMAS EDITION WILL COME OUT ON MONDAY

Next Thursday's edition of the Jensen Beach Mirror will be published on Monday. Usually designed around the Christmas theme, the Mirror will devote most of the edition to pictures of local Christmas parties.

Deadline for news will be Saturday at noon. Persons interested in having Christmas party scenes photographed can call the Mirror, AT 7-3126. We will endeavor to get as many as possible in the edition

# Fishing is Terrific

The fish are really jumping this week, from all accounts. Anyone who isn't eating fresh-caught fish just hasn't been fishing, or doesn't like fish.

Pompano are being caught; trout and mullet are plentiful; but there are so many blues that it is almost impossible now to even give them away.

And you don't have to be very choosy about where you try your luck -- from the tales that come our way, all anyone has to do is wet a line in any water in these parts, and some even infer it isn't even necessary to bait the hook!

If surf fishing is your choice, you will catch blues and perhaps some choice pompano.

If you prefer fishing from a dryer spot, choose a bridge - any bridge - the Jensen Bridge, the quarter bridge, or the dime bridge, and you are sure to pull in blues along with whatever else is swimming in that particular area at that special time.

Reports of fishermen catching 50 to 100 Blues in a day are common. Johnnie Crawford reported he bought 500 pounds of pompano on Monday. Autos lined the beaches and the bridge access to unload fishermen and women by the hundreds.

All the fish seem to be biting -- why? -- who knows? Maybe the cold weather gave them an appetite -- anyway, so long as they are biting, all the fishermen are happy.

## "Hanging of the Green" Festival at All Saints

The parishioners of All Saints' Episcopal Church will gather Sunday evening, December 23, at six p.m. for the Hanging of the Greens in the church on top of the hill overlooking the Indian River.

This will be a gala occasion in which everyone will participate. Grownups and children will join in decorating the church with greens which the boys of the Church School will gather earlier in the day, in the old-fashioned way.

During the decorating proceedings, Christmas Carols will be sung.

Festivities will open at six o'clock with a pot-luck supper in the Parish House. Those attending are asked to bring their favorite dish - meat, salad, or dessert - and table service.

The Girl Scouts were represented at the United Fund meeting by Barbara Bridges, Executive Director of the Palm Glades Girl Scout Council. She came from West Palm Beach especially for this meeting

## Garden Club to Judge Christmas Displays

Christmas decorations will be judged again this year. All homes and establishments wishing to be judged are asked to phone one of the judges, giving your name and address.

The judges are Mrs. James Walker, Mrs. Calvin Wilbur, Mrs. Fred Diehl, Mrs. Basil Vincent, and Mrs. Chris Kalb.

Decorations will be judged according to originality, beauty, and religious themes. Jensen Beach and Sewall's Point are the areas to be judged sometimes between Christmas and New Year's.

The awards will be ribbons and prizes.

## Savings and Loan Controllers Hold Monthly Meeting Here

Seventeen members of the Gold Coast Chapter of the Society of Savings and Loan Controllers met last Thursday at the offices of First Federal Savings and Loan Association of Martin County. Paul J. Hennings, treasurer of First Federal of Martin County, was host to the group of controllers representing Federal Savings and Loan Associations from Delray Beach to Vero Beach.

Following the business meeting, the group held its monthly dinner at Frances Langford's Outrigger restaurant.

Hennings said that this was the first meeting of the controllers held outside of West Palm Beach in this year. He added that controllers represented Savings and Loan Associations from Delray, Boynton Beach, Pompano, Lake Worth, West Palm Beach, Palm Beach, Belle Glade, Riviera Beach, Fort Pierce, and Vero Beach.

## *Community Church News*

A Bake Sale will be held at the Thrift Shop Saturday morning December 22, starting at 9 a.m. by the Youth Fellowship.

The Junior Youth Fellowship caroling and Christmas Party will be held Thursday from 6:30 to 9 P.M.

The Loyalty Dinner at the Community Church was attended by over 200. New pledges were made for the coming year and $25,000 in debentures sold.

Fred Meyers, as master of ceremonies, and Jack Miner, treasurer, both did an excellent job presenting the needs of the church to the people.

The ladies of the church, under the direction of Mrs. Charles Richardson, spent the day in the new church kitchen preparing dinner for all the folks who came. Mrs. Harry Wood was in charge of the dining room. Dinner was served by the young women of the church. Tables were decorated with Christmas holly berries.

The Reverend Tweedy commended all who served, and did such an excellent job. The consensus was that it was a good dinner and a good evening.

## Obituaries

### Frances S. Merrill

Mrs. Frances Sarah Merrill, of Jensen Beach and Old Lynne, Connecticut, died at Martin Memorial Hospital Sunday following an extended illness.

Before her retirement, Mrs. Merrill taught in the Mystic, Connecticut schools for 25 years, and had also taught in Portland, Maine.

She is survived by two sisters, two brothers, and several nieces and nephews.

A funeral mass was held Tuesday at Saint Joseph's Catholic Church. Burial was in Fernhill Cemetery.

Johns Funeral Home was in charge of arrangements.

## Your Social Security

By R. C. Gelriken, Jr., District Manager, West Palm Beach Social Security Office

Q. I intend to apply for my social security benefits, but I will continue to do some work. I plan to restrict my earnings to $1200 a year. What do I include in counting this $1200?

A. If you are working for wages or a salary, count your gross wages or salary, not just your take-home pay. Also count wages paid in a form other than cash, such as meals and living quarters. (However, if you work as a domestic in a private household, count only your cash wages.) Count earnings from all types of work, whether or not they are covered by social security. Count bonuses, commissions, fees, and vacation and holiday payments. Do not count any dividends, interest on a savings account, payments from insurance policies, or pensions. These are not earnings from work.

Q. My wages vary from $1200 to $2000 a year, which is the reason I have never applied for social security benefits, even though I'm over 65. I understand it is possible to receive some benefits even though a person earns over $1200. Is this correct, and how does it work?

A. Yes, this is correct. If there are some months in which you earn $100 or less, you can get your social security checks for these months, even if you earn enough in other months to put your earnings for the year over $1200. How much will be withheld from your benefits for months in which you earn over $100 will depend on how much more than $1200 your earnings are. One dollar of benefits is withheld for each two dollars you earn over $1200 and up to $1700. Another one dollar is withheld for every dollar you earn over $1700.

For further information on your social security problems, contact the West Palm Beach Social Security Office, or their Field Representative who is in Stuart, at the County Welfare Office, from 9 to 12 each Monday, except holidays.

# Sixth Graders Enjoy the Scenery

Ernest Varville had thirty-one members of his Sixth Grade Class up in the air Saturday, to demonstrate another phase of education about the world in which we live.

Varville, a former Air Force Flight Instructor, planned the flights with the co-operation of School Superintendent Thomas Cook, and Harold Strauss of Saint Lucie Skyways.

Varville, as pilot, took the students over Stuart, the Saint Lucie Inlet, and Jensen Beach. Some teachers and parents also went along for the ride, and it required eight flights to accommodate them all.

# Variety Show Rehearsal Dates Set

The first rehearsal of the 5th Annual Variety Show to be held for the benefit of Martin County Association for Retarded Children is set for Tuesday, January 22, at 7:30 p.m. at the Julian Parker Cafeterium.

Notices of the acceptance of the auditioned entries will be issued shortly. Those accepted will be advised when to appear for rehearsal for timing, arrangement, lighting, and taping of acts. Many amateurs have volunteered to be on the show.

The Variety Show is presented annually by the Martin County Association for Retarded Children, and is sponsored by civic clubs and organizations.

The show is scheduled to open Wednesday, January 30, and Thursday, January 31, at the Lyric Theatre at 8 p.m. Tickets will be available soon.

# HOW FAR IS WEST

## THE EDITOR'S CORNER

By Col. Wm. G. Wright, Ret.

If desirable progress towards the goal of universal peace is to be accomplished in our generation, then a greater emphasis must and should be placed on all departments of education. It might be well if all who are concerned with the welfare of this or any other nation would take a closer look at the subject, perhaps then it will be established in the bracket of highest priority.

A person born and raised under codes of Western morals and thinking experiences considerable difficulty in understanding the logic behind Eastern behaviors and the workings of the Asiatic mind. It is difficult for us to appreciate that 30 per cent illiteracy exists in some countries. Only in those countries where constitutional laws require observance of certain educational practices do we find the second generation of migrants assuming even partial observance of that country's customs, and too often not until the third generation the beginning of full acceptance.

The foregoing is of particular significance in considering our differences with the Soviet Union. A study of maps and the history of Russia reveals her inalnd borders offering easy access not only from Asia, but also Europe. Her history, until recent years, reveals an ever-changing percentage of influence between that of Caucasian and Asian.

At the turn of the century, approximately 78 per cent of Russia's total population was illiterate. That figure maintained until around 1920. Today it is estimated less than 16 per cent illiteracy is evident. According to the Soviet Academy of Sciences, the country is inhabited by 169 ethnic groups, divided into ten major divisions consisting of Indo-European, Caucasian, Semitic, Finno-Ugrian, Samoyed, Turkic, Mongol, Manchurian, Asiatic, and four groups of tribes from the Far East retaining ancient culture. It should readily be seen that a strong Eastern influence must exist throughout Russia, and with general education in force over such a short period, complete balance by assimilation of Caucasian and Asian cultures is still in process of evolution.

We in the West are prone to believe the development of conflict presently occurring is peculiar to our generation. We lose sight of the fact that for more than a thousand years a fundamental problem of Europe, the source, seat, and historic guardian of Western civilization has been to save itself and its ideals from destruction by some temporary master of the men and resources of Asia.

Perhaps at this point some readers may wonder what all the foregoing has to do with them, so if they will proceed with the reading, they may discover a very important fact and one of particular significance to the United States.

Since the first recording of civilization's progress, the building by aggression and oppression of vast empires and kingdoms, and their disintegration, has occurred with progress consistently being from East to West. We find that to be true even with history of Christianity. Serfdom, slavery, and similar curtailment of human rights, were basically eliminated not by revolution but by evolution engendered by education, step by step, East to West. We see the Magna Carta developed, then our own Constitution.

The landing at Plymouth Rock, then the phenomenal advancement of all the sciences whereby the human race benefited from better ways of life -- all this during a period of progress from East to West -- California becoming the largest State by reason of population -- crossing of part of the Pacific, then Hawaii enrolled in the Union of States. Particular attention is directed to the fact that with exception of Indian and Mexican incidents, the United States - a prosperous nation of many races - has for one hundred and eighty-two years advanced civilization's progress steadily westward without aggression, without oppression, and without territory seizures, but by adhering to treaties, defending in foreign lands the human rights of others, willing to assist where assistance was needed.

Today we must ask ourselves, "How far is West?" - and will the cycle continue on course? Europe is still in conflict, as it has been for over a thousand years, but through education and resulting evolution, we note a definite trend towards union. (Example: the consideration of a common market.) Much that is being accomplished in Europe today is from example and help from the area of civilization's most western point of advancement, namely the United States.

Will the westward trend continue? It will, and it must, if universal peace is to be anticipated. But first the western world must understand a little of the workings of the Eastern mind. Truth to the Asian is something tangible. For example, it is not sufficient to just say a fruit is ripe. It must be demonstrated. To just tell them that by discarding their age-old customs and beliefs and accepting western culture, a better way of life is available is not sufficient; that better way of life must be demonstrated.

The West must consider the factor of distrust by the East, developed from the time of the Crusaders, and remember that, until recent years, much of the East has been subjected to European rule and exploitation. The West also must appreciate that the East, over the centuries, has given much which is incorporated into our present way of life.

We must never lose sight of the fact that the real conflict today is Truth versus Ignorance, with almost one-half of the world's human population in the category of illiterates, and that the light of Truth comes only from the lamp of Education. The answer to the question, "How far is West?" will someday be determined through values of education.

## The Hobby Class is Busy

By Gertrude Myers

The Hobby Classes on Tuesday and Thursday afternoons are well attended.

The Textile Painting Class is smaller, but makes up for its size by enthusiasm.

The Thursday Class, taught by Lila Reddinger, is busy making hats. The new materials have arrived and are beautiful. There is a nice selection of frames, nets, flowers, feathers, and leaves, and a lot of pretty braids. Some of the ladies are making their own hat frames.

Mrs. Reddinger says anyone can make a hat who can thread a needle. So come make a hat to match any outfit or complete any ensemble.

## John Devendorf

John William Devendorf, 69, of Bay Drive, Ocean Breeze Park, died December 9 at his residence.

Mr. Devendorf was a retired aircraft mechanic from Huntington, New York. He was a veteran of World War I and a member of American Legion Post No. 126 of Stuart.

He is survived by his wife, Mrs. Hilda Devendorf, of Ocean Breeze Park; a son, Donald A. Devendorf, of Niles Valley, California; and a daughter, Mrs. Edmund Syme, of Ocean Breeze.

Funeral services were held December 12 from Trinity Methodist Church, with The Reverend Paul Watts officiating. Burial was in All Saints' Cemetery.

Pallbearers were members of the Stuart American Legion Post. Baird Funeral Home was in charge of arrangements.

OCEAN BREEZERS HAVE BLOOD

By Doug Blyth

Thursday, the 13th, was the day when Ocean Breeze was colder than Anchorage, and a brave audience of 86 persons who have blood got out in the cold to see Part I of a trip to Alaska, by Doug Blyth.

A new seating arrangement was tried out and proved to be highly successful. The consensus was that everyone had a much better view of the screen.

Because both Christmas and New Year's fall on Tuesday, the next meeting of the Camera Club will not be held until January 8.

In the meantime, from all the members of the Ocean Breeze Camera Club to all of you, we wish you a very Merry Christmas and many Happy New Years ahead.

CAMERA CLUB

A quiet election in which everyone who ran was elected was held last week at the Community Building. Harry Hoke was re-elected to the position of mayor, Leta Keith is clerk, and Richard Hoke was elected marshall again. City commissioners Gene Hoke, John MacNab, and John Corliss were elected. Only one person ran for each post in the city government of Ocean Breeze Park.

NEOPHYTES -- Winners in Tuesday'e election are Mrs. Leita Keith and Jack MacNab. Mrs. Keith replaced Alice Hoke as the Town Clerk, and Jack MacNab was elected alderman. There are no other changes. (Photo by Tom Cook.)

# New Industry for Jensen - Turnbridge Tables

The Jensen area has an exciting new industry that is producing reproductions of early American "unbridge" tables. Established by Richard M. Rothfuss, who lives on Pineapple Ridge in Eden, the industry got its first good boost last week when Rothfuss found an outlet for every table he has in stock on Worth Avenue in Palm Beach.

The tables are made of hand-hewn cypress. Rothfuss makes regular trips into the forests to find the proper grade wood, carts it to his home, and manufactures the tables just as they did in the olden days.

At first just an idea, Rothfuss made it work, and now has two major outlets - one at McKee's Jungle Gardens and the new one at Sweet's Gift Shop in Palm Beach.

The amazing thing is that he did not know he had an outlet until he had gone down to Palm Beach. He walked into the gift shop, showed the owner one of his tables, and expected that he might sell one or two, if any. The owner asked him how many he had in stock at home, and without asking the price, ordered all of them.

Mr. and Mrs. Rothfuss live in a unique setting. In love with Florida's natural beauty, they have left the surrounding area just as it was when they bought it. They have built cottages, which have the rustic look that only pecky cypress can give. The main house stands at the top of Pineapple Ridge, overlooking the Indian River on the east and the savannas on the west.

The grounds are fully grown with gnarled trees draped with Spanish Moss, enhanced by sand-filled brick patios. Oh, yes -- they do have a few pineapple plants there on Pineapple Ridge -- but they are giving way to another interesting industry for our area ... manufacture of Rothfuss Tunbridge Tables.

## Ollie Mercer to Spend Christmas in Japan

Ollie Mercer, who works for Hendry Trading Center, will leave for Itazuke Air Force Base in Fukuoka, Japan, on December 20 by Northwest Airlines to visit her son, T/Sgt. Robert M. Winingder. She plans to be there for several weeks.

## Joe Topper at Veterans Hospital

Joseph Topper is to undergo surgery at the Veterans' Hospital in Coral Gables Thursday, December 27. Mr. Topper has no relatives and it would be a nice gesture for those in the community who know him to send him a get-well card.

THE SPIRIT OF CHRISTMAS The symbol of all Christians is the Cross of Christ and this season of holiness commemorates the magnificence of His birth. This distance photo of the new illuminated cross at the Community Church symbolizes the Spirit of Christmas in Jensen Beach, and the spirit of a community that takes its belief with all reverence. The lighted cross of the Community Church is a beacon calling all to rejoice in the birth of the Savior, Jesus Christ.

## MacFarlane Resigns Chamber Post

Robert MacFarlane has resigned as treasurer of the Jensen Beach Area Chamber of Commerce, to be effective January first. Elected last March, MacFarlane gave ill health as the reason for his resignation.

Executive secretary Reg Walker has been appointed to serve as treasurer until the next general election in March.

## Santa Wishes to Thank Everyone

Santa Harry Heritage and his helper, Hazel, wish to thank those in the community who helped them make Christmas very merry for 13 under-privileged children in the Jensen area.

Food, fruit, candy, new and used clothing, and toys were distributed to them by Santa.

A special thanks to the Fire Department for repairing the toys and for their cooperation otherwise.

They also wish to thank the Girl Scouts, under the direction of Mrs. Sam Rhodes and her co-workers, who brought a group of Girl Scouts and accompanied Santa to the Indian River Drive Nursing Home where Santa provided the patients with a huge box of fruit and candy. The girls sang a number of lovely Christmas Carols.

# Great Progress

(Continued from page 1)

Frances Langford's Outrigger Restaurant closed for extensive remodeling and expansion in October and the museums were drawing record-breaking crowds to exhibits. The Thrift Shop opened again and the yacht club held another regatta. A new model home called the "Franklin" was opened at Hegion Heights, and with it the Mirror introduced its first advertisement in color. Politicians came out of Washington and the woodwork as election campaigning reached fever pitch, and Hurricane Ella just missed us by 50 miles. The first issue of the Ocean Breeze Mirror, published by the residents of the Park through the Jensen Mirror, hit the streets. The Jensen Businessmen formed a luncheon club and the PTA had its annual carnival.

November saw the first Republican [illegible] elected to the school board and Buck Carroll was getting settled as the new owner of Ray Conn Insurance. Jensen's beaches were the site of a planned invasion by seasick soldiers practicing, and the Causeway was the scene of Causeway Capers. A world record Bermuda Club was caught here, and a new playground and covered area was installed at the Causeway.

The Jensen Beach Bank opened to start December, and it was announced that the tolls would be removed from the bridges in the near future and that a new draw-span would be built. The new Community Church was completed, and the Outrigger re-opened for the new season.

New homes were built. Various businesses changed hands and many businesses grew just a little more. Many changes were made. It has been a good year for Jensen Beach, and all of Martin County.

# THE LORDS CAKE

This recipe for The Lord's Cake was provided by Mrs. Fred Escott, of North Indian River Drive. She has had so many requests for copies that she is unable to fill them and thought that others might be interested in the recipe, so she very generously is sharing it -- in the true Christmas Spirit.

Mrs. Escott recalls this cake having been baked every Christmas season by her mother, in Georgia. She has no idea where the recipe came from originally, but it certain it is very old. The cake is large and it may be baked in one cake, as her mother cooked it, or the batter may be divided and baked in two cakes. She said that it does not taste the same to halve the recipe. Even though the cake is large, it keeps exceptionally well, and is good as long as it lasts, she said.

The ingredients are:

I. First Kings 4:28 "Barley also and straw for the horses and dromedaries brought they unto the place where the officers were, every man according to his charge." (4 1-2 cups flour)

II. Judges 5:25 "He asked water, and she gave him milk; she brought forth butter in a lordly dish." (1 1-2 cups butter)

III. Jeremiah 6:20 "To what purpose cometh there to me incense from Sheba, and the sweet cane from a far country?" (2 cups sugar)

IV. First Samuel 30:12 "And they gave him a piece of a cake of figs, and two clusters of raisins." (2 cups of raisins)

V. Jeremiah 24:1 "The Lord shewed me, and, behold, two baskets of figs were set before the Temple of the Lord." (2 cups of figs)

VI. Numbers 17:8 "And it came to pass, that on the morrow Moses went into the Tabernacle of witness; and, behold, the rod of Aaron for the house of Levi was budded, and brought forth buds, and bloomed blossoms, and yielde l almonds." (1 cup of almonds)

VII. First Samuel 14:25 "And all they of the land came to a wood; and there was honey upon the ground." (2 tablespoons of honey)

VIII. II Chronicles 9:9 "And she gave the king an hundred and twenty talents of gold, and of spice great abundance, and precious stones; neither was there any such spice as the Queen of Sheba gave King Solomon." (Season to taste with spices)

IX. Jeremiah 17:11 "As the partridge sitteth on eggs, and hatcheth them not; so he that getteth riches, and not by right, shall leave them in the midst of his days, and at his end shall be a fool." (6 eggs)

X. Leviticus 2:13 "And every oblation of thy meat offering shalt thou season with salt." (One teaspoon of salt)

X. Judges 4:19 "And he said unto her, give me, I pray thee, a little water to drink; for I am thirsty. And she opened a bottle of milk, and gave him drink, and covered him." (1 1-2 cups of milk)

XII. Amos 4:5 "And offer a sacrifice of thanksgiving with leaven." (1 teaspoon of leaven or baking powder)

XIII. Proverbs 23:14 "Thou shalt beat him with the rod, and shalt deliver his soul from hell." (Beat and bake at 425 degrees until brown)

# MIRROR GARDEN HINTS

By Olivia Acosta

Anyone can grow top quality citrus in his yard provided propef care is given to the trees. Top grade fruit requires more attention than ornamentals and shrubbery. The following chedule should be followed to grow fruit of which you can be proud.

January: Apply a nutritional spray (micro nutrient blend) one tablespoon per gallon of water. Cover all foliage. If scab is or has been present, add additional copper.

February: Fertilize with a 6-6-6 formula with organic base and minerals at the rate of one pound per inch of diameter of tree trunk. Check for insects and fungus. Spray if necessary.

March, April, and May: Spray if necessary.

June: Same routine as February, fertilize and spray.

July, August, and September: Check for insects, particularly scale and soot mold. Spray with oil or oil combinations.

October: Fertilize with 4-8-8 formula applied at same rate as 6-6-6 above.

November and December: Check for insects and fungus. Spray if necessary.

Watering: Citrus trees should not have too much water if you wish to avoid spongy, tasteless fruit. They will give better, brighter, sweeter, and juicier fruit if kept on the dry side. Unless we have really long dry spells, no additional water is necessary. This does not apply to young non-bearing trees which require plenty of moisture to attain full good growth.

Pruning should be done after most fruit has been picked and before new growth starts. It should be restricted to cutting out the dead wood, broken limbs and water sprouts or suckers. The center can be thinned out to facilitate picking and to permit air circulation for fungus and insect control. In pruning, make all cuts smooth, leaving no stubs or ragged edges. All cuts should be at a fork or branch and dressed down so that they are level with the surrounding bark area. Treat all cuts over 1/2 inch in diameter with tree wound paint. Do not under any circumstances use house paint as the solvents may damage and even kill the tree if used in quantity. Make all cuts into live wood. Always seal and treat the cut with tree wound paint.

# LEAGUES OFF FOR HOLIDAY

SHUFFLEBOARD ITEMS

By Jack MacNab

Comments: "A" League Teams. Consider the defaulters. They play not, neither do they play. They simply hand their opponents a game on a platter. There may be bona fide excuses, but could it be a lack of interest, after all, the league was created with the idea in mind of fostering good sportsmanship immaterial to whom their opponents may be. Let not your hearts be troubled, your teams were registered, why not meet your opponents all the way, instead of half way. It may be wondered why this subject is referred to, well, go back to the League games of December 10th and 17th. There were eight games scheduled, eight courts tagged, 32 players signed to play. What happened? Four games played, four courts ruined, sixteen players competed, which is 50%. The other 50% defaulted, which gave their opponents a win. Games cannot be won with a pencil, they are won with a Shuffleboard Cue.

"B" League Teams. What a league this turned out to be. Interest and enthusiasm all over the courts. Defaulters down to a minimum. Only one team absent on the games of the 11th and 18th of December. One of these absentees consulted the fishing calendar for the 11th, which said "good fishing." You know something, shuffleboard games are not won with a fishing pole either.

Gripe Department. Up to this point of play, the committee has heard of only two semi-serious gripes. One from the "A" League, one from the "B" League. You say what are they. Oh, bucks, they were nothing of any consequence. Remember gripes first in all organizations, why gripe at this time of the year. Get the spirits, take a hot one, you'll get over it.

General news. There will be no further games for either league until after the Christmas and New Year Holidays. The games have been deferred, so that each team may partake of their holiday spirits. The "A" League will resume play on January 7th. The "B" League on January 8th. Remember the times - 1:45 for court assignments. Games start promptly at 2 p.m. The committee appointed to sponsor these leagues hopes that your pleasures have been gratified, that you have a Merry Christmas, and that you have a Happy New Year, with more pleasures to follow.

WINNING SHUFFLERS -- Ocean Breeze winners at Fort Pierce Saturday, December 15, in the Central East Coast Shuffle League mixed doubles event are: First Prize - Dorothy Calder and Nay Calder; Second Prize - Fran Gordon and Carl Work; Third Prize - Archie Faille and (not present in the picture) Betty MacNab. Photo by Tom Cook.

CHANGE OF PACE -- Shufflers have changed over to cards to await balmier weather. John Kerr, Mary Smith, Frank Zerchek, and Elsie Boachard playing a few hands while the freezing weather was here last week. Photo by Tom Cook.

BUSY HANDS -- There are no idle hands in this class at the clubhouse as Lila Reddinger instructs the ladies in the fine art of making hats... all except the hands in the left of the picture, and they are industriously crocheting - apparently on that afghan draped on her knees. Photo by Tom Cook.

## The Road of Life

By Cindy Force

(Cindy is 13 years old and lives in Geneva, Ohio. She is the niece of Flora and Walt Banig.)

Dear Lord, we thank you for
The green grass in June,
The spring flowers in bloom;
The Christmas wonderland of snow,
And children's faces all aglow.

We thank you for the clouds and sky,
The brightly shining sun, The
Deathless, still, and starry night
You send when day is done.

We thank you for my teachers, My
Relatives, and my friends who
Help me from morn till each day
Ends.

We thank you for allowing me to
Live you each day anew; and to
Walk the hard and long Road of
Life with you.

# HE GOOD TIME

Here are the innocent years; the lost and peaceful days of long ago. This is Christmastime USA as our grandparents knew and loved it, when the Wright Brothers were still flying kites in Ohio and the Model T was years over the horizon.

This is 1897. In a few months Dewey will sink the Spaniards at Manila Bay and Teddy Roosevelt will charge up San Juan Hill; America will be a world power and the innocence will slowly begin to fade away. But before it does, let us look in on the Bert Weller family in their square red brick house on Elm Street at nine-forty-three on Christmas Eve.

It has been a good year for Father Weller; $2955 tax free dollars earned and put away. So it will be a good Christmas. Just how good a glimpse inside these carefully wrapped boxes will show you . . . and there are other gifts waiting up in the attic, down cellar and out in the stable. So let us put on our magic eyeglasses and see.

Father is getting a pair of Congress gaiters and a derby hat in the new spoon shape. Also a stiff bosom pullover shirt with detachable cuffs . . . and a red flannel nightshirt with nightcap to match. More important is a solid gold fob piece to go with his gold-filled hunting case watch; it's in the shape of a tiger's head with small diamond teeth. And best of all, a real fumed oak Morris chair.

Tomorrow Mother will be wearing a tiny chatelaine watch set with her birthstone and a pair of silver mounted hair combs. She will exclaim over a pink parasol and treasure a copy of "Hiawatha" in red morocco.

A new dress of shiny black bombazine will delight Grandma. She will also receive a silver stoppered smelling salts bottle and a small Testament

Johnny will be riding a new Irish Mail with steel tires and playing with his cast iron replica of the Empire State Express pulled by Engine 999. He'll have a set of lead soldiers in Union blue and a pair of brass toed shoes. Mary will take her new wax doll for a ride in a carriage shaded by a silk parasol and pull around a woolly lamb on wheels. She will play with a "Come Back" ball that returns to you after you roll it and will enjoy a wonderful book of animal pictures with a string in each page that you pull to make the beast go "Baa" or "Moo."

Finally, Mother is giving both children some new garter waists. Johnny won't appreciate his at all. But he will be spared the indignity of the Lord Fauntleroy outfit Aunt Jane wanted to give him. Good old Father put his foot down and said no.
